SECOND SUBSTITUTE HOUSE BILL 1484

---

AS AMENDED BY THE SENATE

Passed Legislature - 2009 Regular Session

State of Washington                      61st Legislature                      2009 Regular Session

By House Capital Budget (originally sponsored by Representatives Van De Wege, Orcutt, Hurst, McCoy, and Blake)

READ FIRST TIME 03/03/09.

1            AN ACT Relating to habitat open space; amending RCW 76.09.040,  
2 84.33.140, 84.34.108, 84.33.145, 76.09.020, 79.22.060, 79.64.110, and  
3 43.30.385; creating new sections; and providing an expiration date.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5            *\*Sec. 1. RCW 76.09.040 and 2000 c 11 s 3 are each amended to read*  
6 *as follows:*

7            *(1) Where necessary to accomplish the purposes and policies stated*  
8 *in RCW 76.09.010, and to implement the provisions of this chapter, the*  
9 *board shall adopt forest practices rules pursuant to chapter 34.05 RCW*  
10 *and in accordance with the procedures enumerated in this section that:*

11            *(a) Establish minimum standards for forest practices;*

12            *(b) Provide procedures for the voluntary development of resource*  
13 *management plans which may be adopted as an alternative to the minimum*  
14 *standards in (a) of this subsection if the plan is consistent with the*  
15 *purposes and policies stated in RCW 76.09.010 and the plan meets or*  
16 *exceeds the objectives of the minimum standards;*

17            *(c) Set forth necessary administrative provisions;*

18            *(d) Establish procedures for the collection and administration of*  
19 *forest practice fees as set forth by this chapter; and*

1 (e) Allow for the development of watershed analyses.

2 Forest practices rules pertaining to water quality protection shall  
3 be adopted by the board after reaching agreement with the director of  
4 the department of ecology or the director's designee on the board with  
5 respect thereto. All other forest practices rules shall be adopted by  
6 the board.

7 Forest practices rules shall be administered and enforced by either  
8 the department or the local governmental entity as provided in this  
9 chapter. Such rules shall be adopted and administered so as to give  
10 consideration to all purposes and policies set forth in RCW 76.09.010.

11 (2) The board shall prepare proposed forest practices rules. In  
12 addition to any forest practices rules relating to water quality  
13 protection proposed by the board, the department of ecology may submit  
14 to the board proposed forest practices rules relating to water quality  
15 protection.

16 Prior to initiating the rule-making process, the proposed rules  
17 shall be submitted for review and comments to the department of fish  
18 and wildlife and to the counties of the state. After receipt of the  
19 proposed forest practices rules, the department of fish and wildlife  
20 and the counties of the state shall have thirty days in which to review  
21 and submit comments to the board, and to the department of ecology with  
22 respect to its proposed rules relating to water quality protection.  
23 After the expiration of such thirty day period the board and the  
24 department of ecology shall jointly hold one or more hearings on the  
25 proposed rules pursuant to chapter 34.05 RCW. At such hearing(s) any  
26 county may propose specific forest practices rules relating to problems  
27 existing within such county. The board may adopt and the department of  
28 ecology may approve such proposals if they find the proposals are  
29 consistent with the purposes and policies of this chapter.

30 (3) The board shall establish by rule a program for the acquisition  
31 of riparian open space (~~((program that includes acquisition of a fee~~  
32 ~~interest in, or at the landowner's option, a conservation easement on))~~  
33 and critical habitat for threatened or endangered species as designated  
34 by the board. Acquisition must be a conservation easement. Lands  
35 eligible for acquisition are forest lands within unconfined  
36 ((avulsing)) channel migration zones or forest lands containing  
37 critical habitat for threatened or endangered species as designated by  
38 the board. Once acquired, these lands may be held and managed by the

1 department, transferred to another state agency, transferred to an  
2 appropriate local government agency, or transferred to a private  
3 nonprofit nature conservancy corporation, as defined in RCW 64.04.130,  
4 in fee or transfer of management obligation. The board shall adopt  
5 rules governing the acquisition by the state or donation to the state  
6 of such interest in lands including the right of refusal if the lands  
7 are subject to unacceptable liabilities. The rules shall include  
8 definitions of qualifying lands, priorities for acquisition, and  
9 provide for the opportunity to transfer such lands with limited  
10 warranties and with a description of boundaries that does not require  
11 full surveys where the cost of securing the surveys would be  
12 unreasonable in relation to the value of the lands conveyed. The rules  
13 shall provide for the management of the lands for ecological protection  
14 or fisheries enhancement. ~~((Because there are few, if any, comparable  
15 sales of forest land within unconfined avulsing channel migration  
16 zones, separate from the other lands or assets, these lands are likely  
17 to be extraordinarily difficult to appraise and the cost of a  
18 conventional appraisal often would be unreasonable in relation to the  
19 value of the land involved. Therefore, for the purposes of voluntary  
20 sales under this section, the legislature declares that these lands are  
21 presumed to have a value equal to: (a) The acreage in the sale  
22 multiplied by the average value of commercial forest land in the region  
23 under the land value tables used for property tax purposes under RCW  
24 84.33.120; plus (b) the cruised volume of any timber located within the  
25 channel migration multiplied by the appropriate quality code stumpage  
26 value for timber of the same species shown on the appropriate table  
27 used for timber harvest excise tax purposes under RCW 84.33.091. For  
28 purposes of this section, there shall be an eastside region and a  
29 westside region as defined in the forests and fish report as defined in  
30 RCW 76.09.020.)) For the purposes of conservation easements entered  
31 into under this section, the following apply: (a) For conveyances of  
32 a conservation easement in which the landowner conveys an interest in  
33 the trees only, the compensation must include the timber value  
34 component, as determined by the cruised volume of any timber located  
35 within the channel migration zone or critical habitat for threatened or  
36 endangered species as designated by the board, multiplied by the  
37 appropriate quality code stumpage value for timber of the same species  
38 shown on the appropriate table used for timber harvest excise tax~~

