Passed by the Senate April 10, 2017
Yeas 46 Nays 1

CYRUS HABIB

President of the Senate

Approved May 4, 2017 1:27 PM

JAY INSLEE

Governor of the State of Washington

CERTIFICATE

I, Bernard Dean, Chief Clerk of the House of Representatives of the State of Washington, do hereby certify that the attached is **SUBSTITUTE HOUSE BILL 1741** as passed by House of Representatives and the Senate on the dates hereon set forth.

BERNARD DEAN

Chief Clerk

FILED

May 4, 2017

**Secretary of State
State of Washington**

SUBSTITUTE HOUSE BILL 1741

Passed Legislature - 2017 Regular Session

State of Washington 65th Legislature 2017 Regular Session

By House Appropriations (originally sponsored by Representatives Slatter, Hargrove, Dolan, Stonier, Senn, Ortiz-Self, Jinkins, Tarleton, Pollet, and Santos)

READ FIRST TIME 02/24/17.

1 AN ACT Relating to educator preparation data for use by the
2 professional educator standards board; amending RCW 28B.77.100; and
3 creating new sections.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** The legislature finds that the entities
6 that are approved by the professional educator standards board
7 collect and hold valuable information about candidates for educator
8 certification. The education data center collects data for research
9 purposes for the student achievement council and K-12 educational
10 agencies. The training of effective teachers and understanding of the
11 best practices of educator preparation programs is valuable
12 information for policymakers. The preparation programs currently
13 approved are required to collect and hold this information, but due
14 to federal privacy concerns, the submission of reports contains only
15 aggregate data, and thus makes it impossible to follow the careers of
16 state educators into the field. The education data center has
17 legislative authority to collect this information and meets federal
18 privacy requirements. Therefore, the legislature intends to require
19 transfer to the entity charged with K-12 and higher education
20 research, such data required and held by state-approved educator
21 preparation programs, while fully respecting the privacy of students.

1 **Sec. 2.** RCW 28B.77.100 and 2015 c 244 s 2 are each amended to
2 read as follows:

3 (1)(a) In consultation with the education data center,
4 institutions of higher education, and state education agencies, the
5 council shall identify the data needed to carry out its
6 responsibilities for policy analysis and public information. The
7 primary goals of the council's data collection and research are to
8 describe how students and other beneficiaries of higher education are
9 being served; to compare and contrast the state of Washington's
10 higher education system with the rest of the nation; and to assist
11 state policymakers and institutions in making policy decisions.

12 (b) For the council, assistance to state policymakers and
13 institutions of higher education in making policy decisions includes
14 but is not limited to annual reporting of a national comparison of
15 tuition and fees.

16 (2) One of the goals of the education data center's data
17 collection and research for higher education is to support higher
18 education accountability. For the education data center, assistance
19 to state policymakers and institutions of higher education in making
20 policy decisions includes but is not limited to regular completion
21 of:

22 (a) Educational cost study reports as provided in RCW 43.41.415
23 and information on state support received by students as provided in
24 RCW 43.41.410; and

25 (b) Per-student funding at similar public institutions of higher
26 education in the global challenge states.

27 (3) State-approved educator preparation programs must collect and
28 provide data as required for approval by the professional educator
29 standards board to the education data center.

30 (4) The education data center and the state-approved educator
31 preparation programs as described in RCW 28A.410.210 shall enter
32 data-sharing agreements to facilitate the transfer of data required
33 by the professional educator standards board. The education data
34 center must hold, analyze, and make available for research and
35 monitoring by the professional educator standards board, state-
36 approved educator preparation programs, and other researchers with
37 appropriate data-sharing agreements, the data on the preparation of
38 educators.

39 (5) The education data center shall be considered an authorized
40 representative of the council and the office under applicable federal

1 and state statutes for purposes of accessing and compiling student
2 record data for research purposes.

3 NEW SECTION. **Sec. 3.** If specific funding for the purposes of
4 this act, referencing this act by bill or chapter number, is not
5 provided by June 30, 2017, in the omnibus appropriations act, this
6 act is null and void.

Passed by the House February 28, 2017.

Passed by the Senate April 10, 2017.

Approved by the Governor May 4, 2017.

Filed in Office of Secretary of State May 4, 2017.
