Synopsis as Enacted

Brief Description: Concerning the sale of certain department of transportation surplus property.

Sponsors: Senate Committee on Transportation (originally sponsored by Senators King and Benton).

Senate Committee on Transportation
House Committee on Transportation

Background: Whenever the Department of Transportation (WSDOT) determines to sell surplus property, it must give public notice by publishing the proposed sale, on the same day for two consecutive weeks, in the legal notices and classified sections of a legal newspaper of general circulation in the area where the property to be sold is located. WSDOT must provide written notice to counties, cities, and towns with 60 days' notice of its intent to dispose of state agency land. All monies received through the sale of surplus property are deposited into the motor vehicle account.

When it is in the public interest, WSDOT may use equal value exchanges. These types of transactions exchange WSDOT land in full or as part of a consideration for land or improvements, or construction of improvements with private entities. In order for WSDOT to approve the purchase of real property with an appraised value of \$10,000 or more, WSDOT must first publish a notice of the proposed sale in a local newspaper in the area where the property is located. The notice must include a description of the property, the selling price, the terms of the sale, and the name and address of the WSDOT employee or the real estate broker handling the transaction. The notice must also state that any person may, within ten days after the publication of the notice, deliver to the designated WSDOT employee or real estate broker a written offer to purchase the property for not less than 10 percent more than the negotiated sale price, subject to the same terms and conditions. The subsequent offer must not be considered unless it is accompanied by a deposit of 20 percent of the total offer price. If a subsequent offer is received, the first offeror is informed by registered or certified mail sent to the address stated in the offeror's office. The first offeror must then have ten days, from the date of mailing the notice of the increased offer, in which to file a higher offer with the designated WSDOT employee or real estate broker. After the expiration of the ten-day period, WSDOT must approve in writing the highest and best offer.

Summary: The requirement for WSDOT to advertise real property auctions in the legal notices and classified sections of newspapers on the same day for two consecutive weeks is

WSDOT is prohibited from entering into equal value exchange transactions.

The requirement for WSDOT to publish a notice of proposed sale in a local newspaper in the area where the property is located is removed.
