

SHB 2114 - H AMD 612

By Representative Takko

- 1 On page 1, at the beginning of line 15, strike "or monthly,  
2 whichever is greater,"

EFFECT: Modifies, as proposed in the underlying bill, the increments of customer-specific utility usage and billing information held by a public utility that are exempt from disclosure. Removes "monthly" as a threshold increment, under which all increments of information are exempt from disclosure. Provides that increments of information which are less than a billing cycle are exempt from disclosure.
