PART II
HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed
15 projects or investments impacting time capture, payroll and payment
16 processes and systems, eligibility, case management, and
17 authorization systems within the department of social and health
18 services are subject to technical oversight by the office of the
19 chief information officer.

20 (6) (a) The department shall facilitate enrollment under the
21 medicaid expansion for clients applying for or receiving state funded
22 services from the department and its contractors. Prior to open
23 enrollment, the department shall coordinate with the health care
24 authority to provide referrals to the Washington health benefit
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and
27 medical assistance programs, and to maximize the use of federal
28 funding, the health care authority, the department of social and
29 health services, and the health benefit exchange will coordinate
30 efforts to expand HealthPlanfinder access to public assistance and
31 medical eligibility staff. The department shall complete medicaid
32 applications in the HealthPlanfinder for households receiving or
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the
35 department of social and health services, the department of health,
36 and the department of children, youth, and families shall work
37 together within existing resources to establish the health and human
38 services enterprise coalition (the coalition). The coalition, led by
39 the health care authority, must be a multi-organization collaborative
40 that provides strategic direction and federal funding guidance for

1 projects that have cross-organizational or enterprise impact,
2 including information technology projects that affect organizations
3 within the coalition. By October 31, 2019, the coalition must submit
4 a report to the governor and the legislature that describes the
5 coalition's plan for projects affecting the coalition organizations.
6 The report must include any information technology projects impacting
7 coalition organizations and, in collaboration with the office of the
8 chief information officer, provide: (a) The status of any information
9 technology projects currently being developed or implemented that
10 affect the coalition; (b) funding needs of these current and future
11 information technology projects; and (c) next steps for the
12 coalition's information technology projects. The office of the chief
13 information officer shall maintain a statewide perspective when
14 collaborating with the coalition to ensure that the development of
15 projects identified in this report are planned for in a manner that
16 ensures the efficient use of state resources and maximizes federal
17 financial participation. The work of the coalition is subject to the
18 conditions, limitations, and review provided in section 719 of this
19 act.

35 department must also continue to update, in collaboration with the
36 office of financial management's labor relations office, the staffing
37 committees, and state labor unions, an overall state hospital
38 staffing plan that looks at all positions and functions of the

1 facilities and that is informed by a review of the Oregon state
2 hospital staffing model.

3 (ii) Within these amounts, the department must establish,
4 monitor, track, and report monthly staffing and expenditures at the
5 state hospitals, including overtime and use of locums, to the
6 functional categories identified in the recommended staffing plan.
7 The allotments and tracking of staffing and expenditures must include

25 for staffing at the state hospitals.

26 (iii) The department must submit calendar quarterly reports to
27 the office of financial management and the appropriate committees of
28 the legislature that include monitoring of monthly spending, staffing
29 levels, overtime and use of locums compared to allotments and to the
30 recommended state hospital staffing model. The format for these
31 reports must be developed in consultation with staff from the office
32 of financial management and the appropriate committees of the
33 legislature. The reports must include an update from the hospital
34 staffing committees.

35 (iv) Monthly staffing levels and related expenditures at the
36 state hospitals must not exceed official allotments without prior
37 written approval from the director of the office of financial
38 management. In the event the director of the office of financial
39 management approves an increase in monthly staffing levels and
40 expenditures beyond what is budgeted, notice must be provided to the

1 appropriate committees of the legislature within thirty days of such
2 approval. The notice must identify the reason for the authorization
3 to exceed budgeted staffing levels and the time frame for the
4 authorization. Extensions of authorizations under this subsection
5 must also be submitted to the director of the office of financial
6 management for written approval in advance of the expiration of an
7 authorization. The office of financial management must notify the

15 department to implement strategies to improve patient and staff
16 safety at eastern and western state hospitals. These amounts must be
17 used for implementing a new intensive care model program at western
18 state hospital. Remaining amounts may be used for enclosure of
19 nursing stations, increasing the number of security guards, and
20 provision of training on patient and staff safety. The department
21 must provide implementation reports to the office of financial
22 management and the appropriate committees of the legislature as

25 includes a description of the intensive care model being implemented,
26 a profile of the types of patients being served at the program, the
27 staffing model being used for the program, and preliminary
28 information on outcomes associated with the program. The outcomes
29 section should include tracking data on facility wide metrics related
30 to patient and staff safety as well as individual outcomes related to
31 the patients served on the unit.

32 (ii) A report must be submitted by December 1, 2020, which

20	TOTAL APPROPRIATION	\$3,143,043,000

21 The appropriations in this subsection are subject to the
22 following conditions and limitations:

23 (a) Individuals receiving services as supplemental security
24 income (SSI) state supplemental payments may not become eligible for
25 medical assistance under RCW 74.09.510 due solely to the receipt of
26 SSI state supplemental payments.

27 (b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
28 43.135.055, the department is authorized to increase nursing

30 necessary to fully support the actual costs of conducting the
31 licensure, inspection, and regulatory programs. The license fees may
32 not exceed the department's annual licensing and oversight activity
33 costs and shall include the department's cost of paying providers for
34 the amount of the license fee attributed to medicaid clients.

35 (i) The current annual renewal license fee for adult family homes
36 is \$225 per bed beginning in fiscal year 2020 and \$225 per bed
37 beginning in fiscal year 2021. A processing fee of \$2,750 must be

26 70.128.060 in any case in which the department determines that an
27 adult family home is being relicensed because of exceptional
28 circumstances, such as death or incapacity of a provider, and that to
29 require the full payment of the licensing and processing fees would
30 present a hardship to the applicant. In these situations the
31 department is also granted the authority to waive the required
32 residential administrator training for a period of 120 days if
33 necessary to ensure continuity of care during the relicensing
34 process.

35 (f) Community residential cost reports that are submitted by or
36 on behalf of contracted agency providers are required to include

7 caregivers with a break in caregiving, the opportunity for behavioral
8 stabilization of the child, and the ability to partner with the state
9 in the development of an individualized service plan that allows the
10 child to remain in his or her family home. The department must
11 provide the legislature with a respite utilization report in January
12 of each year that provides information about the number of children
13 who have used enhanced respite in the preceding year, as well as the
14 location and number of days per month that each respite bed was
15 occupied.

16 (h) \$2,025,000 of the general fund—state appropriation for fiscal

18 fiscal year 2021 are provided solely for the development and
19 implementation of thirteen community respite beds across the state
20 for adults. These services are intended to provide families and
21 caregivers with a break in caregiving and the opportunity for
22 stabilization of the individual in a community-based setting as an
23 alternative to using a residential habilitation center to provide
24 planned or emergent respite. The department must provide the
25 legislature with a respite utilization report by January of each year
26 that provides information about the number of individuals who have
27 used community respite in the preceding year, as well as the location

2 to leaving one of the state psychiatric hospitals. The individualized
3 assessment must identify and authorize personal care, nursing care,
4 behavioral health stabilization, physical therapy, or other necessary
5 services to meet the unique needs of each client. It is the
6 expectation that, in most cases, staffing ratios in all community
7 alternative placement options described in (i)(i) of this subsection
8 will need to increase to meet the needs of clients leaving the state
9 psychiatric hospitals. If specialized training is necessary to meet
10 the needs of a client before he or she enters a community placement,
11 then the person centered service plan must also identify and
12 authorize this training.

13 (iii) When reviewing placement options, the department must
14 consider the safety of other residents, as well as the safety of
15 staff, in a facility. An initial evaluation of each placement,
16 including any documented safety concerns, must occur within thirty
17 days of a client leaving one of the state psychiatric hospitals and
18 entering one of the community placement options described in (i)(i)
19 of this subsection. At a minimum, the department must perform two
20 additional evaluations of each placement during the first year that a
21 client has lived in the facility.

22 (iv) In developing bed capacity, the department shall consider
23 the complex needs of individuals waiting for discharge from the state
24 psychiatric hospitals.

26 year 2021 is provided solely for state-operated behavioral health

37 appropriation are provided solely for expanding the number of clients
38 receiving services under the basic plus medicaid waiver.
39 Approximately three hundred fifty additional clients are anticipated

1 to graduate from high school during the 2019-2021 fiscal biennium and
2 will receive employment services under this expansion.

35 expenditures under this subsection and shall provide such fiscal data
36 in the time, manner, and form requested by the legislative fiscal
37 committees. By December 15, 2019, the authority in collaboration with
38 each accountable community of health shall demonstrate how it will be
39 self-sustaining by the end of the demonstration waiver period,

1 including sources of outside funding, and provide this reporting to
2 the joint select committee on health care oversight. If by the third
3 year of the demonstration waiver there are not measurable, improved
4 patient outcomes and financial returns, the Washington state
5 institute for public policy will conduct an audit of the accountable
6 communities of health, in addition to the process set in place
7 through the independent evaluation required by the agreement with
8 centers for medicare and medicaid services.

9 (3) No more than \$79,829,000 of the general fund—federal
10 appropriation may be expended for supported housing and employment
11 services described in initiative 3a and 3b of the medicaid
12 transformation demonstration waiver under healthier Washington. Under
13 this initiative, the authority and the department of social and
14 health services shall ensure that allowable and necessary services
15 are provided to eligible clients as identified by the department or
16 its third party administrator. The authority and the department in
17 consultation with the medicaid forecast work group, shall ensure that
18 reasonable reimbursements are established for services deemed
19 necessary within an identified limit per individual. The authority
20 shall not increase general fund—state expenditures under this
21 initiative. The director shall report to the joint select committee
22 on health care oversight no less than quarterly on financial and
23 health outcomes. The director shall also report to the fiscal
24 committees of the legislature all of the expenditures of this
25 subsection and shall provide such fiscal data in the time, manner,
26 and form requested by the legislative fiscal committees.

27 (4) Annually, no later than November 1st, the authority shall
28 report to the governor and appropriate committees of the legislature:
29 (a) Savings attributed to behavioral and physical integration in
30 areas that are scheduled to integrate in the following calendar year,
31 and (b) savings attributed to behavioral and physical health
32 integration and the level of savings achieved in areas that have
33 integrated behavioral and physical health.

34 (5) Sufficient amounts are appropriated in this subsection to
35 implement the medicaid expansion as defined in the social security
36 act, section 1902(a)(10)(A)(i)(VIII).

37 (6) The legislature finds that medicaid payment rates, as
38 calculated by the health care authority pursuant to the
39 appropriations in this act, bear a reasonable relationship to the
40 costs incurred by efficiently and economically operated facilities

1 for providing quality services and will be sufficient to enlist
2 enough providers so that care and services are available to the
3 extent that such care and services are available to the general
4 population in the geographic area. The legislature finds that the
5 cost reports, payment data from the federal government, historical
6 utilization, economic data, and clinical input constitute reliable
7 data upon which to determine the payment rates.

8 (7) Based on quarterly expenditure reports and caseload
9 forecasts, if the health care authority estimates that expenditures
10 for the medical assistance program will exceed the appropriations,
11 the health care authority shall take steps including but not limited
12 to reduction of rates or elimination of optional services to reduce
13 expenditures so that total program costs do not exceed the annual
14 appropriation authority.

15 (8) In determining financial eligibility for medicaid-funded
16 services, the health care authority is authorized to disregard
17 recoveries by Holocaust survivors of insurance proceeds or other
18 assets, as defined in RCW 48.104.030.

19 (9) The legislature affirms that it is in the state's interest
20 for Harborview medical center to remain an economically viable
21 component of the state's health care system.

22 (10) When a person is ineligible for medicaid solely by reason of
23 residence in an institution for mental diseases, the health care
24 authority shall provide the person with the same benefits as he or
25 she would receive if eligible for medicaid, using state-only funds to
26 the extent necessary.

27 (11) \$4,261,000 of the general fund—state appropriation for
28 fiscal year 2020, \$4,261,000 of the general fund—state appropriation
29 for fiscal year 2021, and \$8,522,000 of the general fund—federal
30 appropriation are provided solely for low-income disproportionate
31 share hospital payments.

32 (12) Within the amounts appropriated in this section, the health
33 care authority shall provide disproportionate share hospital payments
34 to hospitals that provide services to children in the children's
35 health program who are not eligible for services under Title XIX or
36 XXI of the federal social security act due to their citizenship
37 status.

38 (13) \$6,000,000 of the general fund—federal appropriation is
39 provided solely for supplemental payments to nursing homes operated

1 by public hospital districts. The public hospital district shall be
2 responsible for providing the required nonfederal match for the
3 supplemental payment, and the payments shall not exceed the maximum
4 allowable under federal rules. It is the legislature's intent that
5 the payments shall be supplemental to and shall not in any way offset
6 or reduce the payments calculated and provided in accordance with
7 part E of chapter 74.46 RCW. It is the legislature's further intent
8 that costs otherwise allowable for rate-setting and settlement
9 against payments under chapter 74.46 RCW shall not be disallowed
10 solely because such costs have been paid by revenues retained by the
11 nursing home from these supplemental payments. The supplemental
12 payments are subject to retrospective interim and final cost
13 settlements based on the nursing homes' as-filed and final medicare
14 cost reports. The timing of the interim and final cost settlements
15 shall be at the health care authority's discretion. During either the
16 interim cost settlement or the final cost settlement, the health care
17 authority shall recoup from the public hospital districts the
18 supplemental payments that exceed the medicaid cost limit and/or the
19 medicare upper payment limit. The health care authority shall apply
20 federal rules for identifying the eligible incurred medicaid costs
21 and the medicare upper payment limit.

22 (14) The health care authority shall continue the inpatient
23 hospital certified public expenditures program for the 2019-2021
24 fiscal biennium. The program shall apply to all public hospitals,
25 including those owned or operated by the state, except those
26 classified as critical access hospitals or state psychiatric
27 institutions. The health care authority shall submit reports to the
28 governor and legislature by November 1, 2020, and by November 1,
29 2021, that evaluate whether savings continue to exceed costs for this
30 program. If the certified public expenditures (CPE) program in its
31 current form is no longer cost-effective to maintain, the health care
32 authority shall submit a report to the governor and legislature
33 detailing cost-effective alternative uses of local, state, and
34 federal resources as a replacement for this program. During fiscal
35 year 2020 and fiscal year 2021, hospitals in the program shall be
36 paid and shall retain one hundred percent of the federal portion of
37 the allowable hospital cost for each medicaid inpatient fee-for-
38 service claim payable by medical assistance and one hundred percent
39 of the federal portion of the maximum disproportionate share hospital
40 payment allowable under federal regulations. Inpatient medicaid

1 payments shall be established using an allowable methodology that
2 approximates the cost of claims submitted by the hospitals. Payments
3 made to each hospital in the program in each fiscal year of the
4 biennium shall be compared to a baseline amount. The baseline amount
5 will be determined by the total of (a) the inpatient claim payment
6 amounts that would have been paid during the fiscal year had the
7 hospital not been in the CPE program based on the reimbursement rates
8 developed, implemented, and consistent with policies approved in the
9 2019-2021 biennial operating appropriations act and in effect on July
10 1, 2015, (b) one-half of the indigent assistance disproportionate
11 share hospital payment amounts paid to and retained by each hospital
12 during fiscal year 2005, and (c) all of the other disproportionate
13 share hospital payment amounts paid to and retained by each hospital
14 during fiscal year 2005 to the extent the same disproportionate share
15 hospital programs exist in the 2019-2021 fiscal biennium. If payments
16 during the fiscal year exceed the hospital's baseline amount, no
17 additional payments will be made to the hospital except the federal
18 portion of allowable disproportionate share hospital payments for
19 which the hospital can certify allowable match. If payments during
20 the fiscal year are less than the baseline amount, the hospital will
21 be paid a state grant equal to the difference between payments during
22 the fiscal year and the applicable baseline amount. Payment of the
23 state grant shall be made in the applicable fiscal year and
24 distributed in monthly payments. The grants will be recalculated and
25 redistributed as the baseline is updated during the fiscal year. The
26 grant payments are subject to an interim settlement within eleven
27 months after the end of the fiscal year. A final settlement shall be
28 performed. To the extent that either settlement determines that a
29 hospital has received funds in excess of what it would have received
30 as described in this subsection, the hospital must repay the excess
31 amounts to the state when requested. \$537,000 of the general fund—
32 state appropriation for fiscal year 2020 and \$522,000 of the general
33 fund—state appropriation for fiscal year 2021 are provided solely for
34 state grants for the participating hospitals.

35 (15) The health care authority shall seek public-private
36 partnerships and federal funds that are or may become available to
37 provide on-going support for outreach and education efforts under the
38 federal children's health insurance program reauthorization act of
39 2009.

1 (16) The health care authority shall target funding for maternity
2 support services towards pregnant women with factors that lead to
3 higher rates of poor birth outcomes, including hypertension, a
4 preterm or low birth weight birth in the most recent previous birth,
5 a cognitive deficit or developmental disability, substance abuse,
6 severe mental illness, unhealthy weight or failure to gain weight,
7 tobacco use, or African American or Native American race. The health
8 care authority shall prioritize evidence-based practices for delivery
9 of maternity support services. To the extent practicable, the health
10 care authority shall develop a mechanism to increase federal funding
11 for maternity support services by leveraging local public funding for
12 those services.

13 (17) The authority shall submit reports to the governor and the
14 legislature by September 15, 2020, and no later than September 15,
15 2021, that delineate the number of individuals in medicaid managed
16 care, by carrier, age, gender, and eligibility category, receiving
17 preventative services and vaccinations. The reports should include
18 baseline and benchmark information from the previous two fiscal years
19 and should be inclusive of, but not limited to, services recommended
20 under the United States preventative services task force, advisory
21 committee on immunization practices, early and periodic screening,
22 diagnostic, and treatment (EPSDT) guidelines, and other relevant
23 preventative and vaccination medicaid guidelines and requirements.

24 (18) Managed care contracts must incorporate accountability
25 measures that monitor patient health and improved health outcomes,

27 examination that documents the baseline health status and allows for
28 monitoring of health improvements and outcome measures.

29 (19) Sufficient amounts are appropriated in this section for the
30 authority to provide an adult dental benefit.

31 (20) The health care authority shall coordinate with the
32 department of social and health services to provide referrals to the
33 Washington health benefit exchange for clients that will be
34 ineligible for medicaid.

35 (21) To facilitate a single point of entry across public and
36 medical assistance programs, and to maximize the use of federal
37 funding, the health care authority, the department of social and
38 health services, and the health benefit exchange will coordinate
39 efforts to expand HealthPlanfinder access to public assistance and
40 medical eligibility staff. The health care authority shall complete

1 medicaid applications in the HealthPlanfinder for households
2 receiving or applying for medical assistance benefits.

3 (22) \$90,000 of the general fund—state appropriation for fiscal

11 naturopathic physicians.

12 (24) Within the amounts appropriated in this section, the
13 authority shall continue to provide coverage for pregnant teens that

15 eligibility for pregnancy related services would otherwise end due to
16 the application of the new modified adjusted gross income eligibility
17 standard.

18 (25) Sufficient amounts are appropriated in this section to
19 remove the mental health visit limit and to provide the shingles
20 vaccine and screening, brief intervention, and referral to treatment

22 in the classic medicaid benefit plan.

23 (26) The authority shall use revenue appropriated from the
24 dedicated marijuana fund for contracts with community health centers
25 under RCW 69.50.540 in lieu of general fund—state payments to
26 community health centers for services provided to medical assistance
27 clients, and it is the intent of the legislature that this policy
28 will be continued in subsequent fiscal biennia.

30 eligible under the medicaid state plan for encounter payments,
31 managed care organizations at the request of a rural health clinic
32 shall pay the full published encounter rate directly to the clinic.
33 At no time will a managed care organization be at risk for or have
34 any right to the supplemental portion of the claim. Payments will be
35 reconciled on at least an annual basis between the managed care
36 organization and the authority, with final review and approval by the
37 authority.

