**SUBSTITUTE HOUSE BILL 2742**

---

**State of Washington**

**66th Legislature**

**2020 Regular Session**

**By** House Innovation, Technology & Economic Development (originally sponsored by Representatives Kloba, Hudgins, Lekanoff, and Pollet)

READ FIRST TIME 02/07/20.

1 AN ACT Relating to the management and oversight of personal data;  
2 adding a new chapter to Title 19 RCW; prescribing penalties;  
3 providing an effective date; and providing an expiration date.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** SHORT TITLE. This act may be known and  
6 cited as the Washington privacy act.

7 NEW SECTION. **Sec. 2.** LEGISLATIVE FINDINGS. (1) The legislature  
8 finds that the people of Washington regard their privacy as a  
9 fundamental right and an essential element of their individual  
10 freedom. Washington's Constitution explicitly provides the right to  
11 privacy, and fundamental privacy rights have long been and continue  
12 to be integral to protecting Washingtonians and to safeguarding our  
13 democratic republic.

14 (2) Ongoing advances in technology have produced an exponential  
15 growth in the volume and variety of personal data being generated,  
16 collected, stored, and analyzed, which presents both promise and  
17 potential peril. The ability to harness and use data in positive ways  
18 is driving innovation and brings beneficial technologies to society;  
19 however, it has also created risks to privacy and freedom. The  
20 unregulated and unauthorized use and disclosure of personal

1 information and loss of privacy can have devastating impacts, ranging  
2 from financial fraud, identity theft, and unnecessary costs, to  
3 personal time and finances, to destruction of property, harassment,  
4 reputational damage, emotional distress, and physical harm.

5 (3) Given that technological innovation and new uses of data can  
6 help solve societal problems and improve quality of life, the  
7 legislature seeks to shape responsible public policies where  
8 innovation and protection of individual privacy coexist. The  
9 legislature notes that our federal authorities have not developed or  
10 adopted into law regulatory or legislative solutions that give  
11 consumers control over their privacy. In contrast, the European  
12 Union's general data protection regulation has continued to influence  
13 data privacy policies and practices of those businesses competing in  
14 global markets. In the absence of federal standards, Washington and  
15 other states across the United States are analyzing elements of the  
16 European Union's general data protection regulation to enact state-  
17 based data privacy regulatory protections.

18 (4) With this act, Washington state will be among the first tier  
19 of states giving consumers the ability to protect their own rights to  
20 privacy and requiring companies to be responsible custodians of data  
21 as technological innovations emerge. This act does so by explicitly  
22 providing consumers the right to access, correction, and deletion of  
23 personal data, as well as the right to opt out of the collection and  
24 use of personal data for certain purposes. These rights will add to,  
25 and not subtract from, the consumer protection rights that consumers  
26 already have under Washington state law.

27 (5) Additionally, this act imposes affirmative obligations upon  
28 companies to safeguard personal data and provide clear,  
29 understandable, and transparent information to consumers about how  
30 their personal data are used. It strengthens compliance and  
31 accountability by requiring data protection assessments in the  
32 collection and use of personal data. Finally, it empowers the state  
33 attorney general to obtain and evaluate a company's data protection  
34 assessments, to impose penalties where violations occur, and to  
35 prevent against future violations.

36 (6) The legislature also encourages the state office of privacy  
37 and data protection to monitor the development of universal privacy  
38 controls that communicate a consumer's affirmative, freely given, and  
39 unambiguous choice to opt out of the processing of personal data  
40 concerning the consumer for the purposes of targeted advertising, the

1 sale of personal data, or profiling in furtherance of decisions that  
2 produce legal effects concerning the consumer or similarly  
3 significant effects concerning consumers.

4 NEW SECTION. **Sec. 3.** DEFINITIONS. The definitions in this  
5 section apply throughout this chapter unless the context clearly  
6 requires otherwise.

7 (1) "Affiliate" means a legal entity that controls, is controlled  
8 by, or is under common control with, that other legal entity. For  
9 these purposes, "control" or "controlled" means ownership of, or the  
10 power to vote, more than fifty percent of the outstanding shares of  
11 any class of voting security of a company; control in any manner over  
12 the election of a majority of the directors or of individuals  
13 exercising similar functions; or the power to exercise a controlling  
14 influence over the management of a company.

15 (2) "Authenticate" means to determine that a request to exercise  
16 any of the rights in section 6 (1) through (4) of this act is being  
17 made by the consumer who is entitled to exercise such rights with  
18 respect to the personal data at issue.

19 (3) "Business associate" has the same meaning as in Title 45  
20 C.F.R., established pursuant to the federal health insurance  
21 portability and accountability act of 1996.

22 (4) "Child" means any natural person under eighteen years of age.

23 (5) "Consent" means a clear affirmative act signifying a freely  
24 given, specific, informed, and unambiguous indication of a consumer's  
25 agreement to the processing of personal data relating to the  
26 consumer, such as by a written statement, including by electronic  
27 means, or other clear affirmative action.

28 (6) "Consumer" means a natural person who is a Washington  
29 resident acting only in an individual or household context. It does  
30 not include a natural person acting in an employment context.

31 (7) "Controller" means the natural or legal person which, alone  
32 or jointly with others, determines the purposes and means of the  
33 processing of personal data.

34 (8) "Covered entity" has the same meaning as in Title 45 C.F.R.,  
35 established pursuant to the federal health insurance portability and  
36 accountability act of 1996.

37 (9) "Decisions that produce legal effects concerning a consumer  
38 or similarly significant effects concerning a consumer" means  
39 decisions that result in the provision or denial of financial and

1 lending services, housing, insurance, education enrollment, criminal  
2 justice, employment opportunities, health care services, or access to  
3 basic necessities, such as food and water.

4 (10) "Deidentified data" means data that cannot be used to infer  
5 information about, or otherwise be linked to, an identified or  
6 identifiable natural person, or a device linked to such person,  
7 provided that the controller that possesses the data: (a) Takes  
8 measures to ensure that the data cannot be associated with a natural  
9 person, device, or household; (b) publicly commits to maintain and  
10 use the data only in a deidentified fashion and not attempt to  
11 reidentify the data; and (c) contractually obligates any recipients  
12 of the information to comply with all provisions of this subsection.

13 (11) "Enroll," "enrolled," or "enrolling" means the process by  
14 which a facial recognition service creates a facial template from one  
15 or more images of a consumer and adds the facial template to a  
16 gallery used by the facial recognition service for identification,  
17 verification, or persistent tracking of consumers. It also includes  
18 the act of adding an existing facial template directly into a gallery  
19 used by a facial recognition service.

