

SB 6446 - DIGEST

Requires a person engaged in the provision of broadband internet access service in the state to publicly disclose accurate information regarding the network management practices, performance, and commercial terms of its services sufficient for consumers to make informed choices regarding the use of those services.

Finds a broadband internet access provider in violation of this act if the provider makes assertions about its service that contain errors, are inconsistent with the provider's disclosure statement, or are misleading or deceptive.

Prohibits the department of enterprise services, the office of the chief information officer, and all other state agencies from entering into contracts with vendors offering broadband internet access services unless the vendor commits to providing equal connection for all users to lawful internet content, applications, and services.

Creates the internet consumer access account.