1 purposes under RCW 84.33.091; (b) for conveyances of a conservation  
2 easement in which the landowner conveys interests in both land and  
3 trees, the compensation must include the timber value component in (a)  
4 of this subsection plus such portion of the land value component as  
5 determined just and equitable by the department. The land value  
6 component must be the acreage of qualifying channel migration zone or  
7 critical habitat for threatened or endangered species as determined by  
8 the board, to be conveyed, multiplied by the average per acre value of  
9 all commercial forest land in western Washington or the average for  
10 eastern Washington, whichever average is applicable to the qualifying  
11 lands. The department must determine the western and eastern  
12 Washington averages based on the land value tables established by RCW  
13 84.33.140 and revised annually by the department of revenue.

14 (4) Subject to appropriations sufficient to cover the cost of such  
15 an acquisition program and the related costs of administering the  
16 program, the department (~~(is directed to purchase a fee interest or, at~~  
17 ~~the owner's option,)~~) must establish a conservation easement in land  
18 that an owner tenders for purchase; provided that such lands have been  
19 taxed as forest lands and are located within an unconfined (~~(avulsing)~~)  
20 channel migration zone or contain critical habitat for threatened or  
21 endangered species as designated by the board. Lands acquired under  
22 this section shall become riparian or habitat open space. These  
23 acquisitions shall not be deemed to trigger the compensating tax of  
24 chapters 84.33 and 84.34 RCW.

25 (5) Instead of offering to sell interests in qualifying lands,  
26 owners may elect to donate the interests to the state.

27 (6) Any acquired interest in qualifying lands by the state under  
28 this section shall be managed as riparian open space or critical  
29 habitat.

\*Sec. 1 was vetoed. See message at end of chapter.

30 **Sec. 2.** RCW 84.33.140 and 2007 c 54 s 24 are each amended to read  
31 as follows:

32 (1) When land has been designated as forest land under RCW  
33 84.33.130, a notation of the designation shall be made each year upon  
34 the assessment and tax rolls. A copy of the notice of approval  
35 together with the legal description or assessor's parcel numbers for  
36 the land shall, at the expense of the applicant, be filed by the  
37 assessor in the same manner as deeds are recorded.

1 (2) In preparing the assessment roll as of January 1, 2002, for  
 2 taxes payable in 2003 and each January 1st thereafter, the assessor  
 3 shall list each parcel of designated forest land at a value with  
 4 respect to the grade and class provided in this subsection and adjusted  
 5 as provided in subsection (3) of this section. The assessor shall  
 6 compute the assessed value of the land using the same assessment ratio  
 7 applied generally in computing the assessed value of other property in  
 8 the county. Values for the several grades of bare forest land shall be  
 9 as follows:

10	LAND	OPERABILITY	VALUES
11	GRADE	CLASS	PER ACRE
12		1	\$234
13	1	2	229
14		3	217
15		4	157
16		1	198
17	2	2	190
18		3	183
19		4	132
20		1	154
21	3	2	149
22		3	148
23		4	113
24		1	117
25	4	2	114
26		3	113
27		4	86
28		1	85
29	5	2	78
30		3	77
31		4	52
32		1	43
33	6	2	39
34		3	39
35		4	37
36		1	21

1	7	2	21
2		3	20
3		4	20
4	8		1

5 (3) On or before December 31, 2001, the department shall adjust by  
6 rule under chapter 34.05 RCW, the forest land values contained in  
7 subsection (2) of this section in accordance with this subsection, and  
8 shall certify the adjusted values to the assessor who will use these  
9 values in preparing the assessment roll as of January 1, 2002. For the  
10 adjustment to be made on or before December 31, 2001, for use in the  
11 2002 assessment year, the department shall:

12 (a) Divide the aggregate value of all timber harvested within the  
13 state between July 1, 1996, and June 30, 2001, by the aggregate harvest  
14 volume for the same period, as determined from the harvester excise tax  
15 returns filed with the department under RCW 84.33.074; and

16 (b) Divide the aggregate value of all timber harvested within the  
17 state between July 1, 1995, and June 30, 2000, by the aggregate harvest  
18 volume for the same period, as determined from the harvester excise tax  
19 returns filed with the department under RCW 84.33.074; and

20 (c) Adjust the forest land values contained in subsection (2) of  
21 this section by a percentage equal to one-half of the percentage change  
22 in the average values of harvested timber reflected by comparing the  
23 resultant values calculated under (a) and (b) of this subsection.

24 (4) For the adjustments to be made on or before December 31, 2002,  
25 and each succeeding year thereafter, the same procedure described in  
26 subsection (3) of this section shall be followed using harvester excise  
27 tax returns filed under RCW 84.33.074. However, this adjustment shall  
28 be made to the prior year's adjusted value, and the five-year periods  
29 for calculating average harvested timber values shall be successively  
30 one year more recent.

