By Senator Tom

NOT CONSIDERED 05/25/2011

1 On page 9, line 4, after "state." insert "The corporation's board
2 of directors shall apportion costs among producers whose covered drugs
3 are sold in or into this state proportionally to market share as
4 defined by annual sales revenue in Washington state. Market share by
5 annual sales revenue in Washington state shall be determined using data
6 provided by drug producers and publicly available data for the most
7 recent calendar year available. If annual sales revenue data specific
8 to Washington state is not available, then national sales revenue data
9 will be prorated based on population."

EFFECT: Allocates costs of the product stewardship program
proportionally on the basis of market share of producers whose covered
drugs are sold in or into the state.
