year. If a vehicle license previously issued in this state has expired and is renewed with a different registered owner, a new registration year is deemed to commence upon the date the expired license is renewed so that the renewed license will be useful for an entire 12-month period.

Summary of Bill:

Deployed military personnel are able to renew their vehicle registrations and have the registration year start on the date that the expired license is renewed so that the renewed license will be useful for an entire 12-month period. To be eligible, the registered owner must: be a member of the United States armed forces; have been stationed outside of Washington under military orders during the prior vehicle registration year; and provide the DOL with a copy of the military orders.

Appropriation: None.

Fiscal Note: Available.

Effective Date: The bill takes effect 90 days after adjournment of the session in which the bill is passed.

Staff Summary of Public Testimony:

(In support) The individuals that are currently deployed outside of Washington are not driving their vehicles presently. They are members of the armed forces and, in all fairness, those individuals when they return home should be able to renew their expired car registrations and have that vehicle license be good for an entire 12-month period.

(Opposed) None.

Persons Testifying: Representative Orcutt, prime sponsor.

Persons Signed In To Testify But Not Testifying: None.
