15 imposed by a notice in writing, either by certified mail with return
16 receipt requested or by personal service, to the person incurring the
17 penalty from the department or the local air authority, describing the
18 violation with reasonable particularity. For penalties issued by local
19 air authorities, within thirty days after the notice is received, the
20 person incurring the penalty may apply in writing to ((the department
21 or)) the authority for the remission or mitigation of the penalty.
22 Upon receipt of the application, the ((department or)) authority may
23 remit or mitigate the penalty upon whatever terms ((the department or))
24 the authority in its discretion deems proper. The ((department or
25 the)) authority may ascertain the facts regarding all such applications
26 in such reasonable manner and under such rules as it may deem proper
27 and shall remit or mitigate the penalty only upon a demonstration of
28 extraordinary circumstances such as the presence of information or
29 factors not considered in setting the original penalty.

30 (2) Any penalty imposed under this section may be appealed to the
31 pollution control hearings board in accordance with this chapter if the

2 (b) Thirty days after receipt of the notice of disposition by a
3 local air authority on application for relief from penalty, if such an
4 application is made; or

5 (c) Thirty days after receipt of the notice of decision of the
6 hearings board if the penalty is appealed.

7 (4) If the amount of any penalty is not paid to the department
8 within thirty days after it becomes due and payable, the attorney
9 general, upon request of the department, shall bring an action in the
10 name of the state of Washington in the superior court of Thurston
11 county, or of any county in which the violator does business, to
12 recover the penalty. If the amount of the penalty is not paid to the
13 authority within thirty days after it becomes due and payable, the
14 authority may bring an action to recover the penalty in the superior

16 which the violator does business. In these actions, the procedures and
17 rules of evidence shall be the same as in an ordinary civil action.

18 (5) All penalties recovered shall be paid into the state treasury
19 and credited to the general fund except those penalties imposed
20 pursuant to RCW 18.104.155, which shall be credited to the reclamation

26 90.48.390, and RCW 90.76.080, which shall be credited to the
27 underground storage tank account created by RCW 90.76.100.

28 **Sec. 13.** RCW 43.21B.310 and 2009 c 456 s 18 and 2009 c 178 s 3 are

36 read as follows:

37 (1) A person appealing to the hearings board an order ~~((of the~~

1 ~~department or an authority~~)), not stayed by the issuing agency, may
2 obtain a stay of the effectiveness of that order only as set forth in
3 this section.

4 (2) An appealing party may request a stay by including such a
5 request in the appeal document, in a subsequent motion, or by such
6 other means as the rules of the hearings board shall prescribe. The
7 request must be accompanied by a statement of grounds for the stay and
8 evidence setting forth the factual basis upon which request is based.
9 The hearings board shall hear the request for a stay as soon as
10 possible. The hearing on the request for stay may be consolidated with
11 the hearing on the merits.

12 (3) The applicant may make a prima facie case for stay if the
13 applicant demonstrates either a likelihood of success on the merits of
14 the appeal or irreparable harm. Upon such a showing, the hearings
15 board shall grant the stay unless the (~~department or authority~~)
16 issuing agency demonstrates either (a) a substantial probability of
17 success on the merits or (b) likelihood of success on the merits and an
18 overriding public interest which justifies denial of the stay.

19 (4) Unless otherwise stipulated by the parties, the hearings board,
20 after granting or denying an application for a stay, shall expedite the
21 hearing and decision on the merits.

22 (5) Any party or other person aggrieved by the grant or denial of
23 a stay by the hearings board may petition the superior court for
24 Thurston county for review of that decision pursuant to chapter 34.05
25 RCW pending the appeal on the merits before the board. The superior
26 court shall expedite its review of the decision of the hearings board.

27 NEW SECTION. **Sec. 15.** A new section is added to chapter 36.70A
28 RCW to read as follows:

29 (1) On July 1, 2011, the growth management hearings board is
30 administratively consolidated into the environmental and land use
31 hearings office created in RCW 43.21B.005.

32 (2) Not later than July 1, 2012, the growth management hearings
33 board consists of seven members qualified by experience or training in
34 matters pertaining to land use law or land use planning, except that
35 the governor may reduce the board to six members if warranted by the
36 board's caseload. All board members must be appointed by the governor,
37 two each residing respectively in the central Puget Sound, eastern

1 Washington, and western Washington regions and shall continue to meet
2 the qualifications set out in RCW 36.70A.260. The reduction from seven
3 board members to six board members must be made through attrition,
4 voluntary resignation, or retirement.

5 **Sec. 16.** RCW 36.70A.270 and 1997 c 429 s 11 are each amended to
6 read as follows:

7 Each growth management hearings board shall be governed by the
8 following rules on conduct and procedure:

9 (1) Any board member may be removed for inefficiency, malfeasance,
10 and misfeasance in office, under specific written charges filed by the
11 governor. The governor shall transmit such written charges to the
12 member accused and the chief justice of the supreme court. The chief
13 justice shall thereupon designate a tribunal composed of three judges
14 of the superior court to hear and adjudicate the charges. Removal of
15 any member of a board by the tribunal shall disqualify such member for
16 reappointment.

17 (2) Each board member shall receive reimbursement for travel
18 expenses incurred in the discharge of his or her duties in accordance
19 with RCW 43.03.050 and 43.03.060. If it is determined that the review
20 boards shall operate on a full-time basis, each member shall receive an
21 annual salary to be determined by the governor pursuant to RCW
22 43.03.040. If it is determined that a review board shall operate on a
23 part-time basis, each member shall receive compensation pursuant to RCW
24 43.03.250, provided such amount shall not exceed the amount that would
25 be set if they were a full-time board member. The principal office of
26 each board shall be located by the governor within the jurisdictional
27 boundaries of each board. The boards shall operate on either a part-
28 time or full-time basis, as determined by the governor.

29 (3) Each board member shall not: (a) Be a candidate for or hold
30 any other public office or trust; (b) engage in any occupation or
31 business interfering with or inconsistent with his or her duty as a
32 board member; and (c) for a period of one year after the termination of
33 his or her board membership, act in a representative capacity before
34 the board on any matter.

35 (4) A majority of each board shall constitute a quorum for making
36 orders or decisions, adopting rules necessary for the conduct of its
37 powers and duties, or transacting other official business, and may act

1 even though one position of the board is vacant. One or more members
2 may hold hearings and take testimony to be reported for action by the
3 board when authorized by rule or order of the board. The board shall
4 perform all the powers and duties specified in this chapter or as
5 otherwise provided by law.

6 (5) The board may (~~appoint~~) use one or more hearing examiners to
7 assist the board in its hearing function, to make conclusions of law
8 and findings of fact and, if requested by the board, to make
9 recommendations to the board for decisions in cases before the board.
10 Such hearing examiners must have demonstrated knowledge of land use
11 planning and law. The boards shall specify in their joint rules of
12 practice and procedure, as required by subsection (7) of this section,
13 the procedure and criteria to be employed for designating hearing
14 examiners as a presiding officer. Hearing examiners (~~selected~~) used
15 by a board shall meet the requirements of subsection (3) of this
16 section. The findings and conclusions of the hearing examiner shall
17 not become final until they have been formally approved by the board.
18 This authorization to use hearing examiners does not waive the
19 requirement of RCW 36.70A.300 that final orders be issued within one
20 hundred eighty days of board receipt of a petition.

21 (6) Each board shall make findings of fact and prepare a written
22 decision in each case decided by it, and such findings and decision
23 shall be effective upon being signed by two or more members of the
24 board and upon being filed at the board's principal office, and shall
25 be open for public inspection at all reasonable times.

26 (7) All proceedings before the board, any of its members, or a
27 hearing examiner appointed by the board shall be conducted in
28 accordance with such administrative rules of practice and procedure as
29 the boards jointly prescribe. All three boards shall jointly meet to
30 develop and adopt joint rules of practice and procedure, including
31 rules regarding expeditious and summary disposition of appeals. The
32 boards shall publish such rules and decisions they render and arrange
33 for the reasonable distribution of the rules and decisions. Except as
34 it conflicts with specific provisions of this chapter, the
35 administrative procedure act, chapter 34.05 RCW, and specifically
36 including the provisions of RCW 34.05.455 governing ex parte
37 communications, shall govern the practice and procedure of the boards.

1 (8) A board member or hearing examiner is subject to
2 disqualification under chapter 34.05 RCW. The joint rules of practice
3 of the boards shall establish procedures by which a party to a hearing
4 conducted before the board may file with the board a motion to
5 disqualify, with supporting affidavit, against a board member or
6 hearing examiner assigned to preside at the hearing.

7 (9) The members of the boards shall meet jointly on at least an
8 annual basis with the objective of sharing information that promotes
9 the goals and purposes of this chapter.

10 **Sec. 17.** RCW 70.95.094 and 1989 c 431 s 8 are each amended to read
11 as follows:

12 (1) The department and local governments preparing plans are
13 encouraged to work cooperatively during plan development. Each county
14 and city preparing a comprehensive solid waste management plan shall
15 submit a preliminary draft plan to the department for technical review.
16 The department shall review and comment on the draft plan within one
17 hundred twenty days of receipt. The department's comments shall state
18 specific actions or revisions that must be completed for plan approval.

19 (2) Each final draft solid waste management plan shall be submitted
20 to the department for approval. The department will limit its comments
21 on the final draft plans to those issues identified during its review
22 of the draft plan and any other changes made between submittal of the
23 preliminary draft and final draft plans. Disapproval of the local
24 comprehensive solid waste management plan shall be supported by
25 specific findings. A final draft plan shall be deemed approved if the
26 department does not disapprove it within forty-five days of receipt.

27 (3) If the department disapproves a plan or any plan amendments,
28 the submitting entity may appeal the decision (~~((under the procedures of~~
29 ~~Part IV of chapter 34.05 RCW. An administrative law judge shall~~
30 ~~preside over the appeal))~~ to the pollution control hearings board as
31 provided in RCW 43.21B.230. The appeal shall be limited to review of
32 the specific findings which supported the disapproval under subsection
33 (2) of this section.

34 **Sec. 18.** RCW 76.06.180 and 2007 c 480 s 7 are each amended to read
35 as follows:

36 (1) Prior to issuing a forest health hazard warning or forest

1 health hazard order, the commissioner shall consider the findings and
2 recommendations of the forest health technical advisory committee and
3 shall consult with county government officials, forest landowners and
4 forest land managers, consulting foresters, and other interested
5 parties to gather information on the threat, opportunities or
6 constraints on treatment options, and other information they may
7 provide. The commissioner, or a designee, shall conduct a public
8 hearing in a county within the geographical area being considered.

9 (2) The commissioner of public lands may issue a forest health
10 hazard warning when he or she deems such action is necessary to manage
11 the development of a threat to forest health or address an existing
12 threat to forest health. A decision to issue a forest health hazard
13 warning may be based on existing forest stand conditions and:

14 (a) The presence of an uncharacteristic insect or disease outbreak
15 that has or is likely to (i) spread to multiple forest ownerships and
16 cause extensive damage to forests; or (ii) significantly increase
17 forest fuel that is likely to further the spread of uncharacteristic
18 fire;

19 (b) When, due to extensive physical damage from wind or ice storm
20 or other cause, there are (i) insect populations building up to large
21 scale levels; or (ii) significantly increased forest fuels that are
22 likely to further the spread of uncharacteristic fire; or

23 (c) When otherwise determined by the commissioner to be
24 appropriate.

