**Hearing Date:** 2/25/15

**Staff:** Paul Ingiosi (786-7114).

**Background:**

The Department of Licensing (DOL) issues special vehicle license plates that may be used in lieu of standard plates. A governmental or nonprofit sponsoring organization seeking to sponsor a special plate either submits an application to the DOL or requests legislation to create the special plate. The sponsoring organization seeking to sponsor the special plate is required to reimburse the DOL for the costs of establishing the new special plate. There is a moratorium on the issuance of new special plates by the DOL until July 1, 2015.

For special license plates that are enacted by the Legislature, a sponsoring organization must, within 30 days of enactment, submit prepayment of all start-up costs to the DOL. If the sponsoring organization is not able to meet the prepayment requirement, revenues generated from the sale of the special license plate are first used to pay off any costs associated with establishing the new plate. The sponsoring organization must also provide a proposed license plate design to the DOL. Additionally, the sponsoring organization must submit an annual financial report to the DOL detailing actual revenues generated from the sale of the special license plate. The reports are reviewed, approved, and presented to the Joint Transportation Committee.

The DOL collects special license plate fees and, for administrative expenses, deducts an amount not to exceed \$12 for new plate issuance and \$2 for renewal. After these expenses are paid, the State Treasurer deposits the proceeds into the Motor Vehicle Account until the DOL determines the start-up costs for a special license plate are paid.

**Summary of Bill:**

The bill creates the Working Washington special license plate which would recognize organizations and businesses that support Washington workforce training. The plate would display "Working Washington" and provide a space for a decal for organizations and businesses approved by the DOL by rule. In addition to all fees and taxes required to be paid upon application for a vehicle registration, a fee of \$40 would be charged for a Working Washington special license plate and a \$30 fee is charged for renewal of the special license plate.

After the costs associated with establishing the special license plates are recovered, proceeds from the sale of the Working Washington special license plates will go to the Workforce Training and Education Coordinating Board for the purpose of funding workforce training programs.

The bill exempts the Working Washington special license plate from the moratorium on new special license plates.

**Appropriation:** None.
