

SHB 1016 - S AMD 270
By Senator Padden

NOT CONSIDERED

1 On page 5, line 33, after "connections" insert "in counties with a
2 population of greater than seven hundred fifty thousand but fewer than
3 one million five hundred thousand"

EFFECT: Provides that facilities of Group A public water system water purveyors serving 100 or more service connections in counties with a population of greater than 750,000 but fewer than 1,500,000 would be considered an essential public facilities under the GMA.