20 (12) "Facial recognition service" means technology that analyzes  
21 facial features and is used for the identification, verification, or  
22 persistent tracking of consumers in still or video images.

23 (13) "Facial template" means the machine-interpretable pattern of  
24 facial features that is extracted from one or more images of a  
25 consumer by a facial recognition service.

26 (14) "Health care facility" has the same meaning as in RCW  
27 70.02.010.

28 (15) "Health care information" has the same meaning as in RCW  
29 70.02.010.

30 (16) "Health care provider" has the same meaning as in RCW  
31 70.02.010.

32 (17) "Identification" means the use of a facial recognition  
33 service by a controller to determine whether an unknown consumer  
34 matches any consumer whose identity is known to the controller and  
35 who has been enrolled by reference to that identity in a gallery used  
36 by the facial recognition service.

37 (18) "Identified or identifiable natural person" means a person  
38 who can be readily identified, directly or indirectly.

39 (19) "Meaningful human review" means review or oversight by one  
40 or more individuals who are trained in accordance with section 16(10)

1 of this act and who have the authority to alter the decision under  
2 review.

3 (20) "Ongoing surveillance" means tracking the physical movements  
4 of a specified individual through one or more public places over  
5 time, whether in real time or through application of a facial  
6 recognition service to historical records. It does not include a  
7 single recognition or attempted recognition of an individual if no  
8 attempt is made to subsequently track that individual's movement over  
9 time after the individual has been recognized.

10 (21) "Persistent tracking" means the use of a facial recognition  
11 service to track the movements of a consumer on a persistent basis  
12 without identification or verification of that consumer. Such  
13 tracking becomes persistent as soon as:

14 (a) The facial template that permits the tracking uses a facial  
15 recognition service for more than forty-eight hours after the first  
16 enrolling of that template; or

17 (b) The data created by the facial recognition service in  
18 connection with the tracking of the movements of the consumer are  
19 linked to any other data such that the consumer who has been tracked  
20 is identified or identifiable.

21 (22)(a) "Personal data" means any information that is linked or  
22 reasonably linkable to an identified or identifiable natural person.  
23 "Personal data" does not include deidentified data or publicly  
24 available information.

25 (b) For purposes of this subsection, "publicly available  
26 information" means information that is lawfully made available from  
27 federal, state, or local government records and not combined with  
28 personal data obtained from sources other than federal, state, or  
29 local government records.

30 (23) "Process" or "processing" means any operation or set of  
31 operations which are performed on personal data or on sets of  
32 personal data, whether or not by automated means, such as the  
33 collection, use, storage, disclosure, analysis, deletion, or  
34 modification of personal data.

35 (24) "Processor" means a natural or legal person who processes  
36 personal data on behalf of a controller.

37 (25) "Profiling" means any form of automated processing of  
38 personal data to evaluate, analyze, or predict personal aspects  
39 concerning an identified or identifiable natural person's economic

1 situation, health, personal preferences, interests, reliability,  
2 behavior, location, or movements.

3 (26) "Protected health information" has the same meaning as in  
4 Title 45 C.F.R., established pursuant to the federal health insurance  
5 portability and accountability act of 1996.

6 (27) "Pseudonymous data" means personal data that cannot be  
7 attributed to a specific natural person without the use of additional  
8 information, provided that such additional information is not readily  
9 available and is subject to appropriate technical and organizational  
10 measures to ensure that the personal data cannot reasonably be  
11 attributed to an identified or identifiable natural person.

12 (28) "Recognition" means the use of a facial recognition service  
13 to determine whether:

14 (a) An unknown consumer matches any consumer who has been  
15 enrolled in a gallery used by the facial recognition service; or

16 (b) An unknown consumer matches a specific consumer who has been  
17 enrolled in a gallery used by the facial recognition service.

18 (29)(a) "Sale," "sell," or "sold" means selling, renting,  
19 releasing, disclosing, disseminating, making available, transferring,  
20 or otherwise communicating personal data, orally, in writing, or by  
21 electronic means, for monetary or other valuable consideration, or  
22 otherwise for a commercial purpose by a controller to a third party.

23 (b) "Sale" does not include the following: (i) The processing of  
24 personal data by a processor who processes the personal data on  
25 behalf of the controller pursuant to a contract; (ii) the disclosure  
26 of personal data to a third party with whom the consumer has a direct  
27 relationship for purposes of providing a product or service requested  
28 by the consumer; (iii) the disclosure or transfer of personal data to  
29 an affiliate of the controller; (iv) the disclosure of information  
30 that the consumer (A) intentionally made available to the general  
31 public via a channel of mass media, and (B) did not restrict to a  
32 specific audience; or (v) the disclosure or transfer of personal data  
33 to a third party as an asset that is part of a merger, acquisition,  
34 bankruptcy, or other transaction in which the third party assumes  
35 control of all or part of the controller's assets.

36 (30) "Security or safety purpose" means physical security,  
37 protection of consumer data, safety, fraud prevention, or asset  
38 protection.

39 (31) "Sensitive data" means (a) personal data revealing racial or  
40 ethnic origin, religious beliefs, mental or physical health condition

1 or diagnosis, sexual orientation, or citizenship or immigration  
2 status; (b) the processing of genetic or biometric data for the  
3 purpose of uniquely identifying a natural person; (c) the personal  
4 data of a known child; or (d) specific geolocation data. "Sensitive  
5 data" is a form of personal data.

6 (32) "Serious criminal offense" means any felony under chapter  
7 9.94A RCW or an offense enumerated by Title 18 U.S.C. Sec. 2516.

8 (33) "Specific geolocation data" means information derived from  
9 technology, including, but not limited to, global positioning system  
10 level latitude and longitude coordinates or other mechanisms, that  
11 directly identifies the specific location of a natural person with  
12 the precision and accuracy below one thousand seven hundred fifty  
13 feet. Specific geolocation data excludes the content of  
14 communications.

15 (34) "Targeted advertising" means displaying advertisements to a  
16 consumer where the advertisement is selected based on personal data  
17 obtained from a consumer's activities over time and across  
18 nonaffiliated web sites or online applications to predict such  
19 consumer's preferences or interests. It does not include advertising:  
20 (a) Based on activities within a controller's own web sites or online  
21 applications; (b) based on the context of a consumer's current search  
22 query or visit to a web site or online application; or (c) to a  
23 consumer in response to the consumer's request for information or  
24 feedback.