25 (3) The commissioner of public lands may issue a forest health
26 hazard order when he or she deems such action is necessary to address
27 a significant threat to forest health. A decision to issue a forest
28 health hazard order may be based on existing forest stand conditions
29 and:

30 (a) The presence of an uncharacteristic insect or disease outbreak
31 that has (i) spread to multiple forest ownerships and has caused and is
32 likely to continue to cause extensive damage to forests; or (ii)
33 significantly increased forest fuels that are likely to further the
34 spread of uncharacteristic fire;

35 (b) When, due to extensive physical damage from wind or ice storm
36 or other cause (i) insect populations are causing extensive damage to
37 forests; or (ii) significantly increased forest fuels are likely to
38 further the spread of uncharacteristic fire;

1 (c) Insufficient landowner action under a forest health hazard
2 warning; or

3 (d) When otherwise determined by the commissioner to be
4 appropriate.

5 (4) A forest health hazard warning or forest health hazard order
6 shall be issued by use of a commissioner's order. General notice of
7 the commissioner's order shall be published in a newspaper of general
8 circulation in each county within the area covered by the order and on
9 the department's web site. The order shall specify the boundaries of
10 the area affected, including federal and tribal lands, the forest stand
11 conditions that would make a parcel subject to the provisions of the
12 order, and the actions landowners or land managers should take to
13 reduce the hazard.

14 (5) Written notice of a forest health hazard warning or forest
15 health hazard order shall be provided to forest landowners of
16 specifically affected property.

17 (a) The notice shall set forth:

18 (i) The reasons for the action;

19 (ii) The boundaries of the area affected, including federal and
20 tribal lands;

21 (iii) Suggested actions that should be taken by the forest
22 landowner under a forest health hazard warning or the actions that must
23 be taken by a forest landowner under a forest health hazard order;

24 (iv) The time within which such actions should or must be taken;

25 (v) How to obtain information or technical assistance on forest
26 health conditions and treatment options;

27 (vi) The right to request mitigation under subsection (6) of this
28 section and appeal under subsection (7) of this section;

29 (vii) These requirements are advisory only for federal and tribal
30 lands.

31 (b) The notice shall be served by personal service or by mail to
32 the latest recorded real property owner, as shown by the records of the
33 county recording officer as defined in RCW 65.08.060. Service by mail
34 is effective on the date of mailing. Proof of service shall be by
35 affidavit or declaration under penalty of perjury.

36 (6) Forest landowners who have been issued a forest health hazard
37 order under subsection (5) of this section may apply to the department
38 for the remission or mitigation of such order. The application shall

1 be made to the department within fifteen days after notice of the order
2 has been served. Upon receipt of the application, the department may
3 remit or mitigate the order upon whatever terms the department in its
4 discretion deems proper, provided the department deems the remission or
5 mitigation to be in the best interests of carrying out the purposes of
6 this chapter. The department may ascertain the facts regarding all
7 such applications in such reasonable manner and under such rule as it
8 deems proper.

9 (7) Forest landowners who have been issued a forest health hazard
10 order under subsection (5) of this section may appeal the order to the
11 (~~forest practices appeals~~) pollution control hearings board.

12 ((~~a~~)) The appeal shall be filed within thirty days after notice
13 of the order has been served, unless application for mitigation has
14 been made to the department. When such an application for mitigation
15 is made, such appeal shall be filed within thirty days after notice of
16 the disposition of the application for mitigation has been served as
17 provided in RCW 43.21B.230.

- 18 (~~(b) The appeal must set forth:~~

21 ~~any;~~
 - 22 (~~iii) A duplicate copy of the forest health hazard order;~~
 - 23 (~~iv) A separate and concise statement of each error alleged to have~~
24 ~~been committed;~~
 - 25 (~~v) A concise statement of facts upon which the appellant relies to~~
26 ~~sustain the statement of error; and~~
 - 27 (~~vi) A statement of the relief requested.~~))

28 (8) A forest health hazard order issued under subsection (5) of
29 this section is effective thirty days after date of service unless
30 application for remission or mitigation is made or an appeal is filed.
31 When an application for remission or mitigation is made, the order is
32 effective thirty days after notice setting forth the disposition of the
33 application is served unless an appeal is filed from such disposition.
34 Whenever an appeal of the order is filed, the order shall become
35 effective only upon completion of all administrative and judicial
36 review proceedings and the issuance of a final decision confirming the
37 order in whole or in part.

1 (9) Upon written request, the department may certify as adequate a
2 forest health management plan developed by a forest landowner, before
3 or in response to a forest health hazard warning or forest health
4 hazard order, if the plan is likely to achieve the desired result and
5 the terms of the plan are being diligently followed by the forest
6 landowner. The certification of adequacy shall be determined by the
7 department in its sole discretion, and be provided to the requestor in
8 writing.

9 **Sec. 19.** RCW 76.09.020 and 2009 c 354 s 5 and 2009 c 246 s 4 are
10 each reenacted and amended to read as follows:

2 marking, surveying and road flagging, and removal or harvesting of
3 incidental vegetation from forest lands such as berries, ferns,
4 greenery, mistletoe, herbs, mushrooms, and other products which cannot
5 normally be expected to result in damage to forest soils, timber, or
6 public resources.

7 (14) "Forest practices rules" means any rules adopted pursuant to
8 RCW 76.09.040.

9 (15) "Forest road," as it applies to the operation of the road
10 maintenance and abandonment plan element of the forest practices rules
11 on small forest landowners, means a road or road segment that crosses
12 land that meets the definition of forest land, but excludes residential
13 access roads.

14 (16) "Forest trees" does not include hardwood trees cultivated by
15 agricultural methods in growing cycles shorter than fifteen years if
16 the trees were planted on land that was not in forest use immediately
17 before the trees were planted and before the land was prepared for
18 planting the trees. "Forest trees" includes Christmas trees, but does
19 not include Christmas trees that are cultivated by agricultural
20 methods, as that term is defined in RCW 84.33.035.

21 (17) "Forests and fish report" means the forests and fish report to
22 the board dated April 29, 1999.

23 (18) "Operator" means any person engaging in forest practices
24 except an employee with wages as his or her sole compensation.

25 (19) "Person" means any individual, partnership, private, public,
26 or municipal corporation, county, the department or other state or
27 local governmental entity, or association of individuals of whatever
28 nature.

29 (20) "Public resources" means water, fish and wildlife, and in
30 addition shall mean capital improvements of the state or its political
31 subdivisions.

32 (21) "Small forest landowner" has the same meaning as defined in
33 RCW 76.09.450.

34 (22) "Timber" means forest trees, standing or down, of a commercial
35 species, including Christmas trees. However, "timber" does not include
36 Christmas trees that are cultivated by agricultural methods, as that
37 term is defined in RCW 84.33.035.

1 (23) "Timber owner" means any person having all or any part of the
2 legal interest in timber. Where such timber is subject to a contract
3 of sale, "timber owner" shall mean the contract purchaser.

4 (24) "Unconfined channel migration zone" means the area within
5 which the active channel of an unconfined stream is prone to move and
6 where the movement would result in a potential near-term loss of
7 riparian forest adjacent to the stream. Sizeable islands with
8 productive timber may exist within the zone.

9 (25) "Unconfined stream" means generally fifth order or larger
10 waters that experience abrupt shifts in channel location, creating a
11 complex floodplain characterized by extensive gravel bars, disturbance
12 species of vegetation of variable age, numerous side channels, wall-
13 based channels, oxbow lakes, and wetland complexes. Many of these
14 streams have dikes and levees that may temporarily or permanently
15 restrict channel movement.

16 (26) "Date of receipt" has the same meaning as defined in RCW
17 43.21B.001.

18 **Sec. 20.** RCW 76.09.050 and 2005 c 146 s 1003 are each amended to
19 read as follows:

20 (1) The board shall establish by rule which forest practices shall
21 be included within each of the following classes:

22 Class I: Minimal or specific forest practices that have no direct
23 potential for damaging a public resource and that may be conducted
24 without submitting an application or a notification except that when
25 the regulating authority is transferred to a local governmental entity,
26 those Class I forest practices that involve timber harvesting or road
27 construction within "urban growth areas," designated pursuant to
28 chapter 36.70A RCW, are processed as Class IV forest practices, but are
29 not subject to environmental review under chapter 43.21C RCW;

30 Class II: Forest practices which have a less than ordinary
31 potential for damaging a public resource that may be conducted without
32 submitting an application and may begin five calendar days, or such
33 lesser time as the department may determine, after written notification
34 by the operator, in the manner, content, and form as prescribed by the
35 department, is received by the department. However, the work may not
36 begin until all forest practice fees required under RCW 76.09.065 have

1 been received by the department. Class II shall not include forest
2 practices:

3 (a) On lands platted after January 1, 1960, as provided in chapter
4 58.17 RCW or on lands that have or are being converted to another use;

5 (b) Which require approvals under the provisions of the hydraulics
6 act, RCW 77.55.021;

7 (c) Within "shorelines of the state" as defined in RCW 90.58.030;

8 (d) Excluded from Class II by the board; or

9 (e) Including timber harvesting or road construction within "urban
10 growth areas," designated pursuant to chapter 36.70A RCW, which are
11 Class IV;

12 Class III: Forest practices other than those contained in Class I,
13 II, or IV. A Class III application must be approved or disapproved by
14 the department within thirty calendar days from the date the department
15 receives the application. However, the applicant may not begin work on
16 that forest practice until all forest practice fees required under RCW
17 76.09.065 have been received by the department;

18 Class IV: Forest practices other than those contained in Class I
19 or II: (a) On lands platted after January 1, 1960, as provided in
20 chapter 58.17 RCW, (b) on lands that have or are being converted to
21 another use, (c) on lands which, pursuant to RCW 76.09.070 as now or
22 hereafter amended, are not to be reforested because of the likelihood
23 of future conversion to urban development, (d) involving timber
24 harvesting or road construction on lands that are contained within
25 "urban growth areas," designated pursuant to chapter 36.70A RCW, except
26 where the forest landowner provides: (i) A written statement of intent
27 signed by the forest landowner not to convert to a use other than
28 commercial forest product operations for ten years, accompanied by
29 either a written forest management plan acceptable to the department or
30 documentation that the land is enrolled under the provisions of chapter
31 84.33 RCW; or (ii) a conversion option harvest plan approved by the
32 local governmental entity and submitted to the department as part of
33 the application, and/or (e) which have a potential for a substantial
34 impact on the environment and therefore require an evaluation by the
35 department as to whether or not a detailed statement must be prepared
36 pursuant to the state environmental policy act, chapter 43.21C RCW.
37 Such evaluation shall be made within ten days from the date the
38 department receives the application: PROVIDED, That nothing herein

1 shall be construed to prevent any local or regional governmental entity
2 from determining that a detailed statement must be prepared for an
3 action pursuant to a Class IV forest practice taken by that
4 governmental entity concerning the land on which forest practices will
5 be conducted. A Class IV application must be approved or disapproved
6 by the department within thirty calendar days from the date the
7 department receives the application, unless the department determines
8 that a detailed statement must be made, in which case the application
9 must be approved or disapproved by the department within sixty calendar
10 days from the date the department receives the application, unless the
11 commissioner of public lands, through the promulgation of a formal
12 order, determines that the process cannot be completed within such
13 period. However, the applicant may not begin work on that forest
14 practice until all forest practice fees required under RCW 76.09.065
15 have been received by the department.

