

**HB 2494 - H AMD 1406**

By Representative Dunshee

1       Strike everything after the enacting clause and insert the  
2 following:

3       "NEW SECTION.   **Sec. 1.** The legislature finds the commission on  
4 state debt's recommendations accomplish several objectives that improve  
5 the state's standing with regard to the amount of debt available for  
6 capital projects and the required debt service to pay for those  
7 projects. Implementation of the recommendations will result in more  
8 stable and predictable bond-funded capital budgets and debt service.  
9 The recommendations include amending the state Constitution by changing  
10 the definition and calculation of general state revenue and reducing  
11 the debt limit in conjunction with amending the working debt limit.  
12 The recommendations also include creating a state debt council to  
13 advise on long-term debt. Therefore, the legislature intends to  
14 implement the commission on state debt's recommendations.

15       NEW SECTION.   **Sec. 2.** A new section is added to chapter 39.42 RCW  
16 to read as follows:

17       (1) The state debt council is created and consists of the state  
18 treasurer, acting as the chair and a nonvoting member; one member  
19 appointed from each of the two largest caucuses of the senate,  
20 appointed by the president of the senate; one member appointed from  
21 each of the two largest caucuses of the house of representatives,  
22 appointed by the speaker of the house; the director of the office of  
23 financial management; and the secretary of transportation. The members  
24 of the state debt council serve without additional compensation, but  
25 are reimbursed for travel expenses in accordance with RCW 44.04.120  
26 while attending sessions of the council or on official business  
27 authorized by the council. Staffing of the state debt council must be  
28 provided by the office of the state treasurer.

1 (2) The purpose of the state debt council is to report annually to  
2 the governor and the legislature on the level of existing state debt,  
3 the sources of funds for repayment of that debt, and corresponding  
4 changes in tangible assets resulting from that debt. The state debt  
5 council shall project long-term capacity for future debt given  
6 different revenue, interest rate, and future appropriation assumptions.  
7 The state debt council shall oversee the preparation of and approve, by  
8 an affirmative vote of at least four members, the report to the  
9 governor and the legislature as required under this section. The  
10 council's report shall include the following:

11 (a) A summary of current outstanding debt, the sources of revenue  
12 for repayment of that debt, and potential savings from future refunding  
13 of higher interest rate debt;

14 (b) A summary of the estimated net change in the financial value of  
15 tangible assets financed with state debt, including assets of the state  
16 public education system;

17 (c) A projection of long-term debt capacity and suggested  
18 improvements in the model, data, and assumptions used to project future  
19 debt capacity;

20 (d) The amounts of required future debt issuance based on the ten-  
21 year capital plan required in chapter 43.99 RCW;

22 (e) The amounts of future debt issuance based on transportation  
23 planning required in chapter 47.06 RCW; and

24 (f) The debt service required to pay for different types of debt.

25 **Sec. 3.** RCW 43.88.030 and 2006 c 334 s 43 are each amended to read  
26 as follows:

27 (1) The director of financial management shall provide all agencies  
28 with a complete set of instructions for submitting biennial budget  
29 requests to the director at least three months before agency budget  
30 documents are due into the office of financial management. The budget  
31 document or documents shall consist of the governor's budget message  
32 which shall be explanatory of the budget and shall contain an outline  
33 of the proposed financial policies of the state for the ensuing fiscal  
34 period, as well as an outline of the proposed six-year financial  
35 policies where applicable, and shall describe in connection therewith  
36 the important features of the budget. The biennial budget document or  
37 documents shall also describe performance indicators that demonstrate

1 measurable progress towards priority results. The message shall set  
2 forth the reasons for salient changes from the previous fiscal period  
3 in expenditure and revenue items and shall explain any major changes in

12 estimated revenues and caseloads of the office of financial management  
13 for those funds, accounts, sources, and programs for which the forecast  
14 councils do not prepare an official forecast. Revenues shall be

16 existing by law at the time of submission of the budget document,  
17 including the supplemental budgets submitted in the even-numbered years

19 in the governor's budget document may be adjusted to reflect budgetary  
20 revenue transfers and revenue and caseload estimates dependent upon  
21 budgetary assumptions of enrollments, workloads, and caseloads. All  
22 adjustments to the approved estimated revenues and caseloads must be  
23 set forth in the budget document. The governor may additionally  
24 submit, as an appendix to each supplemental, biennial, or six-year  
25 agency budget or to the budget document or documents, a proposal for

9 retirement system established after fiscal year 1991, to include, but  
10 not be limited to, estimated total payments made to the end of the  
11 previous biennial period, estimated payments for the present biennium,  
12 and estimated payments for the ensuing biennium.
- 13 (2) The budget document or documents shall include detailed  
14 estimates of all anticipated revenues applicable to proposed operating  
15 or capital expenditures and shall also include all proposed operating  
16 or capital expenditures, including debt service from all funds for  
17 proposed debt issuance, including alternatively financed projects for  
18 the full term of the financing. The total of beginning undesignated  
19 fund balance and estimated revenues less working capital and other

23 as follows:

24 A capital appropriation bill shall include the estimated (~~general~~  
25 ~~fund~~) debt service costs from all funds associated with new capital  
26 appropriations contained in that bill for the biennia in which the

28 of the financing.