25 (35) "Third party" means a natural or legal person, public  
26 authority, agency, or body other than the consumer, controller,  
27 processor, or an affiliate of the processor or the controller.

28 (36) "Verification" means the use of a facial recognition service  
29 by a controller to determine whether a consumer is a specific  
30 consumer whose identity is known to the controller and who has been  
31 enrolled by reference to that identity in a gallery used by the  
32 facial recognition service.

33 NEW SECTION. **Sec. 4.** JURISDICTIONAL SCOPE. (1) This chapter  
34 applies to legal entities that conduct business in Washington or  
35 produce products or services that are targeted to residents of  
36 Washington.

- 37 (2) This chapter does not apply to:  
38 (a) State and local governments;  
39 (b) Municipal corporations;

1 (c) Legal entities that:  
2 (i) Have fewer than ten employees;  
3 (ii) Have gross annual revenues of less than five million  
4 dollars;  
5 (iii) Derive less than five percent of annual gross revenues from  
6 the sale or monetization of personal data at fair market value;  
7 (iv) Control or process personal data of fewer than twenty  
8 thousand consumers; and  
9 (v) Do not disclose or share personal data of consumers other  
10 than:  
11 (A) As necessary for providing products or services requested by  
12 consumers; or  
13 (B) For purposes of selling or monetizing personal data within  
14 the limits set in (c)(iii) of this subsection;  
15 (d) Information that meets the definition of:  
16 (i) Protected health information processed by entities subject  
17 to, and in substantial compliance with, the federal health insurance  
18 portability and accountability act of 1996 and related regulations  
19 for purposes permitted under that law;  
20 (ii) Health care information processed by entities subject to,  
21 and in substantial compliance with, chapter 70.02 RCW for purposes  
22 permitted under that law;  
23 (iii) Patient identifying information for purposes of 42 C.F.R.  
24 Part 2, established pursuant to 42 U.S.C. Sec. 290dd-2;  
25 (iv) Identifiable private information for purposes of the federal  
26 policy for the protection of human subjects, 45 C.F.R. Part 46;  
27 identifiable private information that is otherwise information  
28 collected as part of human subjects research pursuant to the good  
29 clinical practice guidelines issued by the international council for  
30 harmonisation; the protection of human subjects under 21 C.F.R. Parts  
31 50 and 56; or personal data used or shared in research conducted in  
32 accordance with one or more of the requirements set forth in this  
33 subsection;  
34 (v) Information and documents created specifically for, and  
35 collected and maintained by:  
36 (A) A quality improvement committee for purposes of RCW  
37 43.70.510, 70.230.080, or 70.41.200;  
38 (B) A peer review committee for purposes of RCW 4.24.250;  
39 (C) A quality assurance committee for purposes of RCW 74.42.640  
40 or 18.20.390;

1 (D) A hospital, as defined in RCW 43.70.056, for reporting of  
2 health care-associated infections for purposes of RCW 43.70.056, a  
3 notification of an incident for purposes of RCW 70.56.040(5), or  
4 reports regarding adverse events for purposes of RCW 70.56.020(2)(b);

5 (vi) Information and documents created for purposes of the  
6 federal health care quality improvement act of 1986, and related  
7 regulations;

8 (vii) Patient safety work product for purposes of 42 C.F.R. Part  
9 3, established pursuant to 42 U.S.C. Sec. 299b-21 through 299b-26; or

10 (viii) Information that is (A) deidentified in accordance with  
11 the requirements for deidentification set forth in 45 C.F.R. Part  
12 164, and (B) derived from any of the health care-related information  
13 listed in this subsection (2)(d);

14 (e) Information originating from, and intermingled to be  
15 indistinguishable with, information under (d) of this subsection that  
16 is maintained by:

17 (i) A covered entity or business associate as defined by the  
18 health insurance portability and accountability act of 1996 and  
19 related regulations;

20 (ii) A health care facility or health care provider as defined in  
21 RCW 70.02.010; or

22 (iii) A program or a qualified service organization as defined by  
23 42 C.F.R. Part 2, established pursuant to 42 U.S.C. Sec. 290dd-2;

24 (f) Information used only for public health activities and  
25 purposes as described in 45 C.F.R. Sec. 164.512;

26 (g)(i) An activity involving the collection, maintenance,  
27 disclosure, sale, communication, or use of any personal information  
28 bearing on a consumer's credit worthiness, credit standing, credit  
29 capacity, character, general reputation, personal characteristics, or  
30 mode of living by a consumer reporting agency, as defined in Title 15  
31 U.S.C. Sec. 1681a(f), by a furnisher of information, as set forth in  
32 Title 15 U.S.C. Sec. 1681s-2, who provides information for use in a  
33 consumer report, as defined in Title 15 U.S.C. Sec. 1681a(d), and by  
34 a user of a consumer report, as set forth in Title 15 U.S.C. Sec.  
35 1681b.

36 (ii) (g)(i) of this subsection shall apply only to the extent  
37 that such activity involving the collection, maintenance, disclosure,  
38 sale, communication, or use of such information by that agency,  
39 furnisher, or user is subject to regulation under the fair credit  
40 reporting act, Title 15 U.S.C. Sec. 1681 et seq., and the information

1 is not collected, maintained, used, communicated, disclosed, or sold  
2 except as authorized by the fair credit reporting act;

3 (h) Personal data collected and maintained for purposes of  
4 chapter 43.71 RCW, if the collection, use, or disclosure is in  
5 substantial compliance with that law;

6 (i) Personal data collected, processed, sold, or disclosed  
7 pursuant to the federal Gramm-Leach-Bliley act (P.L. 106-102), and  
8 implementing regulations, if the collection, processing, sale, or  
9 disclosure is in substantial compliance with that law;

10 (j) Personal data collected, processed, sold, or disclosed  
11 pursuant to the federal driver's privacy protection act of 1994 (18  
12 U.S.C. Sec. 2721 et seq.), if the collection, processing, sale, or  
13 disclosure is in substantial compliance with that law;

14 (k) Personal data regulated by the federal family educational  
15 rights and privacy act, 20 U.S.C. Sec. 1232g and its implementing  
16 regulations, if the collection, use, or disclosure is in substantial  
17 compliance with that law;

18 (l) Personal data regulated by the student user privacy in  
19 education rights act, chapter 28A.604 RCW, if the collection, use, or  
20 disclosure is in substantial compliance with that law; or

21 (m) Personal data collected, processed, sold, or disclosed  
22 pursuant to the federal farm credit act of 1971 (as amended in 12  
23 U.S.C. Sec. 2001-2279cc) and its implementing regulations (12 C.F.R.  
24 Part 600 et seq.) if the collection, processing, sale, or disclosure  
25 is in substantial compliance with that law.

