 - (4)(a) A designated mental health professional or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this section to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment, or initiate proceedings under this subsection (4) without ordering the apprehension and detention of the person.
 - (b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. The person may waive the court hearing and allow 12 the court to enter a stipulated order upon the agreement of all 13 parties. If the court orders detention for inpatient treatment, the 14 treatment period may be for no longer than the period authorized in 15 the original court order. 16
 - (e) Revocation proceedings under this subsection (4) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. The person may be 17 detained at the facility for up to twelve hours for the purpose of an 18 evaluation to determine whether modification, revocation, commitment proceedings are necessary and appropriate to stabilize the 19 person and prevent decompensation, deterioration, or physical harm. 20 21 Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of 22 reasonable attempts at outreach and engagement, and may occur only 23 when in the clinical judgment of a designated crisis responder or the 24 25 professional person in charge of an agency or facility designated to 26 monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation 27 to pursue revocation procedures under subsection (4) of this section 28 29 in appropriate circumstances; and
- 30 (e) To initiate revocation procedures under subsection (4) of 31 this section.
 - (3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.
 - (4)(a) A designated crisis responder or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order Code Rev/KT:akl

- (b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.
- (c) The designated crisis responder or secretary shall ((notify the court that originally ordered commitment within two judicial days of a person's detention and)) file a revocation petition and order of apprehension and detention with the court ((and)) of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings ((regarding a petition for modification or revocation must be in)) is the county ((in which)) where the petition ((was)) is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.
- (d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious Code Rev/KT:akl

- 1 harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative 2 or conditional release order or order the person's detention for 3 inpatient treatment. The person may waive the court hearing and allow 4 the court to enter a stipulated order upon the agreement of all 5 6 parties. If the court orders detention for inpatient treatment, the 7 treatment period may be for no longer than the period authorized in the original court order. 8
- 9 (e) Revocation proceedings under this subsection (4) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

(5) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Part Three - Initial Detention Investigations

- 22 **Sec. 11.** RCW 71.05.154 and 2013 c 334 s 1 are each amended to 23 read as follows:
- 24 ((A)) If a person subject to evaluation under RCW 71.05.150 or 25 71.05.153 is located in an emergency room at the time of evaluation, 26 the designated mental health professional conducting ((an)) the evaluation ((of a person under RCW 71.05.150 or 71.05.153 must 27 consult with any examining emergency room physician regarding the 28 29 physician's observations and opinions relating to the person's 30 condition, and whether, in the view of the physician, detention is appropriate. The designated mental health professional)) shall take 31 serious consideration of observations and opinions by an examining 32 emergency room physician((s)), advanced registered nurse 33 34 practitioner, or physician assistant in determining whether detention under this chapter is appropriate. The designated mental health 35 professional must document ((the)) his or her consultation with ((an 36 examining emergency room physician)) this professional, ((including)) 37 if the professional is available, or his or her review of the 38

- 1 ((physician's)) professional's written observations or opinions 2 regarding whether detention of the person is appropriate.
- 3 **Sec. 12.** RCW 71.05.154 and 2016 sp.s. c 29 s 214 are each 4 amended to read as follows:
- 5 ((A)) If a person subject to evaluation under RCW 71.05.150 or 71.05.153 is located in an emergency room at the time of evaluation, 6 the designated crisis responder conducting ((an)) the evaluation ((of 7 a person under RCW 71.05.150 or 71.05.153 must consult with any 8 9 examining emergency room physician regarding the physician's observations and opinions relating to the person's condition, and 10 whether, in the view of the physician, detention is appropriate. The 11 designated crisis responder)) shall take serious consideration of 12 observations and 13 opinions by an examining emergency room physician((s)), advanced registered nurse practitioner, or physician 14 15 assistant in determining whether detention under this chapter is 16 appropriate. The designated crisis responder must document ((the)) 17 his or her consultation with ((an examining emergency room 18 physician)) this professional, ((including)) if the professional is <u>available</u>, or his or her review of the ((physician's)) professional's 19 20 written observations or opinions regarding whether detention of the 21 person is appropriate.

Part Four - Evaluation and Petition by Chemical Dependency Professionals

- 24 **Sec. 13.** RCW 70.96A.140 and 2016 sp.s. c 29 s 102 are each 25 amended to read as follows:
 - (1)(a) When a designated chemical dependency specialist receives information alleging that a person presents a likelihood of serious harm or is gravely disabled as a result of ((chemical dependency)) a substance use disorder, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court, district court, or in another court permitted by court rule.
 - If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent,

guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to either a designated mental health professional or an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020.

