1 AN ACT Relating to managing growth by planning and zoning for
2 accessory dwelling units; amending RCW 43.21C.495, 35.63.210,
3 35A.63.230, 36.70A.400, 43.63A.215, and 36.70.677; adding new
4 sections to chapter 36.70A RCW; and creating a new section.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** (1) The legislature makes the following
7 findings:

8 (a) The growth management act directs certain cities within urban
9 growth areas to allow accessory dwelling units. However, excessive
10 regulatory and design barriers often limit production in many cities
11 where accessory dwelling units are allowed.

12 (b) Accessory dwelling units provide environmental benefits. They
13 promote energy efficiency compared with average size single-detached
14 houses, and incentivize adaptive reuse of existing homes and
15 materials.

16 (c) Siting accessory dwelling units near transit hubs and near
17 public amenities can help to reduce greenhouse gas emissions by
18 increasing walkability, shortening household commutes, and limiting
19 sprawl.

20 (d) Accessory dwelling units can meet the needs of Washington's
21 growing senior population, making it possible for this population to

1 age in their communities by offering senior-friendly housing, which
2 prioritizes physical accessibility, in walkable communities near
3 amenities essential to successful aging in place, including transit
4 and grocery stores, without requiring costly renovations of existing
5 housing stock.

6 (e) Washington state is experiencing a housing affordability
7 crisis. Many communities across the state are in need of more housing
8 for renters, across the income spectrum.

9 (f) Many cities dedicate the majority of residentially zoned land
10 to single-detached houses that are increasingly financially out of
11 reach for many households. Due to their smaller size, accessory
12 dwelling units can provide a more affordable housing option in those
13 single-family zones.

14 (g) Accessory dwelling units are frequently rented below market
15 rate, providing additional affordable housing options for renters.

16 (h) Accessory dwelling units are often occupied by tenants who
17 pay no rent at all; among these tenants are grandparents, adult
18 children, family members with disabilities, friends going through
19 life transitions, and community members in need. Accessory dwelling
20 units meet the needs of these people who might otherwise require
21 subsidized housing space and resources needed by other households.

22 (i) Homeowners who add an accessory dwelling unit to her or his
23 property may benefit from added income and an increased sense of
24 security.

25 (j) Removing certain regulatory barriers to the construction of
26 accessory dwelling units may substantially reduce construction costs,
27 thereby enabling more homeowners to add accessory dwelling units to
28 their properties. The increased availability of accessory dwelling
29 units will provide benefits to homeowners, renters, the community,
30 and the environment.

31 (2) The legislature intends to promote and encourage the creation
32 of accessory dwelling units as a means to address the need for
33 additional affordable housing options. The legislature encourages
34 local governments to increase the availability of affordable housing
35 by subsidizing accessory dwelling units with local sales tax revenue,
36 as authorized by chapter 338, Laws of 2019.