26 NEW SECTION. **Sec. 5.** RESPONSIBILITY ACCORDING TO ROLE. (1)  
27 Controllers and processors are responsible for meeting their  
28 respective obligations established under this chapter.

29 (2) Processors are responsible under this chapter for adhering to  
30 the instructions of the controller and assisting the controller to  
31 meet its obligations under this chapter. Such assistance shall  
32 include the following:

33 (a) Taking into account the nature of the processing, the  
34 processor shall assist the controller by appropriate technical and  
35 organizational measures, insofar as this is possible, for the  
36 fulfillment of the controller's obligation to respond to consumer  
37 requests to exercise their rights pursuant to section 6 of this act;  
38 and

1 (b) Taking into account the nature of processing and the  
2 information available to the processor, the processor shall assist  
3 the controller in meeting the controller's obligations in relation to  
4 the security of processing the personal data and in relation to the  
5 notification of a breach of the security of the system pursuant to  
6 RCW 19.255.010; and shall provide information to the controller  
7 necessary to enable the controller to conduct and document any data  
8 protection assessments required by section 9 of this act.

9 (3) In addition to following the instructions of the controller,  
10 a processor shall:

11 (a) Implement and maintain security procedures and practices to  
12 protect personal data, taking into account the context in which the  
13 personal data are to be processed;

14 (b) Ensure that each person processing the personal data is  
15 subject to a duty of confidentiality with respect to the data; and

16 (c) Engage a subcontractor only after providing the controller  
17 with an opportunity to object and pursuant to a written contract in  
18 accordance with subsection (5) of this section that requires the  
19 subcontractor to meet the obligations of the processor with respect  
20 to the personal data.

21 (4) Processing by a processor shall be governed by a contract  
22 between the controller and the processor that is binding on both  
23 parties and that sets out the processing instructions to which the  
24 processor is bound, including the nature and purpose of the  
25 processing, the type of personal data subject to the processing, the  
26 duration of the processing, and the obligations and rights of both  
27 parties. In addition, the contract shall include the requirements  
28 imposed by this subsection and subsection (3) of this section, as  
29 well as the following requirements:

30 (a) At the choice of the controller, the processor shall delete  
31 or return all personal data to the controller as requested at the end  
32 of the provision of services, unless retention of the personal data  
33 is required by law;

34 (b) (i) The processor shall make available to the controller all  
35 information necessary to demonstrate compliance with the obligations  
36 in this chapter; and (ii) the processor shall allow for, and  
37 contribute to, audits and inspections by the controller or the  
38 controller's designated auditor; alternatively, the processor may,  
39 with the controller's consent, arrange for a qualified and  
40 independent auditor to conduct, at least annually and at the

1 processor's expense, an audit of the processor's policies and  
2 technical and organizational measures in support of the obligations  
3 under this chapter using an appropriate and accepted control standard  
4 or framework and audit procedure for such audits as applicable, and  
5 shall provide a report of such audit to the controller upon request.

6 (5) In no event shall any contract relieve a controller or a  
7 processor from the liabilities imposed on them by virtue of its role  
8 in the processing relationship as defined by this chapter.

9 (6) Determining whether a person is acting as a controller or  
10 processor with respect to a specific processing of data is a fact-  
11 based determination that depends upon the context in which personal  
12 data are to be processed. A person that is not limited in its  
13 processing of personal data pursuant to a controller's instructions,  
14 or that fails to adhere to such instructions, is a controller and not  
15 a processor with respect to a specific processing of data. A  
16 processor that continues to adhere to a controller's instructions  
17 with respect to a specific processing of personal data remains a  
18 processor. If a processor begins, alone or jointly with others,  
19 determining the purposes and means of the processing of personal  
20 data, it is a controller with respect to such processing.

21 NEW SECTION. **Sec. 6.** CONSUMER PERSONAL DATA RIGHTS. Consumers  
22 may exercise the rights set forth in this section by submitting a  
23 request, at any time, to a controller specifying which rights the  
24 consumer wishes to exercise. Where a controller processes personal  
25 data concerning a known child, the controller must allow the parent  
26 or legal guardian of the known child to exercise the rights of this  
27 chapter on the child's behalf. Where a controller processes personal  
28 data concerning a consumer subject to guardianship, conservatorship,  
29 or other protective arrangement under chapter 11.130 RCW, the  
30 controller must allow the guardian or the conservator to exercise the  
31 rights of this chapter on the consumer's behalf. Except as provided  
32 in this chapter, the controller must comply with a request to  
33 exercise the rights pursuant to subsections (1) through (5) of this  
34 section.

35 (1) *Right of access.* A consumer has the right to confirm whether  
36 or not a controller is processing personal data concerning the  
37 consumer and access such personal data.

38 (2) *Right to correction.* A consumer has the right to correct  
39 inaccurate personal data concerning the consumer.

1       (3) *Right to deletion.* A consumer has the right to delete  
2 personal data concerning the consumer.

3       (4) *Right to data portability.* A consumer has the right to obtain  
4 personal data concerning the consumer, which the consumer previously  
5 provided to the controller, in a portable and, to the extent  
6 technically feasible, readily usable format that allows the consumer  
7 to transmit the data to another controller without hindrance, where  
8 the processing is carried out by automated means.

9       (5) *Right to opt out.* A consumer has the right to opt out of the  
10 processing of personal data concerning such consumer.

11       (6) *Responding to consumer requests.* (a) A controller must inform  
12 a consumer of any action taken on a request under subsections (1)  
13 through (5) of this section without undue delay and in any event  
14 within twenty-one days of receipt of the request. That period may be  
15 extended once by forty-five additional days where necessary, taking  
16 into account the complexity and number of the requests. The  
17 controller must inform the consumer of any such extension within  
18 twenty-one days of receipt of the request, together with the reasons  
19 for the delay.

20       (b) If a controller does not take action on the request of a  
21 consumer, the controller must inform the consumer without undue delay  
22 and at the latest within twenty-one days of receipt of the request of  
23 the reasons for not taking action and instructions for how to appeal  
24 the decision with the controller as described in subsection (8) of  
25 this section.

26       (c) Information provided under this section must be provided by  
27 the controller free of charge, up to twice annually to the consumer.  
28 Where requests from a consumer are manifestly unfounded or excessive,  
29 in particular because of their repetitive character, the controller  
30 may either: (i) Charge a reasonable fee to cover the administrative  
31 costs of complying with the request, or (ii) refuse to act on the  
32 request. The controller bears the burden of demonstrating the  
33 manifestly unfounded or excessive character of the request.