31 (5) Land graded, assessed, and valued as forest land shall continue  
32 to be so graded, assessed, and valued until removal of designation by  
33 the assessor upon the occurrence of any of the following:

- 34 (a) Receipt of notice from the owner to remove the designation;
- 35 (b) Sale or transfer to an ownership making the land exempt from ad  
36 valorem taxation;

1 (c) Sale or transfer of all or a portion of the land to a new  
2 owner, unless the new owner has signed a notice of forest land  
3 designation continuance, except transfer to an owner who is an heir or  
4 devisee of a deceased owner, shall not, by itself, result in removal of  
5 designation. The signed notice of continuance shall be attached to the  
6 real estate excise tax affidavit provided for in RCW 82.45.150. The  
7 notice of continuance shall be on a form prepared by the department.  
8 If the notice of continuance is not signed by the new owner and  
9 attached to the real estate excise tax affidavit, all compensating  
10 taxes calculated under subsection (11) of this section shall become due  
11 and payable by the seller or transferor at time of sale. The auditor  
12 shall not accept an instrument of conveyance regarding designated  
13 forest land for filing or recording unless the new owner has signed the  
14 notice of continuance or the compensating tax has been paid, as  
15 evidenced by the real estate excise tax stamp affixed thereto by the  
16 treasurer. The seller, transferor, or new owner may appeal the new  
17 assessed valuation calculated under subsection (11) of this section to  
18 the county board of equalization in accordance with the provisions of  
19 RCW 84.40.038. Jurisdiction is hereby conferred on the county board of  
20 equalization to hear these appeals;

21 (d) Determination by the assessor, after giving the owner written  
22 notice and an opportunity to be heard, that:

23 (i) The land is no longer primarily devoted to and used for growing  
24 and harvesting timber. However, land shall not be removed from  
25 designation if a governmental agency, organization, or other recipient  
26 identified in subsection (13) or (14) of this section as exempt from  
27 the payment of compensating tax has manifested its intent in writing or  
28 by other official action to acquire a property interest in the  
29 designated forest land by means of a transaction that qualifies for an  
30 exemption under subsection (13) or (14) of this section. The  
31 governmental agency, organization, or recipient shall annually provide  
32 the assessor of the county in which the land is located reasonable  
33 evidence in writing of the intent to acquire the designated land as  
34 long as the intent continues or within sixty days of a request by the  
35 assessor. The assessor may not request this evidence more than once in  
36 a calendar year;

37 (ii) The owner has failed to comply with a final administrative or  
38 judicial order with respect to a violation of the restocking, forest

1 management, fire protection, insect and disease control, and forest  
2 debris provisions of Title 76 RCW or any applicable rules under Title  
3 76 RCW; or

4 (iii) Restocking has not occurred to the extent or within the time  
5 specified in the application for designation of such land.

6 (6) Land shall not be removed from designation if there is a  
7 governmental restriction that prohibits, in whole or in part, the owner  
8 from harvesting timber from the owner's designated forest land. If  
9 only a portion of the parcel is impacted by governmental restrictions  
10 of this nature, the restrictions cannot be used as a basis to remove  
11 the remainder of the forest land from designation under this chapter.  
12 For the purposes of this section, "governmental restrictions" includes:

13 (a) Any law, regulation, rule, ordinance, program, or other action  
14 adopted or taken by a federal, state, county, city, or other  
15 governmental entity; or (b) the land's zoning or its presence within an  
16 urban growth area designated under RCW 36.70A.110.

17 (7) The assessor shall have the option of requiring an owner of  
18 forest land to file a timber management plan with the assessor upon the  
19 occurrence of one of the following:

20 (a) An application for designation as forest land is submitted; or  
21 (b) Designated forest land is sold or transferred and a notice of  
22 continuance, described in subsection (5)(c) of this section, is signed.

23 (8) If land is removed from designation because of any of the  
24 circumstances listed in subsection (5)(a) through (c) of this section,  
25 the removal shall apply only to the land affected. If land is removed  
26 from designation because of subsection (5)(d) of this section, the  
27 removal shall apply only to the actual area of land that is no longer  
28 primarily devoted to the growing and harvesting of timber, without  
29 regard to any other land that may have been included in the application  
30 and approved for designation, as long as the remaining designated  
31 forest land meets the definition of forest land contained in RCW  
32 84.33.035.

33 (9) Within thirty days after the removal of designation as forest  
34 land, the assessor shall notify the owner in writing, setting forth the  
35 reasons for the removal. The seller, transferor, or owner may appeal  
36 the removal to the county board of equalization in accordance with the  
37 provisions of RCW 84.40.038.

1 (10) Unless the removal is reversed on appeal a copy of the notice  
2 of removal with a notation of the action, if any, upon appeal, together  
3 with the legal description or assessor's parcel numbers for the land  
4 removed from designation shall, at the expense of the applicant, be  
5 filed by the assessor in the same manner as deeds are recorded and a  
6 notation of removal from designation shall immediately be made upon the  
7 assessment and tax rolls. The assessor shall revalue the land to be  
8 removed with reference to its true and fair value as of January 1st of  
9 the year of removal from designation. Both the assessed value before  
10 and after the removal of designation shall be listed. Taxes based on  
11 the value of the land as forest land shall be assessed and payable up  
12 until the date of removal and taxes based on the true and fair value of  
13 the land shall be assessed and payable from the date of removal from  
14 designation.

15 (11) Except as provided in subsection (5)(c), (13), or (14) of this  
16 section, a compensating tax shall be imposed on land removed from  
17 designation as forest land. The compensating tax shall be due and  
18 payable to the treasurer thirty days after the owner is notified of the  
19 amount of this tax. As soon as possible after the land is removed from  
20 designation, the assessor shall compute the amount of compensating tax  
21 and mail a notice to the owner of the amount of compensating tax owed  
22 and the date on which payment of this tax is due. The amount of  
23 compensating tax shall be equal to the difference between the amount of  
24 tax last levied on the land as designated forest land and an amount  
25 equal to the new assessed value of the land multiplied by the dollar  
26 rate of the last levy extended against the land, multiplied by a  
27 number, in no event greater than nine, equal to the number of years for  
28 which the land was designated as forest land, plus compensating taxes  
29 on the land at forest land values up until the date of removal and the  
30 prorated taxes on the land at true and fair value from the date of  
31 removal to the end of the current tax year.