16 Forest practices under Classes I, II, and III are exempt from the
17 requirements for preparation of a detailed statement under the state
18 environmental policy act.

19 (2) Except for those forest practices being regulated by local
20 governmental entities as provided elsewhere in this chapter, no Class
21 II, Class III, or Class IV forest practice shall be commenced or
22 continued after January 1, 1975, unless the department has received a
23 notification with regard to a Class II forest practice or approved an
24 application with regard to a Class III or Class IV forest practice
25 containing all information required by RCW 76.09.060 as now or
26 hereafter amended. However, in the event forest practices regulations
27 necessary for the scheduled implementation of this chapter and RCW
28 90.48.420 have not been adopted in time to meet such schedules, the
29 department shall have the authority to regulate forest practices and
30 approve applications on such terms and conditions consistent with this
31 chapter and RCW 90.48.420 and the purposes and policies of RCW
32 76.09.010 until applicable forest practices regulations are in effect.

33 (3) Except for those forest practices being regulated by local
34 governmental entities as provided elsewhere in this chapter, if a
35 notification or application is delivered in person to the department by
36 the operator or the operator's agent, the department shall immediately
37 provide a dated receipt thereof. In all other cases, the department
38 shall immediately mail a dated receipt to the operator.

1 (4) Except for those forest practices being regulated by local
2 governmental entities as provided elsewhere in this chapter, forest
3 practices shall be conducted in accordance with the forest practices
4 regulations, orders and directives as authorized by this chapter or the
5 forest practices regulations, and the terms and conditions of any
6 approved applications.

7 (5) Except for those forest practices being regulated by local
8 governmental entities as provided elsewhere in this chapter, the
9 department of natural resources shall notify the applicant in writing
10 of either its approval of the application or its disapproval of the
11 application and the specific manner in which the application fails to
12 comply with the provisions of this section or with the forest practices
13 regulations. Except as provided otherwise in this section, if the
14 department fails to either approve or disapprove an application or any
15 portion thereof within the applicable time limit, the application shall
16 be deemed approved and the operation may be commenced: PROVIDED, That
17 this provision shall not apply to applications which are neither
18 approved nor disapproved pursuant to the provisions of subsection (7)
19 of this section: PROVIDED, FURTHER, That if seasonal field conditions
20 prevent the department from being able to properly evaluate the
21 application, the department may issue an approval conditional upon
22 further review within sixty days: PROVIDED, FURTHER, That the
23 department shall have until April 1, 1975, to approve or disapprove an
24 application involving forest practices allowed to continue to April 1,
25 1975, under the provisions of subsection (2) of this section. Upon
26 receipt of any notification or any satisfactorily completed application
27 the department shall in any event no later than two business days after
28 such receipt transmit a copy to the departments of ecology and fish and
29 wildlife, and to the county, city, or town in whose jurisdiction the
30 forest practice is to be commenced. Any comments by such agencies
31 shall be directed to the department of natural resources.

32 (6) For those forest practices regulated by the board and the
33 department, if the county, city, or town believes that an application
34 is inconsistent with this chapter, the forest practices regulations, or
35 any local authority consistent with RCW 76.09.240 as now or hereafter
36 amended, it may so notify the department and the applicant, specifying
37 its objections.

1 (7) For those forest practices regulated by the board and the
2 department, the department shall not approve portions of applications
3 to which a county, city, or town objects if:

4 (a) The department receives written notice from the county, city,
5 or town of such objections within fourteen business days from the time
6 of transmittal of the application to the county, city, or town, or one
7 day before the department acts on the application, whichever is later;
8 and

9 (b) The objections relate to lands either:

10 (i) Platted after January 1, 1960, as provided in chapter 58.17
11 RCW; or

12 (ii) On lands that have or are being converted to another use.

13 The department shall either disapprove those portions of such
14 application or appeal the county, city, or town objections to the
15 appeals board. If the objections related to subparagraphs (b)(i) and
16 (ii) of this subsection are based on local authority consistent with
17 RCW 76.09.240 as now or hereafter amended, the department shall
18 disapprove the application until such time as the county, city, or town
19 consents to its approval or such disapproval is reversed on appeal.
20 The applicant shall be a party to all department appeals of county,
21 city, or town objections. Unless the county, city, or town either
22 consents or has waived its rights under this subsection, the department
23 shall not approve portions of an application affecting such lands until
24 the minimum time for county, city, or town objections has expired.

25 (8) For those forest practices regulated by the board and the
26 department, in addition to any rights under the above paragraph, the
27 county, city, or town may appeal any department approval of an
28 application with respect to any lands within its jurisdiction. The
29 appeals board may suspend the department's approval in whole or in part
30 pending such appeal where there exists potential for immediate and
31 material damage to a public resource.

32 (9) For those forest practices regulated by the board and the
33 department, appeals under this section shall be made to the appeals
34 board in the manner and time provided in (~~RCW 76.09.220(8)~~) section
35 24 of this act. In such appeals there shall be no presumption of
36 correctness of either the county, city, or town or the department
37 position.

1 (10) For those forest practices regulated by the board and the
2 department, the department shall, within four business days notify the
3 county, city, or town of all notifications, approvals, and disapprovals
4 of an application affecting lands within the county, city, or town,
5 except to the extent the county, city, or town has waived its right to
6 such notice.

7 (11) For those forest practices regulated by the board and the
8 department, a county, city, or town may waive in whole or in part its
9 rights under this section, and may withdraw or modify any such waiver,
10 at any time by written notice to the department.

11 (12) Notwithstanding subsections (2) through (5) of this section,
12 forest practices applications or notifications are not required for
13 exotic insect and disease control operations conducted in accordance
14 with RCW 76.09.060(8) where eradication can reasonably be expected.

15 **Sec. 21.** RCW 76.09.080 and 1989 c 175 s 163 are each amended to
16 read as follows:

17 (1) The department shall have the authority to serve upon an
18 operator a stop work order which shall be a final order of the
19 department if:

20 (a) There is any violation of the provisions of this chapter or the
21 forest practices regulations; or

22 (b) There is a deviation from the approved application; or

23 (c) Immediate action is necessary to prevent continuation of or to
24 avoid material damage to a public resource.

25 (2) The stop work order shall set forth:

26 (a) The specific nature, extent, and time of the violation,
27 deviation, damage, or potential damage;

28 (b) An order to stop all work connected with the violation,
29 deviation, damage, or potential damage;

30 (c) The specific course of action needed to correct such violation
31 or deviation or to prevent damage and to correct and/or compensate for
32 damage to public resources which has resulted from any violation,
33 unauthorized deviation, or willful or negligent disregard for potential
34 damage to a public resource; and/or those courses of action necessary
35 to prevent continuing damage to public resources where the damage is
36 resulting from the forest practice activities but has not resulted from
37 any violation, unauthorized deviation, or negligence; and

1 (d) The right of the operator to a hearing before the appeals
2 board.

3 The department shall immediately file a copy of such order with the
4 appeals board and mail a copy thereof to the timber owner and forest
5 land owner at the addresses shown on the application. The operator,
6 timber owner, or forest land owner may commence an appeal to the
7 appeals board within ~~((fifteen))~~ thirty days ~~((after-service-upon))~~
8 from the date of receipt of the order by the operator. If such appeal
9 is commenced, a hearing shall be held not more than twenty days after
10 copies of the notice of appeal were filed with the appeals board. Such
11 proceeding shall be an adjudicative proceeding within the meaning of
12 chapter 34.05 RCW, the administrative procedure act. The operator
13 shall comply with the order of the department immediately upon being
14 served, but the appeals board if requested shall have authority to
15 continue or discontinue in whole or in part the order of the department
16 under such conditions as it may impose pending the outcome of the
17 proceeding.

18 **Sec. 22.** RCW 76.09.090 and 1975 1st ex.s. c 200 s 6 are each
19 amended to read as follows:

20 If a violation, a deviation, material damage or potential for
21 material damage to a public resource has occurred and the department
22 determines that a stop work order is unnecessary, then the department
23 shall issue and serve upon the operator or land owner a notice, which
24 shall clearly set forth:

25 (1)(a) The specific nature, extent, and time of failure to comply
26 with the approved application; or identifying the damage or potential
27 damage; and/or

28 (b) The relevant provisions of this chapter or of the forest
29 practice regulations relating thereto;

30 (2) The right of the operator or land owner to a hearing before the
31 department; and

32 (3) The specific course of action ordered by the department to be
33 followed by the operator to correct such failure to comply and to
34 prevent, correct and/or compensate for material damage to public
35 resources which resulted from any violation, unauthorized deviation, or
36 wilful or negligent disregard for potential damage to a public
37 resource; and/or those courses of action necessary to prevent

1 continuing damage to public resources where the damage is resulting
2 from the forest practice activities but has not resulted from any
3 violation, unauthorized deviation, or negligence.

4 The department shall mail a copy thereof to the forest land owner
5 and the timber owner at the addresses shown on the application, showing
6 the date of service upon the operator. Such notice to comply shall
7 become a final order of the department: PROVIDED, That no direct
8 appeal to the appeals board will be allowed from such final order.
9 Such operator shall undertake the course of action so ordered by the
10 department unless, within fifteen days after the date of service of
11 such notice to comply, the operator, forest land owner, or timber
12 owner, shall request the department in writing to schedule a hearing.
13 If so requested, the department shall schedule a hearing on a date not
14 more than twenty days after receiving such request. Within ten days
15 after such hearing, the department shall issue a final order either
16 withdrawing its notice to comply or clearly setting forth the specific
17 course of action to be followed by such operator. Such operator shall
18 undertake the course of action so ordered by the department unless
19 within thirty days after the date of receipt of such final order, the
20 operator, forest land owner, or timber owner appeals such final order
21 to the appeals board.

22 No person shall be under any obligation under this section to
23 prevent, correct, or compensate for any damage to public resources
24 which occurs more than one year after the date of completion of the
25 forest practices operations involved exclusive of reforestation, unless
26 such forest practices were not conducted in accordance with forest
27 practices rules and regulations: PROVIDED, That this provision shall
28 not relieve the forest land owner from any obligation to comply with
29 forest practices rules and regulations pertaining to providing
30 continuing road maintenance. No action to recover damages shall be
31 taken under this section more than two years after the date the damage
32 involved occurs.