34       (d) A controller is not required to comply with a request to  
35 exercise any of the rights under subsections (1) through (4) of this  
36 section if the controller is unable to authenticate the request. In  
37 such cases, the controller may request the provision of additional  
38 information necessary to authenticate the request.

39       (7) *Notifying third parties of consumer requests.* A controller  
40 must take reasonable steps to communicate a consumer's request to

1 correct, delete, or opt out of the processing of personal data under  
2 subsection (2), (3), or (5) of this section to each third party to  
3 whom the controller disclosed, including through sale, the personal  
4 data within one year preceding the consumer's request, unless this  
5 proves functionally impractical, technically infeasible, or involves  
6 disproportionate effort.

7 (8)(a) Controllers must establish an internal process whereby  
8 consumers may appeal a refusal to take action on a request to  
9 exercise any of the rights under subsections (1) through (5) of this  
10 section within forty-five days of the consumer's receipt of the  
11 notice sent by the controller under subsection (6)(b) of this  
12 section.

13 (b) The appeal process must be conspicuously available and as  
14 easy to use as the process for submitting such requests under this  
15 section.

16 (c) Within thirty days of receipt of an appeal, a controller must  
17 inform the consumer of any action taken or not taken in response to  
18 the appeal, along with a written explanation of the reasons in  
19 support thereof. That period may be extended by sixty additional days  
20 where necessary, taking into account the complexity and number of the  
21 requests serving as the basis for the appeal. The controller must  
22 inform the consumer of any such extension within thirty days of  
23 receipt of the appeal, together with the reasons for the delay. The  
24 controller must also provide the consumer with an email address or  
25 other online mechanism through which the consumer may submit the  
26 appeal, along with any action taken or not taken by the controller in  
27 response to the appeal and the controller's written explanation of  
28 the reasons in support thereof, to the attorney general.

29 (d) When informing a consumer of any action taken or not taken in  
30 response to an appeal pursuant to (c) of this subsection, the  
31 controller must clearly and prominently ask the consumer whether the  
32 consumer consents to having the controller submit the appeal, along  
33 with any action taken or not taken by the controller in response to  
34 the appeal and must, upon request, provide the controller's written  
35 explanation of the reasons in support thereof, to the attorney  
36 general. If the consumer provides such consent, the controller must  
37 submit such information to the attorney general.

38 NEW SECTION. **Sec. 7.** PROCESSING DEIDENTIFIED DATA OR  
39 PSEUDONYMOUS DATA. (1) This chapter does not require a controller or

1 processor to do any of the following solely for purposes of complying  
2 with this chapter:

3 (a) Reidentify deidentified data;

4 (b) Comply with an authenticated consumer request to access,  
5 correct, delete, or port personal data pursuant to section 6 (1)  
6 through (4) of this act, if all of the following are true:

7 (i) (A) The controller is not capable of associating the request  
8 with the personal data, or (B) it would be unusually burdensome for  
9 the controller to associate the request with the personal data;

10 (ii) The controller does not use the personal data to recognize  
11 or respond to the specific consumer who is the subject of the  
12 personal data, or associate the personal data with other personal  
13 data about the same specific consumer; and

14 (iii) The controller does not sell the personal data to any third  
15 party or otherwise voluntarily disclose the personal data to any  
16 third party other than a processor, except as otherwise permitted in  
17 this section; or

18 (c) Maintain data in identifiable form, or collect, obtain,  
19 retain, or access any data or technology, in order to be capable of  
20 associating an authenticated consumer request with personal data.

21 (2) The rights contained in section 6 (1) through (4) of this act  
22 do not apply to pseudonymous data in cases where the controller is  
23 able to demonstrate any information necessary to identify the  
24 consumer is kept separately and is subject to effective technical,  
25 contractual, and organizational controls that prevent the controller  
26 from accessing such information.

27 (3) A controller that uses pseudonymous data or deidentified data  
28 must exercise oversight to monitor compliance with any contractual  
29 commitments to which the pseudonymous data or deidentified data are  
30 subject, and must take appropriate steps to address any breaches of  
31 contractual commitments.

32 NEW SECTION. **Sec. 8.** RESPONSIBILITIES OF CONTROLLERS. (1)

33 *Transparency.*

34 (a) Controllers shall provide consumers with an accessible,  
35 clear, and meaningful privacy notice that includes:

36 (i) The categories of personal data processed by the controller;

37 (ii) The purposes for which the categories of personal data are  
38 processed;

1 (iii) How and where consumers may exercise the rights contained  
2 in section 6 of this act, including how a consumer may appeal a  
3 controller's action with regard to the consumer's request;

4 (iv) The categories of personal data that the controller shares  
5 with third parties, if any; and

6 (v) The categories of third parties, if any, with whom the  
7 controller shares personal data.

8 (b) If a controller sells personal data to third parties or  
9 processes personal data for targeted advertising, it must clearly and  
10 conspicuously disclose such processing, as well as the manner in  
11 which a consumer may exercise the right to opt out of such  
12 processing, in a clear and conspicuous manner.

13 (c) Controllers shall establish, and shall describe in the  
14 privacy notice, one or more secure and reliable means for consumers  
15 to submit a request to exercise their rights under this chapter. Such  
16 means shall take into account the ways in which consumers interact  
17 with the controller, the need for secure and reliable communication  
18 of such requests, and the controller's ability to authenticate the  
19 identity of the consumer making the request. Controllers shall not  
20 require a consumer to create a new account in order to exercise a  
21 right, but a controller may require a consumer to use an existing  
22 account to exercise the consumer's rights under this chapter.

23 (2) *Purpose specification.* A controller's collection of personal  
24 data must be limited to what is necessary in relation to the purposes  
25 for which such data are processed, as disclosed to the consumer.

26 (3) *Data minimization.* A controller's collection of personal data  
27 must be only as reasonably necessary to provide services requested by  
28 a consumer, to conduct an activity that a consumer has requested, or  
29 to verify requests made pursuant to section 6 of this act.

30 (4) *Avoid secondary use.* Except as provided in this chapter, a  
31 controller may not process personal data for purposes that are not  
32 necessary to, or compatible with, the purposes for which such  
33 personal data are processed, as disclosed to the consumer, unless the  
34 controller obtains the consumer's consent.

