4 "NEW SECTION. **Sec. 1.** PURPOSE, FINDINGS, AND INTENT. (1) The
5 purpose of this chapter is to provide for a safety net assessment on
6 certain Washington hospitals, which will be used solely to augment
7 funding from all other sources and thereby obtain additional funds to
8 restore recent reductions and to support additional payments to
9 hospitals for medicaid services.

10 (2) The legislature finds that:

11 (a) Washington hospitals, working with the department of social
12 and health services, have proposed a hospital safety net assessment to
13 generate additional state and federal funding for the medicaid
14 program, which will be used to partially restore recent inpatient and
15 outpatient reductions in hospital reimbursement rates and provide for
16 an increase in hospital payments; and

17 (b) The hospital safety net assessment and hospital safety net
18 assessment fund created in this chapter allows the state to generate
19 additional federal financial participation for the medicaid program
20 and provides for increased reimbursement to hospitals.

21 (3) In adopting this chapter, it is the intent of the legislature:

22 (a) To impose a hospital safety net assessment to be used solely
23 for the purposes specified in this chapter;

24 (b) That funds generated by the assessment shall be used solely to
25 augment all other funding sources and not as a substitute for any
26 other funds;

27

1 (c) That the total amount assessed not exceed the amount needed,
2 in combination with all other available funds, to support the
3 reimbursement rates and other payments authorized by this chapter; and

4 (d) To condition the assessment on receiving federal approval for
5 receipt of additional federal financial participation and on
6 continuation of other funding sufficient to maintain hospital
7 inpatient and outpatient reimbursement rates and small rural
8 disproportionate share payments at least at the levels in effect on
9 July 1, 2009.

10 (a) Any unexpended balance in the fund at the end of a fiscal

26 to refund the payments in question to the fund. The state in turn
27 shall return funds to the federal government in the same proportion as

32 NEW SECTION. **Sec. 4.** ASSESSMENTS. (1) An assessment is imposed
33 as set forth in this subsection effective after the date when the
34 applicable conditions under section 17(1) of this act have been

1 satisfied through June 30, 2013, for the purpose of funding
2 restoration of reimbursement rates under sections 9(1) and 13(2)(a) of
3 this act and funding payments made subsequent to the initial payments
4 under sections 11 and 12 of this act. Payments under this subsection
5 are due and payable on the first day of each calendar quarter after
6 the department sends notice of assessment to affected hospitals.
7 However, the initial assessment is not due and payable less than
8 thirty calendar days after notice of the amount due has been provided
9 to affected hospitals.

10 (a) For the period beginning on the date the applicable conditions
11 under section 17(1) of this act are met through December 31, 2010:

12 (i) Each prospective payment system hospital shall pay an
13 assessment of thirty-two dollars for each annual nonmedicare hospital
14 inpatient day, multiplied by the number of days in the assessment
15 period divided by three hundred sixty-five.

17 dollars for each annual nonmedicare hospital inpatient day, multiplied
18 by the number of days in the assessment period divided by three

4 hundred sixty-five.

5 (d)(i) For purposes of (a) and (b) of this subsection, the
6 department shall determine each hospital's annual nonmedicare hospital
7 inpatient days by summing the total reported nonmedicare inpatient
8 days for each hospital that is not exempt from the assessment as
9 described in section 5 of this act for the relevant state fiscal year
10 2008 portions included in the hospital's fiscal year end reports 2007
11 and/or 2008 cost reports. The department shall use nonmedicare
12 hospital inpatient day data for each hospital taken from the centers

21 2552-96 cost report data file or successor data file available through
22 the centers for medicare and medicaid services, as of a date to be
23 determined by the department. If cost report data are unavailable
24 from the foregoing source for any hospital subject to the assessment,
25 the department shall collect such information directly from the
26 hospital.

27 (2) An assessment is imposed in the amounts set forth in this
28 section for the purpose of funding the restoration of the rates under
29 sections 9(2) and 13(2)(b) of this act and funding the initial
30 payments under sections 11 and 12 of this act, which shall be due and
31 payable within thirty calendar days after the department has
32 transmitted a notice of assessment to hospitals. Such notice shall be
33 transmitted immediately upon determination by the secretary that the
34

1 applicable conditions established by section 17(1) of this act have
2 been met.

3 (a) Prospective payment system hospitals.

4 (i) Each prospective payment system hospital shall pay an
5 assessment of thirty dollars for each annual nonmedicare hospital
6 inpatient day up to sixty thousand per year, multiplied by a ratio,
7 the numerator of which is the number of days between June 30, 2009,
8 and the day after the applicable conditions established by section
9 17(1) of this act have been met and the denominator of which is three
10 hundred sixty-five.

11 (ii) Each prospective payment system hospital shall pay an
12 assessment of one dollar for each annual nonmedicare hospital
13 inpatient day over and above sixty thousand per year, multiplied by a

16 section 17(1) of this act have been met and the denominator of which
17 is three hundred sixty-five.

18 (b) Each critical access hospital shall pay an assessment of ten
19 dollars for each annual nonmedicare hospital inpatient day, multiplied
20 by a ratio, the numerator of which is the number of days between June
21 30, 2009, and the day after the applicable conditions established by
22 section 17(1) of this act have been met and the denominator of which
23 is three hundred sixty-five.