38 (28) Sufficient funds are provided for the authority to remove

14 Additionally, the report shall include the status of rural health
15 clinic reconciliations for calendar years 2014-2017, including
16 anticipated amounts owed to or from rural health clinics from the
17 reconciliation process for those fiscal years. The authority shall
18 not recover the state portion of rural health reconciliations for
19 calendar years 2011-2013 for which no general fund state accrual was
20 made. The authority shall not pursue recoveries for calendar years
21 2014-2017 until after the legislature has an opportunity to take
22 action during the 2020 legislative session. If the legislature does
23 not take any action on rural health clinic reconciliations for
24 calendar years 2014-2017, recoveries shall commence per
25 administrative rule.

36 withheld. At least seventy-five percent of the withhold shall be held
37 contingent on each managed care organization's performance on the
38 seven performance measures identified in this section. Each managed
39 care organization may earn back the annual withhold if the external

1 quality improvement organization finds that the managed care
2 organization:

3 (i) Made statistically significant improvement in the seven
4 performance measures as compared to the preceding plan year; or

38 Additionally, behavioral health entities may use a portion of the
39 state funds allocated in accordance with subsection (7) of this

1 section to earn additional medicaid match, but only to the extent

3 diminish the level of crisis and commitment, community inpatient,
4 residential care, and outpatient services presently available to
5 persons not eligible for medicaid.

14 the types of services provided and submit a report to the office of
15 financial management and the appropriate fiscal committees of the
16 legislature by December 1st of each year of the biennium.

17 (12) Within the amounts appropriated in this section, funding is
18 provided for the authority to develop and phase in intensive mental
19 health services for high needs youth consistent with the settlement
20 agreement in *T.R. v. Dreyfus and Porter*.

21 (13) The authority must establish minimum and maximum funding
22 levels for all reserves allowed under behavioral health organization
23 and administrative services organization contracts and include
24 contract language that clearly states the requirements and
25 limitations. The authority must monitor and ensure that behavioral
26 health organization and administrative services organization reserves
27 do not exceed maximum levels. The authority must monitor revenue and
28 expenditure reports and must require a behavioral health organization
29 or administrative services organization to submit a corrective action
30 plan on how it will spend its excess reserves within a reasonable
31 period of time, when its reported reserves exceed maximum levels
32 established under the contract. The authority must review and approve
33 such plans and monitor to ensure compliance. If the authority
34 determines that a behavioral health organization or administrative
35 services organization has failed to provide an adequate excess
36 reserve corrective action plan or is not complying with an approved
37 plan, the authority must reduce payments to the entity in accordance
38 with remedial actions provisions included in the contract. These
39 reductions in payments must continue until the authority determines

1 that the entity has come into substantial compliance with an approved
2 excess reserve corrective action plan.

3 (14) During the 2019-2021 fiscal biennium, any amounts provided
4 in this section that are used for case management services for
5 pregnant and parenting women must be contracted directly between the
6 authority and providers rather than through contracts with behavioral
7 health organizations.

8 (15) Within the amounts appropriated in this section, the
9 authority may contract with the University of Washington and
10 community-based providers for the provision of the parent-child
11 assistance program or other specialized chemical dependency case
12 management providers for pregnant, post-partum, and parenting women.
13 For all contractors: (a) Service and other outcome data must be
14 provided to the authority by request; and (b) indirect charges for
15 administering the program must not exceed ten percent of the total
16 contract amount.

17 (16) \$3,500,000 of the general fund—federal appropriation (from
18 the substance abuse prevention and treatment federal block grant) is
19 provided solely for the continued funding of existing county drug and
20 alcohol use prevention programs.

21 (17) Within the amounts provided in this section, behavioral
22 health entities must provide outpatient chemical dependency treatment
23 for offenders enrolled in the medicaid program who are supervised by
24 the department of corrections pursuant to a term of community
25 supervision. Contracts with behavioral health entities must require
26 that behavioral health entities include in their provider network
27 specialized expertise in the provision of manualized, evidence-based
28 chemical dependency treatment services for offenders. The department
29 of corrections and the authority must develop a memorandum of
30 understanding for department of corrections offenders on active
31 supervision who are medicaid eligible and meet medical necessity for
32 outpatient substance use disorder treatment. The agreement will
33 ensure that treatment services provided are coordinated, do not
34 result in duplication of services, and maintain access and quality of
35 care for the individuals being served. The authority must provide all
36 necessary data, access, and reports to the department of corrections
37 for all department of corrections offenders that receive medicaid
38 paid services.

39 (18) The criminal justice treatment account—state appropriation
40 is provided solely for treatment and treatment support services for

1 offenders with a substance use disorder pursuant to RCW 71.24.580.
2 The authority must offer counties the option to administer their
3 share of the distributions provided for under RCW 71.24.580(5)(a). If
4 a county is not interested in administering the funds, the authority
5 shall contract with behavioral health entities to administer these
6 funds consistent with the plans approved by local panels pursuant to
7 RCW 71.24.580(5)(b). The authority must provide a report to the
8 office of financial management and the appropriate committees of the
9 legislature which identifies the distribution of criminal justice
10 treatment account funds by September 30, 2019.

11 (19) No more than \$27,844,000 of the general fund—federal
12 appropriation may be expended for supported housing and employment
13 services described in initiative 3a and 3b of the medicaid
14 transformation demonstration waiver under healthier Washington. Under
15 this initiative, the authority and the department of social and
16 health services shall ensure that allowable and necessary services
17 are provided to eligible clients as identified by the authority or
18 its providers or third party administrator. The department and the
19 authority in consultation with the medicaid forecast work group,
20 shall ensure that reasonable reimbursements are established for
21 services deemed necessary within an identified limit per individual.
22 The authority shall not increase general fund—state expenditures
23 under this initiative. The secretary in collaboration with the
24 director of the authority shall report to the joint select committee
25 on health care oversight no less than quarterly on financial and
26 health outcomes. The secretary in cooperation with the director shall
27 also report to the fiscal committees of the legislature all of the
28 expenditures of this subsection and shall provide such fiscal data in
29 the time, manner, and form requested by the legislative fiscal
30 committees.

31 (20) \$6,858,000 of the general fund—state appropriation for
32 fiscal year 2020, \$6,858,000 of the general fund—state appropriation
33 for fiscal year 2021, and \$8,046,000 of the general fund—federal
34 appropriation are provided solely to maintain new crisis triage or
35 stabilization centers. Services in these facilities may include
36 crisis stabilization and intervention, individual counseling, peer
37 support, medication management, education, and referral assistance.
38 The authority shall monitor each center's effectiveness at lowering
39 the rate of state psychiatric hospital admissions.

1 (21) \$1,125,000 of the general fund—federal appropriation is
2 provided solely for the authority to develop a memorandum of
3 understanding with the department of health for implementation of
4 chapter 297, Laws of 2017 (opioid treatment programs). The authority
5 must use these amounts to reimburse the department of health for
6 costs incurred through the implementation of the bill.

7 (22) \$6,655,000 of the general fund—state appropriation for
8 fiscal year 2020, \$10,015,000 of the general fund—state appropriation
9 for fiscal year 2021, and \$12,965,000 of the general fund—federal
10 appropriation are provided solely for the operation of secure
11 withdrawal management and stabilization facilities. The authority may
12 not use any of these amounts for services in facilities that are
13 subject to federal funding restrictions that apply to institutions
14 for mental diseases, unless they have received a waiver that allows
15 for full federal participation in these facilities. Within these
16 amounts, funding is provided to increase the fee for service rate for
17 these facilities up to \$650 per day. The authority must require in
18 contracts with behavioral health entities that, beginning in calendar
19 year 2020, they pay no lower than the fee for service rate. The
20 authority must coordinate with regional behavioral health entities to
21 identify and implement purchasing strategies or regulatory changes
22 that increase access to services for individuals with complex
23 behavioral health needs at secure withdrawal management and
24 stabilization facilities.

25 (23) \$23,090,000 of the general fund—state appropriation for
26 fiscal year 2020, \$23,090,000 of the general fund—state appropriation
27 for fiscal year 2021, and \$92,444,000 of the general fund—federal
28 appropriation are provided solely to maintain the enhancement of
29 community-based behavioral health services that was funded in fiscal
30 year 2019. Twenty percent of the general fund—state appropriation
31 amounts for each regional service area must be used to increase their
32 nonmedicaid funding and the remainder must be used to increase
33 medicaid rates above FY 2018 levels. Effective January 2020, the
34 medicaid funding is intended to increase rates for behavioral health
35 services provided by licensed and certified community behavioral
36 health agencies as defined by the department of health. This funding
37 must be allocated to the managed care organizations proportionate to
38 their medicaid enrollees. The authority must require the managed care
39 organizations to provide a report on their implementation of this

1 funding. The authority must submit a report to the legislature by
2 December 1, 2020, summarizing how this funding was used and provide
3 information for future options of increasing behavioral health
4 provider rates through directed payments. The report must identify
5 different mechanisms for implementing directed payment for behavioral
6 health providers including but not limited to minimum fee schedules,
7 across the board percentage increases, and value-based payments. The
8 report must provide a description of each of the mechanisms
9 considered, the timeline that would be required for implementing the
10 mechanism, and whether and how the mechanism is expected to have a
11 differential impact on different providers. The report must also
12 summarize the information provided by managed care organizations in
13 implementing the funding provided under this section.

14 (24) \$27,917,000 of the general fund—state appropriation for
15 fiscal year 2020, \$36,095,000 of the general fund—state appropriation
16 for fiscal year 2021, and \$60,644,000 of the general fund—federal
17 appropriation are provided solely for the department to contract with
18 community hospitals or freestanding evaluation and treatment centers
19 to provide long-term inpatient care beds as defined in RCW 71.24.025.
20 Within these amounts, the authority must meet the requirements for
21 reimbursing counties for the judicial services for patients being
22 served in these settings in accordance with RCW 71.05.730. The
23 authority must coordinate with the department of social and health
24 services in developing the contract requirements, selecting
25 contractors, and establishing processes for identifying patients that
26 will be admitted to these facilities. Sufficient amounts are provided
27 in fiscal year 2020 for the authority to reimburse community
28 hospitals serving medicaid clients in long-term inpatient care beds
29 as defined in RCW 71.24.025 at a rate of \$1,171 per day, or the
30 hospital's current psychiatric inpatient per diem rate, whichever is
31 higher. The rate paid to hospitals in this subsection cannot exceed
32 one-hundred percent of the hospitals eligible costs based on their
33 most recently completed medicare cost report. The authority in
34 collaboration with the Washington state hospital association must
35 convene a work group to develop a methodology for reimbursing
36 community hospitals serving these clients. In developing this
37 methodology, the authority must account for cost structure
38 differences between teaching hospitals and other hospital types. The

1 authority must provide a report to the appropriate committees of the
2 legislature by December 1, 2019. The report must:

3 (a) Describe the methodology developed by the work group;

4 (b) Identify cost differences between teaching hospitals and
5 other hospital types;

6 (c) Provide options for incentivizing community hospitals to
7 offer long-term inpatient care beds day beds including a rate
8 recommendation;

9 (d) Identify the cost associated with any recommended changes in
10 rates or rate setting methodology; and

11 (e) Outline an implementation plan.

12 (25) \$1,455,000 of the general fund—state appropriation for
13 fiscal year 2020, \$1,401,000 of the general fund—state appropriation
14 for fiscal year 2021, and \$3,210,000 of the general fund—federal
15 appropriation are provided solely for the implementation of intensive
16 behavioral health treatment facilities within the community
17 behavioral health service system pursuant to Second Substitute House
18 Bill No. 1394 (behavioral health facilities).

19 (26) \$21,000 of the general fund—state appropriation for fiscal
20 year 2020, \$152,000 of the general fund—state appropriation for
21 fiscal year 2021, and \$173,000 of the general fund—federal
22 appropriation are provided solely to implement chapter 70, Laws of
23 2019 (SHB 1199) (health care/disability).

24 (27)(a) \$12,878,000 of the dedicated marijuana account—state
25 appropriation for fiscal year 2020 and \$12,878,000 of the dedicated
26 marijuana account—state appropriation for fiscal year 2021 are
27 provided for:

28 (i) A memorandum of understanding with the department of
29 children, youth, and families to provide substance abuse treatment
30 programs;

31 (ii) A contract with the Washington state institute for public
32 policy to conduct a cost-benefit evaluation of the implementations of
33 chapter 3, Laws of 2013 (Initiative Measure No. 502);

34 (iii) Designing and administering the Washington state healthy
35 youth survey and the Washington state young adult behavioral health
36 survey;

37 (iv) Maintaining increased services to pregnant and parenting
38 women provided through the parent child assistance program;

1 (v) Grants to the office of the superintendent of public
2 instruction for life skills training to children and youth;

3 (vi) Maintaining increased prevention and treatment service
4 provided by tribes and federally recognized American Indian
5 organization to children and youth;

6 (vii) Maintaining increased residential treatment services for
7 children and youth;

8 (viii) Training and technical assistance for the implementation
9 of evidence-based, research based, and promising programs which
10 prevent or reduce substance use disorder;

11 (ix) Expenditures into the home visiting services account; and

12 (x) Grants to community-based programs that provide prevention
13 services or activities to youth.

14 (b) The authority must allocate the amounts provided in (a) of
15 this subsection amongst the specific activities proportionate to the
16 fiscal year 2019 allocation.

17 (28) (a) \$1,125,000 of the general fund—state appropriation for
18 fiscal year 2020 and \$1,125,000 of the general fund—state
19 appropriation for fiscal year 2021 is provided solely for Spokane
20 behavioral health entities to implement services to reduce
21 utilization and the census at eastern state hospital. Such services
22 must include:

23 (i) High intensity treatment team for persons who are high
24 utilizers of psychiatric inpatient services, including those with co-
25 occurring disorders and other special needs;

27 community individuals in crisis who are at risk of requiring
28 inpatient care or jail services;

29 (iii) Mental health services provided in nursing facilities to

31 treating those individuals; and

32 (iv) Services at the sixteen-bed evaluation and treatment
33 facility.

34 (b) At least annually, the Spokane county behavioral health
35 entities shall assess the effectiveness of these services in reducing
36 utilization at eastern state hospital, identify services that are not
37 optimally effective, and modify those services to improve their
38 effectiveness.

1 (29) \$24,819,000 of the general fund—state appropriation for
2 fiscal year 2020 is provided solely to assist behavioral health
3 entities with the costs of providing services to medicaid clients
4 receiving services in psychiatric facilities classified as
5 institutions of mental diseases. The authority must distribute these
6 amounts proportionate to the number of bed days for medicaid clients
7 in institutions for mental diseases that were excluded from
8 behavioral health organization calendar year 2019 capitation rates
9 because they exceeded the amounts allowed under federal regulations.
10 The authority must also use these amounts to directly pay for costs
11 that are ineligible for medicaid reimbursement in institutions of
12 mental disease facilities for American Indian and Alaska Natives who
13 opt to receive behavioral health services on a fee-for-service basis.
14 The amounts used for these individuals must be reduced from the
15 allocation of the behavioral health organization where the individual
16 resides. If a behavioral health organization receives more funding
17 through this subsection than is needed to pay for the cost of their
18 medicaid clients in institutions for mental diseases, they must use
19 the remainder of the amounts to provide other services not covered
20 under the medicaid program. The authority must submit an application
21 for a waiver to allow, by July 1, 2020, for full federal
22 participation for medicaid clients in mental health facilities
23 classified as institutions of mental diseases. The authority must
24 submit a report on the status of the waiver to the office of
25 financial management and the appropriate committees of the
26 legislature by December 1, 2019.

27 (30) The authority must require all behavioral health
28 organizations transitioning to full integration to either spend down
29 or return all reserves in accordance with contract requirements and
30 federal and state law. Behavioral health organization reserves may
31 not be used to pay for services to be provided beyond the end of a
32 behavioral health organization's contract or for startup costs in
33 full integration regions except as provided in this subsection. The
34 authority must ensure that any increases in expenditures in
35 behavioral health reserve spend-down plans are required for the
36 operation of services during the contract period and do not result in
37 overpayment to providers. If the nonfederal share of reserves
38 returned during fiscal year 2020 exceeds \$35,000,000, the authority
39 shall use some of the amounts in excess of \$35,000,000 to support the
40 final regions transitioning to full integration of physical and

1 behavioral health care. These amounts must be distributed
2 proportionate to the population of each regional area covered. The
3 maximum amount allowed per region is \$3,175 per 1,000 residents.
4 These amounts must be used to provide a reserve for nonmedicaid
5 services in the region to stabilize the new crisis services system.

6 (31) \$1,850,000 of the general fund—state appropriation for
7 fiscal year 2020, \$1,850,000 of the general fund—state appropriation
8 for fiscal year 2021, and \$13,312,000 of the general fund—federal
9 appropriation are provided solely for the authority to implement a
10 medicaid state plan amendment which provides for substance use
11 disorder peer support services to be included in behavioral health
12 capitation rates beginning in fiscal year 2020 in accordance with
13 section 213(5)(ss), chapter 299, Laws of 2018. The authority shall
14 require managed care organizations to provide access to peer support
15 services for individuals with substance use disorders transitioning
16 from emergency departments, inpatient facilities, or receiving
17 treatment as part of hub and spoke networks.

18 (32) \$1,256,000 of the general fund—state appropriation for
19 fiscal year 2021 and \$1,686,000 of the general fund—federal
20 appropriation are provided solely for the authority to increase the
21 number of residential beds for pregnant and parenting women. These
22 amounts may be used for startup funds and ongoing costs associated
23 with two new sixteen bed pregnant and parenting women residential
24 treatment programs.

25 (33) Within the amounts appropriated in this section, the
26 authority must maintain a rate increase for community hospitals that
27 provide a minimum of 200 medicaid psychiatric inpatient days pursuant
28 to the methodology adopted to implement section 213(5)(n), chapter
29 299, Laws of 2018 (ESSB 6032) (partial veto).

30 (34) \$1,393,000 of the general fund—state appropriation for
31 fiscal year 2020, \$1,423,000 of the general fund—state appropriation
32 for fiscal year 2021, and \$5,938,000 of the general fund—federal
33 appropriation are provided solely for the authority to implement
34 discharge wraparound services for individuals with complex behavioral
35 health conditions transitioning or being diverted from admission to
36 psychiatric inpatient programs. The authority must coordinate with
37 the department of social and health services in establishing the
38 standards for these programs.

1 (35) \$850,000 of the general fund—federal appropriation is
2 provided solely to contract with a nationally recognized recovery
3 residence organization and to create a revolving fund for loans to
4 operators of recovery residences seeking certification in accordance
5 with Second Substitute House Bill No. 1528 (recovery support
6 services). If the bill is not enacted by June 30, 2019, the amount in
7 this subsection shall lapse.

8 (36) \$212,000 of the general fund—state appropriation for fiscal
9 year 2020, \$212,000 of the general fund—state appropriation for
10 fiscal year 2021, and \$124,000 of the general fund—federal
11 appropriation are provided solely for the implementation of Engrossed
12 Second Substitute House Bill No. 1874 (adolescent behavioral health).
13 Funding is provided specifically for the authority to provide an
14 online training to behavioral health providers related to state law
15 and best practices in family-initiated treatment, adolescent-
16 initiated treatment, and other services and to conduct an annual
17 survey to measure the impacts of implementing policies resulting from
18 the bill. If the bill is not enacted by June 30, 2019, the amounts in
19 this subsection shall lapse.

20 (37) \$500,000 of the general fund—state appropriation for fiscal
21 year 2020, \$500,000 of the general fund—state appropriation for
22 fiscal year 2021, and \$1,000,000 of the general fund—federal
23 appropriation are provided solely for the authority to implement a
24 memorandum of understanding with the criminal justice training
25 commission to provide funding for community grants pursuant to Second
26 Substitute House Bill No. 1767 (alternatives to arrest). If the bill
27 is not enacted by June 30, 2019, the amounts provided in this
28 subsection shall lapse.

