3 On page 3, line 12, after "entire differential" insert "; or

9 On page 3, line 13, after "An" strike "individual's" and insert  
10 "employee's"

EFFECT:

- Adds defense of a bona fide regional difference in compensation levels. Requires the difference to be consistent with business necessity, not be based on or derived from a gender-based differential, and account for the entire differential (same requirements as for the job related factor defense).
- Clarifies that the wage or salary history that is not a defense is the employee's wage or salary history.
