29 appropriate legislative committees describing the actions taken to  
30 implement this section along with suggestions on how to better fulfill  
31 the intent of chapter 464, Laws of 2005. ~~((The first report is due~~  
32 ~~December 1, 2007.))~~

33 **Sec. 23.** RCW 77.60.150 and 2001 c 273 s 1 are each amended to read  
34 as follows:

35 (1) The department shall initiate a pilot project to evaluate the  
36 feasibility and potential of intensively culturing shellfish on  
37 currently nonproductive oyster reserve land in Puget Sound. The pilot

1 program shall include no fewer than three long-term lease agreements  
2 with commercial shellfish growers. Except as provided in subsection  
3 (~~((4))~~) (3) of this section, revenues from the lease of such lands  
4 shall be deposited in the oyster reserve land account created in RCW  
5 77.60.160.

6 (2) The department shall form one advisory committee each for the  
7 Willapa Bay oyster reserve lands and the Puget Sound oyster reserve  
8 lands. The advisory committees shall make recommendations on  
9 management practices to conserve, protect, and develop oyster reserve  
10 lands. The advisory committees may make recommendations regarding the  
11 management practices on oyster reserve lands, in particular to ensure  
12 that they are managed in a manner that will: (a) Increase revenue  
13 through production of high-value shellfish; (b) not be detrimental to  
14 the market for shellfish grown on nonreserve lands; and (c) avoid  
15 negative impacts to existing shellfish populations. The advisory  
16 committees may also make recommendation on the distribution of funds in  
17 RCW 77.60.160(2)(a). The department shall attempt to structure each  
18 advisory committee to include equal representation between shellfish  
19 growers that participate in reserve sales and shellfish growers that do  
20 not.

21 (~~(3) ((The department shall submit a brief progress report on the  
22 status of the pilot programs to the appropriate standing committees of  
23 the legislature by January 7, 2003.~~

24 (~~(4))~~) The department of natural resources, in consultation with the  
25 department of fish and wildlife, shall administer the leases for oyster  
26 reserves entered into under this chapter. In administering the leases,  
27 the department of natural resources shall exercise its authority under  
28 RCW (~~((79.96.090))~~) 79.135.300. Vacation of state oyster reserves by the  
29 department (~~((of fish and wildlife))~~) shall not be a requirement for the  
30 department of natural resources to lease any oyster reserves under this  
31 section. The department of natural resources may recover reasonable  
32 costs directly associated with the administration of the leases for  
33 oyster reserves entered into under this chapter. All administrative  
34 fees collected by the department of natural resources pursuant to this  
35 section shall be deposited into the resource management cost account  
36 established in RCW 79.64.020. The department of (~~((fish and wildlife))~~)  
37 may not assess charges to recover the costs of consulting with the  
38 department of natural resources under this subsection.

1           ((+5)) (4) The Puget Sound pilot program shall not include the  
2 culture of geoduck.

3           **Sec. 24.** RCW 77.85.230 and 2003 c 391 s 5 are each amended to read  
4 as follows:

5           (1) In consultation with the appropriate task force formed under  
6 RCW 77.85.220, the conservation commission may contract with  
7 universities, private consultants, nonprofit groups, or other entities  
8 to assist it in developing a plan incorporating the following elements:

9           (a) An inventory of existing tide gates located on streams in the  
10 county. The inventory shall include location, age, type, and  
11 maintenance history of the tide gates and other factors as determined  
12 by the appropriate task force in consultation with the county and  
13 diking and drainage districts;

14           (b) An assessment of the role of tide gates located on streams in  
15 the county; the role of intertidal fish habitat for various life stages  
16 of salmon; the quantity and characterization of intertidal fish habitat  
17 currently accessible to fish; the quantity and characterization of the  
18 present intertidal fish habitat created at the time the dikes and  
19 outlets were constructed; the quantity of potential intertidal fish  
20 habitat on public lands and alternatives to enhance this habitat; the  
21 effects of saltwater intrusion on agricultural land, including the  
22 effects of backfeeding of saltwater through the underground drainage  
23 system; the role of tide gates in drainage systems, including relieving  
24 excess water from saturated soil and providing reservoir functions  
25 between tides; the effect of saturated soils on production of crops;  
26 the characteristics of properly functioning intertidal fish habitat; a  
27 map of agricultural lands designated by the county as having long-term  
28 commercial significance and the effect of that designation; and the  
29 economic impacts to existing land uses for various alternatives for  
30 tide gate alteration; and

31           (c) A long-term plan for intertidal salmon habitat enhancement to  
32 meet the goals of salmon recovery and protection of agricultural lands.  
33 The proposal shall consider all other means to achieve salmon recovery  
34 without converting farmland. The proposal shall include methods to  
35 increase fish passage and otherwise enhance intertidal habitat on  
36 public lands pursuant to subsection (2) of this section, voluntary  
37 methods to increase fish passage on private lands, a priority list of

1 intertidal salmon enhancement projects, and recommendations for funding  
2 of high priority projects. The task force also may propose pilot  
3 projects that will be designed to test and measure the success of  
4 various proposed strategies.

5 (2) In conjunction with other public landowners and the appropriate  
6 task force formed under RCW 77.85.220, the department shall develop an  
7 initial salmon intertidal habitat enhancement plan for public lands in  
8 the county. The initial plan shall include a list of public properties  
9 in the intertidal zone that could be enhanced for salmon, a description  
10 of how those properties could be altered to support salmon, a  
11 description of costs and sources of funds to enhance the property, and  
12 a strategy and schedule for prioritizing the enhancement of public  
13 lands for intertidal salmon habitat. This initial plan shall be  
14 submitted to the appropriate task force at least six months before the  
15 deadline established in subsection (3) of this section.