29 (38) \$500,000 of the general fund—state appropriation for fiscal
30 year 2020 and \$500,000 of the general fund—state appropriation for
31 fiscal year 2021 are provided solely for provision of crisis
32 stabilization services to individuals who are not eligible for
33 medicaid in Whatcom county. The authority must coordinate with crisis
34 stabilization providers, managed care organizations, and behavioral
35 health administrative services organizations throughout the state to
36 identify payment models that reflect the unique needs of crisis
37 stabilization and crisis triage providers. The report must also
38 include an analysis of the estimated gap in nonmedicaid funding for
39 crisis stabilization and triage facilities throughout the state. The

1 authority must provide a report to the office of financial management
2 and the appropriate committees of the legislature on the estimated
3 nonmedicaid funding gap and payment models by December 1, 2019.

4 (39) The authority must conduct an analysis to determine whether
5 there is a gap in fiscal year 2020 behavioral health entity funding
6 for services in institutions for mental diseases and submit a report
7 to the office of financial management and the appropriate committees
8 of the legislature by November 1, 2019. The report must be developed
9 in consultation with the office of financial management and staff
10 from the fiscal committees of the legislature and must include the
11 following elements: (a) The increase in the number of nonmedicaid bed
12 days in institutions for mental diseases from fiscal year 2017 to
13 fiscal year 2019 by facility and the estimated annual cost associated
14 with these increased bed days in FY 2020; (b) the increase in the
15 number of medicaid bed days in institutions for mental diseases from
16 fiscal year 2017 to fiscal year 2019 by facility and the estimated
17 annual cost associated with these increased bed days in FY 2020; (c)
18 the amount of funding assumed in current behavioral health entity
19 medicaid capitation rates for institutions for mental diseases bed
20 days that are currently allowable under medicaid regulation or
21 waivers; (d) the amounts provided in subsection (29) of this section
22 to assist with costs in institutions for mental diseases not covered
23 in medicaid capitation rates; and (e) any remaining gap in behavioral
24 health entity funding for institutions for mental diseases for
25 medicaid or nonmedicaid clients.

26 (40) \$1,968,000 of the general fund—state appropriation for
27 fiscal year 2020, \$3,396,000 of the general fund—state appropriation
28 for fiscal year 2021, and \$12,150,000 of the general fund—federal
29 appropriation are provided solely for support of and to increase
30 clubhouse facilities across the state. The authority shall work with
31 the centers for medicare and medicaid services to review
32 opportunities to include clubhouse services as an optional "in lieu
33 of" service in managed care organization contracts in order to
34 maximize federal participation. The authority must provide a report
35 to the office of financial management and the appropriate committees
36 of the legislature on the status of efforts to implement clubhouse
37 programs and receive federal approval for including these services in
38 managed care organization contracts as an optional "in lieu of"
39 service.

1 (41) \$1,000,000 of the general fund—federal appropriation (from
2 the substance abuse prevention and treatment federal block grant) is
3 provided solely for the authority to contract on a one-time basis
4 with the University of Washington behavioral health institute to
5 develop and disseminate model programs and curricula for inpatient
6 and outpatient treatment for individuals with substance use disorder
7 and co-occurring disorders. The behavioral health institute will
8 provide individualized consultation to behavioral health agencies in
9 order to improve the delivery of evidence-based and promising
10 practices and overall quality of care. The behavioral health
11 institute will provide training to staff of behavioral health
12 agencies to enhance the quality of substance use disorder and co-
13 occurring treatment delivered.

14 (42) The number of beds allocated for use by behavioral health
15 entities at eastern state hospital shall be one hundred ninety two
16 per day. The number of nonforensic beds allocated for use by
17 behavioral health entities at western state hospital shall be five
18 hundred twenty-seven per day. During fiscal year 2020, the authority
19 must reduce the number of beds allocated for use by behavioral health
20 entities at western state hospital by sixty beds to allow for the
21 repurposing of two civil wards at western state hospital to provide
22 forensic services. Contracted community beds provided under
23 subsection (24) of this section shall be allocated to the behavioral
24 health entities in lieu of beds at western state hospital and be
25 incorporated in their allocation of state hospital patient days of
26 care for the purposes of calculating reimbursements pursuant to RCW
27 71.24.310. It is the intent of the legislature to continue the policy
28 of expanding community based alternatives for long-term civil
29 commitment services that allow for state hospital beds to be
30 prioritized for forensic patients.

31 (43) \$190,000 of the general fund—state appropriation for fiscal
32 year 2020, \$947,000 of the general fund—state appropriation for
33 fiscal year 2021, and \$1,023,000 of the general fund—federal
34 appropriation are provided solely for the authority to develop a
35 statewide plan to implement evidence-based coordinated specialty care
36 programs that provide early identification and intervention for
37 psychosis in behavioral health agencies in accordance with Second
38 Substitute Senate Bill No. 5903 (children's mental health). If the

1 bill is not enacted by June 30, 2019, the amounts in this subsection
2 shall lapse.

3 (44) \$708,000 of the general fund—state appropriation for fiscal
4 year 2021 and \$799,000 of the general fund—federal appropriation are
5 provided solely for implementing mental health peer respite centers

29 health and the state board of health shall not implement any new or
30 amended rules pertaining to primary and secondary school facilities
31 until the rules and a final cost estimate have been presented to the

9 factors: Career and Technical Education students. 1.025
10 Skill Center students. 1.198

11 (4) CLASSIFIED STAFF ALLOCATIONS

12 Allocations for classified staff units providing school building-
13 level and district-wide support services for the 2019-20 and 2020-21

22 school years for the central office administrative costs of operating
23 a school district, at the following rates:

24 (a) The total central office staff units provided in this
25 subsection (5) are calculated by first multiplying the total number
26 of eligible certificated instructional, certificated administrative,
27 and classified staff units providing school-based or district-wide
28 support services, as identified in RCW 28A.150.260(6)(b) and the
29 increased allocations provided pursuant to subsections (2) and (4) of
30 this section, by 5.3 percent.

31 (b) Of the central office staff units calculated in (a) of this

6 staff unit per student rate as those generated for general education
7 students of the same grade in this subsection (5), and central office
8 administrative staff units are allocated at staff unit per student
9 rates that exceed the general education rate established for students
10 in the same grade in this subsection (5) by 12.51 percent in the
11 2019-20 school year and 12.53 percent in the 2020-21 school year for
12 career and technical education students, and 17.84 percent in the
13 2019-20 school year and 17.86 percent in the 2020-21 school year for
14 skill center students.

32 (b) Beginning January 1, 2020, and for the 2020-21 school year,
33 the number of calculated benefit units determined below. Calculated
34 benefit units are staff units multiplied by the benefit allocation
35 factors established in the collective bargaining agreement referenced
36 in section 938 of this act. These factors are intended to adjust
37 allocations so that, for the purpose of distributing insurance
38 benefits, full-time equivalent employees may be calculated on the
39 basis of 630 hours of work per year, with no individual employee

1 counted as more than one full-time equivalent. The number of benefit
2 units is determined as follows:

3 (i) The number of certificated staff units determined in
4 subsections (2), (3), and (5) of this section multiplied by 1.02; and

 30 salary except as provided in RCW 28A.400.200, as amended by chapter
 31 13, Laws of 2017 3rd sp. sess. (fully funding the program of basic

3 *NEW SECTION. **Sec. 601.** The appropriations in sections 605
4 through 611 of this act are subject to the following conditions and
5 limitations:

6 (1) "Institutions" means the institutions of higher education
7 receiving appropriations under sections 605 through 611 of this act.

8 (2) The legislature, the office of financial management, and
9 other state agencies need consistent and accurate personnel data from
10 institutions of higher education for policy planning purposes.
11 Institutions of higher education shall report personnel data to the
12 office of financial management for inclusion in the agency's data
13 warehouse. Uniform reporting procedures shall be established by the
14 office of financial management's office of the state human resources
15 director for use by the reporting institutions, including provisions
16 for common job classifications and common definitions of full-time
17 equivalent staff. Annual contract amounts, number of contract months,
18 and funding sources shall be consistently reported for employees
19 under contract.

20 (3) In addition to waivers granted under the authority of RCW

24 state by integrating the curriculum developed and made available free

26 into existing programs or courses and may modify that curriculum in
27 order to incorporate elements that have a regionally specific focus.

29 number of a campus, local, state, or national suicide, crisis, or
30 counseling hotline on the back of newly issued student and faculty
31 identification cards starting in fall quarter 2019, or as soon as is

23 legislature by the governor unless such requests:

24 (a) Have been submitted to the director of the office of
25 financial management by October 1 prior to the legislative session at
26 which the requests are to be considered; and

27 (b) Have been certified by the director of the office of

35 submission, either party may reopen all or part of the agreement or
36 the exclusive bargaining representative may seek to implement the
37 procedures provided for in RCW 41.80.090.

38 (4) (a) (i) For the purpose of negotiating agreements for
39 institutions of higher education, the employer shall be the
40 respective governing board of each of the universities, colleges, or

13 one master collective bargaining agreement for all of the bargaining
14 units of employees of more than one university or college that the
15 representative represents.

16 (iii) A governing board of a community college may elect to have
17 its negotiations conducted by the governor or governor's designee
18 under the procedures provided for general government agencies in
19 subsections (1) through (3) of this section.

20 (b) Prior to entering into negotiations under this chapter, the
21 institutions of higher education or their designees shall consult
22 with the director of the office of financial management regarding
23 financial and budgetary issues that are likely to arise in the
24 impending negotiations.

25 (c)(i) In the case of bargaining agreements reached between
26 institutions of higher education other than the University of
27 Washington and exclusive bargaining representatives agreed to under
28 the provisions of this chapter, if appropriations are necessary to
29 implement the compensation and fringe benefit provisions of the
30 bargaining agreements, the governor shall submit a request for such
31 funds to the legislature according to the provisions of subsection
32 (3) of this section, except as provided in (c)(iii) of this
33 subsection.

34 (ii) In the case of bargaining agreements reached between the
35 University of Washington and exclusive bargaining representatives
36 agreed to under the provisions of this chapter, if appropriations are
37 necessary to implement the compensation and fringe benefit provisions
38 of a bargaining agreement, the governor shall submit a request for
39 such funds to the legislature according to the provisions of

1 subsection (3) of this section, except as provided in this subsection
2 (4) (c) (ii) and as provided in (c) (iii) of this subsection.

3 (A) If appropriations of less than ten thousand dollars are
4 necessary to implement the provisions of a bargaining agreement, a
5 request for such funds shall not be submitted to the legislature by
6 the governor unless the request has been submitted to the director of
7 the office of financial management by October 1 prior to the
8 legislative session at which the request is to be considered.

9 (B) If appropriations of ten thousand dollars or more are
10 necessary to implement the provisions of a bargaining agreement, a
11 request for such funds shall not be submitted to the legislature by
12 the governor unless the request:

13 (I) Has been submitted to the director of the office of financial
14 management by October 1 prior to the legislative session at which the
15 request is to be considered; and

17 financial management as being feasible financially for the state.

18 (C) If the director of the office of financial management does
19 not certify a request under (c) (ii) (B) of this subsection as being
20 feasible financially for the state, the parties shall enter into
21 collective bargaining solely for the purpose of reaching a mutually
22 agreed upon modification of the agreement necessary to address the
23 absence of those requested funds. The legislature may act upon the
24 compensation and fringe benefit provisions of the modified collective
25 bargaining agreement if those provisions are agreed upon and
26 submitted to the office of financial management and legislative
27 budget committees before final legislative action on the biennial or
28 supplemental operating budget by the sitting legislature.

29 (iii) In the case of a bargaining unit of employees of
30 institutions of higher education in which the exclusive bargaining
31 representative is certified during or after the conclusion of a
32 legislative session, the legislature may act upon the compensation
33 and fringe benefit provisions of the unit's initial collective
34 bargaining agreement if those provisions are agreed upon and
35 submitted to the office of financial management and legislative
36 budget committees before final legislative action on the biennial or
37 supplemental operating budget by the sitting legislature.

38 (5) If, after the compensation and fringe benefit provisions of
39 an agreement are approved by the legislature, a significant revenue
40 shortfall occurs resulting in reduced appropriations, as declared by

1 proclamation of the governor or by resolution of the legislature,
2 both parties shall immediately enter into collective bargaining for a
3 mutually agreed upon modification of the agreement.

4 (6) After the expiration date of a collective bargaining
5 agreement negotiated under this chapter, all of the terms and
6 conditions specified in the collective bargaining agreement remain in
7 effect until the effective date of a subsequently negotiated
8 agreement, not to exceed one year from the expiration date stated in

21 (3) The department of health shall enter into interagency
22 agreements with the liquor and cannabis board to pay the costs
23 incurred, up to thirty percent of available funds, in carrying out
24 its enforcement responsibilities under this chapter. Such agreements
25 shall set forth standards of enforcement, consistent with the funding
26 available, so as to reduce the extent to which tobacco products and
27 vapor products are available to individuals under the age of
28 eighteen. The agreements shall also set forth requirements for data
29 reporting by the liquor and cannabis board regarding its enforcement
30 activities. During the 2019-2021 fiscal biennium, the department of
31 health shall pay the costs incurred, up to twenty-three percent of

12 **Sec. 980.** RCW 71.24.580 and 2018 c 205 s 2 and 2018 c 201 s 4044
13 are each reenacted and amended to read as follows:

14 (1) The criminal justice treatment account is created in the
15 state treasury. Moneys in the account may be expended solely for: (a)
16 Substance use disorder treatment and treatment support services for
17 offenders with a substance use disorder that, if not treated, would
18 result in addiction, against whom charges are filed by a prosecuting
19 attorney in Washington state; (b) the provision of substance use
20 disorder treatment services and treatment support services for
21 nonviolent offenders within a drug court program; and (c) the
22 administrative and overhead costs associated with the operation of a
23 drug court. Amounts provided in this subsection must be used for
24 treatment and recovery support services for criminally involved
25 offenders and authorization of these services shall not be subject to
26 determinations of medical necessity. During the 2017-2019 fiscal
27 biennium, the legislature may direct the state treasurer to make
28 transfers of moneys in the criminal justice treatment account to the
29 state general fund. (~~It is the intent of the legislature to continue~~
30 ~~in the 2019-2021 biennium the policy of transferring to the state~~
31 ~~general fund such amounts as reflect the excess fund balance of the~~
32 ~~account.~~) During the 2019-2021 fiscal biennium, the legislature may
33 direct the state treasurer to make transfers of moneys in the
34 criminal justice treatment account to the home security fund account
35 created in RCW 43.185C.060. It is the intent of the legislature to
36 continue the policy of transferring moneys from the criminal justice
37 treatment account to the home security fund account in subsequent
38 biennia. Moneys in the account may be spent only after appropriation.

39 (2) For purposes of this section:

1 (a) "Treatment" means services that are critical to a
2 participant's successful completion of his or her substance use
3 disorder treatment program, including but not limited to the recovery
4 support and other programmatic elements outlined in RCW 2.30.030
5 authorizing therapeutic courts; and

6 (b) "Treatment support" includes transportation to or from
7 inpatient or outpatient treatment services when no viable alternative
8 exists, and child care services that are necessary to ensure a
9 participant's ability to attend outpatient treatment sessions.

10 (3) Revenues to the criminal justice treatment account consist
11 of: (a) Funds transferred to the account pursuant to this section;
12 and (b) any other revenues appropriated to or deposited in the
13 account.

14 (4)(a) For the fiscal year beginning July 1, 2005, and each
15 subsequent fiscal year, the state treasurer shall transfer eight
16 million two hundred fifty thousand dollars from the general fund to
17 the criminal justice treatment account, divided into four equal
18 quarterly payments. For the fiscal year beginning July 1, 2006, and
19 each subsequent fiscal year, the amount transferred shall be
20 increased on an annual basis by the implicit price deflator as
21 published by the federal bureau of labor statistics.

22 (b) In each odd-numbered year, the legislature shall appropriate
23 the amount transferred to the criminal justice treatment account in
24 (a) of this subsection to the department for the purposes of
25 subsection (5) of this section.

26 (5) Moneys appropriated to the authority from the criminal
27 justice treatment account shall be distributed as specified in this
28 subsection. The authority may retain up to three percent of the
29 amount appropriated under subsection (4)(b) of this section for its
30 administrative costs.

31 (a) Seventy percent of amounts appropriated to the authority from
32 the account shall be distributed to counties pursuant to the
33 distribution formula adopted under this section. The authority, in
34 consultation with the department of corrections, the Washington state
35 association of counties, the Washington state association of drug
36 court professionals, the superior court judges' association, the
37 Washington association of prosecuting attorneys, representatives of
38 the criminal defense bar, representatives of substance use disorder
39 treatment providers, and any other person deemed by the authority to
40 be necessary, shall establish a fair and reasonable methodology for

1 distribution to counties of moneys in the criminal justice treatment
2 account. County or regional plans submitted for the expenditure of
3 formula funds must be approved by the panel established in (b) of
4 this subsection.

5 (b) Thirty percent of the amounts appropriated to the authority
6 from the account shall be distributed as grants for purposes of
7 treating offenders against whom charges are filed by a county
8 prosecuting attorney. The authority shall appoint a panel of
9 representatives from the Washington association of prosecuting
10 attorneys, the Washington association of sheriffs and police chiefs,
11 the superior court judges' association, the Washington state
12 association of counties, the Washington defender's association or the
13 Washington association of criminal defense lawyers, the department of
14 corrections, the Washington state association of drug court
15 professionals, and substance use disorder treatment providers. The
16 panel shall review county or regional plans for funding under (a) of
17 this subsection and grants approved under this subsection. The panel
18 shall attempt to ensure that treatment as funded by the grants is
19 available to offenders statewide.

20 (6) The county alcohol and drug coordinator, county prosecutor,
21 county sheriff, county superior court, a substance abuse treatment
22 provider appointed by the county legislative authority, a member of
23 the criminal defense bar appointed by the county legislative
24 authority, and, in counties with a drug court, a representative of
25 the drug court shall jointly submit a plan, approved by the county
26 legislative authority or authorities, to the panel established in
27 subsection (5)(b) of this section, for disposition of all the funds
28 provided from the criminal justice treatment account within that
29 county. The funds shall be used solely to provide approved alcohol
30 and substance abuse treatment pursuant to RCW 71.24.560 and treatment
31 support services. No more than ten percent of the total moneys
32 received under subsections (4) and (5) of this section by a county or
33 group of counties participating in a regional agreement shall be
34 spent for treatment support services.

35 (7) Counties are encouraged to consider regional agreements and
36 submit regional plans for the efficient delivery of treatment under
37 this section.

38 (8) Moneys allocated under this section shall be used to
39 supplement, not supplant, other federal, state, and local funds used
40 for substance abuse treatment.

1 (9) Counties must meet the criteria established in RCW
2 2.30.030(3).

3 **Sec. 981.** RCW 76.04.610 and 2018 c 299 s 912 are each amended to
4 read as follows:

5 (1)(a) If any owner of forestland within a forest protection zone
6 neglects or fails to provide adequate fire protection as required by
7 RCW 76.04.600, the department shall provide such protection and shall
8 annually impose the following assessments on each parcel of such
9 land: (i) A flat fee assessment of seventeen dollars and fifty cents;
10 and (ii) twenty-seven cents on each acre exceeding fifty acres.

11 (b) Assessors may, at their option, collect the assessment on tax
12 exempt lands. If the assessor elects not to collect the assessment,
13 the department may bill the landowner directly.

14 (2) An owner who has paid assessments on two or more parcels,
15 each containing fewer than fifty acres and each within the same
16 county, may obtain the following refund:

17 (a) If all the parcels together contain less than fifty acres,
18 then the refund is equal to the flat fee assessments paid, reduced by
19 the total of (i) seventeen dollars and (ii) the total of the amounts
20 retained by the county from such assessments under subsection (5) of
21 this section.

