6 On page 106, line 27, after "subsection." Insert the following:
7 "(...) \$2,816,000 of the carbon pollution reduction account--state
8 appropriation is provided solely for the implementation of Senate Bill
9 No. 5283 (carbon pollution market program). The legislature finds that
10 climate change is real and that human activity significantly contributes
11 to climate change. Climate change is harming the state and without
12 substantial reductions in greenhouse gas emissions the harm to the state
13 will be greatly increased. These include impacts to the state's forests,
14 agriculture, snowpack, coasts, infrastructure, fisheries and shellfish
15 industry, and other natural resources that are vital to the state's
16 economy, communities, and environment. The 2015 legislature intends to
17 enact comprehensive measures that will ensure the state meets the
18 legislatively adopted statewide emission reductions. If Senate Bill No.
19 5283 (carbon pollution market program) is not enacted by June 30, 2015,
20 the amounts provided in this subsection shall lapse."

21 Renumber the remaining subsections consecutively and correct any
22 internal references accordingly.