35 (5) *Security.* A controller shall establish, implement, and  
36 maintain administrative, technical, and physical data security  
37 practices to protect the confidentiality, integrity, and  
38 accessibility of personal data. Such data security practices shall be  
39 appropriate to the volume and nature of the personal data at issue.

1 (6) *Nondiscrimination*. A controller may not process personal data  
2 in violation of state and federal laws that prohibit unlawful  
3 discrimination against consumers. A controller shall not discriminate  
4 against a consumer for exercising any of the rights contained in this  
5 chapter, including denying goods or services to the consumer,  
6 charging different prices or rates for goods or services, and  
7 providing a different level of quality of goods and services to the  
8 consumer. This subsection shall not prohibit a controller from  
9 offering a different price, rate, level, quality, or selection of  
10 goods or services to a consumer, including offering goods or services  
11 for no fee, if the offering is in connection with a consumer's  
12 voluntary participation in a bona fide loyalty, rewards, premium  
13 features, discounts, or club card program. A controller may not sell  
14 personal data to a third-party controller as part of such a program  
15 unless: (a) The sale is necessary to enable the third party to  
16 provide a benefit to which the consumer is entitled; (b) the sale of  
17 personal data to third parties is clearly disclosed in the terms of  
18 the program; and (c) the third party uses the personal data only for  
19 purposes of facilitating such benefit to which the consumer is  
20 entitled and does not retain or otherwise use or disclose the  
21 personal data for any other purpose.

22 (7) *Sensitive data*. Except as otherwise provided in this act, a  
23 controller may not process sensitive data concerning a consumer  
24 without obtaining the consumer's consent. Except as otherwise  
25 provided in this act, a controller may not process sensitive data of  
26 a known child without obtaining consent from the child's parent or  
27 lawful guardian.

28 (8) *Nonwaiver of consumer rights*. Any provision of a contract or  
29 agreement of any kind that purports to waive or limit in any way a  
30 consumer's rights under this chapter shall be deemed contrary to  
31 public policy and shall be void and unenforceable.

32 NEW SECTION. **Sec. 9.** DATA PROTECTION ASSESSMENTS. (1)  
33 Controllers must conduct and document a data protection assessment of  
34 each of the following processing activities involving personal data:

35 (a) The processing of personal data for purposes of targeted  
36 advertising;

37 (b) The sale of personal data;

38 (c) The processing of personal data for purposes of profiling,  
39 where such profiling presents a foreseeable risk of: (i) Unfair or

1 deceptive treatment of, or disparate impact on, consumers; (ii)  
2 financial, physical, or reputational injury to consumers; (iii) a  
3 physical or other intrusion upon the solitude or seclusion, or the  
4 private affairs or concerns, of consumers, where such intrusion would  
5 be offensive to a reasonable person; or (iv) other substantial injury  
6 to consumers;

7 (d) The processing of sensitive data; and

8 (e) Any processing activities involving personal data that  
9 present a heightened risk of harm to consumers.

10 Such data protection assessments must take into account the type  
11 of personal data to be processed by the controller, including the  
12 extent to which the personal data are sensitive data, and the context  
13 in which the personal data are to be processed.

14 (2) Data protection assessments conducted under subsection (1) of  
15 this section must identify and weigh the benefits that may flow  
16 directly and indirectly from the processing to the controller,  
17 consumer, other stakeholders, and the public against the potential  
18 risks to the rights of the consumer associated with such processing,  
19 as mitigated by safeguards that can be employed by the controller to  
20 reduce such risks. The use of deidentified data and the expectations  
21 of consumers, as well as the context of the processing and the  
22 relationship between the controller and the consumer whose personal  
23 data will be processed, must be factored into this assessment by the  
24 controller.

25 (3) The attorney general may request, in writing, that a  
26 controller disclose any data protection assessment that is relevant  
27 to an investigation of the controller conducted by the attorney  
28 general. The controller must make a data protection assessment  
29 available to the attorney general upon such a request. The attorney  
30 general may evaluate the data protection assessments for compliance  
31 with the responsibilities contained in section 8 of this act and with  
32 other laws including, but not limited to, chapter 19.86 RCW. Data  
33 protection assessments are confidential and exempt from public  
34 inspection and copying under chapter 42.56 RCW. The disclosure of a  
35 data protection assessment pursuant to a request from the attorney  
36 general under this subsection does not constitute a waiver of the  
37 attorney-client privilege or work product protection with respect to  
38 the assessment and any information contained in the assessment.

1 (4) Data protection assessments conducted by a controller for the  
2 purpose of compliance with other laws or regulations may qualify  
3 under this section if they have a similar scope and effect.

4 NEW SECTION. **Sec. 10.** LIMITATIONS AND APPLICABILITY. (1) The  
5 obligations imposed on controllers or processors under this chapter  
6 do not restrict a controller's or processor's ability to:

7 (a) Comply with federal, state, or local laws, rules, or  
8 regulations;

9 (b) Comply with a civil, criminal, or regulatory inquiry,  
10 investigation, subpoena, or summons by federal, state, local, or  
11 other governmental authorities;

12 (c) Cooperate with law enforcement agencies concerning conduct or  
13 activity that the controller or processor reasonably and in good  
14 faith believes may violate federal, state, or local laws, rules, or  
15 regulations;

16 (d) Investigate, establish, exercise, prepare for, or defend  
17 legal claims;

18 (e) Provide a product or service specifically requested by a  
19 consumer, perform a contract to which the consumer is a party, or  
20 take steps at the request of the consumer prior to entering into a  
21 contract;

22 (f) Protect the vital interests of the consumer or of another  
23 natural person;

24 (g) Prevent, detect, protect against, or respond to security  
25 incidents, identity theft, fraud, harassment, malicious or deceptive  
26 activities, or any illegal activity; preserve the integrity or  
27 security of systems; or investigate, report, or prosecute those  
28 responsible for any such action;

29 (h) Process personal data to conduct ongoing scientific,  
30 historical, or statistical research in the public interest that  
31 adheres to all other applicable ethics and privacy laws and is  
32 approved, monitored, and governed by an institutional review board or  
33 a similar independent oversight entity that determines that:

34 (i) The research is likely to provide substantial benefits that  
35 do not exclusively accrue to the controller;

36 (ii) The expected benefits of the research outweigh the privacy  
37 risks; and

1 (iii) The controller has implemented reasonable safeguards to  
2 mitigate privacy risks associated with research, including any risks  
3 associated with reidentification; or

4 (i) Assist another controller, processor, or third party with any  
5 of the obligations under this subsection.