33 **Sec. 23.** RCW 76.09.170 and 1999 sp.s. c 4 s 803 are each amended
34 to read as follows:

35 (1) Every person who violates any provision of RCW 76.09.010
36 through 76.09.280 or of the forest practices rules, or who converts
37 forest land to a use other than commercial timber operation within

1 three years after completion of the forest practice without the consent
2 of the county, city, or town, shall be subject to a penalty in an
3 amount of not more than ten thousand dollars for every such violation.
4 Each and every such violation shall be a separate and distinct offense.
5 In case of a failure to comply with a stop work order, every day's
6 continuance shall be a separate and distinct violation. Every person
7 who through an act of commission or omission procures, aids or abets in
8 the violation shall be considered to have violated the provisions of
9 this section and shall be subject to the penalty in this section. No
10 penalty shall be imposed under this section upon any governmental
11 official, an employee of any governmental department, agency, or
12 entity, or a member of any board or advisory committee created by this
13 chapter for any act or omission in his or her duties in the
14 administration of this chapter or of any rule adopted under this
15 chapter.

16 (2) The department shall develop and recommend to the board a
17 penalty schedule to determine the amount to be imposed under this
18 section. The board shall adopt by rule, pursuant to chapter 34.05 RCW,
19 such penalty schedule to be effective no later than January 1, 1994.
20 The schedule shall be developed in consideration of the following:

- 21 (a) Previous violation history;
- 22 (b) Severity of the impact on public resources;
- 23 (c) Whether the violation of this chapter or its rules was
24 intentional;
- 25 (d) Cooperation with the department;
- 26 (e) Repairability of the adverse effect from the violation; and
- 27 (f) The extent to which a penalty to be imposed on a forest
28 landowner for a forest practice violation committed by another should
29 be reduced because the owner was unaware of the violation and has not
30 received substantial economic benefits from the violation.

31 (3) The penalty in this section shall be imposed by a notice in
32 writing, either by certified mail with return receipt requested or by
33 personal service, to the person incurring the same from the department
34 describing the violation with reasonable particularity. Within fifteen
35 days after the notice is received, the person incurring the penalty may
36 apply in writing to the department for the remission or mitigation of
37 such penalty. Upon receipt of the application, that department may
38 remit or mitigate the penalty upon whatever terms that department in

1 its discretion deems proper, provided the department deems such
2 remission or mitigation to be in the best interests of carrying out the
3 purposes of this chapter. The department shall have authority to
4 ascertain the facts regarding all such applications in such reasonable
5 manner and under such rule as it may deem proper.

6 (4) Any person incurring a penalty under this section may appeal
7 the penalty to the (~~forest practices~~) appeals board. Such appeals
8 shall be filed within thirty days (~~of~~) after the date of receipt of
9 (~~notice imposing any~~) the penalty unless an application for remission
10 or mitigation is made to the department. When such an application for
11 remission or mitigation is made, such appeals shall be filed within
12 thirty days of receipt of notice from the department setting forth the
13 disposition of the application for remission or mitigation.

14 (5) The penalty imposed under this section shall become due and
15 payable thirty days after receipt of a notice imposing the same unless
16 application for remission or mitigation is made or an appeal is filed.
17 When such an application for remission or mitigation is made, any
18 penalty incurred under this section shall become due and payable thirty
19 days after receipt of notice setting forth the disposition of such
20 application unless an appeal is filed from such disposition. Whenever
21 an appeal of the penalty incurred is filed, the penalty shall become
22 due and payable only upon completion of all administrative and judicial
23 review proceedings and the issuance of a final decision confirming the
24 penalty in whole or in part.

25 (6) If the amount of any penalty is not paid to the department
26 within thirty days after it becomes due and payable, the attorney
27 general, upon the request of the department, shall bring an action in
28 the name of the state of Washington in the superior court of Thurston
29 county or of any county in which such violator may do business, to
30 recover such penalty, interest, costs, and attorneys' fees. In all
31 such actions the procedure and rules of evidence shall be the same as
32 an ordinary civil action except as otherwise provided in this chapter
33 (~~provided~~). In addition to or as an alternative to seeking
34 enforcement of penalties in superior court, the department may bring an
35 action in district court as provided in Title 3 RCW, to collect
36 penalties, interest, costs, and attorneys' fees.

37 (7) Penalties imposed under this section for violations associated
38 with a conversion to a use other than commercial timber operation shall

1 be a lien upon the real property of the person assessed the penalty and
2 the department may collect such amount in the same manner provided in
3 chapter 60.04 RCW for mechanics' liens.

4 (8) Any person incurring a penalty imposed under this section is
5 also responsible for the payment of all costs and attorneys' fees
6 incurred in connection with the penalty and interest accruing on the
7 unpaid penalty amount.

8 NEW SECTION. **Sec. 24.** A new section is added to chapter 76.09 RCW
9 to read as follows:

10 A person aggrieved by the approval or disapproval of an application
11 to conduct a forest practice or the approval or disapproval of any
12 landscape plan or permit or watershed analysis may seek review from the
13 appeals board by filing a request for the same within thirty days from
14 the date of receipt of the decision. Concurrently with the filing of
15 any request for review with the appeals board as provided in this
16 section, the requestor must file a copy of his or her request with the
17 department and the attorney general. The attorney general may
18 intervene to protect the public interest and ensure that the provisions
19 of this chapter are complied with.

20 **Sec. 25.** RCW 76.09.310 and 1987 c 95 s 4 are each amended to read
21 as follows:

22 (1) The department shall send a notice to all forest landowners,
23 both public and private, within the geographic area selected for
24 review, stating that the department intends to study the area as part
25 of the hazard-reduction program.

26 (2) The department shall prepare a proposed plan for each
27 geographic area studied. The department shall provide the proposed
28 plan to affected landowners, Indian tribes, interested parties, and to
29 the advisory committee, if established pursuant to RCW 76.09.305.

30 (3) Any aggrieved landowners, agencies, tribes, and other persons
31 who object to any or all of the proposed hazard-reduction plan may,
32 within thirty days of issuance of the plan, request the department in
33 writing to schedule a conference. If so requested, the department
34 shall schedule a conference on a date not more than thirty days after
35 receiving such request.

1 (4) Within ten days after such a conference, the department shall
2 either amend the proposed plan or respond in writing indicating why the
3 objections were not incorporated into the plan.

4 (5) Within one hundred twenty days following the issuance of the
5 proposed plan as provided in subsection (2) of this section, the
6 department shall distribute a final hazard-reduction plan designating
7 those sites for which hazard-reduction measures are recommended and
8 those sites where no action is recommended. For each hazard-reduction
9 measure recommended, a description of the work and cost estimate shall
10 be provided.

11 (6) Any aggrieved landowners, agencies, tribes, and other persons
12 are entitled to appeal the final hazard-reduction plan to the (~~forest~~
13 ~~practices~~) appeals board if, within thirty days of the issuance of the
14 final plan, the party transmits a notice of appeal to the (~~forest~~
15 ~~practices~~) appeals board and to the department.

16 (7) A landowner's failure to object to the recommendations or to
17 appeal the final hazard-reduction plan shall not be deemed an admission
18 that the hazard-reduction recommendations are appropriate.

19 (8) The department shall provide a copy of the final hazard-
20 reduction plan to the department of ecology and to each affected
21 county.

22 **Sec. 26.** RCW 77.55.011 and 2009 c 549 s 1028 are each amended to
23 read as follows:

24 The definitions in this section apply throughout this chapter
25 unless the context clearly requires otherwise.

26 (1) "Bed" means the land below the ordinary high water lines of
27 state waters. This definition does not include irrigation ditches,
28 canals, storm water runoff devices, or other artificial watercourses
29 except where they exist in a natural watercourse that has been altered
30 artificially.

31 (2) "Board" means the (~~hydraulic-appeals~~) pollution control
32 hearings board created in chapter 43.21B RCW (~~(77.55.301)~~).

33 (3) "Commission" means the state fish and wildlife commission.

34 (4) "Department" means the department of fish and wildlife.

35 (5) "Director" means the director of the department of fish and
36 wildlife.

1 (6) "Emergency" means an immediate threat to life, the public,
2 property, or of environmental degradation.

3 (7) "Hydraulic project" means the construction or performance of
4 work that will use, divert, obstruct, or change the natural flow or bed
5 of any of the salt or freshwaters of the state.

6 (8) "Imminent danger" means a threat by weather, water flow, or
7 other natural conditions that is likely to occur within sixty days of
8 a request for a permit application.

9 (9) "Marina" means a public or private facility providing boat
10 moorage space, fuel, or commercial services. Commercial services
11 include but are not limited to overnight or live-aboard boating
12 accommodations.

13 (10) "Marine terminal" means a public or private commercial wharf
14 located in the navigable water of the state and used, or intended to be
15 used, as a port or facility for the storing, handling, transferring, or
16 transporting of goods to and from vessels.

17 (11) "Ordinary high water line" means the mark on the shores of all
18 water that will be found by examining the bed and banks and
19 ascertaining where the presence and action of waters are so common and
20 usual, and so long continued in ordinary years as to mark upon the soil
21 or vegetation a character distinct from the abutting upland. Provided,
22 that in any area where the ordinary high water line cannot be found,
23 the ordinary high water line adjoining saltwater is the line of mean
24 higher high water and the ordinary high water line adjoining fresh
25 water is the elevation of the mean annual flood.

26 (12) "Permit" means a hydraulic project approval permit issued
27 under this chapter.

28 (13) "Sandbars" includes, but is not limited to, sand, gravel,
29 rock, silt, and sediments.

30 (14) "Small scale prospecting and mining" means the use of only the
31 following methods: Pans; nonmotorized sluice boxes; concentrators; and
32 minirocker boxes for the discovery and recovery of minerals.

33 (15) "Spartina," "purple loosestrife," and "aquatic noxious weeds"
34 have the same meanings as defined in RCW 17.26.020.

35 (16) "Streambank stabilization" means those projects that prevent
36 or limit erosion, slippage, and mass wasting. These projects include,
37 but are not limited to, bank resloping, log and debris relocation or

1 removal, planting of woody vegetation, bank protection using rock or
2 woody material or placement of jetties or groins, gravel removal, or
3 erosion control.

4 (17) "Tide gate" means a one-way check valve that prevents the
5 backflow of tidal water.

6 (18) "Waters of the state" and "state waters" means all salt and
7 fresh waters waterward of the ordinary high water line and within the
8 territorial boundary of the state.

9 (19) "Date of receipt" has the same meaning as defined in RCW
10 43.21B.001.

11 **Sec. 27.** RCW 77.55.021 and 2008 c 272 s 1 are each amended to read
12 as follows:

13 (1) Except as provided in RCW 77.55.031, 77.55.051, and 77.55.041,
14 in the event that any person or government agency desires to undertake
15 a hydraulic project, the person or government agency shall, before
16 commencing work thereon, secure the approval of the department in the
17 form of a permit as to the adequacy of the means proposed for the
18 protection of fish life.

19 (2) A complete written application for a permit may be submitted in
20 person or by registered mail and must contain the following:

- 21 (a) General plans for the overall project;
- 22 (b) Complete plans and specifications of the proposed construction
23 or work within the mean higher high water line in saltwater or within
24 the ordinary high water line in freshwater;
- 25 (c) Complete plans and specifications for the proper protection of
26 fish life; and
- 27 (d) Notice of compliance with any applicable requirements of the
28 state environmental policy act, unless otherwise provided for in this
29 chapter.