24 (c) For purposes of this subsection, the department shall
25 determine each hospital's annual nonmedicare hospital inpatient days
26 by summing the total reported nonmedicare inpatient days for each
27 hospital that is not exempt from the assessment as described in
28 section 5 of this act for the relevant state fiscal year 2008 portions
29 included in the hospital's fiscal year end reports 2007 and/or 2008
30 cost reports. The department shall use nonmedicare hospital inpatient
31 day data for each hospital taken from the centers for medicare and
32 medicaid services' hospital 2552-96 cost report data file as of
33 November 30, 2009, or equivalent data collected by the department.

34

1 (3) An assessment is imposed as set forth in this subsection for
2 the period February 1, 2010, through June 30, 2013, for the purpose of
3 funding increased hospital payments under sections 10 and 13(3) of
4 this act, which shall be due and payable on the first day of each
5 calendar quarter after the department has sent notice of the
6 assessment to each affected hospital, provided that the initial
7 assessment shall be transmitted only after the secretary has
8 determined that the applicable conditions established by section 17(1)
9 of this act have been satisfied and shall be payable no less than
10 thirty calendar days after the department sends notice of the amount
11 due to affected hospitals. The initial assessment shall include the
12 full amount due from February 1, 2010, through the date of the notice.

13 (a) For the period February 1, 2010, through December 31, 2010:

14 (i) Prospective payment system hospitals.

15 (A) Each prospective payment system hospital shall pay an
16 assessment of one hundred nineteen dollars for each annual nonmedicare
17 hospital inpatient day up to sixty thousand per year, multiplied by
18 the number of days in the assessment period divided by three hundred
19 sixty-five.

20 (B) Each prospective payment system hospital shall pay an
21 assessment of five dollars for each annual nonmedicare hospital
22 inpatient day over and above sixty thousand per year, multiplied by
23 the number of days in the assessment period divided by three hundred
24 sixty-five.

25 (ii) Each psychiatric hospital and each rehabilitation hospital
26 shall pay an assessment of thirty-one dollars for each annual
27 nonmedicare hospital inpatient day, multiplied by the number of days
28 in the assessment period divided by three hundred sixty-five.

29 (b) For the period beginning on January 1, 2011 and ending on June
30 30, 2011:

31 (i) Prospective payment system hospitals.

34

1 inpatient day up to sixty thousand per year, multiplied by the number
2 of days in the assessment period divided by three hundred sixty-five.

3 (B) Each prospective payment system hospital shall pay an
4 assessment of six dollars for each annual nonmedicare inpatient day
5 over and above sixty thousand per year, multiplied by the number of
6 days in the assessment period divided by three hundred sixty-five.
7 The department may adjust the assessment or the number of nonmedicare
8 hospital inpatient days used to calculate the assessment amount if
9 necessary to maintain compliance with federal statutes and regulations
10 related to medicaid program health care-related taxes.

11 (ii) Each psychiatric hospital and each rehabilitation hospital
12 shall pay an assessment of thirty-nine dollars for each annual
13 nonmedicare hospital inpatient day, multiplied by the number of days

16 (i) Prospective payment system hospitals.

17 (A) Each prospective payment system hospital shall pay an

22 (B) Each prospective payment system hospital shall pay an
23 assessment of six dollars for each annual nonmedicare inpatient day
24 over and above sixty thousand per year, multiplied by the number of
25 days in the assessment period divided by three hundred sixty-five.

28 federal statutes and regulations related to medicaid program health
29 care-related taxes.

30 (ii) Each psychiatric hospital and each rehabilitation hospital
31 shall pay an assessment of thirty-nine dollars for each annual
32 nonmedicare inpatient day, multiplied by the number of days in the
33 assessment period divided by three hundred sixty-five.

34

1 (d)(i) For purposes of (a) and (b) of this subsection, the
2 department shall determine each hospital's annual nonmedicare hospital
3 inpatient days by summing the total reported nonmedicare inpatient
4 days for each hospital that is not exempt from the assessment as
5 described in section 5 of this act for the relevant state fiscal year
6 2008 portions included in the hospital's fiscal year end reports 2007
7 and/or 2008 cost reports. The department shall use nonmedicare

21 the department shall collect such information directly from the
22 hospital.

23 (4) Notwithstanding the provisions of section 8 of this act,
24 nothing in this act is intended to prohibit a hospital from including

27

28 NEW SECTION. **Sec. 5. EXEMPTIONS.** The following hospitals are
29 exempt from any assessment under this chapter provided that if and to

33 after the date of final invalidation:

34

1 (1) Hospitals owned or operated by an agency of federal or state

9
10 NEW SECTION. **Sec. 6.** ADMINISTRATION AND COLLECTION. (1) The

11 department, in cooperation with the office of financial management,
12 shall develop rules for determining the amount to be assessed to
13 individual hospitals, notifying individual hospitals of the assessed
14 amount, and collecting the amounts due. Such rule making shall
15 specifically include provision for:

16 (a) Transmittal of quarterly notices of assessment by the
17 department to each hospital informing the hospital of its nonmedicare
18 hospital inpatient days and the assessment amount due and payable.
19 Such quarterly notices shall be sent to each hospital at least thirty
20 calendar days prior to the due date for the quarterly assessment
21 payment.