6 (2) The obligations imposed on controllers or processors under  
7 this chapter do not restrict a controller's or processor's ability to  
8 collect, use, or retain data to:

9 (a) Conduct internal research to improve, repair, or develop  
10 products, services, or technology;

11 (b) Identify and repair technical errors that impair existing or  
12 intended functionality; or

13 (c) Perform internal operations that are aligned with the  
14 expectations of the consumer based on the consumer's existing  
15 relationship with the controller, or are otherwise compatible with  
16 processing in furtherance of the provision of a product or service  
17 specifically requested by a consumer or the performance of a contract  
18 to which the consumer is a party.

19 (3) The obligations imposed on controllers or processors under  
20 this chapter do not apply where compliance by the controller or  
21 processor with this chapter would violate an evidentiary privilege  
22 under Washington law and do not prevent a controller or processor  
23 from providing personal data concerning a consumer to a person  
24 covered by an evidentiary privilege under Washington law as part of a  
25 privileged communication.

26 (4) A controller or processor that discloses personal data to a  
27 third-party controller or processor in compliance with the  
28 requirements of this chapter is not in violation of this chapter if  
29 the recipient processes such personal data in violation of this  
30 chapter, provided that, at the time of disclosing the personal data,  
31 the disclosing controller or processor did not have actual knowledge  
32 that the recipient intended to commit a violation. A third-party  
33 controller or processor receiving personal data from a controller or  
34 processor in compliance with the requirements of this chapter is  
35 likewise not in violation of this chapter for the obligations of the  
36 controller or processor from which it receives such personal data.

37 (5) Obligations imposed on controllers and processors under this  
38 chapter shall not:

1 (a) Adversely affect the rights or freedoms of any persons, such  
2 as exercising the right of free speech pursuant to the First  
3 Amendment to the United States Constitution; or

4 (b) Apply to the processing of personal data by a natural person  
5 in the course of a purely personal or household activity.

6 (6) Personal data that are processed by a controller pursuant to  
7 this section must not be processed for any purpose other than those  
8 expressly listed in this section. Personal data that are processed by  
9 a controller pursuant to this section may be processed solely to the  
10 extent that such processing is: (i) Necessary and proportionate to  
11 the purposes listed in this section; and (ii) adequate, relevant, and  
12 limited to what is necessary in relation to the specific purpose or  
13 purposes listed in this section. Furthermore, personal data that are  
14 collected, used, or retained pursuant to subsection (2) of this  
15 section must be subjected to administrative, technical, and physical  
16 measures to protect the confidentiality, integrity, and accessibility  
17 of the personal data, and to reduce foreseeable risks of harm to  
18 consumers relating to such collection, use, or retention of personal  
19 data.

20 (7) If a controller processes personal data pursuant to an  
21 exemption in this section, the controller bears the burden of  
22 demonstrating that such processing qualifies for the exemption and  
23 complies with the requirements in subsection (6) of this section.

24 (8) Processing personal data solely for the purposes expressly  
25 identified in subsection (1)(a) through (d) or (g) of this section  
26 does not, by itself, make an entity a controller with respect to such  
27 processing.

28 NEW SECTION. **Sec. 11.** ENFORCEMENT. (1) The legislature finds  
29 that the practices covered by this chapter are matters vitally  
30 affecting the public interest for the purpose of applying the  
31 consumer protection act, chapter 19.86 RCW. A violation of this  
32 chapter is not reasonable in relation to the development and  
33 preservation of business and is an unfair or deceptive act in trade  
34 or commerce and an unfair method of competition for the purpose of  
35 applying the consumer protection act, chapter 19.86 RCW.

36 (2) Any controller or processor that violates this chapter is  
37 subject to an injunction and liable for a civil penalty of not more  
38 than fifty thousand dollars for each violation or one hundred  
39 thousand dollars for each intentional violation.

1        NEW SECTION.    **Sec. 12.**    CONSUMER PRIVACY ACCOUNT. The consumer  
2 privacy account is created in the state treasury. All receipts from  
3 the imposition of civil penalties under this chapter must be  
4 deposited into the account except for the recovery of costs and  
5 attorneys' fees accrued by the attorney general in enforcing this  
6 chapter. Moneys in the account may be spent only after appropriation.  
7 Moneys in the account may only be used for the purposes of the office  
8 of privacy and data protection as created under RCW 43.105.369, and  
9 may not be used to supplant general fund appropriations to the  
10 agency.

11        NEW SECTION.    **Sec. 13.**    PREEMPTION. This chapter supersedes and  
12 preempts laws, ordinances, regulations, or the equivalent adopted by  
13 any local entity regarding the processing of personal data by  
14 controllers or processors. This chapter does not supersede or preempt  
15 laws, ordinances, regulations, or the equivalent adopted by any local  
16 entity regarding facial recognition.

17        NEW SECTION.    **Sec. 14.**    ATTORNEY GENERAL REPORT. (1) The attorney  
18 general shall compile a report evaluating the liability and  
19 enforcement provisions of this chapter including, but not limited to,  
20 the effectiveness of its efforts to enforce this chapter, and any  
21 recommendations for changes to such provisions.

22        (2) The attorney general shall submit the report to the governor  
23 and the appropriate committees of the legislature by July 1, 2022.

24        NEW SECTION.    **Sec. 15.**    JOINT RESEARCH INITIATIVES. The governor  
25 may enter into agreements with the governments of the Canadian  
26 province of British Columbia and the states of California and Oregon  
27 for the purpose of sharing personal data or personal information by  
28 public bodies across national and state borders to enable  
29 collaboration for joint data-driven research initiatives. Such  
30 agreements must provide reciprocal protections that the respective  
31 governments agree appropriately safeguard the data.

32        NEW SECTION.    **Sec. 16.**    FACIAL RECOGNITION. (1) Prior to  
33 deploying a facial recognition service, processors that provide  
34 facial recognition services must make available an application  
35 programming interface or other technical capability, chosen by the  
36 processor, to enable controllers or third parties to conduct

1 legitimate, independent, and reasonable tests of those facial  
2 recognition services for accuracy and unfair performance differences  
3 across distinct subpopulations. Such subpopulations are defined by  
4 visually detectable characteristics, such as (a) race, skin tone,  
5 ethnicity, gender, age, or disability status, or (b) other protected  
6 characteristics that are objectively determinable or self-identified  
7 by the individuals portrayed in the testing dataset. If the results  
8 of that independent testing identify material unfair performance  
9 differences across subpopulations and the methodology, data, and  
10 results are disclosed in a manner that allow full reproduction of the  
11 testing directly to the processor, who determines that the  
12 methodology and results of that testing are valid, then the processor  
13 must develop and implement a plan to mitigate the identified  
14 performance differences. Nothing in this subsection prevents a  
15 processor from prohibiting the use of the processor's facial  
16 recognition service by a competitor for competitive purposes.