30 (3)(a) Protection of fish life is the only ground upon which
31 approval of a permit may be denied or conditioned. Approval of a
32 permit may not be unreasonably withheld or unreasonably conditioned.
33 Except as provided in this subsection and subsections (8), (10), and
34 (12) of this section, the department has forty-five calendar days upon
35 receipt of a complete application to grant or deny approval of a
36 permit. The forty-five day requirement is suspended if:

1 (i) After ten working days of receipt of the application, the
2 applicant remains unavailable or unable to arrange for a timely field
3 evaluation of the proposed project;

4 (ii) The site is physically inaccessible for inspection;

5 (iii) The applicant requests a delay; or

6 (iv) The department is issuing a permit for a storm water discharge
7 and is complying with the requirements of RCW 77.55.161(3)(b).

8 (b) Immediately upon determination that the forty-five day period
9 is suspended, the department shall notify the applicant in writing of
10 the reasons for the delay.

11 (c) The period of forty-five calendar days may be extended if the
12 permit is part of a multiagency permit streamlining effort and all
13 participating permitting agencies and the permit applicant agree to an
14 extended timeline longer than forty-five calendar days.

15 (4) If the department denies approval of a permit, the department
16 shall provide the applicant a written statement of the specific reasons
17 why and how the proposed project would adversely affect fish life.

18 (a) Except as provided in (b) of this subsection, issuance, denial,
19 conditioning, or modification of a permit shall be appealable to ((the
20 department--or)) the board ((as--specified--in--RCW--77.55.301)) within
21 thirty days from the date of receipt of the ((notice--of)) decision as
22 provided in RCW 43.21B.230.

23 (b) Issuance, denial, conditioning, or modification of a permit may
24 be informally appealed to the department within thirty days from the
25 date of receipt of the decision. Requests for informal appeals must be
26 filed in the form and manner prescribed by the department by rule. A
27 permit decision that has been informally appealed to the department is
28 appealable to the board within thirty days from the date of receipt of
29 the department's decision on the informal appeal.

30 (5)(a) The permittee must demonstrate substantial progress on
31 construction of that portion of the project relating to the permit
32 within two years of the date of issuance.

33 (b) Approval of a permit is valid for a period of up to five years
34 from the date of issuance, except as provided in (c) of this subsection
35 and in RCW 77.55.151.

36 (c) A permit remains in effect without need for periodic renewal
37 for hydraulic projects that divert water for agricultural irrigation or
38 stock watering purposes and that involve seasonal construction or other

1 work. A permit for streambank stabilization projects to protect farm
2 and agricultural land as defined in RCW 84.34.020 remains in effect
3 without need for periodic renewal if the problem causing the need for
4 the streambank stabilization occurs on an annual or more frequent
5 basis. The permittee must notify the appropriate agency before
6 commencing the construction or other work within the area covered by
7 the permit.

8 (6) The department may, after consultation with the permittee,
9 modify a permit due to changed conditions. The modification (~~(becomes~~
10 ~~effective unless appealed to the department or the board as specified~~
11 ~~in RCW 77.55.301 within thirty days from the notice of the proposed~~
12 ~~modification)~~) is appealable as provided in subsection (4) of this
13 section. For hydraulic projects that divert water for agricultural
14 irrigation or stock watering purposes, or when the hydraulic project or
15 other work is associated with streambank stabilization to protect farm
16 and agricultural land as defined in RCW 84.34.020, the burden is on the
17 department to show that changed conditions warrant the modification in
18 order to protect fish life.

19 (7) A permittee may request modification of a permit due to changed
20 conditions. The request must be processed within forty-five calendar
21 days of receipt of the written request. A decision by the department
22 (~~(may be appealed to the board within thirty days of the notice of the~~
23 ~~decision)~~) is appealable as provided in subsection (4) of this section.
24 For hydraulic projects that divert water for agricultural irrigation or
25 stock watering purposes, or when the hydraulic project or other work is
26 associated with streambank stabilization to protect farm and
27 agricultural land as defined in RCW 84.34.020, the burden is on the
28 permittee to show that changed conditions warrant the requested
29 modification and that such a modification will not impair fish life.

30 (8)(a) The department, the county legislative authority, or the
31 governor may declare and continue an emergency. If the county
32 legislative authority declares an emergency under this subsection, it
33 shall immediately notify the department. A declared state of emergency
34 by the governor under RCW 43.06.010 shall constitute a declaration
35 under this subsection.

36 (b) The department, through its authorized representatives, shall
37 issue immediately, upon request, oral approval for a stream crossing,
38 or work to remove any obstructions, repair existing structures, restore

1 streambanks, protect fish life, or protect property threatened by the
2 stream or a change in the stream flow without the necessity of
3 obtaining a written permit prior to commencing work. Conditions of the
4 emergency oral permit must be established by the department and reduced
5 to writing within thirty days and complied with as provided for in this
6 chapter.

7 (c) The department may not require the provisions of the state
8 environmental policy act, chapter 43.21C RCW, to be met as a condition
9 of issuing a permit under this subsection.

10 (9) All state and local agencies with authority under this chapter
11 to issue permits or other authorizations in connection with emergency
12 water withdrawals and facilities authorized under RCW 43.83B.410 shall
13 expedite the processing of such permits or authorizations in keeping
14 with the emergency nature of such requests and shall provide a decision
15 to the applicant within fifteen calendar days of the date of
16 application.

17 (10) The department or the county legislative authority may
18 determine an imminent danger exists. The county legislative authority
19 shall notify the department, in writing, if it determines that an
20 imminent danger exists. In cases of imminent danger, the department
21 shall issue an expedited written permit, upon request, for work to
22 remove any obstructions, repair existing structures, restore banks,
23 protect fish resources, or protect property. Expedited permit requests
24 require a complete written application as provided in subsection (2) of
25 this section and must be issued within fifteen calendar days of the
26 receipt of a complete written application. Approval of an expedited
27 permit is valid for up to sixty days from the date of issuance. The
28 department may not require the provisions of the state environmental
29 policy act, chapter 43.21C RCW, to be met as a condition of issuing a
30 permit under this subsection.

31 (11)(a) For any property, except for property located on a marine
32 shoreline, that has experienced at least two consecutive years of
33 flooding or erosion that has damaged or has threatened to damage a
34 major structure, water supply system, septic system, or access to any
35 road or highway, the county legislative authority may determine that a
36 chronic danger exists. The county legislative authority shall notify
37 the department, in writing, when it determines that a chronic danger
38 exists. In cases of chronic danger, the department shall issue a

1 permit, upon request, for work necessary to abate the chronic danger by
2 removing any obstructions, repairing existing structures, restoring
3 banks, restoring road or highway access, protecting fish resources, or
4 protecting property. Permit requests must be made and processed in
5 accordance with subsections (2) and (3) of this section.

6 (b) Any projects proposed to address a chronic danger identified
7 under (a) of this subsection that satisfies the project description
8 identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions
9 of the state environmental policy act, chapter 43.21C RCW. However,
10 the project is subject to the review process established in RCW
11 77.55.181(3) as if it were a fish habitat improvement project.

12 (12) The department may issue an expedited written permit in those
13 instances where normal permit processing would result in significant
14 hardship for the applicant or unacceptable damage to the environment.
15 Expedited permit requests require a complete written application as
16 provided in subsection (2) of this section and must be issued within
17 fifteen calendar days of the receipt of a complete written application.
18 Approval of an expedited permit is valid for up to sixty days from the
19 date of issuance. The department may not require the provisions of the
20 state environmental policy act, chapter 43.21C RCW, to be met as a
21 condition of issuing a permit under this subsection.

22 **Sec. 28.** RCW 77.55.141 and 2005 c 146 s 501 are each amended to
23 read as follows:

24 (1) In order to protect the property of marine waterfront shoreline
25 owners it is necessary to facilitate issuance of permits for bulkheads
26 or rockwalls under certain conditions.

27 (2) The department shall issue a permit with or without conditions
28 within forty-five days of receipt of a complete and accurate
29 application which authorizes commencement of construction, replacement,
30 or repair of a marine beach front protective bulkhead or rockwall for
31 single-family type residences or property under the following
32 conditions:

33 (a) The waterward face of a new bulkhead or rockwall shall be
34 located only as far waterward as is necessary to excavate for footings
35 or place base rock for the structure and under no conditions shall be
36 located more than six feet waterward of the ordinary high water line;

1 (b) Any bulkhead or rockwall to replace or repair an existing
2 bulkhead or rockwall shall be placed along the same alignment as the
3 bulkhead or rockwall it is replacing. However, the replaced or
4 repaired bulkhead or rockwall may be placed waterward of and directly
5 abutting the existing structure only in cases where removal of the
6 existing bulkhead or rockwall would result in environmental degradation
7 or removal problems related to geological, engineering, or safety
8 considerations; and

9 (c) Construction of a new bulkhead or rockwall, or replacement or
10 repair of an existing bulkhead or rockwall waterward of the existing
11 structure shall not result in the permanent loss of critical food fish
12 or shellfish habitats; and

13 (d) Timing constraints shall be applied on a case-by-case basis for
14 the protection of critical habitats, including but not limited to
15 migration corridors, rearing and feeding areas, and spawning habitats,
16 for the proper protection of fish life.

17 (3) Any bulkhead or rockwall construction, replacement, or repair
18 not meeting the conditions in this section shall be processed under
19 this chapter in the same manner as any other application.

20 (4) Any person aggrieved by the approval, denial, conditioning, or
21 modification of a permit under this section may (~~formally~~) appeal the
22 decision (~~to the board pursuant to this chapter~~) as provided in RCW
23 77.55.021(4).

24 **Sec. 29.** RCW 77.55.181 and 2005 c 146 s 505 are each amended to
25 read as follows:

26 (1) In order to receive the permit review and approval process
27 created in this section, a fish habitat enhancement project must meet
28 the criteria under (a) and (b) of this subsection:

29 (a) A fish habitat enhancement project must be a project to
30 accomplish one or more of the following tasks:

31 (i) Elimination of human-made fish passage barriers, including
32 culvert repair and replacement;

33 (ii) Restoration of an eroded or unstable streambank employing the
34 principle of bioengineering, including limited use of rock as a
35 stabilization only at the toe of the bank, and with primary emphasis on
36 using native vegetation to control the erosive forces of flowing water;
37 or

1 (iii) Placement of woody debris or other instream structures that
2 benefit naturally reproducing fish stocks.