22 (b) Interest on delinquent assessments at the rate specified in
23 RCW 82.32.050.

24 (c) Adjustment of the assessment amounts as follows:

25 (i) For each fiscal year beginning July 1, 2010, the assessment
26 amounts under section 4 (1) and (3) of this act may be adjusted as
27 follows:

28 (A) If sufficient other funds for hospitals, excluding any
29 extension of section 5001 of P.L. No. 111-5, are available to support
30 the reimbursement rates and other payments under section 9, 10, 11,
31 12, or 13 of this act without utilizing the full assessment authorized
32 under section 4 (1) or (3) of this act, the department shall reduce
33 the amount of the assessment for prospective payment system,
34 psychiatric, and rehabilitation hospitals proportionately to the

1 minimum level necessary to support those reimbursement rates and other
2 payments.

3 (B) Provided that none of the conditions set forth in section
4 17(2) of this act have occurred, if the department's forecasts
5 indicate that the assessment amounts under section 4 (1) and (3) of
6 this act, together with all other available funds, are not sufficient
7 to support the reimbursement rates and other payments under section 9,
8 10, 11, 12, or 13 of this act, the department shall increase the
9 assessment rates for prospective payment system, psychiatric, and
10 rehabilitation hospitals proportionately to the amount necessary to
11 support those reimbursement rates and other payments, plus a
12 contingency factor up to ten percent of the total assessment amount.

13 (C) Any positive balance remaining in the fund at the end of the
14 fiscal year shall be applied to reduce the assessment amount for the
15 subsequent fiscal year.

16 (ii) Any adjustment to the assessment amounts pursuant to this
17 subsection, and the data supporting such adjustment, including but not
18 limited to relevant data listed in subsection (2) of this section,
19 must be submitted to the Washington state hospital association for
20 review and comment at least sixty calendar days prior to
21 implementation of such adjusted assessment amounts. Any review and
22 comment provided by the Washington state hospital association shall
23 not limit the ability of the Washington state hospital association or
24 its members to challenge an adjustment or other action by the
25 department that is not made in accordance with this chapter.

26 (2) By November 30th of each year, the department shall provide
27 the following data to the Washington state hospital association:

28 (a) The fund balance;

29 (b) The amount of assessment paid by each hospital;

30 (c) The annual medicaid fee-for-service payments for inpatient
31 hospital services and outpatient hospital services; and

32 (d) The medicaid healthy options inpatient and outpatient payments
33 as reported by all hospitals to the department on disproportionate
34 share hospital applications. The department shall amend the

1 disproportionate share hospital application and reporting instructions
2 as needed to ensure that the foregoing data is reported by all
3 hospitals as needed in order to comply with this subsection (2)(d).

4 (3) The department shall determine the number of nonmedicare
5 hospital inpatient days for each hospital for each assessment period.

6 (4) To the extent necessary, the department shall amend the
7 contracts between the managed care organizations and the department
8 and between regional support networks and the department to
9 incorporate the provisions of section 13 of this act. The department
10 shall pursue amendments to the contracts as soon as possible after the
11 effective date of this act. The amendments to the contracts shall,
12 among other provisions, provide for increased payment rates to managed
13 care organizations in accordance with section 13 of this act.

14

15 NEW SECTION. **Sec. 7.** LOCAL ASSESSMENTS OR TAXES NOT AUTHORIZED.
16 Nothing in this chapter shall be construed to authorize any unit of
17 local government to impose a tax or assessment on hospitals, including
18 but not limited to a tax or assessment measured by a hospital's
19 income, earnings, bed days, or other similar measures.

20

21 NEW SECTION. **Sec. 8.** ASSESSMENT PART OF OPERATING OVERHEAD. The
22 incidence and burden of assessments imposed under this chapter shall
23 be on hospitals and the expense associated with the assessments shall
24 constitute a part of the operating overhead of hospitals. Hospitals
25 shall not increase charges or billings to patients or third-party
26 payers as a result of the assessments under this chapter. The
27 department may require hospitals to submit certified statements by
28 their chief financial officers or equivalent officials attesting that
29 they have not increased charges or billings as a result of the
30 assessments.

31

32 NEW SECTION. **Sec. 9.** RESTORATION OF JUNE 30, 2009, REIMBURSEMENT
33 RATES. Upon satisfaction of the applicable conditions set forth in
34 section 17(1) of this act, the department shall:

1 (1) Restore medicaid inpatient and outpatient reimbursement rates
2 to levels as if the four percent medicaid inpatient and outpatient
3 rate reductions did not occur on July 1, 2009; and

4 (2) Recalculate the amount payable to each hospital that submitted
5 an otherwise allowable claim for inpatient and outpatient medicaid-
6 covered services rendered from and after July 1, 2009, up to and
7 including the date when the applicable conditions under section 17(1)
8 of this act have been satisfied, as if the four percent medicaid
9 inpatient and outpatient rate reductions did not occur effective July
10 1, 2009, and, within sixty calendar days after the date upon which the
11 applicable conditions set forth in section 17(1) of this act have been
12 satisfied, remit the difference to each hospital.