22 (b) If all the parcels together contain fifty or more acres, then
23 the refund is equal to the flat fee assessments paid, reduced by the
24 total of (i) seventeen dollars, (ii) twenty-seven cents for each acre
25 exceeding fifty acres, and (iii) the total of the amounts retained by
26 the county from such assessments under subsection (5) of this
27 section.

28 Applications for refunds shall be submitted to the department on
29 a form prescribed by the department and in the same year in which the
30 assessments were paid. The department may not provide refunds to
31 applicants who do not provide verification that all assessments and
32 property taxes on the property have been paid. Applications may be
33 made by mail.

34 In addition to the procedures under this subsection, property
35 owners with multiple parcels in a single county who qualify for a
36 refund under this section may apply to the department on an
37 application listing all the parcels owned in order to have the
38 assessment computed on all parcels but billed to a single parcel.

1 Property owners with the following number of parcels may apply to the
2 department in the year indicated:

3	Year	Number of Parcels
4	2002	10 or more parcels
5	2003	8 or more parcels
6	2004 and thereafter	6 or more parcels

7 The department must compute the correct assessment and allocate
8 one parcel in the county to use to collect the assessment. The county
9 must then bill the forest fire protection assessment on that one
10 allocated identified parcel. The landowner is responsible for
11 notifying the department of any changes in parcel ownership.

12 (3) Beginning January 1, 1991, under the administration and at
13 the discretion of the department up to two hundred thousand dollars
14 per year of this assessment shall be used in support of those rural
15 fire districts assisting the department in fire protection services
16 on forestlands.

17 (4) For the purpose of this chapter, the department may divide
18 the forestlands of the state, or any part thereof, into districts,
19 for fire protection and assessment purposes, may classify lands
20 according to the character of timber prevailing, and the fire hazard
21 existing, and place unprotected lands under the administration of the
22 proper district. Amounts paid or contracted to be paid by the
23 department for protection of forestlands from funds at its disposal
24 shall be a lien upon the property protected, unless reimbursed by the
25 owner within ten days after October 1st of the year in which they
26 were incurred. The department shall be prepared to make statement
27 thereof, upon request, to a forest owner whose own protection has not
28 been previously approved as to its adequacy, the department shall
29 report the same to the assessor of the county in which the property
30 is situated. The assessor shall extend the amounts upon the tax rolls
31 covering the property, and upon authorization from the department
32 shall levy the forest protection assessment against the amounts of
33 unimproved land as shown in each ownership on the county assessor's
34 records. The assessor may then segregate on the records to provide
35 that the improved land and improvements thereon carry the millage
36 levy designed to support the rural fire protection districts as
37 provided for in RCW 52.16.170.

1 (5) The amounts assessed shall be collected at the time, in the
2 same manner, by the same procedure, and with the same penalties
3 attached that general state and county taxes on the same property are
4 collected, except that errors in assessments may be corrected at any
5 time by the department certifying them to the treasurer of the county
6 in which the land involved is situated. Assessments shall be known
7 and designated as assessments of the year in which the amounts became
8 reimbursable. Upon the collection of assessments the county treasurer
9 shall place fifty cents of the total assessments paid on a parcel for
10 fire protection into the county current expense fund to defray the
11 costs of listing, billing, and collecting these assessments. The
12 treasurer shall then transmit the balance to the department.
13 Collections shall be applied against expenses incurred in carrying
14 out the provisions of this section, including necessary and
15 reasonable administrative costs incurred by the department in the
16 enforcement of these provisions. The department may also expend sums
17 collected from owners of forestlands or received from any other
18 source for necessary administrative costs in connection with the
19 enforcement of RCW 76.04.660. During the 2017-2019 and 2019-2021
20 fiscal (~~(biennium)~~) biennia, the legislature may appropriate moneys
21 from the account for department of natural resources wildfire
22 response and forest health activities.

7 thereafter, the state treasurer must increase the total transfer by
8 the fiscal growth factor, as defined in RCW 43.135.025, forecast for
9 that fiscal year by the office of financial management in November of
10 the preceding year.

11 (2) The moneys deposited in the county criminal justice
12 assistance account for distribution under this section, less any
13 moneys appropriated for purposes under subsections (4) and (5) of
14 this section, must be distributed at such times as distributions are
15 made under RCW 82.44.150 and on the relative basis of each county's
16 funding factor as determined under this subsection.

17 (a) A county's funding factor is the sum of:

18 (i) The population of the county, divided by one thousand, and
19 multiplied by two-tenths;

20 (ii) The crime rate of the county, multiplied by three-tenths;
21 and

22 (iii) The annual number of criminal cases filed in the county

35 the courts of Washington, as published by the administrative office
36 of the courts;

37 (iv) Distributions and eligibility for distributions in the
38 1989-1991 biennium must be based on 1988 figures for both the crime
39 rate as described under (ii) of this subsection and the annual number
40 of criminal cases that are filed as described under (iii) of this

1 subsection. Future distributions must be based on the most recent
2 figures for both the crime rate as described under (ii) of this
3 subsection and the annual number of criminal cases that are filed as
4 described under (iii) of this subsection.

5 (3) Moneys distributed under this section must be expended
6 exclusively for criminal justice purposes and may not be used to
7 replace or supplant existing funding. Criminal justice purposes are
8 defined as activities that substantially assist the criminal justice
9 system, which may include circumstances where ancillary benefit to

24 county criminal justice assistance account may be available for
25 appropriations for enhancements to the state patrol crime laboratory

27 appropriated from this account for such enhancements may not supplant
28 existing funds from the state general fund.

29 ~~(5) ((During the 2011-2013 fiscal biennium, the amount that would
30 otherwise be transferred into the county criminal justice assistance
31 account from the general fund under subsection (1) of this section
32 must be reduced by 3.4 percent.~~

33 ~~(6) During the 2013-2015 fiscal biennium, for the purposes of
34 substance abuse and other programs for offenders, the legislature may
35 appropriate from the county criminal justice assistance account such
36 amounts as are in excess of the amounts necessary to fully meet the
37 state's obligations to the counties and to the Washington state
38 patrol. Excess amounts in this account are not the result of
39 subsection (5) of this section.)~~ During the 2017-2019 fiscal
40 biennium, the sum of one hundred fifty-three thousand dollars, and

1 during the 2019-2021 fiscal biennium, the sum of five hundred ten

15 read as follows:

16 (1) The water pollution control revolving administration account
17 is created in the state treasury. All receipts from charges
18 authorized in this section must be deposited in the account. Moneys
19 in the account may be spent only after appropriation. Expenditures
20 from the account may be used only in a manner consistent with this
21 section.

22 (2) The department is authorized to assess administration charges
23 as a portion of the debt service for loans issued under the water
24 pollution control revolving fund created in RCW 90.50A.020. The sole
25 purpose of assessing administration charges is to predictably and
26 adequately fund the department's costs of administering the water
27 pollution control revolving fund loan program, as identified in
28 subsection (5) of this section. The department must assess
29 administration charges on each water pollution control revolving fund
30 loan at the point the loan enters repayment status, after July 28,
31 2013, and rule changes are adopted to implement the administration
32 charge. Loans that are at an interest rate below the established
33 administration charge rate are exempt from the administration charge.

34 (3) The water pollution control revolving administration account
35 consists of:

36 (a) Any administration charge levied by the department in
37 conjunction with administration of the water pollution control
38 revolving fund; and

1 (b) Any other revenues derived from gifts, grants, or bequests
2 pledged to the state for the purpose of administering the water
3 pollution control revolving fund.

4 (4) The state treasurer may invest and reinvest moneys in the
5 water pollution control revolving administration account in the
6 manner provided by law. All earnings from such investment and
7 reinvestment must be credited to the water pollution control
8 revolving administration account.

9 (5) Moneys in the water pollution control revolving
10 administration account are to be used for the following water
11 pollution (~~(control)~~) control revolving fund loan program costs:

12 (a) Administration costs associated with conducting application
13 processes, managing contracts, collecting loan repayments, managing
14 the revolving fund, providing technical assistance, and meeting state
15 and federal reporting requirements; and

16 (b) Information and data system costs associated with loan
17 tracking and fund management.

18 (6) Each biennium, the department may spend from the water
19 pollution control revolving administration account an amount no
20 greater than four percent of the water pollution control revolving
21 fund new capital appropriation.

22 (7) For its 2017-2019 biennial operating budget submittal, and
23 every biennium thereafter, the department must compare the projected
24 water pollution control revolving administration account balance and
25 the projected administration charge income with projected program
26 costs, including an adequate working capital reserve as defined by
27 the office of financial management. In its submittal to the office of
28 financial management, the department may:

29 (a) Find that the projected administration charge income is
30 inadequate to fund the cost of administering the program, and that
31 the rate of the charge must be increased. However, the administration
32 charge may never exceed one percent on the declining principal loan
33 balance;

34 (b) Find that the projected administration charge income exceeds
35 what is needed to fund the cost of administering the program, and
36 that the rate of the charge must be decreased;

37 (c) Find that there is an excess balance in the revolving
38 administration account, and that the excess must be transferred to
39 the water pollution control revolving fund to be used for loans; or

1 (d) Find that there is no need for any rate adjustments or
2 balance transfers.

3 (8) At the point where the water pollution control revolving
4 administration account adequately covers the program administration
5 costs, the department may no longer use the federal administration
6 allowance. If a federal capitalization grant is awarded after that
7 point, all federal capitalization dollars must be used for making
8 loans.

9 (9) By December 1, 2018, the department must submit to the
10 appropriate legislative fiscal committees a report on implementation
11 of the administration charge, including information on: The amount of
12 income the administration charge has produced since its inception;
13 the uses and adequacy of the income for administrative costs; any
14 excess balances that have been transferred to the water pollution
15 control revolving fund; and any additional sources that the
16 department is using for program administration.

17 (10) During the 2019-2021 fiscal biennium, the legislature may
18 direct the state treasurer to make transfers of moneys in the water
19 pollution control revolving administration account to the water
20 pollution control revolving account.

PART XI
SUPPLEMENTAL
HUMAN SERVICES

Sec. 1101. 2018 c 299 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic

1 area. The legislature finds that cost reports, payment data from the
2 federal government, historical utilization, economic data, and
3 clinical input constitute reliable data upon which to determine the
4 payment rates.

5 (4) The department shall to the maximum extent practicable use
6 the same system for delivery of spoken-language interpreter services
7 for social services appointments as the one established for medical
8 appointments in the health care authority. When contracting directly
9 with an individual to deliver spoken language interpreter services,
10 the department shall only contract with language access providers who
11 are working at a location in the state and who are state-certified or
12 state-authorized, except that when such a provider is not available,
13 the department may use a language access provider who meets other
14 certifications or standards deemed to meet state standards, including
15 interpreters in other states.

16 (5) Information technology projects or investments and proposed
17 projects or investments impacting time capture, payroll and payment
18 processes and systems, eligibility, case management, and
19 authorization systems within the department of social and health
20 services are subject to technical oversight by the office of the
21 chief information officer.

22 (6) (a) The department shall facilitate enrollment under the
23 medicaid expansion for clients applying for or receiving state funded
24 services from the department and its contractors. Prior to open
25 enrollment, the department shall coordinate with the health care
26 authority to provide referrals to the Washington health benefit
27 exchange for clients that will be ineligible for medicaid.

28 (b) To facilitate a single point of entry across public and
29 medical assistance programs, and to maximize the use of federal
30 funding, the health care authority, the department of social and
31 health services, and the health benefit exchange will coordinate
32 efforts to expand HealthPlanfinder access to public assistance and
33 medical eligibility staff. The department shall complete medicaid
34 applications in the HealthPlanfinder for households receiving or
35 applying for public assistance benefits.

36 (7) In accordance with RCW 71.24.380, the health care authority
37 and the department are authorized to purchase medical and behavioral
38 health services through integrated contracts upon request of all of
39 the county authorities in a regional service area to become an early
40 adopter of fully integrated purchasing of medical and behavioral

1 health services. The department may combine and transfer such amounts
2 appropriated under sections 204, 208, and 213 of this act as may be
3 necessary to fund early adopter contracts. The amount of medicaid
4 funding transferred from each program may not exceed the average per
5 capita cost assumed in this act for individuals covered by that
6 program, actuarially adjusted for the health condition of persons
7 enrolled, times the number of clients enrolled. The amount of non-
8 medicaid funding transferred from sections 204 and 208 may not exceed
9 the amount that would have been contracted with a behavioral health
10 organization if the county authorities had not requested to become an
11 early adopter of fully integrated purchasing. These limits do not
12 apply to the amounts provided in section 204(1)(s) of this act. If
13 any funding that this act provides solely for a specific purpose is
14 transferred under this subsection, that funding must be used
15 consistently with the provisions and conditions for which it was
16 provided.

17 (8) In accordance with RCW 71.24.380, the department is
18 authorized to purchase mental health and substance use disorder
19 services through integrated contracts with behavioral health
20 organizations. The department may combine and transfer such amounts
21 appropriated under sections 204 and 208 of this act as may be
22 necessary to finance these behavioral health organization contracts.
23 If any funding that this act provides solely for a specific purpose
24 is transferred under this subsection, that funding must be used
25 consistently with the provisions and conditions for which it was
26 provided.

27 (9)(a) The appropriations to the department of social and health
28 services in this act must be expended for the programs and in the
29 amounts specified in this act. However, after May 1, (~~2018~~) 2019,
30 unless prohibited by this act, the department may transfer general
31 fund—state appropriations for fiscal year (~~2018~~) 2019 among
32 programs and subprograms after approval by the director of the office
33 of financial management. However, the department may not transfer
34 state appropriations that are provided solely for a specified purpose
35 except as expressly provided in (b) through (d) of this subsection.

36 (b) To the extent that transfers under (a) of this subsection are
37 insufficient to fund actual expenditures in excess of fiscal year
38 (~~2018~~) 2019 caseload forecasts and utilization assumptions in the
39 long-term care, developmental disabilities, (~~foster care, adoption~~
40 ~~support,~~) and public assistance programs, the department may

1 transfer state appropriations that are provided solely for a
2 specified purpose.

3 (c) Within the mental health program, the department may transfer
4 appropriations that are provided solely for a specified purpose
5 within and between subprograms as needed to fund actual expenditures
6 through the end of fiscal year (~~(2018)~~) 2019.

7 (d) Within the developmental disabilities program, the department
8 may transfer appropriations that are provided solely for a specified
9 purpose within and between subprograms as needed to fund actual
10 expenditures through the end of fiscal year (~~(2018)~~) 2019.

11 (e) The department may not transfer appropriations, and the
12 director of the office of financial management may not approve the
13 transfer, unless the transfer is consistent with the objective of
14 conserving, to the maximum extent possible, the expenditure of state
15 funds. The director of the office of financial management shall
16 notify the appropriate fiscal committees of the senate and house of
17 representatives in writing seven days prior to approving any
18 allotment modifications or transfers under this subsection. The
19 written notification shall include a narrative explanation and
20 justification of the changes, along with expenditures and allotments
21 by budget unit and appropriation, both before and after any allotment
22 modifications or transfers.

23 (10) The department and the department of children, youth, and
24 families shall coordinate to ensure that both agencies have
25 sufficient funding for allocated and nonallocated central services
26 and, if necessary, must enter into an interagency agreement to ensure
27 that funds are transferred to the agency that incurs costs. The
28 agencies shall jointly report to the office of financial management
29 the status of state fiscal year 2019 allocated and nonallocated
30 central services costs and whether fund transfers were required.

31 **Sec. 1102.** 2018 c 299 s 203 (uncodified) is amended to read as

5	Appropriation.	\$8,721,000
6	TOTAL APPROPRIATION.	((\$199,273,000))
7		<u>\$198,966,000</u>

8 The appropriations in this section are subject to the following
9 conditions and limitations:

10 (1) \$331,000 of the general fund—state appropriation for fiscal
11 year 2018 and \$331,000 of the general fund—state appropriation for
12 fiscal year 2019 are provided solely for deposit in the county
13 criminal justice assistance account for costs to the criminal justice
14 system associated with the implementation of chapter 338, Laws of
15 1997 (juvenile code revisions). The amounts provided in this
16 subsection are intended to provide funding for county adult court
17 costs associated with the implementation of chapter 338, Laws of 1997
18 and shall be distributed in accordance with RCW 82.14.310.

19 (2) \$2,841,000 of the general fund—state appropriation for fiscal
20 year 2018 and \$2,841,000 of the general fund—state appropriation for
21 fiscal year 2019 are provided solely for grants to county juvenile
22 courts for the following juvenile justice programs identified by the
23 Washington state institute for public policy (institute) in its
24 report: "Inventory of Evidence-based, Research-based, and Promising
25 Practices for Prevention and Intervention Services for Children and
26 Juveniles in the Child Welfare, Juvenile Justice, and Mental Health
27 Systems." Additional funding for this purpose is provided through an
28 interagency agreement with the health care authority. County juvenile
29 courts shall apply to the juvenile rehabilitation administration for
30 funding for program-specific participation and the administration
31 shall provide grants to the courts consistent with the per-
32 participant treatment costs identified by the institute.

33 (3) \$1,537,000 of the general fund—state appropriation for fiscal
34 year 2018 and \$1,537,000 of the general fund—state appropriation for
35 fiscal year 2019 are provided solely for expansion of the following
36 juvenile justice treatments and therapies in juvenile rehabilitation
37 administration programs identified by the Washington state institute
38 for public policy in its report: "Inventory of Evidence-based,
39 Research-based, and Promising Practices for Prevention and

1 Intervention Services for Children and Juveniles in the Child
2 Welfare, Juvenile Justice, and Mental Health Systems." The
3 administration may concentrate delivery of these treatments and
4 therapies at a limited number of programs to deliver the treatments
5 in a cost-effective manner.

6 (4) (a) \$6,198,000 of the general fund—state appropriation for
7 fiscal year 2018 and \$6,198,000 of the general fund—state
8 appropriation for fiscal year 2019 are provided solely to implement
9 evidence- and research-based programs through community juvenile
10 accountability grants, administration of the grants, and evaluations
11 of programs funded by the grants. In addition to funding provided in
12 this subsection, funding to implement alcohol and substance abuse
13 treatment programs for locally committed offenders is provided
14 through an interagency agreement with the health care authority.

15 (b) The juvenile rehabilitation administration shall administer a
16 block grant to county juvenile courts for the purpose of serving
17 youth as defined in RCW 13.40.510(4)(a) in the county juvenile
18 justice system. Funds dedicated to the block grant include:
19 Consolidated juvenile service (CJS) funds, community juvenile
20 accountability act (CJAA) grants, chemical dependency/mental health
21 disposition alternative (CDDA), and suspended disposition alternative
22 (SDA). The juvenile rehabilitation administration shall follow the
23 following formula and must prioritize evidence-based programs and
24 disposition alternatives and take into account juvenile courts
25 program-eligible youth in conjunction with the number of youth served
26 in each approved evidence-based program or disposition alternative:
27 (i) Thirty-seven and one-half percent for the at-risk population of
28 youth ten to seventeen years old; (ii) fifteen percent for the
29 assessment of low, moderate, and high-risk youth; (iii) twenty-five
30 percent for evidence-based program participation; (iv) seventeen and
31 one-half percent for minority populations; (v) three percent for the
32 chemical dependency and mental health disposition alternative; and
33 (vi) two percent for the suspended dispositional alternatives.
34 Funding for the special sex offender disposition alternative (SSODA)
35 shall not be included in the block grant, but allocated on the
36 average daily population in juvenile courts. Funding for the
37 evidence-based expansion grants shall be excluded from the block
38 grant formula. Funds may be used for promising practices when
39 approved by the juvenile rehabilitation administration and juvenile
40 courts, through the community juvenile accountability act committee,

1 based on the criteria established in consultation with Washington
2 state institute for public policy and the juvenile courts.