- (b) If placement in a ((ehemical dependency)) substance use disorder treatment program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and presents a likelihood of serious harm or is gravely disabled by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for withdrawal management, sobering services, or ((ehemical dependency)) substance use disorder treatment pursuant to RCW 70.96A.110 or 70.96A.120, and is in need of a more sustained treatment program, or that the person ((is chemically dependent)) has a substance use disorder and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment.
- (c) If involuntary detention is sought, the petition must state facts that support a finding of the grounds identified in (b) of this subsection and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition must state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition must state facts that support a finding of the grounds for commitment identified in (b) of this subsection and set forth the proposed less restrictive alternative.
 - (d)(i) The petition must be signed by:
- (A) ((Two physicians;)) One physician, physician assistant, or advanced registered nurse practitioner; and
 - (B) ((One physician and a mental health professional;
 - (C) One physician assistant and a mental health professional; or
- 37 (D) One psychiatric advanced registered nurse practitioner and a mental health professional.

- (ii) The persons signing the petition must have examined the person)) One physician, physician assistant, advanced registered nurse practitioner, or designated chemical dependency specialist.
- (2) Upon filing the petition, the court shall fix a date for a 4 hearing no less than two and no more than seven days after the date 5 6 the petition was filed unless the person petitioned against is 7 presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or 71.34.710, in which case the hearing shall be held 8 within seventy-two hours of the filing of the petition((: PROVIDED, 9 HOWEVER, That)). The ((above specified)) seventy-two hours shall be 10 computed by excluding Saturdays, Sundays, and holidays((+ PROVIDED 11 12 FURTHER, That,)). The court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written 13 permission of the person whose commitment is sought, or his or her 14 counsel and, upon good cause shown, extend the date for the hearing. 15 16 A copy of the petition and of the notice of the hearing, including 17 the date fixed by the court, shall be served ((by the designated chemical dependency specialist)) on the person whose commitment is 18 sought, his or her next of kin, a parent or his or her legal guardian 19 20 if he or she is a minor, and any other person the court believes 21 advisable. A copy of the petition and certificate shall be delivered to each person notified. 22
 - (3) At the hearing the court shall hear all relevant testimony including, if possible, the testimony, which may be telephonic, of at least one licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or ((mental health professional)) designated chemical dependency specialist who has examined the person whose commitment is sought. Communications otherwise privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except

1 that portions of the record that contain opinions as to whether the detained person ((is chemically dependent)) has a substance use 2 disorder shall be deleted from the records unless the person offering 3 the opinions is available for cross-examination. The person shall be 4 present unless the court believes that his or her presence is likely 5 6 to be injurious to him or her; in this event the court may deem it appropriate to appoint a quardian ad litem to represent him or her 7 throughout the proceeding. If deemed advisable, the court may examine 8 the person out of courtroom. If the person has refused to be examined 9 a licensed physician, psychiatric advanced registered nurse 10 practitioner, physician assistant, or ((mental health professional)) 11 12 designated chemical dependency specialist, he or she shall be given opportunity to be examined by a court appointed licensed 13 14 physician, psychiatric advanced registered nurse practitioner, physician assistant, or other professional person qualified to 15 provide such services. If he or she refuses and there is sufficient 16 17 evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the 18 court may make a temporary order committing him or her to the 19 department for a period of not more than five days for purposes of a 20 21 diagnostic examination.

(4)(a) If, after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by a preponderance of the evidence and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of the person or others, it shall make an order of commitment to an approved substance use disorder treatment program. It shall not order commitment of a person unless it determines that an approved substance use disorder treatment program is available and able to provide adequate and appropriate treatment for him or her.

(b) If the court finds that the grounds for commitment have been established by a preponderance of the evidence, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment. The less restrictive order may impose treatment conditions and other conditions that are in the best interest of the respondent and others. A copy of the less restrictive order must be given to the respondent, the designated chemical

(5) A person committed to inpatient treatment under this section shall remain in the program for treatment for a period of fourteen days unless sooner discharged. A person committed to a restrictive course of treatment under this section shall remain in the program of treatment for a period of ninety days unless sooner discharged. At the end of the fourteen-day period, or ninety-day period in the case of a less restrictive alternative to inpatient treatment, he or she shall be discharged automatically unless the program or the designated chemical dependency specialist, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days of inpatient treatment or ninety days of less restrictive alternative treatment unless sooner discharged. The petition for ninety-day inpatient or less restrictive alternative treatment must be filed with the clerk of the court at least three days before expiration of the fourteen-day period of intensive treatment.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the treatment progress report.