29 **Sec. 5.** RCW 39.42.070 and 2009 c 500 s 1 and 2009 c 479 s 24 are  
30 each reenacted and amended to read as follows:

31 (~~On or after the effective date of this act,~~) The treasurer shall  
32 compute general state revenues for the (~~three~~) six fiscal years  
33 immediately preceding such date and shall determine the arithmetic mean  
34 thereof. As soon as is practicable after the close of each fiscal year  
35 thereafter, he or she shall do likewise. In determining the amount of  
36 general state revenues, the treasurer shall include all state money

1 received in the treasury from each and every source (~~whatsoever~~  
2 ~~except~~), including moneys received from ad valorem taxes levied by the  
3 state and deposited in the general fund in each fiscal year, but not  
4 including: (1) Fees and other revenues derived from the ownership or  
5 operation of any undertaking, facility or project; (2) moneys received  
6 as gifts, grants, donations, aid or assistance or otherwise from the  
7 United States or any department, bureau or corporation thereof, or any  
8 person, firm or corporation, public or private, when the terms and  
9 conditions of such gift, grant, donation, aid or assistance require the  
10 application and disbursement of such moneys otherwise than for the  
11 general purposes of the state of Washington; (3) moneys to be paid into  
12 and received from retirement system funds, and performance bonds and  
13 deposits; (4) moneys to be paid into and received from trust funds

20 or other evidences of indebtedness. Upon computing general state  
21 revenues, the treasurer shall make and file in the office of the  
22 secretary of state, a certificate containing the results of such  
23 computations. Copies of said certificate shall be sent to each elected  
24 official of the state and each member of the legislature. The  
25 treasurer shall, at the same time, advise each elected official and  
26 each member of the legislature of the current available debt capacity  
27 of the state, and may make estimated projections for one or more years  
28 concerning debt capacity.

29 NEW SECTION. **Sec. 6.** RCW 39.42.140 (Working debt limit) and 2011  
30 1st sp.s. c 46 s 3 are each repealed.

31 **Sec. 7.** RCW 39.42.140 and 2011 1st sp.s. c 46 s 3 are each amended  
32 to read as follows:

33 The state finance committee must recommend a working debt limit for  
34 purposes of budget development for various purpose capital bond  
35 appropriations. Nothing in this section shall in any manner affect the  
36 validity of indebtedness incurred in compliance with the provisions of

1 Article VIII, section 1 of the state Constitution. The working debt  
2 limit must be updated periodically following forecasts of the economic  
3 and revenue forecast council. The governor and legislature must  
4 develop capital bond budgets within the most recent recommended working  
5 debt limit. The working debt limit must be lower than the state  
6 constitutional debt limit in order to reserve capacity under the  
7 constitutional limit for emergencies and economic uncertainties. In  
8 order to begin to accomplish the objectives of stabilizing debt  
9 capacity and reducing the debt service burden on the operating budget,  
10 the state finance committee must recommend working debt limits of eight  
11 and one-half percent from July 1, ((2015)) 2016, to and including June  
12 30, ((2017)) 2018; eight and one-quarter percent from July 1, ((2017))  
13 2018, to and including June 30, ((2019)) 2020; eight percent from July  
14 1, ((2019)) 2020, to and including June 30, ((2021)) 2023; seven and  
15 three-quarters percent from July 1, ((2021)) 2023, and thereafter. The  
16 state finance committee may recommend modified working debt limits in  
17 response to extraordinary economic conditions. The state finance  
18 committee is authorized to reduce or delay the issuance of bonds if an  
19 issuance would result in exceeding the recommended working debt limit.

20 NEW SECTION. **Sec. 8.** The following act or parts of acts are each  
21 repealed:

- 22 (1) 2011 1st sp.s. c 46 s 1 (uncodified);
- 23 (2) 2011 1st sp.s. c 46 s 2 (uncodified); and
- 24 (3) 2011 1st sp.s. c 46 s 4 (uncodified).

25 NEW SECTION. **Sec. 9.** Sections 1, 2, 5, and 6 of this act take  
26 effect if the proposed amendment to Article VIII, section 1 of the  
27 state Constitution (implementing recommendations of the commission on  
28 state debt, HJR 4226 or ESJR 8221) is validly submitted to and is  
29 approved and ratified by the voters at the next general election. If  
30 approved and ratified by the voters at the next general election,  
31 section 5 of this act takes effect July 1, 2014, and section 7 of this  
32 act does not take effect. If the proposed amendment is not approved  
33 and ratified, sections 1, 2, 5, and 6 of this act are void in their  
34 entirety."

35 Correct the title.

EFFECT: The duties of the debt council are modified to focus more on technical information and less on policy recommendations. The fluctuating working debt limit based on the economy is eliminated. The existing phase down of the statutory working debt limit is delayed one year in the event the voters don't ratify the amendment of the constitutional debt limit in HJR 4226.
