### SENATE COMMITTEE ON WAYS & MEANS

**Staff:** Steve Jones (786-7440)

**Background:** Members of Plan 2 of the Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF 2) are eligible for a retirement allowance at age 53 that is equal to 2 percent times the member's years of service times the member's average final compensation. Members of LEOFF 2 may add up to five years of service credit for the calculation of their retirement allowance by paying the actuarial equivalent value of the increase in the member's benefit. Subject to rules adopted by the Department of Retirement Systems (DRS), the payment can be made with a lump sum payment, an eligible or direct rollover, or a trustee-to-trustee transfer from an eligible retirement plan.

Many members of LEOFF 2 also participate in employer-sponsored tax-deferred savings plans established under sections 401(a), 403(b), and 457 of the federal Internal Revenue Code.

Under legislation enacted in 2014, at the time of retirement, members of LEOFF 2 may purchase an optional actuarially equivalent life annuity from the LEOFF 2 fund with a minimum payment of \$25,000. The payment may be made through an eligible or direct rollover, or trustee-to-trustee transfer from a tax-qualified plan offered by a governmental employer.

**Summary of Bill:** Members of LEOFF 2 who retired prior to June 1, 2014, may purchase an optional actuarially equivalent life annuity from the LEOFF 2 fund with a minimum payment of \$25,000. The payment may be made through an eligible or direct rollover, or trustee-to-trustee transfer from a tax-qualified plan offered by a governmental employer.

DRS must adopt rules regarding eligible rollovers and transfers to ensure they comply with federal requirements and that the rollovers and transfers are conditioned on the receipt of information needed by DRS to determine their eligibility for tax-free treatment under federal tax law.

**Appropriation:** None.