16 (3) The final intertidal salmon enhancement plan shall be completed  
17 within two years from the date the task force is formed under RCW  
18 77.85.220 and funding has been secured. A final plan shall be  
19 submitted by the appropriate task force to the lead entity for the  
20 geographic area established under this chapter.

21 **Sec. 25.** RCW 77.85.050 and 2005 c 309 s 6 are each amended to read  
22 as follows:

23 (1)(a) Counties, cities, and tribal governments must jointly  
24 designate, by resolution or by letters of support, the area for which  
25 a habitat project list is to be developed and the lead entity that is  
26 to be responsible for submitting the habitat project list. No project  
27 included on a habitat project list shall be considered mandatory in  
28 nature and no private landowner may be forced or coerced into  
29 participation in any respect. The lead entity may be a county, city,  
30 conservation district, special district, tribal government, regional  
31 recovery organization, or other entity.

32 (b) The lead entity shall establish a committee that consists of  
33 representative interests of counties, cities, conservation districts,  
34 tribes, environmental groups, business interests, landowners, citizens,  
35 volunteer groups, regional fish enhancement groups, and other habitat  
36 interests. The purpose of the committee is to provide a citizen-based  
37 evaluation of the projects proposed to promote salmon habitat.

1 (c) The committee shall compile a list of habitat projects,  
2 establish priorities for individual projects, define the sequence for  
3 project implementation, and submit these activities as the habitat  
4 project list. The committee shall also identify potential federal,  
5 state, local, and private funding sources.

6 (2) The area covered by the habitat project list must be based, at  
7 a minimum, on a WRIA, combination of WRIAs, or any other area as agreed  
8 to by the counties, cities, and tribes in resolutions or in letters of  
9 support meeting the requirements of this subsection. Preference will  
10 be given to projects in an area that contain a salmon species that is  
11 listed or proposed for listing under the federal endangered species  
12 act.

13 (3) The lead entity shall submit the habitat project list to the  
14 (~~{salmon recovery funding}~~) salmon recovery funding board in  
15 accordance with procedures adopted by the board.

16 **Sec. 26.** RCW 77.120.030 and 2007 c 350 s 10 are each amended to  
17 read as follows:

18 (1) The owner or operator in charge of any vessel covered by this  
19 chapter is required to ensure that the vessel under their ownership or  
20 control does not discharge ballast water into the waters of the state  
21 except as authorized by this section.

22 (2) Discharge of ballast water into waters of the state is  
23 authorized only if there has been an open sea exchange, or if the  
24 vessel has treated its ballast water, to meet standards set by the  
25 department consistent with applicable state and federal laws.

26 (3) The department, in consultation with (~~the ballast water work~~  
27 ~~group, or similar~~) a collaborative forum, shall adopt by rule  
28 standards for the discharge of ballast water into the waters of the  
29 state and their implementation timelines. The standards are intended  
30 to ensure that the discharge of ballast water poses minimal risk of  
31 introducing nonindigenous species. In developing these standards, the  
32 department shall consider the extent to which the requirement is  
33 technologically and practically feasible. Where practical and  
34 appropriate, the standards must be compatible with standards set by the  
35 United States coast guard, the federal clean water act (33 U.S.C. Sec.  
36 1251-1387), or the international maritime organization.

1 (4) The master, operator, or person in charge of a vessel is not  
2 required to conduct an open sea exchange or treatment of ballast water  
3 if the master, operator, or person in charge of a vessel determines  
4 that the operation would threaten the safety of the vessel, its crew,  
5 or its passengers, because of adverse weather, vessel design  
6 limitations, equipment failure, or any other extraordinary conditions.  
7 A master, operator, or person in charge of a vessel who relies on this  
8 exemption must file documentation defined by the department, subject  
9 to: (a) Payment of a fee not to exceed five thousand dollars; (b)  
10 discharging only the minimal amount of ballast water operationally  
11 necessary; (c) ensuring that ballast water records accurately reflect  
12 any reasons for not complying with the mandatory requirements; and (d)  
13 any other requirements identified by the department by rule as provided  
14 in subsections (3) and (6) of this section.

15 (5) For treatment technologies requiring shipyard modification, the  
16 department may enter into a compliance plan with the vessel owner. The  
17 compliance plan must include a timeline consistent with drydock and  
18 shipyard schedules for completion of the modification. The department  
19 shall adopt rules for compliance plans under this subsection.

20 (6) For an exemption claimed in subsection (4) of this section, the  
21 department shall adopt rules for defining exemption conditions,  
22 requirements, compliance plans, or alternative ballast water management  
23 strategies to meet the intent of this section.

24 (7) The department shall make every effort to align ballast water  
25 standards with adopted international and federal standards while  
26 ensuring that the goals of this chapter are met.

27 (8) The requirements of this section do not apply to a vessel  
28 discharging ballast water or sediments that originated solely within  
29 the waters of Washington ((state)), the Columbia river system, or the  
30 internal waters of British Columbia south of latitude fifty degrees  
31 north, including the waters of the Straits of Georgia and Juan de Fuca.

32 (9) Open sea exchange is an exchange that occurs fifty or more  
33 nautical miles offshore. If the United States coast guard requires a  
34 vessel to conduct an exchange further offshore, then that distance is  
35 the required distance for purposes of compliance with this chapter.

36 **Sec. 27.** RCW 77.120.110 and 2007 c 350 s 14 are each amended to  
37 read as follows:

1 (1) The ballast water management account is created in the state  
2 treasury. All receipts from legislative appropriations, gifts, grants,  
3 donations, penalties, and fees received under this chapter must be  
4 deposited into the account.