3 The department shall develop size or scale threshold tests to
4 determine if projects accomplishing any of these tasks should be
5 evaluated under the process created in this section or under other
6 project review and approval processes. A project proposal shall not be
7 reviewed under the process created in this section if the department
8 determines that the scale of the project raises concerns regarding
9 public health and safety; and

10 (b) A fish habitat enhancement project must be approved in one of
11 the following ways:

12 (i) By the department pursuant to chapter 77.95 or 77.100 RCW;

13 (ii) By the sponsor of a watershed restoration plan as provided in
14 chapter 89.08 RCW;

15 (iii) By the department as a department-sponsored fish habitat
16 enhancement or restoration project;

17 (iv) Through the review and approval process for the jobs for the
18 environment program;

19 (v) Through the review and approval process for conservation
20 district-sponsored projects, where the project complies with design
21 standards established by the conservation commission through
22 interagency agreement with the United States fish and wildlife service
23 and the natural resource conservation service;

24 (vi) Through a formal grant program established by the legislature
25 or the department for fish habitat enhancement or restoration; and

26 (vii) Through other formal review and approval processes
27 established by the legislature.

28 (2) Fish habitat enhancement projects meeting the criteria of
29 subsection (1) of this section are expected to result in beneficial
30 impacts to the environment. Decisions pertaining to fish habitat
31 enhancement projects meeting the criteria of subsection (1) of this
32 section and being reviewed and approved according to the provisions of
33 this section are not subject to the requirements of RCW
34 43.21C.030(2)(c).

35 (3)(a) A permit is required for projects that meet the criteria of
36 subsection (1) of this section and are being reviewed and approved
37 under this section. An applicant shall use a joint aquatic resource
38 permit application form developed by the office of regulatory

1 assistance to apply for approval under this chapter. On the same day,
2 the applicant shall provide copies of the completed application form to
3 the department and to each appropriate local government. Local
4 governments shall accept the application as notice of the proposed
5 project. The department shall provide a fifteen-day comment period
6 during which it will receive comments regarding environmental impacts.
7 Within forty-five days, the department shall either issue a permit,
8 with or without conditions, deny approval, or make a determination that
9 the review and approval process created by this section is not
10 appropriate for the proposed project. The department shall base this
11 determination on identification during the comment period of adverse
12 impacts that cannot be mitigated by the conditioning of a permit. If
13 the department determines that the review and approval process created
14 by this section is not appropriate for the proposed project, the
15 department shall notify the applicant and the appropriate local
16 governments of its determination. The applicant may reapply for
17 approval of the project under other review and approval processes.

18 (b) Any person aggrieved by the approval, denial, conditioning, or
19 modification of a permit under this section may (~~formally~~) appeal the
20 decision (~~to the board pursuant to the provisions of this chapter~~) as
21 provided in RCW 77.55.021(4).

22 (4) No local government may require permits or charge fees for fish
23 habitat enhancement projects that meet the criteria of subsection (1)
24 of this section and that are reviewed and approved according to the
25 provisions of this section.

26 **Sec. 30.** RCW 77.55.241 and 2005 c 146 s 602 are each amended to
27 read as follows:

28 (1) The legislature finds that the construction of hydraulic
29 projects may require mitigation for the protection of fish life, and
30 that the mitigation may be most cost-effective and provide the most
31 benefit to the fish resource if the mitigation is allowed to be applied
32 in locations that are off-site of the hydraulic project location. The
33 department may approve off-site mitigation plans that are submitted by
34 permit applicants.

35 (2) If a permit applicant proposes off-site mitigation and the
36 department does not approve the permit or conditions the permit in such
37 a manner as to render off-site mitigation unpracticable, the project

1 proponent (~~must be given the opportunity to submit the permit~~
2 ~~application to the board for approval~~) may appeal the decision as
3 provided in RCW 77.55.021(4).

4 **Sec. 31.** RCW 77.55.291 and 2005 c 146 s 701 are each amended to
5 read as follows:

6 (1) The department may levy civil penalties of up to one hundred
7 dollars per day for violation of any provisions of RCW 77.55.021. The
8 penalty provided shall be imposed by notice in writing, either by
9 certified mail or personal service to the person incurring the penalty,
10 from the director or the director's designee describing the violation.

11 (2)(a) Except as provided in (b) of this subsection, any person
12 incurring any penalty under this chapter may appeal the same under
13 chapter 34.05 RCW to the (~~director~~) board. Appeals shall be filed
14 within thirty days from the date of receipt of (~~notice imposing any~~)
15 the penalty in accordance with RCW 43.21B.230.

16 (b) Issuance of a civil penalty may be informally appealed to the
17 department within thirty days from the date of receipt of the penalty.
18 Requests for informal appeal must be filed in the form and manner
19 prescribed by the department by rule. A civil penalty that has been
20 informally appealed to the department is appealable to the board within
21 thirty days from the date of receipt of the department's decision on
22 the informal appeal.

23 (3) The penalty imposed shall become due and payable thirty days
24 after receipt of a notice imposing the penalty unless an appeal is
25 filed. Whenever an appeal of any penalty incurred under this chapter
26 is filed, the penalty shall become due and payable only upon completion
27 of all review proceedings and the issuance of a final order confirming
28 the penalty in whole or in part.

29 (4) If the amount of any penalty is not paid within thirty days
30 after it becomes due and payable, the attorney general, upon the
31 request of the director, shall bring an action in the name of the state
32 of Washington in the superior court of Thurston county or of any county
33 in which such violator may do business, to recover such penalty. In
34 all such actions the procedure and rules of evidence shall be the same
35 as an ordinary civil action. All penalties recovered under this
36 section shall be paid into the state's general fund.

1 **Sec. 32.** RCW 78.44.270 and 1993 c 518 s 35 are each amended to
2 read as follows:

3 (~~Appeals from~~) Department determinations under this chapter
4 (~~shall be made as follows~~;

5 ~~Appeals from department determinations made under this chapter~~
6 ~~shall be made under the provisions of the Administrative Procedure Act~~
7 ~~(chapter 34.05 RCW), and shall be considered an adjudicative proceeding~~
8 ~~within the meaning of the Administrative Procedure Act, chapter 34.05~~
9 ~~RCW)) may be appealed to the pollution control hearings board as~~
10 ~~provided in RCW 43.21B.230.~~ Only a person aggrieved within the meaning
11 of RCW 34.05.530 has standing and can file an appeal.

12 **Sec. 33.** RCW 78.44.380 and 2007 c 192 s 3 are each amended to read
13 as follows:

14 (1) The department may issue an order to stop all surface mining to
15 any permit holder, miner, or other person who authorizes, directs, or
16 conducts such activities without a valid surface mine reclamation
17 permit. This order is effective upon issuance unless otherwise stated
18 in the order. Administrative appeal of the order to stop work does not
19 stay the stop work requirement. The department shall notify the local
20 jurisdiction of record when a stop work order has been issued for
21 operating without a valid reclamation permit.

22 (2) The department may issue an order to stop surface mining
23 occurring outside of any permit area to a permit holder that does not
24 have a legal right to occupy the affected area. This order is
25 effective upon issuance unless otherwise stated in the order. An
26 administrative appeal of the order to stop work does not stay the stop
27 work requirement.

28 (3) Where a permit holder is conducting surface mining activities
29 outside of its permit boundary, but within land that it has the right
30 to occupy, the department may issue an order to stop surface mining or
31 mining-related activities occurring outside of the authorized area
32 after the permit holder fails to comply with a notice of correction.
33 The notice of correction must specify the corrections necessary as per
34 the violation and provide a reasonable time to do so. This order is
35 effective upon issuance unless otherwise stated in the order. An
36 administrative appeal of the order to stop work does not stay the stop
37 work requirement.

1 (4) Stop work orders must be in writing, delivered by United States
2 certified mail with return receipt requested, facsimile, or by hand to
3 the permit holder of record. The order must state the facts supporting
4 the violation, the law being violated, and the specific activities
5 being stopped. Stop work orders must be signed by the state geologist
6 or an assistant state geologist. The (~~department~~) pollution control
7 hearings board shall proceed as quickly as feasible to complete any
8 requested adjudicative proceedings unless the parties stipulate to an
9 appeal timeline or the department's stop work order states that it is
10 not effective until after the administrative review process. If the
11 recipient appeals the order, the recipient may file a motion for stay
12 with the presiding officer, which will be reviewed under (~~preliminary~~
13 ~~injunction standards~~) RCW 43.21B.320.

14 **Sec. 34.** RCW 79.100.120 and 2006 c 153 s 5 are each amended to
15 read as follows:

16 (1) A person seeking to contest an authorized public entity's
17 decision to take temporary possession or custody of a vessel under this
18 chapter, or to contest the amount of reimbursement owed to an
19 authorized public entity under this chapter, may request a hearing in
20 accordance with this section.

21 (2)(a) If the contested decision or action was undertaken by a
22 state agency, a written request for a hearing related to the decision
23 or action must be filed with the (~~aquatic resources division of the~~
24 ~~department~~) pollution control hearings board and served on the state
25 agency in accordance with RCW 43.21B.230 (2) and (3) within (~~twenty~~)
26 thirty days of the date the authorized public entity acquires custody
27 of the vessel under RCW 79.100.040, or if the vessel is redeemed before
28 the authorized public entity acquires custody, the date of redemption,
29 or the right to a hearing is deemed waived and the vessel's owner is
30 liable for any costs owed the authorized public entity. In the event
31 of litigation, the prevailing party is entitled to reasonable
32 attorneys' fees and costs.

33 (b) Upon receipt of a timely hearing request, the (~~department~~)
34 pollution control hearings board shall proceed to hear and determine
35 the validity of the decision to take the vessel into temporary
36 possession or custody and the reasonableness of any towing, storage, or
37 other charges permitted under this chapter. Within five business days

1 after the request for a hearing is filed, the ((department)) pollution
2 control hearings board shall notify the vessel owner requesting the
3 hearing and the authorized public entity of the date, time, and
4 location for the hearing. Unless the vessel is redeemed before the
5 request for hearing is filed, the ((department)) pollution control
6 hearings board shall set the hearing on a date that is within ten
7 business days of the filing of the request for hearing. If the vessel
8 is redeemed before the request for a hearing is filed, the
9 ((department)) pollution control hearings board shall set the hearing
10 on a date that is within sixty days of the filing of the request for
11 hearing. A proceeding brought under this subsection may be heard by
12 one member of the pollution control hearings board, whose decision is
13 the final decision of the board.

14 (3)(a) If the contested decision or action was undertaken by a
15 metropolitan park district, port district, city, town, or county, which
16 has adopted rules or procedures for contesting decisions or actions
17 pertaining to derelict or abandoned vessels, those rules or procedures
18 must be followed in order to contest a decision to take temporary
19 possession or custody of a vessel, or to contest the amount of
20 reimbursement owed.

21 (b) If the metropolitan park district, port district, city, town,
22 or county has not adopted rules or procedures for contesting decisions
23 or actions pertaining to derelict or abandoned vessels, then a person
24 requesting a hearing under this section must follow the procedure
25 established in RCW 53.08.320(5) for contesting the decisions or actions
26 of moorage facility operators.

27 **Sec. 35.** RCW 84.33.0775 and 1999 sp.s. c 5 s 1 are each amended to
28 read as follows:

29 (1) A taxpayer is allowed a credit against the tax imposed under
30 RCW 84.33.041 for timber harvested on and after January 1, 2000, under
31 a forest practices notification filed or application approved under RCW
32 76.09.050 and subject to enhanced aquatic resources requirements.

