SECOND SUBSTITUTE SENATE BILL 6667

AS AMENDED BY THE HOUSE

Passed Legislature - 2010 Regular Session

State of Washington 61st Legislature 2010 Regular Session

By Senate Ways & Means (originally sponsored by Senators Kauffman and Kastama)

READ FIRST TIME 02/09/10.

1 AN ACT Relating to business assistance programs; amending RCW
2 43.330.060 and 28B.30.530; and creating a new section.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 NEW SECTION. **Sec. 1.** The legislature finds that small businesses
5 and entrepreneurs are a fundamental source of economic and community
6 vitality for our state. They employ state residents, pay state taxes,
7 purchase goods and services from local and regional companies, and
8 contribute to our communities in many other ways. The legislature
9 finds that small businesses and entrepreneurs need increased access to
10 capital and technical assistance in order to maximize their potential.
11 The legislature intends that the department of commerce and the small
12 business development center each build upon their existing relevant
13 statutory missions and authorities by collaborating on a specific plan
14 to expand services to small businesses and entrepreneurs beginning in
15 the 2011-2013 biennium.

16 **Sec. 2.** RCW 43.330.060 and 2005 c 136 s 13 are each amended to
17 read as follows:

18 (1) The department shall (a) assist in expanding the state's role

1 as an international center of trade, culture, and finance; (b) promote
2 and market the state's products and services both nationally and
3 internationally; (c) work in close cooperation with other private and
4 public international trade efforts; (d) act as a centralized location
5 for the assimilation and distribution of trade information; and (e)
6 establish and operate foreign offices promoting overseas trade and
7 commerce.

8 (2) The department shall identify and work with Washington
9 businesses that can use local, state, and federal assistance to
10 increase domestic and foreign exports of goods and services.

11 (3) The department shall work generally with small businesses and
12 other employers to facilitate resolution of siting, regulatory,
13 expansion, and retention problems. This assistance shall include but
14 not be limited to assisting in workforce training and infrastructure
15 needs, identifying and locating suitable business sites, and resolving
16 problems with government licensing and regulatory requirements. The
17 department shall identify gaps in needed services and develop steps to
18 address them including private sector support and purchase of these
19 services.

20 (4) The department shall work to increase the availability of
21 capital to small businesses by developing new and flexible investment
22 tools; by assisting in targeting and improving the efficiency of
23 existing investment mechanisms; and by assisting in the procurement of
24 managerial and technical assistance necessary to attract potential
25 investors.

26 (5) The department shall assist women and minority-owned businesses
27 in overcoming barriers to entrepreneurial success. The department
28 shall contract with public and private agencies, institutions, and
29 organizations to conduct entrepreneurial training courses for minority
30 and women-owned businesses. The instruction shall be intensive,
31 practical training courses in financing, marketing, managing,
32 accounting, and recordkeeping for a small business, with an emphasis on
33 federal, state, local, or private programs available to assist small
34 businesses. Instruction shall be offered in major population centers
35 throughout the state at times and locations that are convenient for
36 minority and women small business owners.

37 (6)(a) Subject to the availability of amounts appropriated for this
38 specific purpose, by December 1, 2010, the department, in conjunction

1 with the small business development center, must prepare and present to
2 the governor and appropriate legislative committees a specific,
3 actionable plan to increase access to capital and technical assistance
4 to small businesses and entrepreneurs beginning with the 2011-2013
5 biennium. In developing the plan, the department and the center may
6 consult with the Washington state microenterprise association, and with
7 other government, nonprofit, and private organizations as necessary.
8 The plan must identify:

9 (i) Existing sources of capital and technical assistance for small
10 businesses and entrepreneurs;

11 (ii) Critical gaps and barriers to availability of capital and
12 delivery of technical assistance to small businesses and entrepreneurs;

13 (iii) Workable solutions to filling the gaps and removing barriers
14 identified in (a)(ii) of this subsection; and

15 (iv) The financial resources and statutory changes necessary to put
16 the plan into effect beginning with the 2011-2013 biennium.

17 (b) With respect to increasing access to capital, the plan must
18 identify specific, feasible sources of capital and practical mechanisms
19 for expanding access to it.

20 (c) The department and the center must include, within the analysis
21 and recommendations in (a) of this subsection, any specific gaps,
22 barriers, and solutions related to rural and low-income communities and
23 small manufacturers interested in exporting.

2 to:

10 satellite offices when financially feasible; and

11 (e) Coordinate delivery of services to avoid duplication.

12 (3) The administrator of the center may contract with other public
13 or private entities for the provision of specialized services.

14 (4) The small business development center may accept and disburse
15 federal grants or federal matching funds or other funds or donations
16 from any source when made, granted, or donated to carry out the
17 center's purposes. When drawing on funds from the business assistance
18 account created in RCW ((30.60.010)) 28B.30.531, the center must first
19 use the funds to make increased management and technical assistance
20 available to existing small businesses and start-up businesses at
21 satellite offices. The funds may also be used to develop and expand
22 assistance programs such as small business planning workshops and small
23 business counseling.

24 ~~(5) ((The legislature directs the small business development center
25 to request United States small business administration approval of a
26 special emphasis initiative, as permitted under 13 C.F.R. 130.340(c) as

2 of small businesses assisted; and the types of services provided. The
3 reports must also include information on the outcomes achieved, such as

7 specific purpose, by December 1, 2010, the center, in conjunction with
8 the department of commerce, must prepare and present to the governor
9 and appropriate legislative committees a specific, actionable plan to