13

14 NEW SECTION. **Sec. 10.** INCREASED HOSPITAL PAYMENTS. (1) Upon
15 satisfaction of the applicable conditions set forth in section 17(1)
16 of this act and for services rendered on or after February 1, 2010,
17 the department shall increase the medicaid inpatient and outpatient
18 fee-for-service hospital reimbursement rates in effect on June 30,
19 2009, by the percentages specified below:

20 (a) Prospective payment system hospitals:

21 (i) Inpatient psychiatric services: Thirteen percent;

22 (ii) Inpatient services: Thirteen percent;

23 (iii) Outpatient services: Thirty-six and eighty-three one-
24 hundredths percent.

25 (b) Harborview medical center and University of Washington medical
26 center:

27 (i) Inpatient psychiatric services: Three percent;

28 (ii) Inpatient services: Three percent;

29 (iii) Outpatient services: Twenty-one percent.

30 (c) Rehabilitation hospitals:

31 (i) Inpatient services: Thirteen percent;

32 (ii) Outpatient services: Thirty-six and eighty-three one-
33 hundredths percent;

34 (d) Psychiatric hospitals:

1 (i) Inpatient psychiatric services: Thirteen percent;

2 (ii) Inpatient services: Thirteen percent.

3 (2) For claims processed for services rendered on or after
4 February 1, 2010, but prior to satisfaction of the applicable
5 conditions specified in section 17(1) of this act, the department
6 shall, within sixty calendar days after satisfaction of those
7 conditions, calculate the amount payable to hospitals in accordance
8 with this section and remit the difference to each hospital that has
9 submitted an otherwise allowable claim for payment for such services.

10 (3) By December 1, 2012, the department will submit a study to the
11 legislature with recommendations on the amount of the assessments
12 necessary to continue to support hospital payments for the 2013-15
13 biennium. The evaluation will assess medicaid hospital payments
14 relative to medicaid hospital costs. The study should address current
15 federal law, including any changes on scope of medicaid coverage,
16 provisions related to provider taxes, and impacts of federal health
17 care reform legislation. The study should also address the state's
18 economic forecast. Based on the forecast, the department should
19 recommend the amount of assessment needed to support future hospital
20 payments and the departmental administrative expenses.
21 Recommendations should be developed with the fiscal committees of the
22 legislature, office of financial management and the Washington state
23 hospital association.

24
25 NEW SECTION. **Sec. 11.** CRITICAL ACCESS HOSPITAL PAYMENTS. Upon
26 satisfaction of the applicable conditions set forth in section 17(1)
27 of this act, the department shall pay critical access hospitals that
28 do not qualify for or receive a small rural disproportionate share
29 payment in the subject state fiscal year an access payment of fifty
30 dollars for each medicaid inpatient day, exclusive of days on which a
31 swing bed is used for subacute care, from and after July 1, 2009.
32 Initial payments to hospitals, covering the period from July 1, 2009,
33 to the date when the applicable conditions under section 17(1) of this
34 act are satisfied, shall be made within sixty calendar days after such

1 conditions are satisfied. Subsequent payments shall be made to
2 critical access hospitals on an annual basis at the time that
3 disproportionate share eligibility and payment for the state fiscal
4 year are established. These payments shall be in addition to any
5 other amount payable with respect to services provided by critical
6 access hospitals and shall not reduce any other payments to critical
7 access hospitals.

8
9 NEW SECTION. **Sec. 12.** DISPROPORTIONATE SHARE HOSPITAL PAYMENTS.
10 Upon satisfaction of the applicable conditions set forth in section
11 17(1) of this act, small rural disproportionate share payments shall
12 be increased to one hundred twenty percent of the level in effect as
13 of June 30, 2009, for the period from and after July 1, 2009, until
14 July 1, 2013. Initial payments, covering the period from July 1,
15 2009, to the date when the applicable conditions under section 17(1)
16 of this act are satisfied, shall be made within sixty calendar days
17 after those conditions are satisfied. Subsequent payments shall be
18 made directly to hospitals by the department on a periodic basis.

19
20 NEW SECTION. **Sec. 13.** INCREASED MANAGED CARE PAYMENTS AND
21 CORRESPONDING PAYMENTS TO HOSPITALS. Subject to the applicable
22 conditions set forth in section 17(1) of this act, the department
23 shall:

24 (1) Amend medicaid-managed care and regional support network
25 contracts as necessary in order to ensure compliance with this
26 chapter;

27 (2) With respect to the inpatient and outpatient rates established
28 by section 9 of this act:

29 (a) Upon satisfaction of the applicable conditions under section
30 17(1) of this act, increase payments to managed care organizations and
31 regional support networks as necessary to ensure that hospitals are
32 reimbursed in accordance with section 9(1) of this act for services
33 rendered from and after the date when applicable conditions under
34 section 17(1) of this act have been satisfied, and pay an additional

1 amount equal to the estimated amount of additional state taxes on
2 managed care organizations or regional support networks due as a
3 result of the payments under this section, and require managed care
4 organizations and regional support networks to make payments to each
5 hospital in accordance with section 9 of this act. The increased
6 payments made to hospitals pursuant to this subsection shall be in
7 addition to any other amounts payable to hospitals by managed care
8 organizations or regional support networks and shall not affect any
9 other payments to hospitals;