5 (2) Moneys in the account may be spent only after appropriation.  
6 Expenditures from the account may be used only to carry out the  
7 purposes of this chapter or support the goals of this chapter through  
8 research and monitoring except:

9 (a) Expenditures may not be used for the salaries of permanent  
10 department employees; and

11 (b) Penalties deposited into the account may be used(~~(, in~~  
12 ~~consultation with the ballast water work group created in section 11 of~~  
13 ~~this act,)) only to support basic and applied research and carry out  
14 education and outreach related to the state's ballast water management.~~

15 **Sec. 28.** RCW 77.120.120 and 2007 c 350 s 15 are each amended to  
16 read as follows:

17 The department may issue a special operating authorization for  
18 passenger vessels conducting or assisting in research and testing  
19 activities to determine the presence of invasive species in ballast  
20 water collected in the waters of southeast Alaska north of latitude  
21 fifty-four degrees thirty minutes north to sixty-one degrees ten  
22 minutes north, extending to longitude one hundred forty-nine degrees  
23 thirty minutes west. (~~Such testing and research shall be reviewed by~~  
24 ~~the ballast water work group, who may make recommendations to the~~  
25 ~~department.)) The department may adopt rules for defining special  
26 operating authorization conditions, requirements, limitations, and fees  
27 as necessary to implement this section, consistent with the intent of  
28 this chapter.~~

29 **Sec. 29.** RCW 77.95.200 and 1998 c 251 s 2 are each amended to read  
30 as follows:

31 (1) The department shall develop and implement a program utilizing  
32 remote site incubators in Washington state. The program shall identify  
33 sites in tributaries that are suitable for reestablishing self-  
34 sustaining, locally adapted populations of coho, chum, or chinook  
35 salmon. The initial selection of sites shall be (~~completed by July 1,~~  
36 ~~1999, and)) updated annually (~~thereafter~~)).~~

1 (2) The department may only approve a remote site incubator project  
2 if the department deems it is consistent with the conservation of wild  
3 salmon and trout. The department shall only utilize appropriate  
4 salmonid eggs in remote site incubators, and may acquire eggs by gift  
5 or purchase.

6 (3) The department shall depend chiefly upon volunteer efforts to  
7 implement the remote site incubator program through volunteer  
8 cooperative projects and the regional fisheries enhancement groups.  
9 The department may prioritize remote site incubator projects within  
10 regional enhancement areas.

11 (4) The department may purchase remote site incubators and may use  
12 agency employees to construct remote site incubators. ~~((The director  
13 and the secretary of the department of corrections shall jointly  
14 investigate the potential of producing remote site incubators through  
15 the prison industries program of the department of corrections, and  
16 shall jointly report their finding to the natural resources committees  
17 of the house of representatives and the senate by December 1, 1999.))~~

18 (5) The department shall investigate the use of the remote site  
19 incubator technology for the production of warm water fish.

20 (6) ~~((The department shall evaluate the initial results of the  
21 program and report to the legislature by December 1, 2000.))~~ Annual  
22 reports on the progress of the program shall be provided to the fish  
23 and wildlife commission.

24 **Sec. 30.** RCW 77.95.310 and 1997 c 414 s 1 are each amended to read  
25 as follows:

26 ~~((Beginning September 1, 1998, and each September 1st thereafter,))~~

27 (1) The department shall ~~((submit))~~ maintain a report ~~((to the  
28 appropriate standing committees of the legislature))~~ identifying  
29 ~~((the))~~ total salmon and steelhead harvest ~~((of the preceding season))~~.  
30 This report shall include the final commercial harvests and  
31 recreational harvests. At a minimum, the report shall clearly  
32 identify:

33 ~~((+1))~~ (a) The total treaty tribal and nontribal harvests by  
34 species and by management unit;

35 ~~((+2))~~ (b) Where and why the nontribal harvest does not meet the  
36 full allocation allowed under *United States v. Washington*, 384 F. Supp.

1 312 (1974) (Boldt I) including a summary of the key policies within the  
2 management plan that result in a less than full nontribal allocation;

25 for necessary expenses associated with training activities, and other  
26 activities as determined by the director.

27 (3) Regulation pamphlets may be subsidized through appropriate  
28 advertising, but must be made available free of charge to the users.

29 (4) The director may enter into joint ventures with other agencies  
30 and organizations to generate revenue for providing public information  
31 and education on wildlife and hunting and fishing rules.

32 **Sec. 32.** RCW 77.12.190 and 1991 sp.s. c 31 s 17 are each amended  
33 to read as follows:

34 Moneys in the state wildlife ~~((fund))~~ account created in RCW

1 the payment of principal and interest on bonds issued for capital  
2 projects.

3 **Sec. 33.** RCW 77.12.210 and 2000 c 107 s 218 are each amended to

5 The director shall maintain and manage real or personal property  
6 owned, leased, or held by the department and shall control the  
7 construction of buildings, structures, and improvements in or on the

9 maintenance of the property.

10 The commission may authorize the director to sell, lease, convey,  
11 or grant concessions upon real or personal property under the control  
12 of the department. This includes the authority to sell timber, gravel,  
13 sand, and other materials or products from real property held by the  
14 department, and to sell or lease the department's real or personal  
15 property or grant concessions or rights-of-way for roads or utilities  
16 in the property. Oil and gas resources owned by the state which lie  
17 below lands owned, leased, or held by the department shall be offered  
18 for lease by the commissioner of public lands pursuant to chapter 79.14

26 If the state acquired real property with use limited to specific  
27 purposes, the director may negotiate terms for the return of the

36 read as follows:

1           The director may pay lawful local improvement district assessments  
2 for projects that may benefit wildlife or wildlife-oriented recreation  
3 made against lands held by the state for department purposes. The  
4 payments may be made from money appropriated from the state wildlife  
5 (~~fund~~) account created in RCW 77.12.170 to the department.