32 (12) Compensating tax, together with applicable interest thereon,  
33 shall become a lien on the land which shall attach at the time the land  
34 is removed from designation as forest land and shall have priority to  
35 and shall be fully paid and satisfied before any recognizance,  
36 mortgage, judgment, debt, obligation, or responsibility to or with  
37 which the land may become charged or liable. The lien may be  
38 foreclosed upon expiration of the same period after delinquency and in

1 the same manner provided by law for foreclosure of liens for delinquent  
2 real property taxes as provided in RCW 84.64.050. Any compensating tax  
3 unpaid on its due date shall thereupon become delinquent. From the  
4 date of delinquency until paid, interest shall be charged at the same  
5 rate applied by law to delinquent ad valorem property taxes.

6 (13) The compensating tax specified in subsection (11) of this  
7 section shall not be imposed if the removal of designation under  
8 subsection (5) of this section resulted solely from:

9 (a) Transfer to a government entity in exchange for other forest  
10 land located within the state of Washington;

11 (b) A taking through the exercise of the power of eminent domain,  
12 or sale or transfer to an entity having the power of eminent domain in  
13 anticipation of the exercise of such power;

14 (c) A donation of fee title, development rights, or the right to  
15 harvest timber, to a government agency or organization qualified under  
16 RCW 84.34.210 and 64.04.130 for the purposes enumerated in those  
17 sections, or the sale or transfer of fee title to a governmental entity  
18 or a nonprofit nature conservancy corporation, as defined in RCW  
19 64.04.130, exclusively for the protection and conservation of lands  
20 recommended for state natural area preserve purposes by the natural  
21 heritage council and natural heritage plan as defined in chapter 79.70  
22 RCW or approved for state natural resources conservation area purposes  
23 as defined in chapter 79.71 RCW. At such time as the land is not used  
24 for the purposes enumerated, the compensating tax specified in  
25 subsection (11) of this section shall be imposed upon the current  
26 owner;

27 (d) The sale or transfer of fee title to the parks and recreation  
28 commission for park and recreation purposes;

29 (e) Official action by an agency of the state of Washington or by  
30 the county or city within which the land is located that disallows the  
31 present use of the land;

32 (f) The creation, sale, or transfer of forestry riparian easements  
33 under RCW 76.13.120;

34 (g) The creation, sale, or transfer of a ~~((fee-interest-or-a))~~  
35 conservation easement ~~((for-the-riparian-open-space-program))~~ of  
36 private forest lands within unconfined channel migration zones or  
37 containing critical habitat for threatened or endangered species under  
38 RCW 76.09.040; or

1 (h) The sale or transfer of land within two years after the death  
2 of the owner of at least a fifty percent interest in the land if the  
3 land has been assessed and valued as classified forest land, designated  
4 as forest land under this chapter, or classified under chapter 84.34  
5 RCW continuously since 1993. The date of death shown on a death  
6 certificate is the date used for the purposes of this subsection  
7 (13)(h).

8 (14) In a county with a population of more than (~~one million~~) six  
9 hundred thousand inhabitants, the compensating tax specified in  
10 subsection (11) of this section shall not be imposed if the removal of  
11 designation as forest land under subsection (5) of this section  
12 resulted solely from:

- 13 (a) An action described in subsection (13) of this section; or
- 14 (b) A transfer of a property interest to a government entity, or to  
15 a nonprofit historic preservation corporation or nonprofit nature  
16 conservancy corporation, as defined in RCW 64.04.130, to protect or  
17 enhance public resources, or to preserve, maintain, improve, restore,  
18 limit the future use of, or otherwise to conserve for public use or  
19 enjoyment, the property interest being transferred. At such time as  
20 the property interest is not used for the purposes enumerated, the  
21 compensating tax shall be imposed upon the current owner.

22 **Sec. 3.** RCW 84.34.108 and 2007 c 54 s 25 are each amended to read  
23 as follows:

24 (1) When land has once been classified under this chapter, a  
25 notation of the classification shall be made each year upon the  
26 assessment and tax rolls and the land shall be valued pursuant to RCW  
27 84.34.060 or 84.34.065 until removal of all or a portion of the  
28 classification by the assessor upon occurrence of any of the following:

- 29 (a) Receipt of notice from the owner to remove all or a portion of  
30 the classification;
- 31 (b) Sale or transfer to an ownership, except a transfer that  
32 resulted from a default in loan payments made to or secured by a  
33 governmental agency that intends to or is required by law or regulation  
34 to resell the property for the same use as before, making all or a  
35 portion of the land exempt from ad valorem taxation;
- 36 (c) Sale or transfer of all or a portion of the land to a new  
37 owner, unless the new owner has signed a notice of classification

1 continuance, except transfer to an owner who is an heir or devisee of  
2 a deceased owner shall not, by itself, result in removal of  
3 classification. The notice of continuance shall be on a form prepared  
4 by the department. If the notice of continuance is not signed by the  
5 new owner and attached to the real estate excise tax affidavit, all  
6 additional taxes calculated pursuant to subsection (4) of this section  
7 shall become due and payable by the seller or transferor at time of  
8 sale. The auditor shall not accept an instrument of conveyance  
9 regarding classified land for filing or recording unless the new owner  
10 has signed the notice of continuance or the additional tax has been  
11 paid, as evidenced by the real estate excise tax stamp affixed thereto  
12 by the treasurer. The seller, transferor, or new owner may appeal the  
13 new assessed valuation calculated under subsection (4) of this section  
14 to the county board of equalization in accordance with the provisions  
15 of RCW 84.40.038. Jurisdiction is hereby conferred on the county board  
16 of equalization to hear these appeals;

17 (d) Determination by the assessor, after giving the owner written  
18 notice and an opportunity to be heard, that all or a portion of the  
19 land no longer meets the criteria for classification under this  
20 chapter. The criteria for classification pursuant to this chapter  
21 continue to apply after classification has been granted.