3 (c) If Second Substitute House Bill No. 1280 (referred and
4 diverted youth) is enacted, then the administration must implement a
5 stop-loss policy when allocating funding under (b) of this subsection
6 in the 2017-2019 fiscal biennium. Under the stop-loss policy, funding
7 formula changes may not result in a funding loss for any juvenile
8 court of more than two percent from one year to the next. The
9 committee in (d) of this subsection must establish a minimum base
10 level of funding for juvenile courts with lower numbers of at-risk
11 youth age 10 - 17. The administration must report to the legislature
12 by December 1, 2018, about how funding is used for referred youth and
13 the impact of that use on overall use of funding. If the bill is not
14 enacted by July 31, 2017, this subsection is null and void.

15 (d) The juvenile rehabilitation administration and the juvenile
16 courts shall establish a block grant funding formula oversight
17 committee with equal representation from the juvenile rehabilitation
18 administration and the juvenile courts. The purpose of this committee
19 is to assess the ongoing implementation of the block grant funding
20 formula, utilizing data-driven decision making and the most current
21 available information. The committee will be co-chaired by the
22 juvenile rehabilitation administration and the juvenile courts, who
23 will also have the ability to change members of the committee as
24 needed to achieve its purpose. The committee may make changes to the
25 formula categories in (b) of this subsection if it determines the
26 changes will increase statewide service delivery or effectiveness of
27 evidence-based program or disposition alternative resulting in
28 increased cost/benefit savings to the state, including long-term
29 cost/benefit savings. The committee must also consider these outcomes
30 in determining when evidence-based expansion or special sex offender
31 disposition alternative funds should be included in the block grant
32 or left separate.

33 (e) The juvenile courts and administrative office of the courts
34 must collect and distribute information and provide access to the
35 data systems to the juvenile rehabilitation administration and the
36 Washington state institute for public policy related to program and
37 outcome data. The juvenile rehabilitation administration and the
38 juvenile courts must work collaboratively to develop program outcomes
39 that reinforce the greatest cost/benefit to the state in the

1 implementation of evidence-based practices and disposition
2 alternatives.

3 (5) \$98,000 of the general fund—state appropriation for fiscal
4 year 2018 and \$98,000 of the general fund—state appropriation for
5 fiscal year 2019 are provided solely to the juvenile block grant
6 funding formula oversight committee described in subsection (4)(d) of
7 this section to contract with research entities to: (a) Assist
8 juvenile justice programs identified as promising practices or
9 research-based in undergoing the research necessary to demonstrate
10 that the program is evidence-based; and (b) establish an annual,
11 county-level evaluation of existing evidence-based juvenile justice
12 programs.

13 (6) \$557,000 of the general fund—state appropriation for fiscal
14 year 2018 and \$557,000 of the general fund—state appropriation for
15 fiscal year 2019 are provided solely for funding of the teamchild
16 project.

17 (7) \$283,000 of the general fund—state appropriation for fiscal
18 year 2018 and \$283,000 of the general fund—state appropriation for
19 fiscal year 2019 are provided solely for the juvenile detention
20 alternatives initiative.

21 (8) \$500,000 of the general fund—state appropriation for fiscal
22 year 2018 and \$500,000 of the general fund—state appropriation for
23 fiscal year 2019 are provided solely for a grant program focused on
24 criminal street gang prevention and intervention. The juvenile
25 rehabilitation administration may award grants under this subsection.
26 The juvenile rehabilitation administration shall give priority to
27 applicants who have demonstrated the greatest problems with criminal
28 street gangs. Applicants composed of, at a minimum, one or more local
29 governmental entities and one or more nonprofit, nongovernmental
30 organizations that have a documented history of creating and
31 administering effective criminal street gang prevention and
32 intervention programs may apply for funding under this subsection.
33 Each entity receiving funds must report to the juvenile
34 rehabilitation administration on the number and types of youth
35 served, the services provided, and the impact of those services on
36 the youth and the community.

37 (9) The juvenile rehabilitation institutions may use funding
38 appropriated in this subsection to purchase goods and supplies

1 through hospital group purchasing organizations when it is cost-
2 effective to do so.

3 (10) \$75,000 of the general fund—state appropriation for fiscal
4 year 2018 is provided solely for the department to coordinate the
5 examination of data associated with juvenile gang and firearm
6 offenses. The review of data must include information from the
7 administrative office of the courts, the office of the superintendent
8 of public instruction, the office of financial management—education
9 research data center, the Washington association of sheriffs and
10 police chiefs, the caseload forecast council, and the department of
11 corrections. For the purpose of carrying out the data review, named
12 organizations are authorized to share data to include details of
13 criminal arrest and conviction data. The department shall report to
14 the governor and the appropriate legislative committees by February
15 1, 2018, with any recommendations for public policy that increases
16 public safety.

17 (11) \$107,000 of the general fund—state appropriation for fiscal
18 year 2018 and \$432,000 of the general fund—state appropriation for
19 fiscal year 2019 are provided solely for the department to provide
20 housing services to clients releasing from incarceration into the
21 community.

22 (12) \$75,000 of the general fund—state appropriation for fiscal
23 year 2019 is provided solely for the implementation of Engrossed
24 Second Substitute Senate Bill No. 6160 (exclusive adult
25 jurisdiction). (~~If the bill is not enacted by June 30, 2018, the~~
26 ~~amount provided in this subsection shall lapse.~~)

27 **Sec. 1103.** 2018 c 299 s 204 (uncodified) is amended to read as
28 follows:

29 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—MENTAL HEALTH**
30 **PROGRAM**

31 (1) COMMUNITY SERVICES/BEHAVIORAL HEALTH ORGANIZATIONS

32 General Fund—State Appropriation (FY 2018).	\$381,760,000
33 General Fund—Federal Appropriation.	\$481,439,000
34 General Fund—Private/Local Appropriation.	\$8,932,000
35 Dedicated Marijuana Account—State Appropriation	
36 (FY 2018).	\$3,684,000
37 Pension Funding Stabilization Account—State	
38 Appropriation.	\$39,000

1 TOTAL APPROPRIATION. \$875,854,000

2 The appropriations in this subsection are subject to the
3 following conditions and limitations:

4 (a) For the purposes of this subsection, amounts provided for
5 behavioral health organizations shall also be available for the
6 health care authority to contract with entities that assume the
7 responsibilities of behavioral health organizations in regions in
8 which the health care authority is purchasing medical and behavioral
9 health services through fully integrated contracts pursuant to RCW
10 71.24.380.

11 (b) \$6,590,000 of the general fund—state appropriation for fiscal
12 year 2018 and \$3,810,000 of the general fund—federal appropriation
13 are provided solely for the department and behavioral health
14 organizations to continue to contract for implementation of high-
15 intensity programs for assertive community treatment (PACT) teams. In
16 determining the proportion of medicaid and nonmedicaid funding
17 provided to behavioral health organizations with PACT teams, the
18 department shall consider the differences between behavioral health
19 organizations in the percentages of services and other costs
20 associated with the teams that are not reimbursable under medicaid.
21 The department may allow behavioral health organizations which have
22 nonmedicaid reimbursable costs that are higher than the nonmedicaid
23 allocation they receive under this section to supplement these funds
24 with local dollars or funds received under (f) of this subsection.
25 The department and behavioral health organizations shall maintain
26 consistency with all essential elements of the PACT evidence-based
27 practice model in programs funded under this section.

28 (c) From the general fund—state appropriations in this
29 subsection, the department shall assure that behavioral health
30 organizations reimburse the department of social and health services
31 aging and long term support administration for the general fund—state
32 cost of medicaid personal care services that enrolled behavioral
33 health organization consumers use because of their psychiatric
34 disability.

35 (d) \$1,760,000 of the general fund—federal appropriation is
36 provided solely for the department to maintain a pilot project to put
37 peer bridging staff into each behavioral health organization as part
38 of the state psychiatric liaison teams to promote continuity of
39 service as individuals return to their communities. The department

1 must collect data and submit a report to the office of financial
2 management and the appropriate committees of the legislature on the
3 impact of peer staff on state hospital discharges and community
4 placements by December 1, 2017.

5 (e) \$11,405,000 of the general fund—state appropriation for
6 fiscal year 2018 is provided solely to assist behavioral health
7 organizations with the costs of providing services to medicaid
8 clients receiving services in psychiatric facilities classified as
9 institutions of mental diseases. The department must distribute these
10 amounts proportionate to the number of bed days for medicaid clients
11 in institutions for mental diseases that were excluded from
12 behavioral health organization fiscal year 2018 capitation rates
13 because they exceeded the amounts allowed under federal regulations.
14 The department must also use these amounts to directly pay for costs
15 that are ineligible for medicaid reimbursement in institutions of
16 mental disease facilities for American Indian and Alaska Natives who
17 opt to receive behavioral health services on a fee for service basis.
18 The amounts used for these individuals must be reduced from the
19 allocation of the behavioral health organization where the individual
20 resides. If a behavioral health organization receives more funding
21 through this subsection than is needed to pay for the cost of their
22 medicaid clients in institutions for mental diseases, they must use
23 the remainder of the amounts to provide other services not covered
24 under the medicaid program. The department must apply for a waiver
25 from the center for medicaid and medicare services to allow for the
26 full cost of stays in institutions of mental diseases to be included
27 in fiscal year 2019 behavioral health organization capitation rates.
28 The department may tailor the fiscal year 2019 waiver to specific
29 populations for which the center for medicaid and medicare services
30 has indicated they are likely to approve and work to further expand
31 the waiver to other populations in fiscal year 2020. The department
32 must submit a report on the status of the waiver to the office of
33 financial management and the appropriate committees of the
34 legislature by December 1, 2017.

35 (f) \$81,930,000 of the general fund—state appropriation for
36 fiscal year 2018 is provided solely for persons and services not
37 covered by the medicaid program. To the extent possible, levels of
38 behavioral health organization spending shall be maintained in the
39 following priority order: Crisis and commitment services; community
40 inpatient services; and residential care services, including personal

1 care and emergency housing assistance. These amounts must be
2 distributed to behavioral health organizations proportionate to the
3 fiscal year 2017 allocation of flexible nonmedicaid funds. The
4 department must include the following language in medicaid contracts
5 with behavioral health organizations unless they are provided formal
6 notification from the center for medicaid and medicare services that
7 the language will result in the loss of federal medicaid
8 participation: "The contractor may voluntarily provide services that
9 are in addition to those covered under the state plan, although the
10 cost of these services cannot be included when determining payment
11 rates unless including these costs are specifically allowed under
12 federal law or an approved waiver."

13 (g) The department is authorized to continue to contract
14 directly, rather than through contracts with behavioral health
15 organizations for children's long-term inpatient facility services.

16 (h) \$1,125,000 of the general fund—state appropriation for fiscal
17 year 2018 is provided solely for the Spokane county behavioral health
18 organization to implement services to reduce utilization and the
19 census at eastern state hospital. Such services shall include:

20 (A) High intensity treatment team for persons who are high
21 utilizers of psychiatric inpatient services, including those with co-
22 occurring disorders and other special needs;

23 (B) Crisis outreach and diversion services to stabilize in the
24 community individuals in crisis who are at risk of requiring
25 inpatient care or jail services;

26 (C) Mental health services provided in nursing facilities to
27 individuals with dementia, and consultation to facility staff
28 treating those individuals; and

29 (D) Services at the sixteen-bed evaluation and treatment
30 facility.

31 At least annually, the Spokane county behavioral health
32 organization shall assess the effectiveness of these services in
33 reducing utilization at eastern state hospital, identify services
34 that are not optimally effective, and modify those services to
35 improve their effectiveness.

36 (i) \$1,204,000 of the general fund—state appropriation for fiscal
37 year 2018 is provided solely to reimburse Pierce and Spokane counties
38 for the cost of conducting 180-day commitment hearings at the state
39 psychiatric hospitals.

1 (j) Behavioral health organizations may use local funds to earn
2 additional federal medicaid match, provided the locally matched rate
3 does not exceed the upper-bound of their federally allowable rate
4 range, and provided that the enhanced funding is used only to provide
5 medicaid state plan or waiver services to medicaid clients.
6 Additionally, behavioral health organizations may use a portion of
7 the state funds allocated in accordance with (f) of this subsection
8 to earn additional medicaid match, but only to the extent that the
9 application of such funds to medicaid services does not diminish the
10 level of crisis and commitment, community inpatient, residential
11 care, and outpatient services presently available to persons not
12 eligible for medicaid.

13 (k) \$2,291,000 of the general fund—state appropriation for fiscal
14 year 2018 is provided solely for mental health services for mentally
15 ill offenders while confined in a county or city jail and for
16 facilitating access to programs that offer mental health services
17 upon release from confinement. The department must collect
18 information from the behavioral health organizations on their plan
19 for using these funds, the numbers of individuals served, and the
20 types of services provided and submit a report to the office of
21 financial management and the appropriate fiscal committees of the
22 legislature by December 1st of each year of the biennium.

23 (l) Within the amounts appropriated in this section, funding is
24 provided for the department to develop and phase in intensive mental
25 health services for high needs youth consistent with the settlement
26 agreement in *T.R. v. Dreyfus and Porter*.

27 (m) The department must establish minimum and maximum funding
28 levels for all reserves allowed under behavioral health organization
29 contracts and insert contract language that clearly states the
30 requirements and limitations. The department must monitor and ensure
31 that behavioral health organization reserves do not exceed maximum
32 levels. The department must monitor behavioral health organization
33 revenue and expenditure reports and must require a behavioral health
34 organization to submit a corrective action plan on how it will spend
35 its excess reserves within a reasonable period of time, when its
36 reported reserves exceed maximum levels established under the
37 contract. The department must review and approve such plans and
38 monitor to ensure compliance. If the department determines that a
39 behavioral health organization has failed to provide an adequate
40 excess reserve corrective action plan or is not complying with an

1 approved plan, the department must reduce payments to the behavioral
2 health organization in accordance with remedial actions provisions
3 included in the contract. These reductions in payments must continue
4 until the department determines that the behavioral health
5 organization has come into substantial compliance with an approved
6 excess reserve corrective action plan.

7 (n) \$2,309,000 of the general fund—state appropriation for fiscal
8 year 2018 and \$2,169,000 of the general fund—federal appropriation
9 are provided solely for the department to increase rates for
10 community hospitals that provide a minimum of 200 medicaid
11 psychiatric inpatient days. The department must increase both
12 medicaid and nonmedicaid psychiatric per-diem reimbursement rates for
13 these providers within these amounts. The amounts in this subsection
14 include funding for additional hold harmless payments resulting from
15 the rate increase. The department shall prioritize increases for
16 hospitals not currently paid based on provider specific costs using a
17 similar methodology used to set rate for existing inpatient
18 facilities and the latest available cost report information. Rate
19 increases for providers must be set so as not to exceed the amounts
20 provided within this subsection. The rate increase related to
21 nonmedicaid clients must be done to maintain the provider at the same
22 percentage as currently required under WAC 182-550-4800.

23 (o) \$100,000 of the general fund—state appropriation for fiscal
24 year 2018 is provided solely for the department to collaborate with
25 tribal governments and develop a plan for establishing an evaluation
26 and treatment facility that will specialize in providing care
27 specifically to the American Indian and Alaska Native population. The
28 plan must include options for maximizing federal participation and,
29 ensure that utilization will be based on medical necessity, and
30 identify a specific geographic location where a tribal evaluation and
31 treatment facility will be built.

32 (p) \$1,466,000 of the general fund—state appropriation for fiscal
33 year 2018 and \$1,663,000 of the general fund—federal appropriation
34 are provided solely for the department to contract with community
35 hospitals or freestanding evaluation and treatment centers to provide
36 up to forty-eight long-term inpatient care beds as defined in RCW
37 71.24.025. The department must seek proposals and contract directly
38 for these services rather than contracting through behavioral health
39 organizations. The department must coordinate with the department of

1 social and health services in developing the contract requirements,
2 selecting contractors, and establishing processes for identifying
3 patients that will be admitted to these facilities. The department
4 must not use any of the amounts provided under this subsection for
5 contracts with facilities that are subject to federal funding
6 restrictions that apply to institutions of mental diseases, unless
7 they have received a waiver that allows for full federal
8 participation in these facilities.

9 (q) \$4,983,000 of the general fund—state appropriation for fiscal
10 year 2018 and \$10,849,000 of the general fund—federal appropriation
11 are provided solely for the department to increase medicaid
12 capitation payments for behavioral health organizations. The
13 department must work with the actuaries responsible for certifying
14 behavioral health capitation rates to adjust average salary
15 assumptions in order to implement this increase. In developing
16 further updates for medicaid managed care rates for behavioral health
17 services, the department must include and make available all
18 applicable documents and analysis to legislative staff from the
19 fiscal committees throughout the process. The department must require
20 the actuaries to develop and submit rate ranges for each behavioral
21 health organization prior to certification of specific rates.

22 (r) The number of beds allocated for use by behavioral health
23 organizations at eastern state hospital shall be 192 per day. The
24 number of nonforensic beds allocated for use by behavioral health
25 organizations at western state hospital shall be 557 per day. In
26 fiscal year 2019, the department must reduce the number of beds
27 allocated for use by behavioral health organizations at western state
28 hospital by 30 beds to allow for the repurposing of a civil ward at
29 western state hospital to provide forensic services. The contracted
30 beds provided under (p) of this subsection shall be allocated to the
31 behavioral health organizations in lieu of beds at the state
32 hospitals and be incorporated in their allocation of state hospital
33 patient days of care for the purposes of calculating reimbursements
34 pursuant to RCW 71.24.310. It is the intent of the legislature to
35 continue the policy of expanding community based alternatives for
36 long term civil commitment services that allow for state hospital
37 beds to be prioritized for forensic patients.

38 (s) \$11,405,000 of the general fund—state appropriation for
39 fiscal year 2018 and \$8,840,000 of the general fund—federal

1 appropriation are provided solely to maintain enhancements of
2 community mental health services. The department must contract these
3 funds for the operation of community programs in which the department
4 determines there is a need for capacity that allows individuals to be
5 diverted or transitioned from the state hospitals including but not
6 limited to: (i) Community hospital or free standing evaluation and
7 treatment services providing short-term detention and commitment
8 services under the involuntary treatment act to be located in the
9 geographic areas of the King behavioral health organization, the
10 Spokane behavioral health organization outside of Spokane county, and
11 the Thurston Mason behavioral health organization; (ii) one new full
12 program of an assertive community treatment team in the King
13 behavioral health organization and two new half programs of assertive
14 community treatment teams in the Spokane behavioral health
15 organization and the Pierce behavioral health organization; and (iii)
16 three new recovery support services programs in the Great Rivers
17 behavioral health organization, the greater Columbia behavioral
18 health organization, and the north sound behavioral health
19 organization. In contracting for community evaluation and treatment
20 services, the department may not use these resources in facilities
21 that meet the criteria to be classified under federal law as
22 institutions for mental diseases. If the department is unable to come
23 to a contract agreement with a designated behavioral health
24 organization for any of the services identified above, it may
25 consider contracting for that service in another region that has the
26 need for such service.

27 (t) \$200,000 of the general fund—state appropriation for fiscal
28 year 2018 is provided solely for clubhouse programs. The department
29 must develop options and cost estimates for implementation of
30 clubhouse programs statewide through a medicaid state plan amendment
31 or a medicaid waiver and submit a report to the office of financial
32 management and the appropriate committees of the legislature by
33 December 1, 2018.

34 (u) \$212,000 of the general fund—state appropriation for fiscal
35 year 2018 is provided solely to fund one pilot project in Pierce
36 county and one in Yakima county to promote increased utilization of
37 assisted outpatient treatment programs. The department shall require
38 two behavioral health organizations to contract with local government
39 to establish the necessary infrastructure for the programs. The
40 department, in collaboration with the health care authority, shall

1 provide a report by October 15, 2018, to the office of financial
2 management and the appropriate fiscal and policy committees of the
3 legislature to include the number of individuals served, outcomes to
4 include reduced use of inpatient treatment and state hospital stays,
5 and recommendations for further implementation based on lessons
6 learned and best practices identified by the pilot projects.

