SUBSTITUTE SENATE BILL 5079

Passed Legislature - 2017 Regular Session

State of Washington

65th Legislature

2017 Regular Session

By Senate Health Care (originally sponsored by Senators McCoy, Becker, Rivers, Cleveland, Keiser, Conway, Kuderer, Darneille, Saldaña, Wellman, and Bailey)

READ FIRST TIME 01/23/17.

1 AN ACT Relating to dental health services in tribal settings;
2 amending RCW 18.29.180, 18.32.030, and 18.260.110; adding a new
3 section to chapter 18.350 RCW; adding a new section to chapter 74.09
4 RCW; and adding a new chapter to Title 70 RCW.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** (1) The legislature finds that American
7 Indians and Alaska Natives have very limited access to health care
8 services and are disproportionately affected by oral health
9 disparities. These disparities are directly attributed to the lack of
10 dental health professionals in Indian communities. This has caused a
11 serious access issue and backlog of dental treatment among American
12 Indians and Alaska Natives. The legislature also finds that tribal
13 leaders face a significant challenge in recruiting dental health
14 professionals to work in Indian communities that results in further
15 challenges in ensuring oral health care for tribal members.

16 (2) The legislature finds further that there is a strong history
17 of government-to-government efforts with tribes in Washington to
18 improve oral health among tribal members and to reduce the
19 disproportionate number of American Indians and Alaska Natives
20 affected by oral disease. One of the goals in the 2010-2013 American
21 Indian health care delivery plan developed jointly by the department

1 of health and the American Indian health commission is to improve the
2 oral health of tribal members and the ability of tribes to provide
3 comprehensive dental services in their communities. A critical
4 objective to achieving that goal is "to explore options for the use
5 of trained/certified expanded function personnel in order to increase
6 oral health care services in tribal communities."

7 (3) The legislature finds further that sovereign tribal
8 governments are in the best position to determine which strategies
9 can effectively extend the ability of dental health professionals to
10 provide care for children and others at risk of oral disease and
11 increase access to oral health care for tribal members. The
12 legislature does not intend to prescribe the general practice of
13 dental health aide therapists in the state.

14 NEW SECTION. **Sec. 2.** (1) Dental health aide therapist services
15 are authorized by this chapter under the following conditions:

16 (a) The person providing services is certified as a dental health
17 aide therapist by:

18 (i) A federal community health aide program certification board;
19 or

20 (ii) A federally recognized Indian tribe that has adopted
21 certification standards that meet or exceed the requirements of a
22 federal community health aide program certification board;

23 (b) All services are performed:

24 (i) In a practice setting within the exterior boundaries of a
25 tribal reservation and operated by an Indian health program;

26 (ii) In accordance with the standards adopted by the certifying
27 body in (a) of this subsection, including scope of practice,
28 training, supervision, and continuing education;

29 (iii) Pursuant to any applicable written standing orders by a
30 supervising dentist; and

31 (iv) On persons who are members of a federally recognized tribe
32 or otherwise eligible for services under Indian health service
33 criteria, pursuant to the Indian health care improvement act, 25
34 U.S.C. Sec. 1601 et seq.

35 (2) The performance of dental health aide therapist services is
36 authorized for a person when working within the scope, supervision,
37 and direction of a dental health aide therapy training program that
38 is certified by an entity described in subsection (1) of this
39 section.

1 (3) All services performed within the scope of subsection (1) or
2 (2) of this section, including the employment or supervision of such
3 services, are exempt from licensing requirements under chapters
4 18.29, 18.32, 18.260, and 18.350 RCW.

5 NEW SECTION. **Sec. 3.** The definitions in this section apply
6 throughout this chapter unless the context clearly requires
7 otherwise.

8 (1) "Dental health aide therapist" means a person who has met the
9 training and education requirements, and satisfies other conditions,
10 to be certified as a dental health aide therapist by a federal
11 community health aide program certification board or by a federally
12 recognized Indian tribe that has adopted certification standards that
13 meet or exceed the requirements of a federal community health aide
14 program certification board.

15 (2) "Federal community health aide program" means a program
16 operated by the Indian health service under the applicable provisions
17 of the Indian health care improvement act, 25 U.S.C. Sec. 16161.

18 (3) "Indian health program" has the same meaning as the
19 definition provided in the Indian health care improvement act, 25
20 U.S.C. Sec. 1603, as that definition existed on the effective date of
21 this section.