22 The granting authority, upon request of an assessor, shall provide  
23 reasonable assistance to the assessor in making a determination whether  
24 the land continues to meet the qualifications of RCW 84.34.020 (1) or  
25 (3). The assistance shall be provided within thirty days of receipt of  
26 the request.

27 (2) Land may not be removed from classification because of:

28 (a) The creation, sale, or transfer of forestry riparian easements  
29 under RCW 76.13.120; or

30 (b) The creation, sale, or transfer of a fee interest or a  
31 conservation easement for the riparian open space program under RCW  
32 76.09.040.

33 (3) Within thirty days after such removal of all or a portion of  
34 the land from current use classification, the assessor shall notify the  
35 owner in writing, setting forth the reasons for the removal. The  
36 seller, transferor, or owner may appeal the removal to the county board  
37 of equalization in accordance with the provisions of RCW 84.40.038.

1 (4) Unless the removal is reversed on appeal, the assessor shall  
2 revalue the affected land with reference to its true and fair value on  
3 January 1st of the year of removal from classification. Both the  
4 assessed valuation before and after the removal of classification shall  
5 be listed and taxes shall be allocated according to that part of the  
6 year to which each assessed valuation applies. Except as provided in  
7 subsection (6) of this section, an additional tax, applicable interest,  
8 and penalty shall be imposed which shall be due and payable to the  
9 treasurer thirty days after the owner is notified of the amount of the  
10 additional tax. As soon as possible, the assessor shall compute the  
11 amount of additional tax, applicable interest, and penalty and the  
12 treasurer shall mail notice to the owner of the amount thereof and the  
13 date on which payment is due. The amount of the additional tax,  
14 applicable interest, and penalty shall be determined as follows:

15 (a) The amount of additional tax shall be equal to the difference  
16 between the property tax paid as "open space land," "farm and  
17 agricultural land," or "timber land" and the amount of property tax  
18 otherwise due and payable for the seven years last past had the land  
19 not been so classified;

20 (b) The amount of applicable interest shall be equal to the  
21 interest upon the amounts of the additional tax paid at the same  
22 statutory rate charged on delinquent property taxes from the dates on  
23 which the additional tax could have been paid without penalty if the  
24 land had been assessed at a value without regard to this chapter;

25 (c) The amount of the penalty shall be as provided in RCW  
26 84.34.080. The penalty shall not be imposed if the removal satisfies  
27 the conditions of RCW 84.34.070.

28 (5) Additional tax, applicable interest, and penalty, shall become  
29 a lien on the land which shall attach at the time the land is removed  
30 from classification under this chapter and shall have priority to and  
31 shall be fully paid and satisfied before any recognizance, mortgage,  
32 judgment, debt, obligation or responsibility to or with which the land  
33 may become charged or liable. This lien may be foreclosed upon  
34 expiration of the same period after delinquency and in the same manner  
35 provided by law for foreclosure of liens for delinquent real property  
36 taxes as provided in RCW 84.64.050. Any additional tax unpaid on its  
37 due date shall thereupon become delinquent. From the date of

1 delinquency until paid, interest shall be charged at the same rate  
2 applied by law to delinquent ad valorem property taxes.

3 (6) The additional tax, applicable interest, and penalty specified  
4 in subsection (4) of this section shall not be imposed if the removal  
5 of classification pursuant to subsection (1) of this section resulted  
6 solely from:

7 (a) Transfer to a government entity in exchange for other land  
8 located within the state of Washington;

9 (b)(i) A taking through the exercise of the power of eminent  
10 domain, or (ii) sale or transfer to an entity having the power of  
11 eminent domain in anticipation of the exercise of such power, said  
12 entity having manifested its intent in writing or by other official  
13 action;

14 (c) A natural disaster such as a flood, windstorm, earthquake, or  
15 other such calamity rather than by virtue of the act of the landowner  
16 changing the use of the property;

17 (d) Official action by an agency of the state of Washington or by  
18 the county or city within which the land is located which disallows the  
19 present use of the land;

20 (e) Transfer of land to a church when the land would qualify for  
21 exemption pursuant to RCW 84.36.020;

22 (f) Acquisition of property interests by state agencies or agencies  
23 or organizations qualified under RCW 84.34.210 and 64.04.130 for the  
24 purposes enumerated in those sections. At such time as these property  
25 interests are not used for the purposes enumerated in RCW 84.34.210 and  
26 64.04.130 the additional tax specified in subsection (4) of this  
27 section shall be imposed;

28 (g) Removal of land classified as farm and agricultural land under  
29 RCW 84.34.020(2)(e);

30 (h) Removal of land from classification after enactment of a  
31 statutory exemption that qualifies the land for exemption and receipt  
32 of notice from the owner to remove the land from classification;

33 (i) The creation, sale, or transfer of forestry riparian easements  
34 under RCW 76.13.120;

35 (j) The creation, sale, or transfer of a ~~((fee-interest-or-a))~~  
36 conservation easement ~~((for-the-riparian-open-space-program))~~ of  
37 private forest lands within unconfined channel migration zones or

1 containing critical habitat for threatened or endangered species under  
2 RCW 76.09.040; or

3 (k) The sale or transfer of land within two years after the death  
4 of the owner of at least a fifty percent interest in the land if the  
5 land has been assessed and valued as classified forest land, designated  
6 as forest land under chapter 84.33 RCW, or classified under this  
7 chapter continuously since 1993. The date of death shown on a death  
8 certificate is the date used for the purposes of this subsection  
9 (6)(k).