7 (v) The department, in collaboration with the health care
8 authority, shall work to ensure that a single platform provider
9 credentialing system is implemented. The authority and department
10 shall ensure that appropriate cost offsets and cost avoidance are
11 assumed for reduced staff time required for provider credentialing
12 activity and reductions in improper billing activity when
13 implementing provider credentialing systems.

14 (w) No more than \$6,464,000 of the general fund—federal
15 appropriation may be expended for supported housing and employment
16 services described in initiative 3a and 3b of the medicaid
17 transformation demonstration waiver under healthier Washington. Under
18 this initiative, the department and the health care authority shall
19 ensure that allowable and necessary services are provided to eligible
20 clients as identified by the department or its providers or third
21 party administrator. The department and the authority in consultation
22 with the medicaid forecast work group, shall ensure that reasonable
23 reimbursements are established for services deemed necessary within
24 an identified limit per individual. The department shall not increase
25 general fund—state expenditures under this initiative. The secretary
26 in collaboration with the director of the authority shall report to
27 the joint select committee on health care oversight no less than
28 quarterly on financial and health outcomes. The secretary in
29 cooperation with the director shall also report to the fiscal
30 committees of the legislature all of the expenditures of this
31 subsection and shall provide such fiscal data in the time, manner,
32 and form requested by the legislative fiscal committees.

11 Pursuant to chapter 7, Laws of 2015 1st sp. sess. (2E2SSB 5177)
12 (timeliness of competency treatment and evaluation services), the
13 department may contract some of these amounts for services at

15 need.

16 (f) \$3,928,000 of the general fund—state appropriation for fiscal
17 year 2018 and \$4,249,000 of the general fund—state appropriation for

35 requirements of the systems improvement agreement with the centers
36 for medicare and medicaid services as outlined in seven conditions of
37 participation and to maintain federal funding. The department shall
38 specifically account for all spending related to the agreement and
39 reconcile it back to the original funding plan. Changes of more than

1 ten percent in any area of the spending plan must be submitted to the
2 office of financial management for approval. The department must
3 submit a financial analysis to the office of financial management and
4 the appropriate committees of the legislature which compares current
5 staffing levels at eastern and western state hospitals, at the ward
6 level, with the specific staffing levels recommended in the state
7 hospitals' clinical model analysis project report submitted by OTB
8 Solutions in 2016. To the extent that the financial analysis includes
9 any differential in staffing from what was recommended in the report,
10 the department must clearly identify these differences and the
11 associated costs. The department must submit the financial analysis
12 by September 1, 2017.

24 appropriation for fiscal year 2019 are provided solely for increased
25 staffing and other costs at the state hospitals that are required to
26 maintain federal certification and compliance with federal
27 agreements. Throughout the biennium, the department must track state
28 hospital staffing expenditures, including the use of overtime and
29 contracted locums, to allotments and submit monthly reports to the
30 office of financial management. The office of financial management
31 must review these reports and make a determination as to whether the
32 overspending in these areas is required to maintain federal
33 certification and compliance with federal agreements. The office of
34 financial management must notify the department each month whether
35 and to what level the overspending on staffing is approved and may be
36 maintained and whether and to what level the department must reduce
37 such expenditures. By December 2, 2018, the office of financial
38 management must provide a report to the appropriate committees of the
39 legislature on spending beyond appropriations for staffing at the

1 state hospitals and identify the level of overspending that has been
2 approved and any direction provided by the office of financial

11 treatment at an inpatient level of care. The department must use
12 these funds to track the following elements related to this
13 requirement: (i) The date on which an individual is determined to no
14 longer require active psychiatric treatment at an inpatient level of
15 care; (ii) the date on which the behavioral health organizations and
16 other organizations responsible for resource management services for
17 the person is notified of this determination; and (iii) the date on
18 which either the individual is transitioned to the community or has
19 been re-evaluated and determined to again require active psychiatric
20 treatment at an inpatient level of care. The department must provide
21 this information in regular intervals to behavioral health
22 organizations and other organizations responsible for resource
23 management services. The department must summarize the information
24 and provide a report to the office of financial management and the
25 appropriate committees of the legislature on progress toward meeting
26 the fourteen day standard by December 1, 2018.

27 (m) \$140,000 of the general fund—state appropriation for fiscal

31 for amounts contracted to the University of Washington must not
32 exceed ten percent. The department and the University of Washington
33 must research and pursue behavioral health workforce education grants
34 from federal or private foundations that could be used in support of
35 this project. By November 1, 2018, the department, in collaboration
36 with the University of Washington, must submit a report to the office
37 of financial management and the appropriate committees of the
38 legislature with a progress update, readiness to proceed to the
39 second phase of the project, a detailed cost analysis of the second

1 phase, and identification of any federal or private grants identified
2 and the status of those applications.

3 (n) \$12,190,000 of the general fund—state appropriation for
4 fiscal year 2019 is provided solely for the department to develop and
5 implement an acuity based staffing tool at western state hospital and
6 eastern state hospital in collaboration with the hospital staffing
7 committees. The staffing tool must be designed and implemented to
8 identify, on a daily basis, the clinical acuity on each patient ward
9 and determine the minimum level of direct care staff by profession to
10 be deployed to meet the needs of the patients on each ward. The
11 department must also continue to develop, in collaboration with the
12 office of financial management's labor relations office, the staffing
13 committees, and state labor unions, an overall state hospital
14 staffing plan which looks at all positions and functions of the
15 facilities and is informed by a review of the Oregon state hospital
16 staffing model. \$300,000 of the amounts in this subsection are
17 provided solely for and must be used for staff costs required to
18 establish, monitor, track, and report monthly staffing and
19 expenditures at the state hospitals, including overtime and use of
20 locums, to the functional categories identified in the recommended
21 staffing plan. The remainder of the funds must be used for direct
22 care staffing needed in order to implement the acuity based staffing
23 tool. The allotments and tracking of staffing and expenditures must
24 include all areas of the state hospitals, must be done at the ward
25 level, and must include contracted facilities providing forensic
26 restoration services as well as the office of forensic mental health
27 services. By September 1, 2018, the department and hospital staffing
28 committees must submit a report to the office of financial management
29 and the appropriate committees of the legislature that includes the
30 following: (a) Progress in implementing the acuity based staffing
31 tool; (b) a comparison of average daily staffing expenditures to
32 budgeted staffing levels and the recommended state hospital staffing
33 plan by function; and (c) metrics and facility performance for the
34 use of overtime and extra duty pay, patient length of stay, discharge
35 management, active treatment planning, medication administration,
36 patient and staff aggression, and staff recruitment and retention.
37 The department must use information gathered from implementation of
38 the clinical staffing tool and the hospital-wide staffing model to
39 inform and prioritize future budget requests for staffing at the
40 state hospitals. Beginning on January 1, 2019, the department must

1 submit calendar quarterly reports to the office of financial
2 management and the appropriate committees of the legislature which
3 includes monitoring of monthly spending and staffing levels compared
4 to allotments and to the recommended state hospital staffing model.
5 These reports must include an update from the hospital staffing
6 committees.

7 (o) \$250,000 of the general fund—state appropriation for fiscal
8 year 2019 is provided solely for the department, in collaboration
9 with the health care authority, to develop and implement a predictive
10 modeling tool which identifies clients who are at high risk of future
11 involvement with the criminal justice system and for developing a
12 model to estimate demand for civil and forensic state hospital bed
13 needs pursuant to the following requirements.

14 (i) The predictive modeling tool must be developed to leverage
15 data from a variety of sources and identify factors that are strongly
16 associated with future criminal justice involvement. By December 1,
17 2018, the department must submit a report to the office of financial
18 management and the appropriate committees of the legislature which
19 describes the following: (A) The proposed data sources to be used in
20 the predictive model and how privacy issues will be addressed; (B)
21 modeling results including a description of measurable factors most
22 strongly predictive of risk of future criminal justice involvement;
23 (C) an assessment of the accuracy, timeliness, and potential
24 effectiveness of the tool; (D) identification of interventions and
25 strategies that can be effective in reducing future criminal justice
26 involvement of high risk patients; and (E) the timeline for
27 implementing processes to provide monthly lists of high-risk client
28 to contracted managed care organizations and behavioral health
29 organizations.

30 (ii) The model for civil and forensic state hospital bed need
31 must be developed in consultation with staff from the office of
32 financial management and the appropriate fiscal committees of the
33 state legislature. The model shall incorporate factors for capacity
34 in state hospitals as well as contracted facilities which provide
35 similar levels of care, referral patterns, wait lists, lengths of
36 stay, and other factors identified as appropriate for predicting the
37 number of beds needed to meet the demand for civil and forensic state
38 hospital services. The department must submit a report to the office
39 of financial management and the appropriate committees of the
40 legislature by October 1, 2018, with a description of the model and

1 the estimated civil and forensic state hospital bed need through the
2 end of fiscal year 2021. The department must continue to update the
3 model on a calendar quarterly basis and provide updates to the office
4 of financial management and the appropriate committees of the
5 legislature accordingly.

6 (p) \$20,000 of the general fund—state appropriation for fiscal
7 year 2019 and \$8,000 of the general fund—federal appropriation are
8 provided solely to implement Substitute Senate Bill No. 6237
9 (personal needs allowance) or Substitute House Bill No. 2651
10 (personal needs allowance). (~~(If neither bill is enacted by June 30,~~
11 ~~2018, the amounts provided in this subsection shall lapse.)~~)

12 (q) \$46,601,000 of the general fund—state appropriation for
13 fiscal year 2018 (~~(is)~~) and \$19,017,000 of the general fund—state
14 appropriation for fiscal year 2019 are provided solely for the
15 department to pay fines, plaintiff's attorney fees, and increased
16 court monitor costs for failing to meet court ordered timelines for
17 competency restoration and evaluations under *Trueblood v. Department*
18 *of Social and Health Services*.

19 (r) \$1,148,000 of the general fund—state appropriation for fiscal
20 year 2019 is provided solely for purposes of maintaining basic life-
21 and-safety equipment and structures in a manner that supports a safe
22 and compliant environment of care at the state hospitals. The
23 department must develop a budget structure that allows for
24 transparency in the management and monitoring of these expenditures
25 as well as related performance and outcomes. The department must
26 report to the office of financial management on expenditure levels
27 and outcomes achieved at the close of each fiscal year.

3 (b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
4 43.135.055, the department is authorized to increase nursing

4 (e) The department may authorize a one-time waiver of all or any
5 portion of the licensing and processing fees required under RCW
6 70.128.060 in any case in which the department determines that an
7 adult family home is being relicensed because of exceptional
8 circumstances, such as death or incapacity of a provider, and that to
9 require the full payment of the licensing and processing fees would
10 present a hardship to the applicant. In these situations the
11 department is also granted the authority to waive the required
12 residential administrator training for a period of 120 days if
13 necessary to ensure continuity of care during the relicensing
14 process.

15 (f) Community residential cost reports that are submitted by or

19 (g) \$650,000 of the general fund—state appropriation for fiscal
20 year 2018, \$650,000 of the general fund—state appropriation for
21 fiscal year 2019, and \$800,000 of the general fund—federal
22 appropriation are provided solely for the development and
23 implementation of eight enhanced respite beds across the state for
24 children. These services are intended to provide families and
25 caregivers with a break in caregiving, the opportunity for behavioral
26 stabilization of the child, and the ability to partner with the state
27 in the development of an individualized service plan that allows the
28 child to remain in his or her family home. The department must
29 provide the legislature with a respite utilization report in January
30 of each year that provides information about the number of children
31 who have used enhanced respite in the preceding year, as well as the
32 location and number of days per month that each respite bed was
33 occupied.

34 (h) \$900,000 of the general fund—state appropriation for fiscal
35 year 2018 and \$900,000 of the general fund—state appropriation for
36 fiscal year 2019 are provided solely for the development and
37 implementation of eight community respite beds across the state for
38 adults. These services are intended to provide families and
39 caregivers with a break in caregiving and the opportunity for

1 stabilization of the individual in a community-based setting as an
2 alternative to using a residential habilitation center to provide
3 planned or emergent respite. The department must provide the
4 legislature with a respite utilization report by January of each year
5 that provides information about the number of individuals who have
6 used community respite in the preceding year, as well as the location
7 and number of days per month that each respite bed was occupied.

8 (i) \$100,000 of the general fund—state appropriation for fiscal

11 provided solely for discharge case managers stationed at the state
12 psychiatric hospitals. Discharge case managers will transition
13 clients ready for hospital discharge into less restrictive
14 alternative community placements. The transition of clients ready for

16 hospitals.

17 (j) \$1,239,000 of the general fund—state appropriation for fiscal
18 year 2018, \$2,055,000 of the general fund—state appropriation for

25 facility beds, adult family home beds, skilled nursing facility beds,
26 shared supportive housing beds, state operated living alternative
27 beds, and assisted living facility beds.

28 (ii) Each client must receive an individualized assessment prior
29 to leaving one of the state psychiatric hospitals. The individualized
30 assessment must identify and authorize personal care, nursing care,
31 behavioral health stabilization, physical therapy, or other necessary
32 services to meet the unique needs of each client. It is the
33 expectation that, in most cases, staffing ratios in all community
34 alternative placement options described in (j)(i) of this subsection
35 will need to increase to meet the needs of clients leaving the state
36 psychiatric hospitals. If specialized training is necessary to meet
37 the needs of a client before he or she enters a community placement,
38 then the person centered service plan must also identify and
39 authorize this training.

1 (iii) When reviewing placement options, the department must
2 consider the safety of other residents, as well as the safety of
3 staff, in a facility. An initial evaluation of each placement,
4 including any documented safety concerns, must occur within thirty
5 days of a client leaving one of the state psychiatric hospitals and
6 entering one of the community placement options described in (j)(i)
7 of this subsection. At a minimum, the department must perform two
8 additional evaluations of each placement during the first year that a
9 client has lived in the facility.

10 (iv) During fiscal year 2018, in a presentation to the select
11 committee on quality improvement in state hospitals, the department
12 must describe the process of fielding and subsequently investigating
13 complaints of abuse, neglect, and exploitation within the community
14 alternative placement options described in (j)(i) of this subsection.
15 At a minimum, the presentation must include data about the number of
16 complaints, and the nature of complaints, over the preceding five
17 fiscal years.

18 (v) During fiscal year 2019, in a presentation to the select
19 committee on quality improvement in state hospitals, the department
20 must provide an update about clients placed out of the state
21 psychiatric hospitals into the community alternative placement
22 options described in (j)(i) of this subsection. At a minimum, for
23 each setting, the presentation must include data about the number of
24 placements, average daily rate, complaints fielded, and complaints
25 investigated. The presentation must also include information about
26 modifications, including the placement of clients into alternate
27 settings, that occurred due to the evaluations required under
28 (j)(iii) of this subsection.

29 In developing bed capacity, the department shall consider the
30 complex needs of individuals waiting for discharge from the state
31 psychiatric hospitals.

32 (k) \$738,000 of the general fund—state appropriation for fiscal
33 year 2018, \$1,963,000 of the general fund—state appropriation for
34 fiscal year 2019, and \$2,701,000 of the general fund—federal
35 appropriation are provided solely for expanding the number of clients
36 receiving services under the basic plus medicaid waiver.
37 Approximately six hundred additional clients are anticipated to
38 graduate from high school during the 2017-2019 fiscal biennium and
39 will receive employment services under this expansion.

5 community residential service providers offering supported living,
6 group home, and licensed staff residential services to individuals
7 with development disabilities. The amounts in this subsection (l)(l)
8 include funding to increase the benchmark rate by the following
9 amounts:

10 (i) \$1.25 per hour effective July 1, 2017, and;

11 (ii) An additional \$1.00 per hour effective July 1, 2018.

12 The amounts provided in this subsection must be used to improve
13 the recruitment and retention of quality direct care staff to better
14 protect the health and safety of clients with developmental
15 disabilities.

16 (m) Respite personal care provided by individual providers to
17 developmental disabilities administration clients, as authorized by
18 the department and accessed by clients through a medicaid waiver,

25 originally intended by the legislature, and the department will rely
26 on the time study conducted in 2003 in establishing the acuity scale;

27 (ii) Create a standardized methodology that supports a reasonable
28 medicaid payment that promotes access, choice, and quality;

29 (iii) Incorporate metrics such as medians, lids, floors, and
30 other options that provide flexibility to adjust to economic
31 conditions while maintaining the integrity of the methodology;

32 (iv) Be supported by relevant, reliable, verifiable, and
33 independent data to the extent possible; and

34 (v) To the extent possible, repurpose and streamline data sources
35 and modeling that the aging and long-term support administration uses
36 for other rate-setting processes.

37 (b) In developing payment metrics for medicaid-covered services,
38 staff and service requirements must be reviewed for assisted living,
39 adult residential care, and enhanced adult residential care as

16 and board requirements, and the appropriateness of the continued use
17 of the 2003 time study and whether it can be reasonably adjusted or

24 This action is intended to assure continued access to essential
25 services in rural communities.

26 (16) \$5,370,000 of the general fund—state appropriation for
27 fiscal year 2018, \$10,199,000 of the general fund—state appropriation
28 for fiscal year 2019, and \$18,346,000 of the general fund—federal
29 appropriation are provided solely for a targeted vendor rate increase
30 to contracted client service providers.

31 (a) Within the amounts provided in this subsection, \$2,763,000 of
32 the general fund—state appropriation for fiscal year 2018, \$5,741,000
33 of the general fund—state appropriation for fiscal year 2019, and
34 \$9,775,000 of the general fund—federal appropriation are provided
35 solely for a vendor rate increase of two percent in fiscal year 2018

12 1433.

13 (17) \$4,815,000 of the general fund—state appropriation for
14 fiscal year 2018, \$8,527,000 of the general fund—state appropriation
15 for fiscal year 2019, and \$12,277,000 of the general fund—federal
16 appropriation are provided solely to create new community alternative

21 facility beds, adult family home beds, skilled nursing facility beds,
22 shared supportive housing beds, state operated living alternative
23 beds, and assisted living facility beds.

25 to leaving one of the state psychiatric hospitals. The individualized
26 assessment must identify and authorize personal care, nursing care,
27 behavioral health stabilization, physical therapy, or other necessary
28 services to meet the unique needs of each client. It is the
29 expectation that, in most cases, staffing ratios in all community

34 then the person centered service plan must also identify and
35 authorize this training.

36 (c) When reviewing placement options, the department must

2 entering one of the community placement options described in (a) of
3 this subsection. At a minimum, the department must perform two
4 additional evaluations of each placement during the first year that a
5 client has lived in the facility.

6 (d) During fiscal year 2018, in a presentation to the select
7 committee on quality improvement in state hospitals, the department
8 must describe the process of fielding and subsequently investigating
9 complaints of abuse, neglect, and exploitation within the community
10 alternative placement options described in (a) of this subsection. At
11 a minimum, the presentation must include data about the number of
12 complaints, and the nature of complaints, over the preceding five
13 fiscal years.

14 (e) During fiscal year 2019, in a presentation to the select
15 committee on quality improvement in state hospitals, the department
16 must provide an update about clients placed out of the state
17 psychiatric hospitals into the community alternative placement
18 options described in (a) of this subsection. At a minimum, for each
19 setting, the presentation must include data about the number of
20 placements, average daily rate, complaints fielded, and complaints
21 investigated. The presentation must also include information about
22 modifications, including the placement of clients into alternate
23 settings, that occurred due to the evaluations required under (c) of
24 this subsection.

25 In developing bed capacity, the department shall consider the
26 complex needs of individuals waiting for discharge from the state
27 psychiatric hospitals.