17 (2) Processors that provide facial recognition services must  
18 provide documentation that includes general information that:

19 (a) Explains the capabilities and limitations of the services in  
20 plain language; and

21 (b) Enables testing of the services in accordance with this  
22 section.

23 (3) Processors that provide facial recognition services must  
24 prohibit, in the contract required by section 5 of this act, the use  
25 of facial recognition services by controllers to unlawfully  
26 discriminate under federal or state law against individual consumers  
27 or groups of consumers.

28 (4) Controllers must provide a conspicuous and contextually  
29 appropriate notice whenever a facial recognition service is deployed  
30 including, at minimum, the following:

31 (a) The purpose or purposes for which the facial recognition  
32 service is deployed;

33 (b) Notification that controllers must obtain a consumer's  
34 consent prior to enrolling an image of that consumer in a facial  
35 recognition service and that consent is not required in order to  
36 obtain entry to a physical place open to the public, or to be  
37 provided with goods or services without discrimination or penalty for  
38 not consenting; and

39 (c) Information about where consumers can obtain additional  
40 information about the facial recognition service including, but not

1 limited to, a link to any applicable online notice, terms, or policy  
2 that provides information about where and how consumers can exercise  
3 any rights that they have with respect to the facial recognition  
4 service.

5 (5) Controllers must obtain consent from a consumer prior to  
6 enrolling an image of that consumer in a facial recognition service.  
7 Controllers may not deny goods or services, deny entry to a physical  
8 place open to the public, or otherwise discriminate against or  
9 penalize a consumer who does not consent to enrollment of the  
10 consumer's image in a facial recognition service.

11 (6) As an exception to subsection (5) of this section,  
12 controllers may enroll an image of a consumer in a facial recognition  
13 service for a security or safety purpose without first obtaining  
14 consent from that consumer, provided that all the following  
15 requirements are met:

16 (a) The controller must hold a reasonable suspicion, based on a  
17 specific incident, that the consumer has engaged in criminal  
18 activity, which includes, but is not limited to, shoplifting, fraud,  
19 stalking, or domestic violence;

20 (b) Any database used by a facial recognition service for  
21 identification, verification, or persistent tracking of consumers for  
22 a security or safety purpose must be used solely for that purpose and  
23 maintained separately from any other databases maintained by the  
24 controller;

25 (c) The controller must review any such database used by the  
26 controller's facial recognition service no less than annually to  
27 remove facial templates of consumers whom the controller no longer  
28 holds a reasonable suspicion that they have engaged in criminal  
29 activity; and

30 (d) The controller must establish an internal process whereby a  
31 consumer may correct or challenge the decision to enroll the image of  
32 the consumer in a facial recognition service for a security or safety  
33 purpose.

34 (7) Controllers that use a facial recognition service for  
35 verification purposes must provide the consumer with notice as to  
36 which image of the consumer the facial recognition service is  
37 referencing when attempting to verify the consumer's identity.

38 (8) Controllers using a facial recognition service for the  
39 purpose of verification, identification, or to make decisions that  
40 produce legal effects on consumers or similarly significant effects

1 on consumers must ensure that those decisions are subject to  
2 meaningful human review.

3 (9) Prior to deploying a facial recognition service in the  
4 context in which it will be used, controllers using a facial  
5 recognition service to make decisions that produce legal effects on  
6 consumers or similarly significant effects on consumers must test the  
7 facial recognition service in operational conditions. Controllers  
8 must take steps to ensure best quality results by following all  
9 guidance provided by the developer of the facial recognition service.

10 (10) Controllers using a facial recognition service must conduct  
11 annual training of all individuals that operate a facial recognition  
12 service or that process personal data obtained from the use of facial  
13 recognition services. Such training shall include, but not be limited  
14 to, coverage of:

15 (a) The capabilities and limitations of the facial recognition  
16 service;

17 (b) Procedures to interpret and act on the output of the facial  
18 recognition service; and

19 (c) The meaningful human review requirement for verification,  
20 identification, or decisions that produce legal effects on consumers  
21 or similarly significant effects on consumers, to the extent  
22 applicable to the deployment context.

23 (11) Controllers shall not disclose personal data obtained from a  
24 facial recognition service to a law enforcement agency, except when  
25 such disclosure is:

26 (a) Pursuant to the consent of the consumer to whom the personal  
27 data relates;

28 (b) Required by federal, state, or local law in response to a  
29 court order, court-ordered warrant, or subpoena or summons issued by  
30 a judicial officer or grand jury;

31 (c) Necessary to prevent or respond to an emergency involving  
32 danger of death or serious physical injury to any person, upon a good  
33 faith belief by the controller; or

34 (d) To the national center for missing and exploited children, in  
35 connection with a report submitted thereto under Title 18 U.S.C. Sec.  
36 2258A.

37 (12) No information obtained from or by the use of a facial  
38 recognition service may be received in evidence in any trial,  
39 hearing, or other proceeding in or before any court, grand jury,  
40 department, officer, agency, regulatory body, legislative committee,

1 or other authority subject to the jurisdiction of the state of  
2 Washington.

3 (13) Controllers that deploy a facial recognition service must  
4 respond to a consumer request to exercise the rights specified in  
5 section 6 of this act and must fulfill the duties identified in  
6 section 8 of this act.

7 (14) Voluntary facial recognition services used to verify an  
8 aviation passenger's identity in connection with services regulated  
9 by the secretary of transportation under Title 49 U.S.C. Sec. 41712  
10 and exempt from state regulation under Title 49 U.S.C. Sec.  
11 41713(b)(1) are exempt from this section. Images captured by an  
12 airline must not be retained for more than twenty-four hours and,  
13 upon request of the attorney general, airlines must certify that they  
14 do not retain the image for more than twenty-four hours. An airline  
15 facial recognition service must disclose and obtain consent from the  
16 customer prior to capturing an image.

17 NEW SECTION. **Sec. 17.** (1) This chapter does not apply to data  
18 maintained for employment records purposes.

19 (2) This section expires July 31, 2022.

20 NEW SECTION. **Sec. 18.** Sections 1 through 17 and 19 of this act  
21 constitute a new chapter in Title 19 RCW.

22 NEW SECTION. **Sec. 19.** This act takes effect July 31, 2021.
