

**SB 6195-S - DIGEST**

(AS OF SENATE 2ND READING 2/09/18)

Establishes a formal process of coordination to expedite the completion of transportation projects of statewide significance.

Requires the department of transportation to: (1) Develop an application for designation of transportation projects as transportation projects of statewide significance; and

(2) Designate a transportation project as a transportation project of statewide significance if the department determines, after review of the application, that the transportation project will meet certain criteria.