10 **Sec. 4.** RCW 84.33.145 and 2001 c 249 s 4 are each amended to read  
11 as follows:

12 (1) If no later than thirty days after removal of designation the  
13 owner applies for classification under RCW 84.34.020 (1), (2), or (3),  
14 then the designated forest land shall not be considered removed from  
15 designation for purposes of the compensating tax under RCW 84.33.140  
16 until the application for current use classification under chapter  
17 84.34 RCW is denied or the property is removed from classification  
18 under RCW 84.34.108. Upon removal of classification under RCW  
19 84.34.108, the amount of compensating tax due under this chapter shall  
20 be equal to:

21 (a) The difference, if any, between the amount of tax last levied  
22 on the land as designated forest land and an amount equal to the new  
23 assessed valuation of the land when removed from classification under  
24 RCW 84.34.108 multiplied by the dollar rate of the last levy extended  
25 against the land, multiplied by

26 (b) A number equal to:

27 (i) The number of years the land was designated under this chapter,  
28 if the total number of years the land was designated under this chapter  
29 and classified under chapter 84.34 RCW is less than ten; or

30 (ii) Ten minus the number of years the land was classified under  
31 chapter 84.34 RCW, if the total number of years the land was designated  
32 under this chapter and classified under chapter 84.34 RCW is at least  
33 ten.

34 (2) Nothing in this section authorizes the continued designation  
35 under this chapter or defers or reduces the compensating tax imposed  
36 upon forest land not transferred to classification under subsection (1)

1 of this section which does not meet the definition of forest land under  
2 RCW 84.33.035. Nothing in this section affects the additional tax  
3 imposed under RCW 84.34.108.

4 (3) In a county with a population of more than (~~one million~~) six  
5 hundred thousand inhabitants, no amount of compensating tax is due  
6 under this section if the removal from classification under RCW  
7 84.34.108 results from a transfer of property described in RCW  
8 84.34.108(6).

9 **Sec. 5.** RCW 76.09.020 and 2003 c 311 s 3 are each amended to read  
10 as follows:

11 The definitions in this section apply throughout this chapter  
12 unless the context clearly requires otherwise.

13 (1) "Adaptive management" means reliance on scientific methods to  
14 test the results of actions taken so that the management and related  
15 policy can be changed promptly and appropriately.

16 (2) "Appeals board" means the forest practices appeals board  
17 created by RCW 76.09.210.

18 (3) "Aquatic resources" includes water quality, salmon, other  
19 species of the vertebrate classes Cephalaspidomorphi and Osteichthyes  
20 identified in the forests and fish report, the Columbia torrent  
21 salamander (*Rhyacotriton kezeri*), the Cascade torrent salamander  
22 (*Rhyacotriton cascadae*), the Olympic torrent salamander (*Rhyacotriton*  
23 *olympian*), the Dunn's salamander (*Plethodon dunnii*), the Van Dyke's  
24 salamander (*Plethodon vandyke*), the tailed frog (*Ascaphus truei*), and  
25 their respective habitats.

26 (4) "Commissioner" means the commissioner of public lands.

27 (5) "Contiguous" means land adjoining or touching by common corner  
28 or otherwise. Land having common ownership divided by a road or other  
29 right-of-way shall be considered contiguous.

30 (6) "Conversion to a use other than commercial timber operation"  
31 means a bona fide conversion to an active use which is incompatible  
32 with timber growing and as may be defined by forest practices rules.

33 (7) "Department" means the department of natural resources.

34 (8) "Fish passage barrier" means any artificial instream structure  
35 that impedes the free passage of fish.

36 (9) "Forest land" means all land which is capable of supporting a  
37 merchantable stand of timber and is not being actively used for a use

1 which is incompatible with timber growing. Forest land does not  
2 include agricultural land that is or was enrolled in the conservation  
3 reserve enhancement program by contract if such agricultural land was  
4 historically used for agricultural purposes and the landowner intends  
5 to continue to use the land for agricultural purposes in the future.  
6 As it applies to the operation of the road maintenance and abandonment  
7 plan element of the forest practices rules on small forest landowners,  
8 the term "forest land" excludes:

9 (a) Residential home sites, which may include up to five acres; and

10 (b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens,  
11 and the land on which appurtenances necessary to the production,  
12 preparation, or sale of crops, fruit, dairy products, fish, and  
13 livestock exist.

14 (10) "Forest landowner" means any person in actual control of  
15 forest land, whether such control is based either on legal or equitable  
16 title, or on any other interest entitling the holder to sell or  
17 otherwise dispose of any or all of the timber on such land in any  
18 manner. However, any lessee or other person in possession of forest  
19 land without legal or equitable title to such land shall be excluded  
20 from the definition of "forest landowner" unless such lessee or other  
21 person has the right to sell or otherwise dispose of any or all of the  
22 timber located on such forest land.

23 (11) "Forest practice" means any activity conducted on or directly  
24 pertaining to forest land and relating to growing, harvesting, or  
25 processing timber, including but not limited to:

26 (a) Road and trail construction;

27 (b) Harvesting, final and intermediate;

28 (c) Precommercial thinning;

29 (d) Reforestation;

30 (e) Fertilization;

31 (f) Prevention and suppression of diseases and insects;

32 (g) Salvage of trees; and

33 (h) Brush control.

34 "Forest practice" shall not include preparatory work such as tree  
35 marking, surveying and road flagging, and removal or harvesting of  
36 incidental vegetation from forest lands such as berries, ferns,  
37 greenery, mistletoe, herbs, mushrooms, and other products which cannot

1 normally be expected to result in damage to forest soils, timber, or  
2 public resources.

3 (12) "Forest practices rules" means any rules adopted pursuant to  
4 RCW 76.09.040.

5 (13) "Forest road," as it applies to the operation of the road  
6 maintenance and abandonment plan element of the forest practices rules  
7 on small forest landowners, means a road or road segment that crosses  
8 land that meets the definition of forest land, but excludes residential  
9 access roads.