10 (b) Within sixty calendar days after satisfaction of the
11 applicable conditions under section 17(1) of this act, calculate the
12 additional amount due to each hospital to pay claims submitted for
13 inpatient and outpatient medicaid-covered services rendered from and
14 after July 1, 2009, through the date when the applicable conditions
15 under section 17(1) of this act have been satisfied, based on the
16 rates required by section 9(2) of this act, make payments to managed
17 care organizations and regional support networks in amounts sufficient
18 to pay the additional amounts due to each hospital plus an additional
19 amount equal to the estimated amount of additional state taxes on
20 managed care organizations or regional support networks due as a
21 result of the payments under this subsection, and require managed care
22 organizations and regional support networks to make payments to each
23 hospital in accordance with the department's calculations within
24 forty-five calendar days after the department disburses funds for
25 those purposes.

26 (3) With respect to the inpatient and outpatient hospital rates
27 established by section 10 of this act:

28 (a) Upon satisfaction of the applicable conditions under section
29 17(1) of this act, increase payments to managed care organizations and
30 regional support networks as necessary to ensure that hospitals are
31 reimbursed in accordance with section 10 of this act, and pay an
32 additional amount equal to the estimated amount of additional state
33 taxes on managed care organizations or regional support networks due
34 as a result of the payments under this section;

1 (b) Require managed care organizations and regional support
2 networks to reimburse hospitals for hospital inpatient and outpatient
3 services rendered after the date that the applicable conditions under
4 section 17(1) of this act are satisfied at rates no lower than the
5 combined rates established by sections 9 and 10 of this act;

6 (c) Within sixty calendar days after satisfaction of the
7 applicable conditions under section 17(1) of this act, calculate the
8 additional amount due to each hospital to pay claims submitted for
9 inpatient and outpatient medicaid-covered services rendered from and
10 after February 1, 2010, through the date when the applicable
11 conditions under section 17(1) of this act are satisfied based on the
12 rates required by section 10 of this act, make payments to managed
13 care organizations and regional support networks in amounts sufficient
14 to pay the additional amounts due to each hospital plus an additional
15 amount equal to the estimated amount of additional state taxes on
16 managed care organizations or regional support networks, and require
17 managed care organizations and regional support networks to make
18 payments to each hospital in accordance with the department's
19 calculations within forty- five calendar days after the department
20 disburses funds for those purposes;

21 (d) Require managed care organizations that contract with health
22 care organizations that provide, directly or by contract, health care
23 services on a prepaid or capitated basis to make payments to health
24 care organizations for any of the hospital payments that the managed
25 care organizations would have been required to pay to hospitals under
26 this section if the managed care organizations did not contract with
27 those health care organizations, and require the managed care
28 organizations to require those health care organizations to make
29 equivalent payments to the hospitals that would have received payments
30 under this section if the managed care organizations did not contract
31 with the health care organizations;

32 (4) The department shall ensure that the increases to the medicaid
33 fee schedules as described in section 10 of this act are included in
34 the development of healthy options premiums.

1 (5) The department may require managed care organizations and
2 regional support networks to demonstrate compliance with this section.

3
4 NEW SECTION. **Sec. 14.** QUALITY INCENTIVE PAYMENTS. (1) The
5 department, in collaboration with the health care authority, the
6 department of health, the department of labor and industries, the
7 Washington state hospital association, the Puget Sound health
8 alliance, and the forum, a collaboration of health carriers,
9 physicians, and hospitals in Washington state, shall design a system
10 of hospital quality incentive payments. The design of the system
11 shall be submitted to the relevant policy and fiscal committees of the
12 legislature by December 15, 2010. The system shall be based upon the
13 following principles:

14 (a) Evidence-based treatment and processes shall be used to
15 improve health care outcomes for hospital patients;

16 (b) Effective purchasing strategies to improve the quality of
17 health care services should involve the use of common quality
18 improvement measures by public and private health care purchasers,
19 while recognizing that some measures may not be appropriate for
20 application to specialty pediatric, psychiatric, or rehabilitation
21 hospitals;

22 (c) Quality measures chosen for the system should be consistent
23 with the standards that have been developed by national quality
24 improvement organizations, such as the national quality forum, the
25 federal centers for medicare and medicaid services, or the federal
26 agency for healthcare research and quality. New reporting burdens to
27 hospitals should be minimized by giving priority to measures hospitals
28 are currently required to report to governmental agencies, such as the
29 hospital compare measures collected by the federal centers for
30 medicare and medicaid services;

31 (d) Benchmarks for each quality improvement measure should be set
32 at levels that are feasible for hospitals to achieve, yet represent
33 real improvements in quality and performance for a majority of
34 hospitals in Washington state; and

1 (e) Hospital performance and incentive payments should be designed
2 in a manner such that all noncritical access hospitals in Washington
3 are able to receive the incentive payments if performance is at or
4 above the benchmark score set in the system established under this
5 section.

6 (2) Upon satisfaction of the applicable conditions set forth in
7 section 17(1) of this act, and for state fiscal year 2013 and each
8 fiscal year thereafter, assessments may be increased to support an
9 additional one percent increase in inpatient hospital rates for
10 noncritical access hospitals that meet the quality incentive
11 benchmarks established under this section.

