### SENATE COMMITTEE ON HUMAN SERVICES, MENTAL HEALTH & HOUSING

**Staff:** Alison Mendiola (786-7444)

**Background:** Host home programs link families who need temporary care for their children with families who are willing to provide temporary care for those children. The children are not in the care or custody of the state. Host home programs recruit and screen host families. Host home programs, and host homes, are not regulated by any state agency.

**Summary of Bill:** The bill as referred to committee not considered.

**Summary of Bill (Proposed Amendment):** It is clarified that host home programs and host homes operated by tax-exempt organizations serving youth not in the care of, or receiving services from, the Department of Social and Human Services (DSHS) that meet specific criteria are not considered an "agency" and therefore not subject to regulation by DSHS.

- host home family longer than six months, the parents are to reauthorize their permission every six months:
- obtain insurance for the program; and
  - provide mandatory reporter and confidentiality training.

Host home programs are mandatory reporters. Host home programs are to be registered with the Secretary of State (SOS). When the host home program files articles of incorporation or registers with the SOS, the host home program is to provide a notarized statement that the program is meeting its statutory requirements. The SOS has no duty to confirm that a host home program is meeting its statutory requirements, nor does a filing imply an endorsement by the SOS.

By July 1, 2017, the Department of Commerce is to report its recommendations and best practices for host home programs to the Governor and Legislature.
