19 provided in this section; (m) hospice services; (n) other diagnostic,

20 screening, preventive, and rehabilitative services; and (o) like

21 services when furnished to a child by a school district in a manner

1 consistent with the requirements of this chapter. For the purposes of
2 this section, neither the authority nor the department may cut off
3 any prescription medications, oxygen supplies, respiratory services,
4 or other life-sustaining medical services or supplies.

5 "Medical assistance," notwithstanding any other provision of law,
6 shall not include routine foot care, or dental services delivered by
7 any health care provider, that are not mandated by Title XIX of the
8 social security act unless there is a specific appropriation for
9 these services.

10 (2) The department shall adopt, amend, or rescind such
11 administrative rules as are necessary to ensure that Title XIX
12 personal care services are provided to eligible persons in
13 conformance with federal regulations.

14 (a) These administrative rules shall include financial
15 eligibility indexed according to the requirements of the social
16 security act providing for medicaid eligibility.

17 (b) The rules shall require clients be assessed as having a
18 medical condition requiring assistance with personal care tasks.
19 Plans of care for clients requiring health-related consultation for
20 assessment and service planning may be reviewed by a nurse.

21 (c) The department shall determine by rule which clients have a
22 health-related assessment or service planning need requiring
23 registered nurse consultation or review. This definition may include
24 clients that meet indicators or protocols for review, consultation,
25 or visit.

26 (3) The department shall design and implement a means to assess
27 the level of functional disability of persons eligible for personal
28 care services under this section. The personal care services benefit
29 shall be provided to the extent funding is available according to the
30 assessed level of functional disability. Any reductions in services
31 made necessary for funding reasons should be accomplished in a manner
32 that assures that priority for maintaining services is given to
33 persons with the greatest need as determined by the assessment of
34 functional disability.

35 (4) Effective July 1, 1989, the authority shall offer hospice
36 services in accordance with available funds.

37 (5) For Title XIX personal care services administered by aging
38 and disability services administration of the department, the
39 department shall contract with area agencies on aging:

1 (a) To provide case management services to individuals receiving
2 Title XIX personal care services in their own home; and

3 (b) To reassess and reauthorize Title XIX personal care services
4 or other home and community services as defined in RCW 74.39A.009 in
5 home or in other settings for individuals consistent with the intent
6 of this section:

7 (i) Who have been initially authorized by the department to
8 receive Title XIX personal care services or other home and community
9 services as defined in RCW 74.39A.009; and

10 (ii) Who, at the time of reassessment and reauthorization, are
11 receiving such services in their own home.

12 (6) In the event that an area agency on aging is unwilling to
13 enter into or satisfactorily fulfill a contract or an individual
14 consumer's need for case management services will be met through an
15 alternative delivery system, the department is authorized to:

16 (a) Obtain the services through competitive bid; and

17 (b) Provide the services directly until a qualified contractor
18 can be found.

19 (7) Subject to the availability of amounts appropriated for this
20 specific purpose, the authority may offer medicare part D
21 prescription drug copayment coverage to full benefit dual eligible
22 beneficiaries.

23 (8) Effective January 1, 2016, the authority shall require
24 universal screening and provider payment for autism and developmental
25 delays as recommended by the bright futures guidelines of the
26 American academy of pediatrics, as they existed on August 27, 2015.
27 This requirement is subject to the availability of funds.

28 (9) Effective January 1, 2018, the authority shall require that:

29 (a) For enrollees twenty-one years of age and older who have an