10 (14) "Forest trees" does not include hardwood trees cultivated by  
11 agricultural methods in growing cycles shorter than fifteen years if  
12 the trees were planted on land that was not in forest use immediately  
13 before the trees were planted and before the land was prepared for  
14 planting the trees. "Forest trees" includes Christmas trees, but does  
15 not include Christmas trees that are cultivated by agricultural  
16 methods, as that term is defined in RCW 84.33.035.

17 (15) "Forests and fish report" means the forests and fish report to  
18 the board dated April 29, 1999.

19 (16) "Application" means the application required pursuant to RCW  
20 76.09.050.

21 (17) "Operator" means any person engaging in forest practices  
22 except an employee with wages as his or her sole compensation.

23 (18) "Person" means any individual, partnership, private, public,  
24 or municipal corporation, county, the department or other state or  
25 local governmental entity, or association of individuals of whatever  
26 nature.

27 (19) "Public resources" means water, fish and wildlife, and in  
28 addition shall mean capital improvements of the state or its political  
29 subdivisions.

30 (20) "Small forest landowner" has the same meaning as defined in  
31 RCW 76.09.450.

32 (21) "Timber" means forest trees, standing or down, of a commercial  
33 species, including Christmas trees. However, "timber" does not include  
34 Christmas trees that are cultivated by agricultural methods, as that  
35 term is defined in RCW 84.33.035.

36 (22) "Timber owner" means any person having all or any part of the  
37 legal interest in timber. Where such timber is subject to a contract  
38 of sale, "timber owner" shall mean the contract purchaser.

1 (23) "Board" means the forest practices board created in RCW  
2 76.09.030.

3 (24) "Unconfined (~~(avulsing)~~) channel migration zone" means the  
4 area within which the active channel of an unconfined (~~(avulsing)~~)  
5 stream is prone to move and where the movement would result in a  
6 potential near-term loss of riparian forest adjacent to the stream.  
7 Sizeable islands with productive timber may exist within the zone.

8 (25) "Unconfined (~~(avulsing)~~) stream" means generally fifth order  
9 or larger waters that experience abrupt shifts in channel location,  
10 creating a complex floodplain characterized by extensive gravel bars,  
11 disturbance species of vegetation of variable age, numerous side  
12 channels, wall-based channels, oxbow lakes, and wetland complexes.  
13 Many of these streams have dikes and levees that may temporarily or  
14 permanently restrict channel movement.

15 NEW SECTION. **Sec. 6.** (1) The legislature finds that the revenue  
16 generated from state forest lands is a vital component of the operating  
17 budget in many rural counties. The dependence on a natural resource-  
18 based economy is especially underscored in counties with lower  
19 population levels and large holdings of public land. The high cost of  
20 compliance with the federal endangered species act on state forest  
21 lands within these smaller counties is disproportionately burdensome  
22 when compared to their total county budgets.

23 (2) The intent of this act is to provide sustainable revenue to  
24 smaller counties that are heavily dependent on state forest land  
25 revenues while promoting long-term protection, conservation, and  
26 recovery of marbled murrelets and northern spotted owls. This act  
27 provides the necessary tools for the state to maintain long-term  
28 working forests by replacing state forest lands with endangered  
29 species-based harvest encumbrances with productive, working forest  
30 lands.

31 **Sec. 7.** RCW 79.22.060 and 2003 c 334 s 221 are each amended to  
32 read as follows:

33 (1) With the approval of the board, the department may directly  
34 transfer or dispose of state forest lands without public auction, if  
35 (~~(such)~~) the lands:

36 (a) Consist of ten contiguous acres or less(~~(, or)~~);

1        (b) Have a value of twenty-five thousand dollars or less; or  
2        (c) Are located in a county with a population of twenty-five  
3        thousand or less and are encumbered with timber harvest deferrals,  
4        associated with wildlife species listed under the federal endangered  
5        species act, greater than thirty years in length. ((Such))

6        (2) Disposal under this section may only occur in the following  
7        circumstances:

8        (a) Transfers in lieu of condemnation; ~~((and))~~

9        (b) Transfers to resolve trespass and property ownership disputes;  
10       or

11       (c) In counties with a population of twenty-five thousand or less,  
12       transfers to public agencies.

13       ~~((+2))~~ (3) Real property to be transferred or disposed of under  
14       this section shall be transferred or disposed of only after appraisal  
15       and for at least fair market value, and only if ((such)) the  
16       transaction is in the best interest of the state or affected trust.  
17       Valuable materials attached to lands transferred to public agencies  
18       under subsection (2)(c) of this section must be appraised at the fair  
19       market value without consideration of management or regulatory  
20       encumbrances associated with wildlife species listed under the federal  
21       endangered species act.

22       ~~((+3))~~ (4) The proceeds from real property transferred or disposed  
23       of under this section shall be deposited into the park land trust  
24       revolving fund and be solely used to buy replacement land within the  
25       same county as the property transferred or disposed. In counties with  
26       a population of twenty-five thousand or less, the portion of the  
27       proceeds associated with valuable materials on the transferred land  
28       must be distributed as provided in RCW 79.64.110.

29       **Sec. 8.** RCW 79.64.110 and 2007 c 503 s 1 are each amended to read  
30       as follows:

31       Any moneys derived from the lease of state forest lands or from the  
32       sale of valuable materials, oils, gases, coal, minerals, or fossils  
33       from those lands, or the appraised value of these resources when  
34       transferred to a public agency under RCW 79.22.060, must be distributed  
35       as follows:

36       (1) State forest lands acquired through RCW 79.22.040 or by  
37       exchange for lands acquired through RCW 79.22.040:

1 (a) The expense incurred by the state for administration,  
2 reforestation, and protection, not to exceed twenty-five percent, which  
3 rate of percentage shall be determined by the board, must be returned  
4 to the forest development account in the state general fund.