6           **Sec. 35.** RCW 77.12.323 and 1987 c 506 s 42 are each amended to

14 investment board of a surplus in the special wildlife account above the  
15 current needs. The state investment board may invest and reinvest the  
16 surplus, as the commission deems appropriate, in an investment  
17 authorized by RCW 43.84.150 or in securities issued by the United  
18 States government as defined by RCW 43.84.080 (1) and (4). Income  
19 received from the investments shall be deposited to the credit of the  
20 special wildlife account.

21           **Sec. 36.** RCW 77.12.380 and 1987 c 506 s 44 are each amended to  
22 read as follows:

23           Upon receipt of a request under RCW 77.12.360, the commissioner of  
24 public lands shall determine if the withdrawal would benefit the people  
25 of the state. If the withdrawal would be beneficial, the commissioner  
26 shall have the lands appraised for their lease value. Before  
27 withdrawal, the department shall transmit to the commissioner a voucher  
28 authorizing payment from the state wildlife (~~fund~~) account created in  
29 RCW 77.12.170 in favor of the fund for which the lands are held. The

4 **Sec. 38.** RCW 77.12.690 and 1998 c 245 s 158 and 1998 c 191 s 33  
5 are each reenacted and amended to read as follows:

6 The migratory waterfowl art committee is responsible for the  
7 selection of the annual migratory bird stamp design and shall provide  
8 the design to the department. If the committee does not perform this  
9 duty within the time frame necessary to achieve proper and timely  
10 distribution of the stamps to license dealers, the director shall  
11 initiate the art work selection for that year. The committee shall  
12 create collector art prints and related artwork, utilizing the same  
13 design as provided to the department. The administration, sale,  
14 distribution, and other matters relating to the prints and sales of  
15 stamps with prints and related artwork shall be the responsibility of  
16 the migratory waterfowl art committee.

17 The total amount brought in from the sale of prints and related  
18 artwork shall be deposited in the state wildlife ((fund)) account  
19 created in RCW 77.12.170. The costs of producing and marketing of  
20 prints and related artwork, including administrative expenses mutually  
21 agreed upon by the committee and the director, shall be paid out of the  
22 total amount brought in from sales of those same items. Net funds  
23 derived from the sale of prints and related artwork shall be used by  
24 the director to contract with one or more appropriate individuals or  
25 nonprofit organizations for the development of waterfowl propagation  
26 projects within Washington which specifically provide waterfowl for the  
27 Pacific flyway. The department shall not contract with any individual  
28 or organization that obtains compensation for allowing waterfowl  
29 hunting except if the individual or organization does not permit  
30 hunting for compensation on the subject property.

31 The migratory waterfowl art committee shall have an annual audit of  
32 its finances conducted by the state auditor and shall furnish a copy of  
33 the audit to the commission.

34 **Sec. 39.** RCW 77.15.100 and 2000 c 107 s 235 are each amended to  
35 read as follows:

36 (1) Unless otherwise provided in this title, fish, shellfish, or

1 wildlife unlawfully taken or possessed, or involved in a violation  
2 shall be forfeited to the state upon conviction. Unless already held  
3 by, sold, destroyed, or disposed of by the department, the court shall  
4 order such fish or wildlife to be delivered to the department. Where  
5 delay will cause loss to the value of the property and a ready  
6 wholesale buying market exists, the department may sell property to a  
7 wholesale buyer at a fair market value.

8 (2) When seized property is forfeited to the department, the  
9 department may retain it for official use unless the property is  
10 required to be destroyed, or upon application by any law enforcement  
11 agency of the state, release the property to the agency for the use of  
12 enforcing this title, or sell such property and deposit the proceeds  
13 into the (~~state wildlife fund~~) fish and wildlife enforcement reward  
14 account established under RCW (~~77.12.170~~) 77.15.425. Any sale of  
15 other property shall be at public auction or after public advertisement  
16 reasonably designed to obtain the highest price. The time, place, and  
17 manner of holding the sale shall be determined by the director. The  
18 director may contract for the sale to be through the department of  
19 general administration as state surplus property, or, except where not  
20 justifiable by the value of the property, the director shall publish  
21 notice of the sale once a week for at least two consecutive weeks  
22 before the sale in at least one newspaper of general circulation in the  
23 county in which the sale is to be held.

24 **Sec. 40.** RCW 77.32.430 and 2005 c 192 s 2 are each amended to read  
25 as follows:

26 (1) Catch record card information is necessary for proper  
27 management of the state's food fish and game fish species and shellfish  
28 resources. Catch record card administration shall be under rules  
29 adopted by the commission. There is no charge for an initial catch  
30 record card. Each subsequent or duplicate catch record card costs ten  
31 dollars.

32 (2) A license to take and possess Dungeness crab is only valid in  
33 Puget Sound waters east of the Bonilla-Tatoosh line if the fisher has  
34 in possession a valid catch record card officially endorsed for  
35 Dungeness crab. The endorsement shall cost no more than three dollars,  
36 including any or all fees authorized under RCW 77.32.050, when  
37 purchased for a personal use saltwater, combination, or shellfish and

1 seaweed license. The endorsement shall cost no more than one dollar,  
2 including any or all fees authorized under RCW 77.32.050, when  
3 purchased for a temporary combination fishing license authorized under  
4 RCW 77.32.470(3)(a).