33 (2)(a) For a person other than a small harvester who elects to
34 calculate tax under RCW 84.33.074, the credit is equal to the stumpage
35 value of timber harvested for sale or for commercial or industrial use
36 multiplied by eight-tenths of one percent.

1 (b) For a small harvester who elects to calculate tax under RCW
2 84.33.074, the credit is equal to sixteen percent of the tax imposed
3 under this chapter.

4 (c) The amount of credit claimed by a taxpayer under this section
5 shall be reduced by the amount of any compensation received from the
6 federal government for reduced timber harvest due to enhanced aquatic
7 resource requirements. If the amount of compensation from the federal
8 government exceeds the amount of credit available to a taxpayer in any
9 reporting period, the excess shall be carried forward and applied
10 against credits in future reporting periods. This subsection does not
11 apply to small harvesters as defined in RCW 84.33.073.

12 (d) Refunds may not be given in place of credits. Credit may not
13 be claimed in excess of tax owed. The department of revenue shall
14 disallow any credits, used or unused, upon written notification from
15 the department of natural resources of a final decision that timber for
16 which credit was claimed was not harvested under a forest practices
17 notification filed or application approved under RCW 76.09.050 and
18 subject to enhanced aquatic resources requirements.

19 (3) As used in this section, a forest (~~(practice[s])~~) practices
20 notification or application is subject to enhanced aquatic resource
21 requirements if it includes, in whole or in part, riparian area,
22 wetland, or steep or unstable slope from which the operator is limited,
23 by rule adopted under RCW 76.09.055, 34.05.090, 43.21C.250, and
24 76.09.370, or any federally approved habitat conservation plan or
25 department of natural resources approved watershed analysis, from
26 harvesting timber, or if a road is included within or adjacent to the
27 area covered by such notification or application and the road is
28 covered by a road maintenance plan approved by the department of
29 natural resources under rules adopted under chapter 76.09 RCW, the
30 forest practices act, or a federally approved habitat conservation
31 plan.

32 (4) For forest practices notification or applications submitted
33 after January 1, 2000, the department of natural resources shall
34 indicate whether the notification or application is subject to enhanced
35 aquatic resource requirements and, unless notified of a contrary
36 determination by the (~~(forest practices appeals board)~~) pollution
37 control hearings board, the department of revenue shall use such
38 indication in determining the credit to be allowed against the tax

1 assessed under RCW 84.33.041. The department of natural resources
2 shall develop revisions to the form of the forest practices
3 notifications and applications to provide a space for the applicant to
4 indicate and the department of natural resources to confirm or not
5 confirm, whether the notification or application is subject to enhanced
6 aquatic resource requirements. For forest practices notifications or
7 applications submitted before January 1, 2000, the applicant may submit
8 the approved notification or application to the department of natural
9 resources for confirmation that the notification or application is
10 subject to enhanced aquatic resource requirements. Upon any such
11 submission, the department of natural resources will within thirty days
12 confirm or deny that the notification or application is subject to
13 enhanced aquatic resource requirements and will forward separate
14 evidence of each confirmation to the department of revenue. Unless
15 notified of a contrary ruling by the (~~forest practices appeals board~~)
16 pollution control hearings board, the department of revenue shall use
17 the separate confirmations in determining the credit to be allowed
18 against the tax assessed under RCW 84.33.041.

19 (5) A refusal by the department of natural resources to confirm
20 that a notification or application is subject to enhanced aquatic
21 resources requirements may be appealed to the (~~forest practices
22 appeals board under RCW 76.09.220~~) pollution control hearings board.

23 (6) A person receiving approval of credit must keep records
24 necessary for the department of revenue to verify eligibility under
25 this section.

26 **Sec. 36.** RCW 90.58.140 and 1995 c 347 s 309 are each amended to
27 read as follows:

28 (1) A development shall not be undertaken on the shorelines of the
29 state unless it is consistent with the policy of this chapter and,
30 after adoption or approval, as appropriate, the applicable guidelines,
31 rules, or master program.

32 (2) A substantial development shall not be undertaken on shorelines
33 of the state without first obtaining a permit from the government
34 entity having administrative jurisdiction under this chapter.

35 A permit shall be granted:

36 (a) From June 1, 1971, until such time as an applicable master
37 program has become effective, only when the development proposed is

1 consistent with: (i) The policy of RCW 90.58.020; and (ii) after their
2 adoption, the guidelines and rules of the department; and (iii) so far
3 as can be ascertained, the master program being developed for the area;

4 (b) After adoption or approval, as appropriate, by the department
5 of an applicable master program, only when the development proposed is
6 consistent with the applicable master program and this chapter.

7 (3) The local government shall establish a program, consistent with
8 rules adopted by the department, for the administration and enforcement
9 of the permit system provided in this section. The administration of
10 the system so established shall be performed exclusively by the local
11 government.

12 (4) Except as otherwise specifically provided in subsection (11) of
13 this section, the local government shall require notification of the
14 public of all applications for permits governed by any permit system
15 established pursuant to subsection (3) of this section by ensuring that
16 notice of the application is given by at least one of the following
17 methods:

18 (a) Mailing of the notice to the latest recorded real property
19 owners as shown by the records of the county assessor within at least
20 three hundred feet of the boundary of the property upon which the
21 substantial development is proposed;

22 (b) Posting of the notice in a conspicuous manner on the property
23 upon which the project is to be constructed; or

24 (c) Any other manner deemed appropriate by local authorities to
25 accomplish the objectives of reasonable notice to adjacent landowners
26 and the public.

27 The notices shall include a statement that any person desiring to
28 submit written comments concerning an application, or desiring to
29 receive notification of the final decision concerning an application as
30 expeditiously as possible after the issuance of the decision, may
31 submit the comments or requests for decisions to the local government
32 within thirty days of the last date the notice is to be published
33 pursuant to this subsection. The local government shall forward, in a
34 timely manner following the issuance of a decision, a copy of the
35 decision to each person who submits a request for the decision.

36 If a hearing is to be held on an application, notices of such a
37 hearing shall include a statement that any person may submit oral or
38 written comments on an application at the hearing.

1 (5) The system shall include provisions to assure that construction
2 pursuant to a permit will not begin or be authorized until twenty-one
3 days from the date (~~(the permit decision was filed)~~) of receipt as
4 provided in subsection (6) of this section; or until all review
5 proceedings are terminated if the proceedings were initiated within
6 twenty-one days from the date of (~~(filing)~~) receipt as defined in
7 subsection (6) of this section except as follows:

8 (a) In the case of any permit issued to the state of Washington,
9 department of transportation, for the construction and modification of
10 SR 90 (I-90) on or adjacent to Lake Washington, the construction may
11 begin after thirty days from the date of filing, and the permits are
12 valid until December 31, 1995;

13 (b) Construction may be commenced no sooner than thirty days after
14 the date of the appeal of the board's decision is filed if a permit is
15 granted by the local government and (i) the granting of the permit is
16 appealed to the shorelines hearings board within twenty-one days of the
17 date of (~~(filing)~~) receipt, (ii) the hearings board approves the
18 granting of the permit by the local government or approves a portion of
19 the substantial development for which the local government issued the
20 permit, and (iii) an appeal for judicial review of the hearings board
21 decision is filed pursuant to chapter 34.05 RCW. The appellant may
22 request, within ten days of the filing of the appeal with the court, a
23 hearing before the court to determine whether construction pursuant to
24 the permit approved by the hearings board or to a revised permit issued
25 pursuant to the order of the hearings board should not commence. If,
26 at the conclusion of the hearing, the court finds that construction
27 pursuant to such a permit would involve a significant, irreversible
28 damaging of the environment, the court shall prohibit the permittee
29 from commencing the construction pursuant to the approved or revised
30 permit until all review proceedings are final. Construction pursuant
31 to a permit revised at the direction of the hearings board may begin
32 only on that portion of the substantial development for which the local
33 government had originally issued the permit, and construction pursuant
34 to such a revised permit on other portions of the substantial
35 development may not begin until after all review proceedings are
36 terminated. In such a hearing before the court, the burden of proving
37 whether the construction may involve significant irreversible damage to

1 the environment and demonstrating whether such construction would or
2 would not be appropriate is on the appellant;

3 (c) If the permit is for a substantial development meeting the
4 requirements of subsection (11) of this section, construction pursuant
5 to that permit may not begin or be authorized until twenty-one days
6 from the date (~~(the permit decision was filed)~~) of receipt as provided
7 in subsection (6) of this section.

8 If a permittee begins construction pursuant to subsections (a),
9 (b), or (c) of this subsection, the construction is begun at the
10 permittee's own risk. If, as a result of judicial review, the courts
11 order the removal of any portion of the construction or the restoration
12 of any portion of the environment involved or require the alteration of
13 any portion of a substantial development constructed pursuant to a
14 permit, the permittee is barred from recovering damages or costs
15 involved in adhering to such requirements from the local government
16 that granted the permit, the hearings board, or any appellant or
17 intervener.

18 (6) Any decision on an application for a permit under the authority
19 of this section, whether it is an approval or a denial, shall,
20 concurrently with the transmittal of the ruling to the applicant, be
21 (~~(filed with)~~) transmitted to the department and the attorney general.
22 A petition for review of such a decision must be commenced within
23 twenty-one days from the date of receipt of the decision. With regard
24 to a permit other than a permit governed by subsection (10) of this
25 section, "date of (~~(filing)~~) receipt" as used herein (~~(means)~~) refers
26 to the date ((of actual receipt by the department)) that the applicant
27 receives written notice from the department that the department has
28 received the decision. With regard to a permit for a variance or a
29 conditional use, "date of (~~(filing)~~) receipt" means the date a local
30 government or applicant receives the written decision of the department
31 rendered on the permit pursuant to subsection (10) of this section (~~(is~~
32 ~~transmitted by the department to the local government. The department~~
33 ~~shall notify in writing the local government and the applicant of the~~
34 ~~date of filing)). For the purposes of this subsection, the term "date
35 of receipt" has the same meaning as provided in RCW 43.21B.001.~~

36 (7) Applicants for permits under this section have the burden of
37 proving that a proposed substantial development is consistent with the
38 criteria that must be met before a permit is granted. In any review of

1 the granting or denial of an application for a permit as provided in
2 RCW 90.58.180 (1) and (2), the person requesting the review has the
3 burden of proof.

4 (8) Any permit may, after a hearing with adequate notice to the
5 permittee and the public, be rescinded by the issuing authority upon
6 the finding that a permittee has not complied with conditions of a
7 permit. If the department is of the opinion that noncompliance exists,
8 the department shall provide written notice to the local government and
9 the permittee. If the department is of the opinion that the
10 noncompliance continues to exist thirty days after the date of the
11 notice, and the local government has taken no action to rescind the
12 permit, the department may petition the hearings board for a rescission
13 of the permit upon written notice of the petition to the local
14 government and the permittee if the request by the department is made
15 to the hearings board within fifteen days of the termination of the
16 thirty-day notice to the local government.

17 (9) The holder of a certification from the governor pursuant to
18 chapter 80.50 RCW shall not be required to obtain a permit under this
19 section.

