3 creating new sections; and providing an expiration date.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** (1) The legislature finds that the  
6 agricultural industry is an integral part of Washington's economy and  
7 sense of common identity, and that the behavioral health of workers  
8 in the industry and their family members is a statewide concern.

9 (2) Several factors related to the agricultural industry may  
10 affect the behavioral health of workers in the agricultural industry,  
11 including job-related isolation and demands, stressful work  
12 environments, the heightened potential for financial losses, lack of  
13 access to behavioral health services, and barriers to or  
14 unwillingness to seek mental health services.

15 (3) A 2016 report from the federal centers for disease control  
16 and prevention studied suicide data from the year 2012 and found that  
17 workers in the farming, fishing, and forestry industries had the  
18 highest rate of suicide, eighty-four and one-half suicides per one  
19 hundred thousand workers, among the occupational groups that it  
20 studied.

4 behavioral health needs.