If a person has been committed because he or she ((is chemically dependent)) has a substance use disorder and is likely to inflict physical harm on another, the program or designated chemical dependency specialist shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date Code Rev/KT:akl

- the petition was filed(($\frac{\cdot PROVIDED}{\cdot That}$)). The court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsections (3) and (4) of this section, except that the burden of proof upon a hearing for recommitment must be proof by clear, cogent, and convincing evidence.
 - (7) The approved substance use disorder treatment program shall provide for adequate and appropriate treatment of a person committed to its custody on an inpatient or outpatient basis. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.
 - (8) A person committed to a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:
 - (a) In case of a ((chemically dependent)) person with a substance use disorder committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.
 - (b) In case of a ((chemically dependent)) person with a substance use disorder committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.
 - (9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary,

- 1 counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal 2 service; otherwise such legal service shall be at public expense. The 3 person whose commitment or recommitment is sought shall be informed 4 5 of his or her right to be examined by a licensed physician, nurse practitioner, physician 6 psychiatric advanced registered assistant, designated chemical dependency specialist, or 7 professional person of his or her choice who is qualified to provide 8 such services. If the person is unable to obtain a qualified person 9 and requests an examination, the court shall employ a licensed 10 11 physician, psychiatric advanced registered nurse practitioner, physician assistant, <u>designated chemical dependency specialist</u>, or 12 other professional person to conduct an examination and testify on 13 14 behalf of the person.
- 15 (10) A person committed under this chapter may at any time seek 16 to be discharged from commitment by writ of habeas corpus in a court 17 of competent jurisdiction.
 - (11) The venue for proceedings under this section is the county in which person to be committed resides or is present.
 - (12) When in the opinion of the professional person in charge of the program providing involuntary inpatient treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms her release, or conditions of his or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of

The designated chemical dependency specialist shall 4 file a petition with the court stating the facts substantiating the 5 б need for the hearing along with the treatment recommendations. The 7 patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. 8 issues to be determined at the hearing are whether 9 conditionally released patient did or did not adhere to the terms and 10 11 conditions of his or her release to less restrictive care or that 12 substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the 13 14 person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her 15 16 guardian or conservator, if any, but may not be waived unless all 17 such persons agree to the waiver. Upon waiver, the person may be 18 returned for involuntary treatment or continued on conditional release on the same or modified conditions. The grounds and 19 procedures for revocation of less restrictive alternative treatment 20 21 ordered by the court must be the same as those set forth in this 22 section for less restrictive care arranged by an approved substance use disorder treatment program as a condition for early release. 23

EFFECT: Requires a designated mental health professional (DMHP) or DMHP agency to provide an immediate family member, guardian, or conservator with written or electronic information about the process to petition for court review when the DMHP does not detain a person after a request for investigation. If written or electronic information is not feasible, requires the DMHP or DMHP agency to refer the person to a web site where information about the petition process may be accessed. Requires the DMHP to document the manner and date on which the required information is provided.

Removes a provision stating that the requirement for a designated mental health professional to consult with and take serious consideration of the observations and opinions of an examining emergency room physician, advanced registered nurse practitioner, or physician assistant as to whether a person should be detained does not create an exception to the general rule stated in the Involuntary Treatment Act (ITA) that courts should decide ITA petitions on their merits in light of the state's police power interest in protecting the safety of individuals and the public.

Under the chemical dependency commitment laws in effect until April 1, 2018, replaces chemical dependency professionals with designated chemical dependency specialists in the list of professionals that may examine a person and sign a commitment petition for a person who is in need of substance use disorder treatment.

Clarifies that a chemical dependency professional may evaluate a person and sign a commitment petition only in the case of a person who is being evaluated or detained for substance use disorder treatment and provides that psychiatric advanced registered nurse practitioners, rather than advanced registered nurse practitioners, may sign commitment petitions for persons who may be in need of mental health treatment.

Amends the statute governing petitions for 90-day involuntary treatment commitments to be consistent with changes made to the statutes governing petitions for 14-day commitments.

Adds physician assistants working with a supervising psychiatrist to a section designating the mental health professionals that may qualify as designated crisis responders for the purposes of the involuntary mental health and substance use disorder treatment systems.

Requires the Department of Social and Health Services to ensure that an additional secure detoxification facility is operational by April 1st of each year beginning in 2020 until there is adequate capacity to meet the involuntary treatment requirements for substance use disorder clients.
