Brief Summary of Joint Memorial

- Requests that State Route 902 be named the Gold Star Memorial Highway

SENATE COMMITTEE ON TRANSPORTATION

Staff: Erica Bramlet (786-7321)

Background: The Washington State Transportation Commission (WSTC) is responsible for naming state transportation facilities, including highways and bridges. The WSTC naming policy states a naming is done in a thorough and deliberative manner to honor and institute an enduring memory of a person or group of people who have contributed significantly to the well-being of the state or nation and with the widespread support of the people from the area in which the facility is located.

The naming process can be initiated by the Washington State Department of Transportation (DOT), state and local governmental entities, citizen organizations, or an individual providing sufficient evidence to the WSTC indicating community support and acceptance of the proposal. Alternatively, the Legislature may pass a joint memorial requesting that a facility be named, at which point WSTC will hold a public hearing to allow for public input. After WSTC takes final action, DOT designs and installs the appropriate signs.

State Route (SR) 902 is within Spokane County, connects on both ends to I-90, and is the state highway nearest the Washington State Veterans Cemetery.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.