28 (18) \$315,000 of the general fund—state appropriation for fiscal
29 year 2018, \$315,000 of the general fund—state appropriation for
30 fiscal year 2019, and \$630,000 of the general fund—federal
31 appropriation are provided solely for discharge case managers
32 stationed at the state psychiatric hospitals. Discharge case managers
33 will transition clients ready for hospital discharge into less
34 restrictive alternative community placements. The transition of
35 clients ready for discharge will free up bed capacity at the state
36 psychiatric hospitals.

37 (19) \$135,000 of the general fund—state appropriation for fiscal
38 year 2018, \$135,000 of the general fund—state appropriation for
39 fiscal year 2019, and \$270,000 of the general fund—federal

1 appropriation are provided solely for financial service specialists
2 stationed at the state psychiatric hospitals. Financial service
3 specialists will help to transition clients ready for hospital
4 discharge into alternative community placements. The transition of
5 clients ready for discharge will free up bed capacity at the state
6 hospitals.

7 (20) \$5,007,000 of the general fund—state appropriation for
8 fiscal year 2018, \$5,143,000 of the general fund—state appropriation
9 for fiscal year 2019, and \$10,154,000 of the general fund—federal
10 appropriation are provided solely to implement chapter 286, Laws of
11 2017 (SB 5715) (nursing home payments).

12 (21) \$750,000 of the general fund—state appropriation for fiscal
13 year 2018 and \$750,000 of the general fund—state appropriation for
14 fiscal year 2019 are provided solely to implement chapter 287, Laws

18 year 2019, and \$2,479,000 of the general fund—federal appropriation
19 are provided solely to finish the programming necessary to give the
20 department the ability to pay individual provider overtime when hours
21 over 40 hours per week are authorized for payment and are subject to
22 the conditions, limitations, and review provided in section 724 of
23 this act.

24 (23) \$229,000 of the general fund—state appropriation for fiscal
25 year 2018, \$229,000 of the general fund—state appropriation for

4 follows:

5 **FOR THE STATE HEALTH CARE AUTHORITY**

6 During the 2017-2019 fiscal biennium, the health care authority
7 shall provide support and data as required by the office of the state
8 actuary in providing the legislature with health care actuarial
9 analysis, including providing any information in the possession of
10 the health care authority or available to the health care authority
11 through contracts with providers, plans, insurers, consultants, or
12 any other entities contracting with the health care authority.

13 Information technology projects or investments and proposed
14 projects or investments impacting time capture, payroll and payment
15 processes and systems, eligibility, case management, and
16 authorization systems within the health care authority are subject to
17 technical oversight by the office of the chief information officer.

18 The health care authority shall not initiate any services that
19 require expenditure of state general fund moneys unless expressly
20 authorized in this act or other law. The health care authority may
21 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
22 federal moneys not anticipated in this act as long as the federal
23 funding does not require expenditure of state moneys for the program
24 in excess of amounts anticipated in this act. If the health care
25 authority receives unanticipated unrestricted federal moneys, those
26 moneys shall be spent for services authorized in this act or in any
27 other legislation providing appropriation authority, and an equal
28 amount of appropriated state general fund moneys shall lapse. Upon
29 the lapsing of any moneys under this subsection, the office of
30 financial management shall notify the legislative fiscal committees.
31 As used in this subsection, "unrestricted federal moneys" includes

34 by state funds.

35 The appropriations to the health care authority in this act shall
36 be expended for the programs and in the amounts specified in this
37 act. To the extent that appropriations in this section are
38 insufficient to fund actual expenditures in excess of caseload
39 forecasts and utilization assumptions, the authority, after May 1,

1 ((2018)) 2019, may transfer general fund—state appropriations for
 2 fiscal year ((2018)) 2019 that are provided solely for a specified
 3 purpose. The authority may not transfer funds, and the director of
 4 the office of financial management shall not approve the transfer,
 5 unless the transfer is consistent with the objective of conserving,
 6 to the maximum extent possible, the expenditure of state funds. The
 7 director of the office of financial management shall notify the
 8 appropriate fiscal committees of the senate and house of
 9 representatives in writing seven days prior to approving any
 10 allotment modifications or transfers under this subsection. The
 11 written notification must include a narrative explanation and
 12 justification of changes, along with expenditures and allotments by
 13 budget unit and appropriation, both before and after any allotment
 14 modifications and transfers.

38	TOTAL APPROPRIATION.	(\$16,914,646,000)
39		<u>\$17,144,426,000</u>

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (a) \$268,117,000 of the general fund—state appropriation for
4 fiscal year 2018 and \$264,704,000 of the general fund—state
5 appropriation for fiscal year 2019 are provided solely for the
6 authority to implement a single, standard medicaid preferred drug
7 list to be used by all contracted medicaid managed health care
8 systems, on or before January 1, 2018. The preferred drug list shall
9 be developed in consultation with all contracted managed health care
10 systems and the state pharmacy and therapeutics committee or drug
11 utilization review board and shall further the goals and objectives
12 of the medicaid program. The list shall be designed to maximize
13 federal rebates and supplemental rebates and ensure access to
14 clinically effective and appropriate drug therapies under each class.
15 Entities eligible for 340B drug pricing shall continue to operate
16 under their current pricing agreement, unless otherwise required by
17 federal laws or regulations. The authority may utilize external
18 consultants with expertise in evidence-based drug class reviews,
19 pharmacy benefit management, and purchasing to assist with the
20 completion of this development and implementation. The authority
21 shall require each managed care organization that has contracted with
22 the authority to provide care to medicaid beneficiaries to use the
23 established preferred drug list; and shall prohibit each managed care
24 organization and any of its agents from negotiating or collecting
25 rebates for any medications listed in the state's medicaid single
26 preferred drug list whether preferred or nonpreferred. To assist in
27 the implementation of the single preferred drug list, contracted
28 medicaid managed health care systems shall provide the authority
29 drug-specific financial information in a format and frequency
30 determined by the authority to include the actual amounts paid to
31 pharmacies for prescription drugs dispensed to covered individuals
32 compared to the cost invoiced to the health plan and individual
33 rebates collected for prescription drugs dispensed to medicaid
34 members. Information disclosed to the authority by the manufacturer
35 pursuant to this provision shall only be used for the purposes of
36 developing and implementing a single, standard state preferred drug
37 list in accordance with this provision. The authority, medicaid
38 managed care organizations, and all other parties shall maintain the
39 confidentiality of drug-specific financial and other proprietary

1 information and such information shall not be subject to the
2 Washington public records act. The authority shall provide a report
3 to the governor and appropriate committees of the legislature by
4 November 15, 2018, and by November 15, 2019, including a comparison
5 of the amount spent in the previous two fiscal years to expenditures
6 under the new system by, at a minimum, fund source, total
7 expenditure, drug class, and top twenty-five drugs. The data provided
8 to the authority shall be aggregated in any report by the authority,
9 the legislature, or the office of financial management so as not to
10 disclose the proprietary or confidential drug-specific information,
11 or the proprietary or confidential information that directly or
12 indirectly identifies financial information linked to a single
13 manufacturer. It is the intent of the legislature to revisit this
14 policy in subsequent biennia to determine whether it is in the best
15 interest of the state.

16 (b) \$113,356,000 of the general fund—state appropriation for
17 fiscal year 2018 and \$140,578,000 of the general fund—state
18 appropriation for fiscal year 2019 are provided solely for managed
19 care capitation payments.

20 (c) \$122,244,000 of the general fund—state appropriation for
21 fiscal year 2018 and (~~(\$116,038,000)~~) \$96,640,000 of the general fund
22 —state appropriation for fiscal year 2019 are provided solely for
23 (~~the authority through the competitive procurement process, to~~
24 ~~contract with licensed dental health plans or managed health care~~
25 ~~plans on a prepaid or fixed-sum risk basis to provide carved-out~~
26 ~~managed dental care services on a statewide basis that will result in~~
27 ~~greater efficiency and will facilitate better access and oral health~~
28 ~~outcomes for medicaid enrollees. Except in areas where only a single~~
29 ~~plan is available, the authority must contract with at least two~~
30 ~~plans. The authority shall include in the contracts: (i) Quarterly~~
31 ~~reporting requirements to include medicaid utilization and encounter~~
32 ~~data by current dental technology (CDT) code; (ii) a direction to~~
33 ~~increase the dental provider network; (iii) a commitment to retain~~
34 ~~innovative programs that improve access and care such as the access~~
35 ~~to baby and child dentistry program; (iv) a program to reduce~~
36 ~~emergency room use for dental purposes; (v) a requirement to ensure~~
37 ~~that dental care is being coordinated with the primary care provider~~
38 ~~of the patient to ensure integrated care; (vi) a provision that no~~
39 ~~less than eighty-five percent of the contracting fee be used to~~

1 directly offset the cost of providing direct patient care as opposed
2 to administrative costs; and (vii) a provision to ensure the
3 contracting fee shall be sufficient to compensate county health
4 departments and federally qualified health centers for dental patient
5 care. The plan(s) awarded this contract must absorb all start-up
6 costs associated with moving the program from fee-for-service to
7 managed care and shall commit to achieving an overall savings to the
8 program based on 2016 fee-for-service experience. In order to comply
9 with state insurance underwriting standards, the authority shall
10 ensure that savings offered by dental plans are actuarially sound.
11 Starting January 31, 2019, and every year thereafter through December
12 2024, the authority shall submit an annual report to the governor and
13 the appropriate committees of the legislature detailing how the
14 contracted entities have met the requirements of the contract. The
15 report shall include specific information to include utilization, how
16 the contracted entities have increased their dental provider
17 networks, how the emergency room use for dental purposes has been
18 reduced, and how dental care has been integrated with patients'
19 primary care providers. If after the end of five years the data
20 reported does not demonstrate sufficient progress to address the
21 stated contracted goals, the legislature will reevaluate whether
22 carved-out dental managed care needs to be replaced with a different
23 delivery model. The authority is authorized to seek any necessary
24 state plan amendments or federal waivers to implement this
25 subsection. Additional dental program savings achieved by the plans
26 beyond those assumed in the 2017-2019 omnibus appropriations act will
27 be used to increase dental provider reimbursement rates. By October
28 30, 2018, the authority shall report to the governor and the
29 appropriate committees of the legislature anticipated savings related
30 to reduction in dental emergency department visits and utilization
31 once managed care dental coverage begins)) fee-for-service dental
32 services. The authority must provide these services through fee-for-
33 service and may not proceed with either a carved-out or carved-in
34 managed care dental option. Any contracts that have been procured or
35 that are in the process of being procured shall not be entered into
36 or implemented.

37 (d) \$1,505,087,000 of the general fund—state appropriation for
38 fiscal year 2018 and \$1,538,030,000 of the general fund—state
39 appropriation for fiscal year 2019 are provided solely for medicaid
40 services and the medicaid program. However, the authority shall not

1 accept or expend any federal funds received under a medicaid
2 transformation waiver under healthier Washington except as described
3 in (e) and (f) of this subsection until specifically approved and
4 appropriated by the legislature. To ensure compliance with
5 legislative directive budget requirements and terms and conditions of
6 the waiver, the authority shall implement the waiver and reporting
7 requirements with oversight from the office of financial management.
8 The legislature finds that appropriate management of the innovation
9 waiver requires better analytic capability, transparency,
10 consistency, timeliness, accuracy, and lack of redundancy with other
11 established measures and that the patient must be considered first
12 and foremost in the implementation and execution of the demonstration
13 waiver. In order to effectuate these goals, the authority shall: (i)
14 Require the Dr. Robert Bree collaborative and the health technology
15 assessment program to reduce the administrative burden upon providers
16 by only requiring performance measures that are nonduplicative of
17 other nationally established measures. The joint select committee on
18 health care oversight will evaluate the measures chosen by the
19 collaborative and the health technology assessment program for
20 effectiveness and appropriateness; (ii) develop a patient
21 satisfaction survey with the goal to gather information about whether
22 it was beneficial for the patient to use the center of excellence
23 location in exchange for additional out-of-pocket savings; (iii)
24 ensure patients and health care providers have significant input into
25 the implementation of the demonstration waiver, in order to ensure
26 improved patient health outcomes; and (iv) in cooperation with the
27 department of social and health services, consult with and provide
28 notification of work on applications for federal waivers, including
29 details on waiver duration, financial implications, and potential
30 future impacts on the state budget, to the joint select committee on
31 health care oversight prior to submitting waivers for federal
32 approval. By federal standard, the medicaid transformation
33 demonstration waiver shall not exceed the duration originally granted
34 by the centers for medicare and medicaid services and any programs
35 created or funded by this waiver do not create an entitlement.
36 Beginning May 15, 2019, and continuing through December 15, 2019, by
37 the 15th of each month, the director in consultation with the
38 secretary shall report to the fiscal chair of the appropriate
39 committees of the legislature in the manner and form requested the

1 status of the medicaid transformation waiver, including any
2 anticipated or proposed changes to accruals or expenditures.

3 (e) No more than \$486,683,000 of the general fund—federal
4 appropriation and no more than \$129,103,000 of the general fund—local
5 appropriation may be expended for transformation through accountable
6 communities of health described in initiative 1 of the medicaid
7 transformation demonstration wavier under healthier Washington,
8 including preventing youth drug use, opioid prevention and treatment,
9 and physical and behavioral health integration. Under this
10 initiative, the authority shall take into account local input
11 regarding community needs. In order to ensure transparency to the
12 appropriate fiscal committees of the legislature, the authority shall
13 provide fiscal staff of the legislature query ability into any
14 database of the fiscal intermediary that authority staff would be
15 authorized to access. The authority shall not increase general fund—
16 state expenditures under this initiative. The director shall report
17 to the joint select committee on health care oversight no less than
18 quarterly, and include details for each accountable community of
19 health, on the financial status and measurable health outcomes. The
20 director shall also report to the fiscal committees of the
21 legislature all of the expenditures under this subsection and shall
22 provide such fiscal data in the time, manner, and form requested by
23 the legislative fiscal committees. By December 15, 2019, the
24 authority in collaboration with each accountable community of health
25 shall demonstrate how it will be self-sustaining by the end of the
26 demonstration waiver period, including sources of outside funding,
27 and provide this reporting to the joint select committee on health
28 care oversight. If by the third year of the demonstration waiver
29 there are not measurable, improved patient outcomes and financial
30 returns, the Washington state institute for public policy will
31 conduct an audit of the accountable communities of health, in
32 addition to the process set in place through the independent
33 evaluation required by the agreement with centers for medicare and
34 medicaid services. Prior to the 2018 legislative session, the human
35 services, health care, and judiciary committees of the legislature
36 will convene a joint work session to review models in the delivery
37 system and the impacts on medical liability. The work sessions should
38 include integrated delivery models with multiple health care
39 providers and medical malpractice insurance carriers.

1 (f) No more than \$38,425,000 of the general fund—federal
2 appropriation may be expended for supported housing and employment
3 services described in initiative 3a and 3b of the medicaid
4 transformation demonstration waiver under healthier Washington. Under
5 this initiative, the authority and the department of social and
6 health services shall ensure that allowable and necessary services
7 are provided to eligible clients as identified by the department or
8 its third party administrator. The authority and the department in
9 consultation with the medicaid forecast work group, shall ensure that
10 reasonable reimbursements are established for services deemed
11 necessary within an identified limit per individual. The authority
12 shall not increase general fund—state expenditures under this
13 initiative. The director shall report to the joint select committee
14 on health care oversight no less than quarterly on financial and
15 health outcomes. The director shall also report to the fiscal
16 committees of the legislature all of the expenditures of this
17 subsection and shall provide such fiscal data in the time, manner,
18 and form requested by the legislative fiscal committees.

19 (g) No later than November 1, 2018, and each year thereafter, the
20 authority shall report to the governor and appropriate committees of
21 the legislature: (i) Savings attributed to behavioral and physical
22 integration in areas that are scheduled to integrate in the following
23 calendar year, and (ii) savings attributed to behavioral and physical
24 health integration and the level of savings achieved in areas that
25 have integrated behavioral and physical health.

26 (h) Sufficient amounts are appropriated in this subsection to
27 implement the medicaid expansion as defined in the social security
28 act, section 1902(a)(10)(A)(i)(VIII).

29 (i) The legislature finds that medicaid payment rates, as
30 calculated by the health care authority pursuant to the
31 appropriations in this act, bear a reasonable relationship to the
32 costs incurred by efficiently and economically operated facilities
33 for providing quality services and will be sufficient to enlist
34 enough providers so that care and services are available to the
35 extent that such care and services are available to the general
36 population in the geographic area. The legislature finds that the
37 cost reports, payment data from the federal government, historical
38 utilization, economic data, and clinical input constitute reliable
39 data upon which to determine the payment rates.

1 (j) Based on quarterly expenditure reports and caseload
2 forecasts, if the health care authority estimates that expenditures
3 for the medical assistance program will exceed the appropriations,
4 the health care authority shall take steps including but not limited
5 to reduction of rates or elimination of optional services to reduce
6 expenditures so that total program costs do not exceed the annual
7 appropriation authority.

8 (k) In determining financial eligibility for medicaid-funded
9 services, the health care authority is authorized to disregard
10 recoveries by Holocaust survivors of insurance proceeds or other
11 assets, as defined in RCW 48.104.030.

12 (l) The legislature affirms that it is in the state's interest
13 for Harborview medical center to remain an economically viable
14 component of the state's health care system.

15 (m) When a person is ineligible for medicaid solely by reason of
16 residence in an institution for mental diseases, the health care
17 authority shall provide the person with the same benefits as he or
18 she would receive if eligible for medicaid, using state-only funds to
19 the extent necessary.

20 (n) \$4,261,000 of the general fund—state appropriation for fiscal
21 year 2018, \$4,261,000 of the general fund—state appropriation for
22 fiscal year 2019, and \$8,522,000 of the general fund—federal
23 appropriation are provided solely for low-income disproportionate
24 share hospital payments.

25 (o) Within the amounts appropriated in this section, the health
26 care authority shall provide disproportionate share hospital payments
27 to hospitals that provide services to children in the children's
28 health program who are not eligible for services under Title XIX or
29 XXI of the federal social security act due to their citizenship
30 status.

31 (p) \$6,000,000 of the general fund—federal appropriation is
32 provided solely for supplemental payments to nursing homes operated
33 by public hospital districts. The public hospital district shall be
34 responsible for providing the required nonfederal match for the
35 supplemental payment, and the payments shall not exceed the maximum
36 allowable under federal rules. It is the legislature's intent that
37 the payments shall be supplemental to and shall not in any way offset
38 or reduce the payments calculated and provided in accordance with
39 part E of chapter 74.46 RCW. It is the legislature's further intent

1 that costs otherwise allowable for rate-setting and settlement
2 against payments under chapter 74.46 RCW shall not be disallowed
3 solely because such costs have been paid by revenues retained by the
4 nursing home from these supplemental payments. The supplemental
5 payments are subject to retrospective interim and final cost
6 settlements based on the nursing homes' as-filed and final medicare
7 cost reports. The timing of the interim and final cost settlements
8 shall be at the health care authority's discretion. During either the
9 interim cost settlement or the final cost settlement, the health care
10 authority shall recoup from the public hospital districts the
11 supplemental payments that exceed the medicaid cost limit and/or the
12 medicare upper payment limit. The health care authority shall apply
13 federal rules for identifying the eligible incurred medicaid costs
14 and the medicare upper payment limit.