12
13 NEW SECTION. **Sec. 15.** A new section is added to chapter 70.47
14 RCW to read as follows:

15 The increases in inpatient and outpatient reimbursement rates
16 included in chapter 74.--- RCW (the new chapter created in section 23
17 of this act) shall not be reflected in hospital payment rates for
18 services provided to basic health enrollees under this chapter.

19
20 NEW SECTION. **Sec. 16.** MULTI-HOSPITAL LOCATIONS, NEW HOSPITALS,
21 AND CHANGES IN OWNERSHIP. (1) If an entity owns or operates more than
22 one hospital subject to assessment under this chapter, the entity
23 shall pay the assessment for each hospital separately. However, if
24 the entity operates multiple hospitals under a single medicaid
25 provider number, it may pay the assessment for the hospitals in the
26 aggregate.

27 (2) Notwithstanding any other provision of this chapter, if a
28 hospital subject to the assessment imposed under this chapter ceases
29 to conduct hospital operations throughout a state fiscal year, the
30 assessment for the quarter in which the cessation occurs shall be
31 adjusted by multiplying the assessment computed under section 4 (1)
32 and (3) of this act by a fraction, the numerator of which is the
33 number of days during the year which the hospital conducts, operates,
34 or maintains the hospital and the denominator of which is three

1 hundred sixty-five. Immediately prior to ceasing to conduct, operate,
2 or maintain a hospital, the hospital shall pay the adjusted assessment
3 for the fiscal year to the extent not previously paid.

4 (3) Notwithstanding any other provision of this chapter, in the
5 case of a hospital that commences conducting, operating, or
6 maintaining a hospital that is not exempt from payment of the
7 assessment under section 5 of this act and that did not conduct,
8 operate, or maintain such hospital throughout the cost reporting year
9 used to determine the assessment amount, the assessment for that
10 hospital shall be computed on the basis of the actual number of
11 nonmedicare inpatient days reported to the department by the hospital
12 on a quarterly basis. The hospital shall be eligible to receive
13 increased payments under this chapter beginning on the date it
14 commences hospital operations.

15 (4) Notwithstanding any other provision of this chapter, if a
16 hospital previously subject to assessment is sold or transferred to
17 another entity and remains subject to assessment, the assessment for
18 that hospital shall be computed based upon the cost report data
19 previously submitted by that hospital. The assessment shall be
20 allocated between the transferor and transferee based on the number of
21 days within the assessment period that each owned, operated, or
22 maintained the hospital.

23
24 NEW SECTION. **Sec. 17.** CONDITIONS. (1) The assessment,
25 collection, and disbursement of funds under this chapter shall be
26 conditional upon:

27 (a) Withdrawal of those aspects of any pending state plan
28 amendments previously submitted to the centers for medicare and
29 medicaid services that are inconsistent with this chapter,
30 specifically any pending state plan amendment related to the four
31 percent rate reductions for inpatient and outpatient hospital rates
32 and elimination of the small rural disproportionate share hospital
33 payment program as implemented July 1, 2009;

34

1 (b) Approval by the centers for medicare and medicaid services of
2 any state plan amendments or waiver requests that are necessary in
3 order to implement the applicable sections of this chapter;

4 (c) To the extent necessary, amendment of contracts between the
5 department and managed care organizations in order to implement this
6 chapter; and

7 (d) Certification by the office of financial management that
8 appropriations have been adopted that fully support the rates
9 established in this chapter for the upcoming fiscal year.

10 (2) This chapter does not take effect or ceases to be imposed, and
11 any moneys remaining in the fund shall be refunded to hospitals in
12 proportion to the amounts paid by such hospitals, if and to the extent
13 that:

14 (a) An appellate court or the centers for medicare and medicaid
15 services makes a final determination that any element of this chapter,
16 other than section 11 of this act, cannot be validly implemented;

17 (b) Medicaid inpatient or outpatient reimbursement rates for
18 hospitals are reduced below the combined rates established by sections
19 9 and 10 of this act;

20 (c) Except for payments to the University of Washington medical
21 center and harborview medical center, payments to hospitals required
22 under sections 9, 10, 12, and 13 of this act are not eligible for
23 federal matching funds;

24 (d) Other funding available for the medicaid program is not
25 sufficient to maintain medicaid inpatient and outpatient reimbursement
26 rates for hospitals and small rural disproportionate share payments at
27 one hundred percent of the levels in effect on July 1, 2009; or

28 (e) The fund is used as a substitute for or to supplant other
29 funds, except as authorized by section 3(3)(e) of this act.

30
31 NEW SECTION. **Sec. 18.** SEVERABILITY. (1) The provisions of this
32 chapter are not severable: If the conditions set forth in section
33 17(1) of this act are not satisfied or if any of the circumstances set
34 forth in section 17(2) of this act should occur, this entire chapter

1 shall have no effect from that point forward, except that if the
2 payment under section 11 of this act, or the application thereof to
3 any hospital or circumstances does not receive approval by the centers
4 for medicare and medicaid services as described in section 17(1)(b) of
5 this act or is determined to be unconstitutional or otherwise invalid,
6 the other provisions of this chapter or its application to hospitals
7 or circumstances other than those to which it is held invalid shall
8 not be affected thereby.