5 (3) Catch record cards issued with affixed temporary short-term  
6 charter stamp licenses are not subject to the ten-dollar charge nor to  
7 the Dungeness crab endorsement fee provided for in this section.  
8 Charter boat or guide operators issuing temporary short-term charter  
9 stamp licenses shall affix the stamp to each catch record card issued  
10 before fishing commences. Catch record cards issued with a temporary  
11 short-term charter stamp are valid for one day.

12 (4) The department shall include provisions for recording marked  
13 and unmarked salmon in catch record cards issued after March 31, 2004.

14 (5) The funds received from the sale of catch record cards and the  
15 Dungeness crab endorsement must be deposited into the state wildlife  
16 (~~fund~~) account created in RCW 77.12.170. The funds received from the  
17 Dungeness crab endorsement may be used only for the sampling,  
18 monitoring, and management of catch associated with the Dungeness crab  
19 recreational fisheries. Moneys allocated under this section shall  
20 supplement and not supplant other federal, state, and local funds used  
21 for Dungeness crab recreational fisheries management.

22 **Sec. 41.** RCW 77.32.530 and 1996 c 101 s 5 are each amended to read  
23 as follows:

24 (1) The commission in consultation with the director may authorize  
25 hunting of big game animals and wild turkeys through auction. The  
26 department may conduct the auction for the hunt or contract with a  
27 nonprofit wildlife conservation organization to conduct the auction for  
28 the hunt.

29 (2) The commission in consultation with the director may authorize  
30 hunting of up to a total of (~~fifteen~~) thirty big game animals and  
31 wild turkeys per year through raffle. The department may conduct  
32 raffles or contract with a nonprofit wildlife conservation organization  
33 to conduct raffles for hunting these animals. In consultation with the  
34 gambling commission, the director may adopt rules for the  
35 implementation of raffles involving hunting.

36 (3) The director shall establish the procedures for the hunts,  
37 which shall require any participants to obtain any required license,

1 permit, or tag. Representatives of the department may participate in  
2 the hunt upon the request of the commission to ensure that the animals  
3 to be killed are properly identified.

4 (4) After deducting the expenses of conducting an auction or  
5 raffle, any revenues retained by a nonprofit organization, as specified  
6 under contract with the department, shall be devoted solely for  
7 wildlife conservation, consistent with its qualification as a bona fide  
8 nonprofit organization for wildlife conservation.

9 (5) The department's share of revenues from auctions and raffles  
10 shall be deposited in the state wildlife (~~(fund)~~) account created in  
11 RCW 77.12.170. The revenues shall be used to improve (~~(the habitat,~~  
12 ~~health, and welfare of the species auctioned or raffled)~~) game  
13 management and shall supplement, rather than replace, other funds  
14 budgeted for management of (~~(that)~~) game species. The commission may  
15 solicit input from groups or individuals with special interest in and  
16 expertise on a species in determining how to use these revenues.

17 (6) A nonprofit wildlife conservation organization may petition the  
18 commission to authorize an auction or raffle for a special hunt for big  
19 game animals and wild turkeys.

20 **Sec. 42.** RCW 77.32.560 and 2003 c 317 s 2 are each amended to read  
21 as follows:

22 (1) The department may sell watchable wildlife decals. Proceeds  
23 from the sale of the decal must be deposited into the state wildlife  
24 (~~(fund)~~) account created in RCW 77.12.170 and must be dedicated to the  
25 support of the department's watchable wildlife activities. The  
26 department may also use proceeds from the sale of the decal for  
27 marketing the decal and for marketing watchable wildlife activities in  
28 the state.

29 (2) The term "watchable wildlife activities" includes but is not  
30 limited to: Initiating partnerships with communities to jointly  
31 develop watchable wildlife projects, building infrastructure to serve  
32 wildlife viewers, assisting and training communities in conducting  
33 wildlife watching events, developing destination wildlife viewing  
34 corridors and trails, tours, maps, brochures, and travel aides, and  
35 offering grants to assist rural communities in identifying key wildlife  
36 attractions and ways to protect and promote them.

1 (3) The commission must adopt by rule the cost of the watchable  
2 wildlife decal. A person may, at their discretion, contribute more  
3 than the cost as set by the commission by rule for the watchable  
4 wildlife decal in order to support watchable wildlife activities. A  
5 person who purchases a watchable wildlife decal must be issued one  
6 vehicle use permit free of charge.

7 **Sec. 43.** RCW 77.44.050 and 1999 c 235 s 1 are each amended to read  
8 as follows:

9 The warm water game fish account is hereby created in the state  
10 wildlife (~~fund~~) account created in RCW 77.12.170. Moneys in the  
11 account are subject to legislative appropriation and shall be used for  
12 the purpose of funding the warm water game fish enhancement program,  
13 including the development of warm water pond and lake habitat, culture  
14 of warm water game fish, improvement of warm water fish habitat,  
15 management of warm water fish populations, and other practical  
16 activities that will improve the fishing for warm water fish. Funds  
17 for warm water game fish as provided in RCW 77.32.440 shall not serve  
18 as replacement funding for department-operated warm water fish projects  
19 existing on December 31, 1994(~~(, except that an amount not to exceed~~  
20 ~~ninety one thousand dollars may be used for warm water fish culture at~~  
21 ~~the Rod Meseberg warm water fish production facility during the~~  
22 ~~biennium ending June 30, 2001))~~).