5 (b) Any balance remaining must be paid to the county in which the  
6 land is located to be paid, distributed, and prorated, except as  
7 otherwise provided in this section, to the various funds in the same  
8 manner as general taxes are paid and distributed during the year of  
9 payment.

10 (c) Any balance remaining, paid to a county with a population of  
11 less than sixteen thousand, must first be applied to the reduction of  
12 any indebtedness existing in the current expense fund of the county  
13 during the year of payment.

14 (d) With regard to moneys remaining under this subsection (1),  
15 within seven working days of receipt of these moneys, the department  
16 shall certify to the state treasurer the amounts to be distributed to  
17 the counties. The state treasurer shall distribute funds to the  
18 counties four times per month, with no more than ten days between each  
19 payment date.

20 (2) State forest lands acquired through RCW 79.22.010 or by  
21 exchange for lands acquired through RCW 79.22.010, except as provided  
22 in RCW 79.64.120:

23 (a) Fifty percent shall be placed in the forest development  
24 account.

25 (b) Fifty percent shall be prorated and distributed to the state  
26 general fund, to be dedicated for the benefit of the public schools,  
27 and the county in which the land is located according to the relative  
28 proportions of tax levies of all taxing districts in the county. The  
29 portion to be distributed to the state general fund shall be based on  
30 the regular school levy rate under RCW 84.52.065 and the levy rate for  
31 any maintenance and operation special school levies. With regard to  
32 the portion to be distributed to the counties, the department shall  
33 certify to the state treasurer the amounts to be distributed within  
34 seven working days of receipt of the money. The state treasurer shall  
35 distribute funds to the counties four times per month, with no more  
36 than ten days between each payment date. The money distributed to the  
37 county must be paid, distributed, and prorated to the various other

1 funds in the same manner as general taxes are paid and distributed  
2 during the year of payment.

3 (3) A school district may transfer amounts deposited in its debt  
4 service fund pursuant to this section into its capital projects fund as  
5 authorized in RCW 28A.320.330.

6 **Sec. 9.** RCW 43.30.385 and 2004 c 103 s 1 are each amended to read  
7 as follows:

8 (1) The park land trust revolving fund is to be utilized by the  
9 department for the purpose of acquiring real property, including all  
10 reasonable costs associated with these acquisitions, as a replacement  
11 for the property transferred to the state parks and recreation  
12 commission, as directed by the legislature in order to maintain the  
13 land base of the affected trusts or under RCW 79.22.060 and to receive  
14 voluntary contributions for the purpose of operating and maintaining  
15 public use and recreation facilities, including trails, managed by the  
16 department. Proceeds from transfers of real property to the state  
17 parks and recreation commission or other proceeds identified from  
18 transfers of real property as directed by the legislature shall be  
19 deposited in this fund. Disbursement from the park land trust  
20 revolving fund to acquire replacement property and for operating and  
21 maintaining public use and recreation facilities shall be on the  
22 authorization of the department. The proceeds from real property  
23 transferred or disposed under RCW 79.22.060 must be solely used to  
24 purchase replacement forest land, that must be actively managed as a  
25 working forest, within the same county as the property transferred or  
26 disposed. In order to maintain an effective expenditure and revenue  
27 control, the park land trust revolving fund is subject in all respects  
28 to chapter 43.88 RCW, but no appropriation is required to permit  
29 expenditures and payment of obligations from the fund.

30 (2) The department is authorized to solicit and receive voluntary  
31 contributions for the purpose of operating and maintaining public use  
32 and recreation facilities, including trails, managed by the department.  
33 The department may seek voluntary contributions from individuals and  
34 organizations for this purpose. Voluntary contributions will be  
35 deposited into the park land trust revolving fund and used solely for  
36 the purpose of public use and recreation facilities operations and

1 maintenance. Voluntary contributions are not considered a fee for use  
2 of these facilities.

3 NEW SECTION. **Sec. 10.** (1) By October 31, 2010, the department of  
4 natural resources shall prepare a report to the appropriate committees  
5 of the legislature detailing the procedure and timeline, and estimating  
6 the costs, of full implementation of the intent of this act.

7 (2) The report required by this section must include a recommended  
8 process to transfer state forest lands encumbered by long-term  
9 endangered species-based harvest deferrals, associated with wildlife  
10 species listed under the federal endangered species act, through the  
11 trust land transfer program into a natural resource conservation area  
12 status. This element of the report must assume the following:

13 (a) Encumbered property would be transferred at a specified  
14 biennial rate designed to provide sustainable revenue to the impacted  
15 counties;

16 (b) The value of the land and timber would be bifurcated, with the  
17 timber value being distributed to the county as timber revenue, and the  
18 land value being utilized to purchase replacement working forest land  
19 within the affected county and placed in the appropriate trust  
20 designation; and

21 (c) The land and timber value of the parcels identified for  
22 transfer will be appraised at full market value, without consideration  
23 of the devaluing effect of harvest encumbrances associated with  
24 wildlife species listed under the federal endangered species act.

25 (3) This section expires June 30, 2011.

Passed by the House April 21, 2009.  
Passed by the Senate April 17, 2009.  
Approved by the Governor May 6, 2009, with the exception of  
certain items that were vetoed.  
Filed in Office of Secretary of State May 8, 2009.

Note: Governor's explanation of partial veto is as follows:

"I have approved, except for Section 1, Second Substitute House Bill  
1484 entitled:

"AN ACT Relating to habitat open space."

I am vetoing Section 1 of this bill, regarding the use of the riparian  
open space program to protect critical habitat for threatened or  
endangered species. The language in Section 1 of this bill is  
identical to language adopted into law when I signed SSB 5401 earlier  
this session. For this reason, I have vetoed Section 1 of Second  
Substitute House Bill 1484.

With the exception of Section 1, Second Substitute House Bill 1484 is  
approved."
