4 "NEW SECTION. **Sec. 20.** (1) Because the land use and climate
5 change advisory committee established by Engrossed Substitute House
6 Bill No. 6580 (chapter 289, Laws of 2008) was unable to provide
7 scientific documentation of potential reductions in carbon dioxide
8 emissions resulting from the implementation of this act, it is in the
9 best interest of the people of Washington state to delay
10 implementation of this act until the legislature can make an informed
11 decision.

12 (2) This act must be sent to the cascade policy institute, the
13 pacific northwest national laboratory, the beacon hill institute, and
14 climate solutions for expert peer review to determine the amount of
15 carbon dioxide that would be reduced from its full implementation.
16 The peer review must also review total implementation costs.

17 (3) No portion of this act may take effect until the relevant
18 legislative committees of the house of representatives and the senate
19 have examined the third party reviews, and the full legislature has
20 voted to implement this act."