23 NEW SECTION. **Sec. 44.** Whenever any personal property comes into  
24 the possession of the officers of the department in connection with the  
25 official performance of their duties and the personal property remains  
26 unclaimed or not taken away for a period of sixty days from the date of  
27 written notice to the owner thereof, if known, which notice shall  
28 inform the owner of the disposition that may be made of the property  
29 under this section and the time that the owner has to claim the  
30 property and in all other cases for a period of sixty days from the  
31 time the property came into the possession of the department, unless  
32 the property has been held as evidence in any court, then, in that  
33 event, after sixty days from date when the case has been finally  
34 disposed of and the property released as evidence by order of the  
35 court, the department may:

1 (1) At any time thereafter sell the personal property at public  
2 auction to the highest and best bidder for cash in the manner  
3 hereinafter provided;

4 (2) Retain the property for the use of the department subject to  
5 giving notice in the manner prescribed in RCW 63.35.030 and the right  
6 of the owner, or the owner's legal representative, to reclaim the  
7 property within one year after receipt of notice, without compensation  
8 for ordinary wear and tear if, in the opinion of the director, the  
9 property consists of firearms or other items specifically usable in law  
10 enforcement work. At the end of each calendar year during which there  
11 has been such a retention, the department shall provide the office of  
12 financial management and retain for public inspection a list of such  
13 retained items and an estimation of each item's replacement value;

14 (3) Destroy an item of personal property at the discretion of the  
15 director if the director determines that the following circumstances  
16 have occurred:

17 (a) The property has no substantial commercial value or the  
18 probable cost of sale exceeds the value of the property;

19 (b) The item has been unclaimed by any person after notice  
20 procedures have been met, as prescribed in this section; and

21 (c) The director has determined that the item is illegal to possess  
22 or sell or unsafe and unable to be made safe for use by any member of  
23 the general public;

24 (4) If the item is not unsafe or illegal to possess or sell, such  
25 item, after satisfying the notice requirements as prescribed in this  
26 section may be offered by the director to bona fide dealers, in trade  
27 for law enforcement equipment, which equipment must be treated as  
28 retained property for the purpose of annual listing requirements of  
29 subsection (2) of this section; or

30 (5) At the end of one year, any unclaimed firearm must be disposed  
31 of pursuant to RCW 9.41.098(2). Any other item that is not unsafe or  
32 illegal to possess or sell, but has been, or may be used, in the  
33 judgment of the director, in a manner that is illegal, may be  
34 destroyed.

35 NEW SECTION. **Sec. 45.** Before the personal property shall be sold,  
36 a notice of such a sale fixing the time and place thereof which shall  
37 be at a suitable place, which will be noted in the advertisement for

1 sale, and containing a description of the property to be sold must be  
2 published at least once in a newspaper of general circulation in the  
3 county in which the property is to be sold at least ten days prior to  
4 the date fixed for the auction. The notice must be signed by the  
5 director. If the owner fails to reclaim the property prior to the time  
6 fixed for the sale in such a notice, the director shall conduct the  
7 sale and sell the property described in the notice at public auction to  
8 the highest and best bidder for cash, and upon payment of the amount of  
9 the bid shall deliver the property to the bidder.

10 NEW SECTION. **Sec. 46.** The moneys arising from sales under the  
11 provisions of this chapter must be first applied to the payment of the  
12 costs and expenses of the sale and then to the payment of lawful  
13 charges and expenses for the keep of the personal property and the  
14 balance, if any, must be forwarded to the state treasurer to be  
15 deposited into the fish and wildlife enforcement reward account under  
16 RCW 77.15.425.

17 NEW SECTION. **Sec. 47.** If the owner of the personal property so  
18 sold, or the owner's legal representative, shall, at any time within  
19 three years after the money has been deposited in the fish and wildlife  
20 enforcement reward account, furnish satisfactory evidence to the state  
21 treasurer of the ownership of the personal property, the owner or the  
22 owner's legal representative is entitled to receive from the fish and  
23 wildlife enforcement reward account the amount so deposited, with  
24 interest.

25 NEW SECTION. **Sec. 48.** (1) Chapter 63.24 RCW, unclaimed property  
26 in hands of bailee, does not apply to personal property in the  
27 possession of the department.

28 (2) The uniform unclaimed property act, chapter 63.29 RCW, does not  
29 apply to personal property in the possession of the department.

30 NEW SECTION. **Sec. 49.** In addition to any other method of  
31 disposition of unclaimed property provided under this chapter, the  
32 department may donate unclaimed personal property to nonprofit  
33 charitable organizations. A nonprofit charitable organization  
34 receiving personal property donated under this section must use the

1 property, or its proceeds, to benefit needy persons. The charitable  
2 organization must qualify for tax-exempt status under 26 U.S.C. Sec.  
3 501(c)(3) of the federal internal revenue code.

4 NEW SECTION. **Sec. 50.** Sections 44 through 49 of this act  
5 constitute a new chapter in Title 77 RCW.

6 NEW SECTION. **Sec. 51.** RCW 77.12.065 (Wildlife viewing tourism)  
7 and 2003 c 183 s 1 are each repealed.

8 **Sec. 52.** RCW 77.12.820 and 1997 c 422 s 5 are each amended to read  
9 as follows:

10 The eastern Washington pheasant enhancement account is created in  
11 the custody of the state treasurer. All receipts under RCW 77.12.810  
12 must be deposited in the account. Moneys in the account are subject to  
13 legislative appropriation and shall be used for the purpose of funding  
14 the eastern Washington pheasant enhancement program. The department  
15 may use moneys from the account to improve pheasant habitat or to  
16 purchase or produce pheasants. (~~Not less than eighty percent of~~  
17 ~~expenditures from the account must be used to purchase or produce~~  
18 ~~pheasants.)) The department must continue to release rooster pheasants  
19 in eastern Washington. The eastern Washington pheasant enhancement  
20 account funds must not be used for the purchase of land. The account  
21 may be used to offer grants to improve pheasant habitat on public or  
22 private lands that are open to public hunting. The department may  
23 enter partnerships with private landowners, nonprofit corporations,  
24 cooperative groups, and federal or state agencies for the purposes of  
25 pheasant habitat enhancement in areas that will be available for public  
26 hunting. The department shall submit an annual report to the  
27 appropriate committees of the legislature by December 1st regarding the  
28 department's eastern Washington pheasant activities.~~

29 NEW SECTION. **Sec. 53.** (1) The legislature finds that healthy  
30 wildlife populations are a valuable and treasured public resource to  
31 the people of the state of Washington. However, the legislature also  
32 finds that as the human population increases and encroaches on wildlife  
33 habitat, interactions between humans and wildlife will become more  
34 frequent.

1 (2) The legislature further finds that interactions between humans  
2 and wildlife can have significant financial impacts on the affected  
3 landowner. Although the resulting wildlife damage is felt most closely  
4 by the landowner, the general public, as beneficiaries and stewards of  
5 healthy wildlife populations, should bear some responsibility, as  
6 outlined in and limited by this act, for providing a measure of  
7 restitution to the impacted landowner, provided that the landowner has  
8 exhausted all legal, practicable self-help methods available to prevent  
9 wildlife damage from occurring.

10 (3) The legislature further finds that the commercial agriculture,  
11 horticulture, and livestock industries are important components of the  
12 state economy that can be negatively impacted by interactions with  
13 wildlife. However, the legislature also finds that other landowners,  
14 both commercial and residential, may be faced with wildlife  
15 interactions that result in property damage. It is the intent of the  
16 legislature to craft a solution whereby all property owners have a  
17 potential avenue to petition the state for some mitigation of the  
18 damages caused by wildlife.

19 (4) The legislature further finds that it is in the best interests  
20 of the state for the department of fish and wildlife to respond quickly  
21 to wildlife damage complaints and to work with those affected to  
22 prevent and minimize negative interactions while maintaining healthy  
23 wildlife populations.

24 (5) The legislature further finds that negative wildlife  
25 interactions can be best reduced by encouraging landowners to  
26 contribute, through their land management practices, to healthy  
27 wildlife populations and to provide access for related recreation.

28 **Sec. 54.** RCW 77.36.010 and 1996 c 54 s 2 are each amended to read  
29 as follows:

30 ~~((Unless otherwise specified,))~~ The ~~((following))~~ definitions in  
31 this section apply throughout this chapter~~((+))~~ unless the context  
32 clearly requires otherwise.

33 (1) "Claim" means an application to the department for compensation  
34 under this chapter.

35 (2) "Commercial crop" means a ~~((commercially raised))~~ horticultural  
36 ~~((and/or))~~ or agricultural product ~~((and includes)), including the~~

1 growing or harvested product (~~but does not include livestock~~). For  
2 the purposes of this chapter all parts of horticultural trees shall be  
3 considered a commercial crop and shall be eligible for claims.

4 ~~((2) "Emergency" means an unforeseen circumstance beyond the  
5 control of the landowner or tenant that presents a real and immediate  
6 threat to crops, domestic animals, or fowl.))~~

7 (3) "Commercial livestock" means cattle, sheep, and horses held or  
8 raised by a person for sale.

9 (4) "Compensation" means a cash payment, materials, or service.

10 (5) "Damage" means economic losses caused by wildlife interactions.

11 (6) "Immediate family member" means spouse, state registered  
12 domestic partner, brother, sister, grandparent, parent, child, or  
13 grandchild.

14 (7) "Owner" means a person who has a legal right to commercial  
15 crops, commercial livestock, or other property that was damaged during  
16 a wildlife interaction.

17 (8) "Wildlife interaction" means the negative interaction and the  
18 resultant damage between wildlife and commercial crops, commercial  
19 livestock, or other property.

20 NEW SECTION. Sec. 55. A new section is added to chapter 77.36 RCW  
21 to read as follows:

22 (1)(a) Except as limited by RCW 77.36.070 and 77.36.080, the  
23 department shall offer to distribute money appropriated to pay claims  
24 to the owner of commercial crops for damage caused by wild deer or elk  
25 or to the owners of commercial livestock that has been killed by bears,  
26 wolves, or cougars, or injured by bears, wolves, or cougars to such a  
27 degree that the market value of the commercial livestock has been  
28 diminished. Payments for claims for damage to commercial livestock are  
29 not subject to the limitations of RCW 77.36.070 and 77.36.080, but may  
30 not exceed the total amount specifically appropriated therefor.

31 (b) Owners of commercial crops or commercial livestock are only  
32 eligible for a claim under this subsection if:

33 (i) The owner satisfies the definition of "eligible farmer" in RCW  
34 82.08.855;

35 (ii) The conditions of section 56 of this act have been satisfied;  
36 and

1 (iii) The damage caused to the commercial crop or commercial  
2 livestock satisfies the criteria for damage established by the  
3 commission under this subsection.

4 (c) The commission shall adopt and maintain by rule criteria that  
5 clarifies the damage to commercial crops and commercial livestock  
6 qualifying for compensation under this subsection. An owner of a  
7 commercial crop or commercial livestock must satisfy the criteria prior  
8 to receiving compensation under this subsection. The criteria for  
9 damage adopted under this subsection must include, but not be limited  
10 to, a required minimum economic loss to the owner of the commercial  
11 crop or commercial livestock, which may not be set at a value of less  
12 than five hundred dollars.