20 (10) Any permit for a variance or a conditional use by local
21 government under approved master programs must be submitted to the
22 department for its approval or disapproval.

23 (11)(a) An application for a substantial development permit for a
24 limited utility extension or for the construction of a bulkhead or
25 other measures to protect a single family residence and its appurtenant
26 structures from shoreline erosion shall be subject to the following
27 procedures:

28 (i) The public comment period under subsection (4) of this section
29 shall be twenty days. The notice provided under subsection (4) of this
30 section shall state the manner in which the public may obtain a copy of
31 the local government decision on the application no later than two days
32 following its issuance;

33 (ii) The local government shall issue its decision to grant or deny
34 the permit within twenty-one days of the last day of the comment period
35 specified in (i) of this subsection; and

36 (iii) If there is an appeal of the decision to grant or deny the
37 permit to the local government legislative authority, the appeal shall
38 be finally determined by the legislative authority within thirty days.

1 (b) For purposes of this section, a limited utility extension means
2 the extension of a utility service that:

3 (i) Is categorically exempt under chapter 43.21C RCW for one or
4 more of the following: Natural gas, electricity, telephone, water, or
5 sewer;

6 (ii) Will serve an existing use in compliance with this chapter;
7 and

8 (iii) Will not extend more than twenty-five hundred linear feet
9 within the shorelines of the state.

10 **Sec. 37.** RCW 90.58.180 and 2003 c 393 s 22 are each amended to
11 read as follows:

12 (1) Any person aggrieved by the granting, denying, or rescinding of
13 a permit on shorelines of the state pursuant to RCW 90.58.140 may,
14 except as otherwise provided in chapter 43.21L RCW, seek review from
15 the shorelines hearings board by filing a petition for review within
16 twenty-one days of the date of ~~((filing))~~ receipt of the decision as
17 ~~((defined))~~ provided for in RCW 90.58.140(6).

18 Within seven days of the filing of any petition for review with the
19 board as provided in this section pertaining to a final decision of a
20 local government, the petitioner shall serve copies of the petition on
21 the department, the office of the attorney general, and the local
22 government. The department and the attorney general may intervene to
23 protect the public interest and ~~((insure))~~ ensure that the provisions
24 of this chapter are complied with at any time within fifteen days from
25 the date of the receipt by the department or the attorney general of a
26 copy of the petition for review filed pursuant to this section. The
27 shorelines hearings board shall schedule review proceedings on the
28 petition for review without regard as to whether the period for the
29 department or the attorney general to intervene has or has not expired.

30 (2) The department or the attorney general may obtain review of any
31 final decision granting a permit, or granting or denying an application
32 for a permit issued by a local government by filing a written petition
33 with the shorelines hearings board and the appropriate local government
34 within twenty-one days from the date ~~((the final decision was filed))~~
35 of receipt as provided in RCW 90.58.140(6).

36 (3) The review proceedings authorized in subsections (1) and (2) of
37 this section are subject to the provisions of chapter 34.05 RCW

1 pertaining to procedures in adjudicative proceedings. Judicial review
2 of such proceedings of the shorelines hearings board is governed by
3 chapter 34.05 RCW. The board shall issue its decision on the appeal
4 authorized under subsections (1) and (2) of this section within one
5 hundred eighty days after the date the petition is filed with the board
6 or a petition to intervene is filed by the department or the attorney
7 general, whichever is later. The time period may be extended by the
8 board for a period of thirty days upon a showing of good cause or may
9 be waived by the parties.

10 (4) Any person may appeal any rules, regulations, or guidelines
11 adopted or approved by the department within thirty days of the date of
12 the adoption or approval. The board shall make a final decision within
13 sixty days following the hearing held thereon.

14 (5) The board shall find the rule, regulation, or guideline to be
15 valid and enter a final decision to that effect unless it determines
16 that the rule, regulation, or guideline:

17 (a) Is clearly erroneous in light of the policy of this chapter; or

18 (b) Constitutes an implementation of this chapter in violation of
19 constitutional or statutory provisions; or

20 (c) Is arbitrary and capricious; or

21 (d) Was developed without fully considering and evaluating all
22 material submitted to the department during public review and comment;
23 or

24 (e) Was not adopted in accordance with required procedures.

25 (6) If the board makes a determination under subsection (5)(a)
26 through (e) of this section, it shall enter a final decision declaring
27 the rule, regulation, or guideline invalid, remanding the rule,
28 regulation, or guideline to the department with a statement of the
29 reasons in support of the determination, and directing the department
30 to adopt, after a thorough consultation with the affected local
31 government and any other interested party, a new rule, regulation, or
32 guideline consistent with the board's decision.

33 (7) A decision of the board on the validity of a rule, regulation,
34 or guideline shall be subject to review in superior court, if
35 authorized pursuant to chapter 34.05 RCW. A petition for review of the
36 decision of the shorelines hearings board on a rule, regulation, or
37 guideline shall be filed within thirty days after the date of final
38 decision by the shorelines hearings board.

1 **Sec. 38.** RCW 90.58.190 and 2003 c 321 s 4 are each amended to read
2 as follows:

3 (1) The appeal of the department's decision to adopt a master
4 program or amendment pursuant to RCW 90.58.070(2) or 90.58.090(5) is
5 governed by RCW 34.05.510 through 34.05.598.

6 (2)(a) The department's final decision to approve((~~τ~~)) or reject((~~τ~~
7 ~~er-modify~~)) a proposed master program or master program amendment
8 ((~~adopted~~)) by a local government planning under RCW 36.70A.040 shall
9 be appealed to the growth management hearings board ((~~with jurisdiction~~
10 ~~over the local government. The appeal shall be initiated~~)) by filing
11 a petition within sixty days from the date of the department's written
12 notice to the local government of the department's final decision to
13 approve or reject a proposed master program or master program
14 amendment, as provided in RCW ((~~36.70A.250 through 36.70A.320~~))
15 36.70A.290. The department's written notice must conspicuously and
16 plainly state that it is the department's final decision and that there
17 will be no further modifications under RCW 90.58.090(2).

18 (b) If the appeal to the growth management hearings board concerns
19 shorelines, the growth management hearings board shall review the
20 proposed master program or amendment solely for compliance with the
21 requirements of this chapter, the policy of RCW 90.58.020 and the
22 applicable guidelines, the internal consistency provisions of RCW
23 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105, and chapter
24 43.21C RCW as it relates to the adoption of master programs and
25 amendments under chapter 90.58 RCW.

26 (c) If the appeal to the growth management hearings board concerns
27 a shoreline of statewide significance, the board shall uphold the
28 decision by the department unless the board, by clear and convincing
29 evidence, determines that the decision of the department is
30 inconsistent with the policy of RCW 90.58.020 and the applicable
31 guidelines.

32 (d) The appellant has the burden of proof in all appeals to the
33 growth management hearings board under this subsection.

34 (e) Any party aggrieved by a final decision of a growth management
35 hearings board under this subsection may appeal the decision to
36 superior court as provided in RCW 36.70A.300.

37 (3)(a) The department's final decision to approve((~~τ~~)) or reject((~~τ~~
38 ~~er-modify~~)) a proposed master program or master program amendment by a

1 local government not planning under RCW 36.70A.040 shall be appealed to
2 the shorelines hearings board by filing a petition within thirty days
3 of the date of the department's written notice to the local government
4 of the department's final decision to approve((~~7~~)) or reject((~~7-07~~
5 ~~modify~~)) a proposed master program or master program amendment ((~~as~~
6 ~~provided in RCW 90.58.090(2)~~)). The department's written notice must
7 conspicuously and plainly state that it is the department's final
8 decision and that there will be no further modifications under RCW
9 90.58.090(2).

10 (b) In an appeal relating to shorelines, the shorelines hearings
11 board shall review the proposed master program or master program
12 amendment and, after full consideration of the presentations of the
13 local government and the department, shall determine the validity of
14 the local government's master program or amendment in light of the
15 policy of RCW 90.58.020 and the applicable guidelines.

16 (c) In an appeal relating to shorelines of statewide significance,
17 the shorelines hearings board shall uphold the decision by the
18 department unless the board determines, by clear and convincing
19 evidence that the decision of the department is inconsistent with the
20 policy of RCW 90.58.020 and the applicable guidelines.

21 (d) Review by the shorelines hearings board shall be considered an
22 adjudicative proceeding under chapter 34.05 RCW, the administrative
23 procedure act. The aggrieved local government shall have the burden of
24 proof in all such reviews.

25 (e) Whenever possible, the review by the shorelines hearings board
26 shall be heard within the county where the land subject to the proposed
27 master program or master program amendment is primarily located. The
28 department and any local government aggrieved by a final decision of
29 the hearings board may appeal the decision to superior court as
30 provided in chapter 34.05 RCW.

31 (4) A master program amendment shall become effective after the
32 approval of the department or after the decision of the shorelines
33 hearings board to uphold the master program or master program
34 amendment, provided that the board may remand the master program or
35 master program adjustment to the local government or the department for
36 modification prior to the final adoption of the master program or
37 master program amendment.

1 **Sec. 39.** RCW 90.58.210 and 1995 c 403 s 637 are each amended to
2 read as follows:

3 (1) Except as provided in RCW 43.05.060 through 43.05.080 and
4 43.05.150, the attorney general or the attorney for the local
5 government shall bring such injunctive, declaratory, or other actions
6 as are necessary to ~~((insure))~~ ensure that no uses are made of the
7 shorelines of the state in conflict with the provisions and programs of
8 this chapter, and to otherwise enforce the provisions of this chapter.

9 (2) Any person who shall fail to conform to the terms of a permit
10 issued under this chapter or who shall undertake development on the
11 shorelines of the state without first obtaining any permit required
12 under this chapter shall also be subject to a civil penalty not to
13 exceed one thousand dollars for each violation. Each permit violation
14 or each day of continued development without a required permit shall
15 constitute a separate violation.

16 (3) The penalty provided for in this section shall be imposed by a
17 notice in writing, either by certified mail with return receipt
18 requested or by personal service, to the person incurring the same from
19 the department or local government, describing the violation with
20 reasonable particularity and ordering the act or acts constituting the
21 violation or violations to cease and desist or, in appropriate cases,
22 requiring necessary corrective action to be taken within a specific and
23 reasonable time.

24 (4) ~~((Within thirty days after the notice is received, the person
25 incurring the penalty may apply in writing to the department for
26 remission or mitigation of such penalty. Upon receipt of the
27 application, the department or local government may remit or mitigate
28 the penalty upon whatever terms the department or local government in
29 its discretion deems proper.))~~ The person incurring the penalty may
30 appeal within thirty days from the date of receipt of the penalty. The
31 term "date of receipt" has the same meaning as provided in RCW
32 43.21B.001. Any penalty imposed pursuant to this section by the
33 department shall be subject to review by the shorelines hearings board.
34 Any penalty imposed pursuant to this section by local government shall
35 be subject to review by the local government legislative authority.
36 Any penalty jointly imposed by the department and local government
37 shall be appealed to the shorelines hearings board.

1 **Sec. 40.** RCW 90.58.560 and 1995 c 403 s 638 are each amended to