9 (2) In the event that any portion of this chapter shall have been
10 validly implemented and the entire chapter is later rendered
11 ineffective under this section, prior assessments and payments under
12 the validly implemented portions shall not be affected.

13 (3) In the event that the payment under section 11 of this act, or
14 the application thereof to any hospital or circumstances does not
15 receive approval by the centers for medicare and medicaid services as
16 described in section 17(1)(b) of this act or is determined to be
17 unconstitutional or otherwise invalid, the amount of the assessment
18 shall be adjusted under section 6(1)(c) of this act.

19
20 **Sec. 19.** 2009 c 564 s 209 (uncodified) is amended to read as
21 follows:

22 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MEDICAL ASSISTANCE**
23 **PROGRAM**

24	General Fund--State Appropriation (FY 2010)	\$1,597,387,000
25	General Fund--State Appropriation (FY 2011)	\$1,984,797,000
26	General Fund--Federal Appropriation	\$5,210,672,000
27	General Fund--Private/Local Appropriation	\$12,903,000
28	Emergency Medical Services and Trauma Care Systems	
29	Trust Account--State Appropriation	\$15,076,000
30	Tobacco Prevention and Control Account--	
31	State Appropriation	\$3,766,000
32	TOTAL APPROPRIATION	\$8,824,601,000

33
34

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) Based on quarterly expenditure reports and caseload forecasts,
4 if the department estimates that expenditures for the medical
5 assistance program will exceed the appropriations, the department
6 shall take steps including but not limited to reduction of rates or
7 elimination of optional services to reduce expenditures so that total
8 program costs do not exceed the annual appropriation authority.

9 (2) In determining financial eligibility for medicaid-funded
10 services, the department is authorized to disregard recoveries by
11 Holocaust survivors of insurance proceeds or other assets, as defined
12 in RCW 48.104.030.

13 (3) The legislature affirms that it is in the state's interest for
14 Harborview medical center to remain an economically viable component
15 of the state's health care system.

16 (4) When a person is ineligible for medicaid solely by reason of
17 residence in an institution for mental diseases, the department shall
18 provide the person with the same benefits as he or she would receive
19 if eligible for medicaid, using state-only funds to the extent
20 necessary.

21 (5) In accordance with RCW 74.46.625, \$6,000,000 of the general
22 fund--federal appropriation is provided solely for supplemental
23 payments to nursing homes operated by public hospital districts. The
24 public hospital district shall be responsible for providing the
25 required nonfederal match for the supplemental payment, and the
26 payments shall not exceed the maximum allowable under federal rules.
27 It is the legislature's intent that the payments shall be supplemental
28 to and shall not in any way offset or reduce the payments calculated
29 and provided in accordance with part E of chapter 74.46 RCW. It is
30 the legislature's further intent that costs otherwise allowable for
31 rate- setting and settlement against payments under chapter 74.46 RCW
32 shall not be disallowed solely because such costs have been paid by
33 revenues retained by the nursing home from these supplemental
34 payments. The supplemental payments are subject to retrospective

1 interim and final cost settlements based on the nursing homes' as-
2 filed and final medicare cost reports. The timing of the interim and
3 final cost settlements shall be at the department's discretion.
4 During either the interim cost settlement or the final cost
5 settlement, the department shall recoup from the public hospital
6 districts the supplemental payments that exceed the medicaid cost
7 limit and/or the medicare upper payment limit. The department shall
8 apply federal rules for identifying the eligible incurred medicaid
9 costs and the medicare upper payment limit.

10 (6) \$1,110,000 of the general fund--federal appropriation and
11 \$1,105,000 of the general fund--state appropriation for fiscal year
12 2011 are provided solely for grants to rural hospitals. The
13 department shall distribute the funds under a formula that provides a
14 relatively larger share of the available funding to hospitals that (a)
15 serve a disproportionate share of low-income and medically indigent
16 patients, and (b) have relatively smaller net financial margins, to
17 the extent allowed by the federal medicaid program.

18 (7) \$9,818,000 of the general fund--state appropriation for fiscal
19 year 2011, and \$9,865,000 of the general fund--federal appropriation
20 are provided solely for grants to nonrural hospitals. The department
21 shall distribute the funds under a formula that provides a relatively
22 larger share of the available funding to hospitals that (a) serve a
23 disproportionate share of low-income and medically indigent patients,
24 and (b) have relatively smaller net financial margins, to the extent
25 allowed by the federal medicaid program.