13 (2)(a) The department may offer to provide noncash compensation  
14 only to offset wildlife interactions to a person who applies to the  
15 department for compensation for damage to property other than  
16 commercial crops or commercial livestock that is the result of a  
17 mammalian or avian species of wildlife on a case-specific basis if the  
18 conditions of section 56 of this act have been satisfied and if the  
19 damage satisfies the criteria for damage established by the commission  
20 under this subsection.

21 (b) The commission shall adopt and maintain by rule criteria for  
22 damage to property other than a commercial crop or commercial livestock  
23 that is damaged by wildlife and may be eligible for compensation under  
24 this subsection, including criteria for filing a claim for compensation  
25 under this subsection.

26 (3)(a) To prevent or offset wildlife interactions, the department  
27 may offer materials or services to a person who applies to the  
28 department for assistance in providing mitigating actions designed to  
29 reduce wildlife interactions if the actions are designed to address  
30 damage that satisfies the criteria for damage established by the  
31 commission under this subsection.

32 (b) The commission shall adopt and maintain by rule criteria for  
33 mitigating actions designed to address wildlife interactions that may  
34 be eligible for materials and services under this section, including  
35 criteria for submitting an application under this section.

36 (4) An owner who files a claim under this section may appeal the  
37 decision of the department pursuant to rules adopted by the commission  
38 if the claim:

- 1 (a) Is denied; or  
2 (b) Is disputed by the owner and the owner disagrees with the  
3 amount of compensation determined by the department.

4 NEW SECTION. **Sec. 56.** A new section is added to chapter 77.36 RCW  
5 to read as follows:

6 (1) No owner may receive compensation for wildlife interactions  
7 under this chapter unless the owner has, as determined by the  
8 department, first:

9 (a) Utilized applicable legal and practicable self-help preventive  
10 measures available to prevent the damage, including the use of  
11 nonlethal methods and department-provided materials and services when  
12 available under section 55 of this act; and

13 (b) Exhausted all available compensation options available from  
14 nonprofit organizations that provide compensation to private property  
15 owners due to financial losses caused by wildlife interactions.

16 (2) In determining if the requirements of this section have been  
17 satisfied, the department may recognize and consider the following:

18 (a) Property losses may occur without future or anticipated  
19 knowledge of potential problems resulting in an owner being unable to  
20 take preemptive measures.

21 (b) Normal agricultural practices, animal husbandry practices,  
22 recognized standard management techniques, and other industry-  
23 recognized management practices may represent adequate preventative  
24 efforts.

25 (c) Under certain circumstances, as determined by the department,  
26 wildlife may not logistically or practicably be managed by nonlethal  
27 efforts.

28 (d) Not all available legal preventative efforts are cost-effective  
29 for the owner to practicably employ.

30 (e) There are certain effective preventative control options not  
31 available due to federal or state restrictions.

32 (f) Under certain circumstances, as determined by the department,  
33 permitting public hunting may not be a practicable self-help method due  
34 to the size and nature of the property, the property's setting, or the  
35 ability of the landowner to accommodate public access.

36 (3) An owner is not eligible to receive compensation if the damages  
37 are covered by insurance.

1 (4) The commission shall adopt rules implementing this section,  
2 including requirements that owners document nonlethal preventive  
3 efforts undertaken and all permits issued by the department under RCW  
4 77.12.240 and 77.12.150.

5 NEW SECTION. **Sec. 57.** A new section is added to chapter 77.36 RCW  
6 to read as follows:

7 The department shall establish:

8 (1) The form of affidavits or proof required to accompany all  
9 claims under this chapter;

10 (2) The process, time, and methods used to identify and assess  
11 damage, including the anticipated timeline for the initiation and  
12 conclusion of department action;

13 (3) How claims will be prioritized when available funds for  
14 reimbursement are limited;

15 (4) Timelines after the discovery of damage by which an owner must  
16 file a claim or notify the department;

17 (5) Protocols for an owner to follow if the owner wishes to  
18 undertake activities that would complicate the determination of  
19 damages, such as harvesting damaged crops;

20 (6) The process for determining damage assessments, including the  
21 role and selection of professional damage assessors and the  
22 responsibility for reimbursing third-party assessors for their  
23 services;

24 (7) Timelines for a claimant to accept, reject, or appeal a  
25 determination made by the department;

26 (8) The identification of instances when an owner would be  
27 ineligible for compensation;

28 (9) An appeals process for an owner eligible for compensation under  
29 section 55 of this act who is denied a claim or feels the compensation  
30 is insufficient; and

31 (10) Other policies necessary for administering this chapter.

32 NEW SECTION. **Sec. 58.** A new section is added to chapter 77.36 RCW  
33 to read as follows:

34 (1) Except as otherwise provided in this section and as limited by  
35 section 55 of this act and RCW 77.36.070 and 77.36.080, the cash

1 compensation portion of each claim by the department under this chapter  
2 is limited to the lesser of:

3 (a) The value of the damage to the property by wildlife reduced by  
4 the amount of compensation provided to the claimant by any nonprofit  
5 organizations that provide compensation to private property owners due  
6 to financial losses caused by wildlife interactions, except that,  
7 subject to appropriation to pay compensation for damage to commercial  
8 livestock, the value of killed or injured commercial livestock may be  
9 no more than two hundred dollars per sheep, one thousand five hundred  
10 dollars per head of cattle, and one thousand five hundred dollars per  
11 horse; or

12 (b) Ten thousand dollars.

13 (2) The department may offer to pay a claim for an amount in excess  
14 of ten thousand dollars to the owners of commercial crops or commercial
