**Background:** The Legislature established Innovative Partnership Zones (IPZs) in 2007. IPZs are designated local areas that have research capacity, globally competitive firms in research-based industries, and training capacity. IPZs must have identifiable boundaries within which concentrated efforts will be made to connect innovative researchers, entrepreneurs, investors, industry associations or clusters, and training providers. IPZs are eligible for funds as provided by the Legislature or Governor. IPZs are designated by the Department of Commerce with the advice of the Economic Development Commission. IPZ designation is for a period of four years, which may be renewed through a reapplication process.

Rural counties may impose a local option sales and use tax of up to 0.09 percent. For purposes of the local option tax rural counties are defined as those with a population density

of less than 100 persons per square mile, or smaller than 225 square miles. The tax is deducted from the state's 6.5 percent sales tax and, thus, the consumer does not see an increase in the amount of the tax paid.

Revenues from this local option tax may only be used to finance public facilities serving economic development purposes and finance personnel in economic development offices. Public facilities are those listed as an item in an officially adopted county's overall economic development plan, the economic development section of the comprehensive plan, or listed in the capital facilities plan.

**Summary of Bill:** Public facilities serving economic development purposes include research, testing, training, and incubation facilities in IPZs.

**Appropriation:** None.

**Fiscal Note:** Available.

**Committee/Commission/Task Force Created:** No.

**Effective Date:** Ninety days after adjournment of session in which bill is passed.

**Staff Summary of Public Testimony:** PRO: This makes a provision for encouraging economic development in rural areas. IPZs are a wonderful innovation that have not yet reached their full potential. Our intention is to have economic development projects spread across the state.

**Persons Testifying:** PRO: Senator Chase, prime sponsor.