26 (8) The department shall continue the inpatient hospital certified
27 public expenditures program for the 2009-11 biennium. The program
28 shall apply to all public hospitals, including those owned or operated
29 by the state, except those classified as critical access hospitals or
30 state psychiatric institutions. The department shall submit reports
31 to the governor and legislature by November 1, 2009, and by November
32 1, 2010, that evaluate whether savings continue to exceed costs for
33 this program. If the certified public expenditures (CPE) program in
34 its current form is no longer cost-effective to maintain, the

1 department shall submit a report to the governor and legislature
2 detailing cost-effective alternative uses of local, state, and federal
3 resources as a replacement for this program. During fiscal year 2010
4 and fiscal year 2011, hospitals in the program shall be paid and shall
5 retain one hundred percent of the federal portion of the allowable
6 hospital cost for each medicaid inpatient fee-for-service claim
7 payable by medical assistance and one hundred percent of the federal
8 portion of the maximum disproportionate share hospital payment
9 allowable under federal regulations. Inpatient medicaid payments
10 shall be established using an allowable methodology that approximates
11 the cost of claims submitted by the hospitals. Payments made to each
12 hospital in the program in each fiscal year of the biennium shall be
13 compared to a baseline amount. The baseline amount will be determined
14 by the total of (a) the inpatient claim payment amounts that would
15 have been paid during the fiscal year had the hospital not been in the
16 CPE program based on the reimbursement rates developed, implemented,
17 and consistent with policies approved in the 2009-11 biennial
18 operating appropriations act (chapter 564, Laws of 2009) and in effect
19 on July 1, 2009, (b) one half of the indigent assistance
20 disproportionate share hospital payment amounts paid to and retained
21 by each hospital during fiscal year 2005, and (c) all of the other
22 disproportionate share hospital payment amounts paid to and retained
23 by each hospital during fiscal year 2005 to the extent the same
24 disproportionate share hospital programs exist in the 2009-11
25 biennium. If payments during the fiscal year exceed the hospital's
26 baseline amount, no additional payments will be made to the hospital
27 except the federal portion of allowable disproportionate share
28 hospital payments for which the hospital can certify allowable match.
29 If payments during the fiscal year are less than the baseline amount,
30 the hospital will be paid a state grant equal to the difference
31 between payments during the fiscal year and the applicable baseline
32 amount. Payment of the state grant shall be made in the applicable
33 fiscal year and distributed in monthly payments. The grants will be
34 recalculated and redistributed as the baseline is updated during the

1 fiscal year. The grant payments are subject to an interim settlement
2 within eleven months after the end of the fiscal year. A final
3 settlement shall be performed. To the extent that either settlement
4 determines that a hospital has received funds in excess of what it
5 would have received as described in this subsection, the hospital must
6 repay the excess amounts to the state when requested. \$6,570,000 of
7 the general fund-- state appropriation for fiscal year 2010, which is
8 appropriated in section 204(1) of this act, and \$1,500,000 of the
9 general fund--state appropriation for fiscal year 2011, which is
10 appropriated in section 204(1) of this act, are provided solely for
11 state grants for the participating hospitals. Sufficient amounts are
12 appropriated in this section for the remaining state grants for the
13 participating hospitals. CPE hospitals will receive the inpatient and
14 outpatient reimbursement rate restorations in section 9 and rate
15 increases in section 10 (1) (b) of Engrossed Second Substitute House
16 Bill 2956 (hospital safety net assessment) funded through the hospital
17 safety net assessment fund rather than through the baseline mechanism
18 specified in this section.

19 (9) The department is authorized to use funds appropriated in this
20 section to purchase goods and supplies through direct contracting with
21 vendors when the department determines it is cost-effective to do so.

22 (10) Sufficient amounts are appropriated in this section for the
23 department to continue podiatry services for medicaid-eligible adults.

24 (11) Sufficient amounts are appropriated in this section for the
25 department to provide an adult dental benefit that is at least
26 equivalent to the benefit provided in the 2003-05 biennium.

27 (12) \$93,000 of the general fund--state appropriation for fiscal
28 year 2010 and \$93,000 of the general fund--federal appropriation are
29 provided solely for the department to pursue a federal Medicaid waiver
30 pursuant to Second Substitute Senate Bill No. 5945 (Washington health
31 partnership plan). If the bill is not enacted by June 30, 2009, the
32 amounts provided in this subsection shall lapse.

33 (13) The department shall require managed health care systems that
34 have contracts with the department to serve medical assistance clients

1 to limit any reimbursements or payments the systems make to providers
2 not employed by or under contract with the systems to no more than the
3 medical assistance rates paid by the department to providers for
4 comparable services rendered to clients in the fee-for-service
5 delivery system.

6 (14) Appropriations in this section are sufficient for the
7 department to continue to fund family planning nurses in the community
8 services offices.

9 (15) The department, in coordination with stakeholders, will
10 conduct an analysis of potential savings in utilization of home
11 dialysis. The department shall present its findings to the
12 appropriate house of representatives and senate committees by December
13 2010.

14 (16) A maximum of \$166,875,000 of the general fund--state
15 appropriation and \$38,389,000 of the general fund--federal
16 appropriation may be expended in the fiscal biennium for the general
17 assistance-unemployable medical program, and these amounts are
18 provided solely for this program. Of these amounts, \$10,749,000 of
19 the general fund--state appropriation for fiscal year 2010 and
20 \$10,892,000 of the general fund--federal appropriation are provided
21 solely for payments to hospitals for providing outpatient services to
22 low income patients who are recipients of general assistance-
23 unemployable. Pursuant to RCW 74.09.035, the department shall not
24 expend for the general assistance medical care services program any
25 amounts in excess of the amounts provided in this subsection.

26 (17) If the department determines that it is feasible within the