15 (q) The health care authority shall continue the inpatient
16 hospital certified public expenditures program for the 2017-2019
17 fiscal biennium. The program shall apply to all public hospitals,
18 including those owned or operated by the state, except those
19 classified as critical access hospitals or state psychiatric
20 institutions. The health care authority shall submit reports to the
21 governor and legislature by November 1, 2017, and by November 1,
22 2018, that evaluate whether savings continue to exceed costs for this
23 program. If the certified public expenditures (CPE) program in its
24 current form is no longer cost-effective to maintain, the health care
25 authority shall submit a report to the governor and legislature
26 detailing cost-effective alternative uses of local, state, and
27 federal resources as a replacement for this program. During fiscal
28 year 2018 and fiscal year 2019, hospitals in the program shall be
29 paid and shall retain one hundred percent of the federal portion of
30 the allowable hospital cost for each medicaid inpatient fee-for-
31 service claim payable by medical assistance and one hundred percent
32 of the federal portion of the maximum disproportionate share hospital
33 payment allowable under federal regulations. Inpatient medicaid
34 payments shall be established using an allowable methodology that
35 approximates the cost of claims submitted by the hospitals. Payments
36 made to each hospital in the program in each fiscal year of the
37 biennium shall be compared to a baseline amount. The baseline amount
38 will be determined by the total of (i) the inpatient claim payment
39 amounts that would have been paid during the fiscal year had the
40 hospital not been in the CPE program based on the reimbursement rates

1 developed, implemented, and consistent with policies approved in the
2 2017-2019 biennial operating appropriations act and in effect on July
3 1, 2015, (ii) one-half of the indigent assistance disproportionate
4 share hospital payment amounts paid to and retained by each hospital
5 during fiscal year 2005, and (iii) all of the other disproportionate
6 share hospital payment amounts paid to and retained by each hospital
7 during fiscal year 2005 to the extent the same disproportionate share
8 hospital programs exist in the 2017-2019 fiscal biennium. If payments
9 during the fiscal year exceed the hospital's baseline amount, no
10 additional payments will be made to the hospital except the federal
11 portion of allowable disproportionate share hospital payments for
12 which the hospital can certify allowable match. If payments during
13 the fiscal year are less than the baseline amount, the hospital will
14 be paid a state grant equal to the difference between payments during
15 the fiscal year and the applicable baseline amount. Payment of the
16 state grant shall be made in the applicable fiscal year and
17 distributed in monthly payments. The grants will be recalculated and
18 redistributed as the baseline is updated during the fiscal year. The
19 grant payments are subject to an interim settlement within eleven
20 months after the end of the fiscal year. A final settlement shall be
21 performed. To the extent that either settlement determines that a
22 hospital has received funds in excess of what it would have received
23 as described in this subsection, the hospital must repay the excess
24 amounts to the state when requested. \$359,000 of the general fund—
25 state appropriation for fiscal year 2018 and (~~(\$361,000)~~) \$553,000 of
26 the general fund—state appropriation for fiscal year 2019 are

32 2009.

34 support services towards pregnant women with factors that lead to
35 higher rates of poor birth outcomes, including hypertension, a
36 preterm or low birth weight birth in the most recent previous birth,
37 a cognitive deficit or developmental disability, substance abuse,
38 severe mental illness, unhealthy weight or failure to gain weight,
39 tobacco use, or African American or Native American race. The health
40 care authority shall prioritize evidence-based practices for delivery

1 of maternity support services. To the extent practicable, the health
2 care authority shall develop a mechanism to increase federal funding
3 for maternity support services by leveraging local public funding for
4 those services.

5 (t) The authority shall submit reports to the governor and the
6 legislature by September 15, 2018, and no later than September 15,
7 2019, that delineate the number of individuals in medicaid managed

9 preventative services and vaccinations. The reports should include
10 baseline and benchmark information from the previous two fiscal years
11 and should be inclusive of, but not limited to, services recommended
12 under the United States preventative services task force, advisory
13 committee on immunization practices, early and periodic screening,
14 diagnostic, and treatment (EPSDT) guidelines, and other relevant
15 preventative and vaccination medicaid guidelines and requirements.

16 (u) Managed care contracts must incorporate accountability

28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The health care authority shall complete
33 medicaid applications in the HealthPlanfinder for households
34 receiving or applying for medical assistance benefits.

3 (a) For the purposes of this subsection, amounts provided for
4 behavioral health organizations shall also be available for the
5 health care authority to contract with entities that assume the

12 are provided solely for the authority and behavioral health
13 organizations to continue to contract for implementation of high-

16 provided to behavioral health organizations with PACT teams, the
17 authority shall consider the differences between behavioral health
18 organizations in the percentages of services and other costs
19 associated with the teams that are not reimbursable under medicaid.
20 The authority may allow behavioral health organizations which have
21 nonmedicaid reimbursable costs that are higher than the nonmedicaid
22 allocation they receive under this section to supplement these funds
23 with local dollars or funds received under (f) of this subsection.
24 The authority and behavioral health organizations shall maintain
25 consistency with all essential elements of the PACT evidence-based
26 practice model in programs funded under this section.

33 disability.

2 year 2019 and \$4,023,000 of the general fund—federal appropriation
3 are provided solely for new crisis triage or stabilization centers.
4 The authority must seek proposals from behavioral health

14 behavioral health organization spending must be maintained in the
15 following priority order: Crisis and commitment services; community
16 inpatient services; and residential care services, including personal
17 care and emergency housing assistance. These amounts must be
18 distributed to behavioral health organizations proportionate to the
19 fiscal year 2017 allocation of flexible nonmedicaid funds. The
20 authority must include the following language in medicaid contracts
21 with behavioral health organizations unless they are provided formal
22 notification from the center for medicaid and medicare services that
23 the language will result in the loss of federal medicaid
24 participation: "The contractor may voluntarily provide services that
25 are in addition to those covered under the state plan, although the
26 cost of these services cannot be included when determining payment
27 rates unless including these costs are specifically allowed under
28 federal law or an approved waiver."

29 (g) The authority is authorized to continue to contract directly,
30 rather than through contracts with behavioral health organizations
31 for children's long-term inpatient facility services.

32 (h) \$1,125,000 of the general fund—state appropriation for fiscal
33 year 2019 is provided solely for the Spokane county behavioral health

8 facility.

9 At least annually, the Spokane county behavioral health
10 organization shall assess the effectiveness of these services in
11 reducing utilization at eastern state hospital, identify services
12 that are not optimally effective, and modify those services to
13 improve their effectiveness.

14 (i) \$1,204,000 of the general fund—state appropriation for fiscal
15 year 2019 is provided solely to reimburse Pierce and Spokane counties
16 for the cost of conducting one hundred eighty-day commitment hearings
17 at the state psychiatric hospitals.

18 (j) Behavioral health organizations may use local funds to earn
19 additional federal medicaid match, provided the locally matched rate
20 does not exceed the upper-bound of their federally allowable rate
21 range, and provided that the enhanced funding is used only to provide
22 medicaid state plan or waiver services to medicaid clients.
23 Additionally, behavioral health organizations may use a portion of
24 the state funds allocated in accordance with (f) of this subsection
25 to earn additional medicaid match, but only to the extent that the
26 application of such funds to medicaid services does not diminish the
27 level of crisis and commitment, community inpatient, residential
28 care, and outpatient services presently available to persons not
29 eligible for medicaid.

30 (k) \$2,291,000 of the general fund—state appropriation for fiscal
31 year 2019 is provided solely for mental health services for mentally
32 ill offenders while confined in a county or city jail and for
33 facilitating access to programs that offer mental health services
34 upon release from confinement. The authority must collect information
35 from the behavioral health organizations on their plan for using
36 these funds, the numbers of individuals served, and the types of
37 services provided and submit a report to the office of financial
38 management and the appropriate fiscal committees of the legislature
39 by December 1st of each year of the biennium.

1 (l) Within the amounts appropriated in this section, funding is
2 provided for the authority to develop and phase in intensive mental
3 health services for high needs youth consistent with the settlement
4 agreement in *T.R. v. Dreyfus and Porter*.

5 (m) The authority must establish minimum and maximum funding
6 levels for all reserves allowed under behavioral health organization
7 contracts and insert contract language that clearly states the
8 requirements and limitations. The authority must monitor and ensure
9 that behavioral health organization reserves do not exceed maximum
10 levels. The authority must monitor behavioral health organization
11 revenue and expenditure reports and must require a behavioral health
12 organization to submit a corrective action plan on how it will spend
13 its excess reserves within a reasonable period of time, when its
14 reported reserves exceed maximum levels established under the
15 contract. The authority must review and approve such plans and
16 monitor to ensure compliance. If the authority determines that a
17 behavioral health organization has failed to provide an adequate
18 excess reserve corrective action plan or is not complying with an
19 approved plan, the authority must reduce payments to the behavioral
20 health organization in accordance with remedial actions provisions
21 included in the contract. These reductions in payments must continue
22 until the authority determines that the behavioral health
23 organization has come into substantial compliance with an approved
24 excess reserve corrective action plan.

25 (n) \$3,079,000 of the general fund—state appropriation for fiscal
26 year 2019 and \$2,892,000 of the general fund—federal appropriation
27 are provided solely for the authority to increase rates for community
28 hospitals that provide a minimum of two hundred medicaid psychiatric
29 inpatient days. The authority must increase both medicaid and
30 nonmedicaid psychiatric per-diem reimbursement rates for these
31 providers within these amounts. The amounts in this subsection
32 include funding for additional hold harmless payments resulting from
33 the rate increase. The authority shall prioritize increases for
34 hospitals not currently paid based on provider specific costs using a
35 similar methodology used to set rates for existing inpatient
36 facilities and the latest available cost report information. Rate
37 increases for providers must be set so as not to exceed the amounts
38 provided within this subsection. The rate increase related to
39 nonmedicaid clients must be done to maintain the provider at the same
40 percentage as currently required under WAC 182-550-4800.

1 (o) \$100,000 of the general fund—state appropriation for fiscal
2 year 2019 is provided solely for the authority to collaborate with

6 plan must include options for maximizing federal participation and
7 ensure that utilization will be based on medical necessity and
8 identify a specific geographic location where a tribal evaluation and
9 treatment facility will be built.

10 (p) \$7,103,000 of the general fund—state appropriation for fiscal
11 year 2019 and \$8,052,000 of the general fund—federal appropriation

13 hospitals or freestanding evaluation and treatment centers to provide
14 up to forty-eight long-term inpatient care beds as defined in RCW
15 71.24.025. The authority must seek proposals and contract directly
16 for these services rather than contracting through behavioral health
17 organizations. The authority must not use any of the amounts provided
18 under this subsection for contracts with facilities that are subject
19 to federal funding restrictions that apply to institutions of mental
20 diseases, unless they have received a waiver that allows for full
21 federal participation in these facilities.

22 (q) \$1,133,000 of the general fund—state appropriation for fiscal
23 year 2019 and \$1,297,000 of the general fund—federal appropriation
24 are provided solely to increase the number of psychiatric residential
25 treatment beds for individuals transitioning from psychiatric
26 inpatient settings. The authority must seek proposals from behavioral
27 health organizations for the use of these amounts and coordinate with
28 the department of social and health services in awarding these funds.
29 The authority must not allow for any of the amounts provided under
30 this subsection to be used for services in facilities that are
31 subject to federal funding restrictions that apply to institutions of
32 mental diseases, unless they have received a waiver that allows for
33 full federal participation in these facilities.

34 (r) \$6,744,000 of the general fund—state appropriation for fiscal
35 year 2019 and \$14,516,000 of the general fund—federal appropriation
36 are provided solely for the authority to increase medicaid capitation
37 payments for behavioral health organizations. The authority must work

39 capitation rates to adjust average salary assumptions in order to

1 implement this increase. In developing further updates for medicaid
2 managed care rates for behavioral health services, the authority must
3 require the contracted actuaries to: (i) Review and consider
4 comparison of salaries paid by government agencies and hospitals that
5 compete with community providers for behavioral health workers in
6 developing salary assumptions; and (ii) review data to see whether a
7 specific travel assumption for high congestion areas is warranted.
8 The authority must include and make available all applicable
9 documents and analysis to legislative staff from the fiscal
10 committees throughout the process. The authority must require the
11 actuaries to develop and submit rate ranges for each behavioral
12 health organization prior to certification of specific rates.

14 organizations at eastern state hospital shall be one hundred ninety

22 subsection shall be allocated to the behavioral health organizations
23 in lieu of beds at the state hospitals and be incorporated in their
24 allocation of state hospital patient days of care for the purposes of
25 calculating reimbursements pursuant to RCW 71.24.310. It is the
26 intent of the legislature to continue the policy of expanding
27 community based alternatives for long term civil commitment services

8 behavioral health organization, the greater Columbia behavioral
9 health organization, and the north sound behavioral health
10 organization. In contracting for community evaluation and treatment
11 services, the authority may not use these resources in facilities
12 that meet the criteria to be classified under federal law as
13 institutions for mental diseases. If the authority is unable to come
14 to a contract agreement with a designated behavioral health
15 organization for any of the services identified above, it may
16 consider contracting for that service in another region that has the
17 need for such service.

18 (u) \$1,296,000 of the general fund—state appropriation for fiscal
19 year 2019 is provided solely for clubhouse programs. The authority
20 shall ensure that \$400,000 is used for the biennium for support of

33 authority shall provide a report by October 15, 2018, to the office
34 of financial management and the appropriate fiscal and policy

39 community supervision. Contracts with behavioral health organizations

1 must require that behavioral health organizations include in their
2 provider network specialized expertise in the provision of
3 manualized, evidence-based chemical dependency treatment services for
4 offenders. The department of corrections and the authority must
5 develop a memorandum of understanding for department of corrections
6 offenders on active supervision who are medicaid eligible and meet
7 medical necessity for outpatient substance use disorder treatment.
8 The agreement will ensure that treatment services provided are
9 coordinated, do not result in duplication of services, and maintain
10 access and quality of care for the individuals being served. The
11 authority must provide all necessary data, access, and reports to the
12 department of corrections for all department of corrections offenders
13 that receive medicaid paid services.

27 federal participation in these facilities.

29 year 2019 is provided solely for parenting education services focused
30 on pregnant and parenting women.

33 drug use.

34 (oo) The criminal justice treatment account—state appropriation
35 is provided solely for treatment and treatment support services for
36 offenders with a substance use disorder pursuant to RCW 71.24.580.
37 The authority must offer counties the option to administer their

39 a county is not interested in administering the funds, the authority

1 shall contract with a behavioral health organization or
2 administrative services organization to administer these funds
3 consistent with the plans approved by local panels pursuant to RCW
4 71.24.580(5)(b). The authority must provide a report to the office of
5 financial management and the appropriate committees of the
6 legislature which identifies the distribution of criminal justice
7 treatment account funds by September 30, 2018.

8 (pp) \$23,090,000 of the general fund—state appropriation for
9 fiscal year 2019 and \$46,222,000 of the general fund—federal

12 behavioral health organizations proportionate to their regional
13 population. In order to receive these funds, each region must submit
14 a plan to address the following issues: (i) Reduction in their use of
15 long-term commitment beds through community alternatives; (ii)
16 compliance with RCW 71.05.365 requirements for transition of state
17 hospital patients into community settings within fourteen days of the
18 determination that they no longer require active psychiatric
19 treatment at an inpatient level of care; (iii) improvement of staff
20 recruitment and retention in community behavioral health facilities;
21 (iv) diversion of individuals with behavioral health issues from the
22 criminal justice system; and (v) efforts to improve recovery oriented
23 services, including, but not limited to, expansion of clubhouse
24 models. The plans are not limited to the amounts in this subsection
25 and may factor in all resources available for behavioral health. The
26 authority must identify metrics for tracking progress in each of the
27 areas identified. The authority must collect information on the
28 metrics and outcomes and submit a report summarizing the findings to
29 the office of financial management and the appropriate committees of
30 the legislature by June 30, 2020. Twenty percent of the general fund—

34 top of each behavioral health organizations medicaid rate range.

35 (qq) (~~(\$11,023,000)~~) \$24,819,000 of the general fund—state
36 appropriation for fiscal year 2019 is provided solely to assist
37 behavioral health organizations with the costs of providing services
38 to medicaid clients receiving services in psychiatric facilities
39 classified as institutions of mental diseases. The authority must

1 distribute these amounts proportionate to the number of bed days for
2 medicaid clients in institutions for mental diseases that were
3 excluded from behavioral health organization fiscal year 2019
4 capitation rates because they exceeded the amounts allowed under
5 federal regulations. The authority must also use these amounts to
6 directly pay for costs that are ineligible for medicaid reimbursement
7 in institutions of mental disease facilities for American Indian and
8 Alaska Natives who opt to receive behavioral health services on a
9 fee-for-service basis. The amounts used for these individuals must be
10 reduced from the allocation of the behavioral health organization
11 where the individual resides. If a behavioral health organization
12 receives more funding through this subsection than is needed to pay
13 for the cost of their medicaid clients in institutions for mental
14 diseases, they must use the remainder of the amounts to provide other
15 services not covered under the medicaid program. The authority must
16 explore options for continuing to expand waivers which allow for
17 federal matching funds to be used in these facilities. The authority
18 must submit a report on the status of the waiver to the office of
19 financial management and the appropriate committees of the
20 legislature by December 1, 2018.

22 fiscal year 2019 is provided solely to ensure a smooth transition to
23 integrated managed care for behavioral health regions and to maintain
24 the existing level of regional behavioral health crisis and diversion
25 programs, and other required behavioral health administrative service
26 organization services. These amounts must be used to support the
27 regions transitioning to become mid-adopters for full integration of
28 physical and behavioral health care. These amounts must be
29 distributed proportionate to the population of each regional area
30 covered. The maximum amount allowed per region is \$3,175 per 1,000
31 residents. These amounts must be used to provide a reserve for
32 nonmedicaid services in the region and to stabilize the new crisis
33 services system. The authority must require all behavioral health
34 organizations transitioning to full integration to either spend down
35 or return all reserves in accordance with contract requirements and
36 federal and state law. Behavioral health organization reserves may
37 not be used to pay for services to be provided beyond the end of a
38 behavioral health organization's contract or for start-up costs in
39 full integration regions. The authority must ensure that any
40 increases in expenditures in behavioral health reserve spend-down

1 plans are required for the operation of services during the contract
2 period and do not result in overpayment to providers.

3 (ss) \$806,000 of the general fund—federal appropriation is
4 provided solely for the authority to develop a peer support program
5 for individuals with substance use disorders. These amounts must be
6 used for development of training and certification of peers
7 specialists. The authority must submit a state plan amendment which
8 provides for these services to be included in behavioral health
9 capitation rates beginning in fiscal year 2020 and allows for federal
10 matching funds to be leveraged for these services.

11 (tt) \$200,000 of the general fund—state appropriation for fiscal
12 year 2019 is provided solely for the authority, in collaboration with
13 the department of social and health services, to further develop

15 commitments into fully integrated care contracts beginning in January
16 2020. The funding and risk for patients at the state hospitals who
17 have been committed pursuant to dismissal of felony charges after
18 being determined incompetent to stand trial shall not be incorporated
19 into integrated care contracts.

20 (i) By December 1, 2018, the authority, in coordination with the
21 department of social and health services, must submit a report to the
22 office of financial management and the appropriate committees of the
23 legislature on the following: (A) Actuarial estimates on the impact
24 to per member per month payments and estimated annual state and
25 federal costs for medicaid managed care organizations with fully
26 integrated contracts; (B) actuarial estimates on the estimated annual
27 costs for administrative services organizations; (C) estimates of the
28 per-diem cost at the state hospitals that will be charged to entities
29 with responsibility for paying for long-term civil inpatient
30 commitments once these are incorporated into fully integrated care
31 contracts; and (D) estimates of the amount of funding that can be
32 reduced from direct appropriations for the state hospitals to reflect
33 the shift in financial responsibility.

34 (ii) The authority must also explore and report on options for
35 fully leveraging the state's share of federal medicaid
36 disproportionate share funding allowed for institutions of mental
37 diseases, including but not limited to: (A) Prioritizing the use of
38 this funding for forensic patients and those civilly committed
39 pursuant to dismissal of a felony charge; (B) obtaining an

1 institution for mental diseases—disproportionate share hospital
2 waiver to allow for regular medicaid federal financial participation
3 to be used at the state hospitals; and (C) shifting some of the
4 state's current disproportionate share funding used at the state
5 hospitals to community-based institutions for mental diseases to
6 reduce the state cost of patients for whom regular federal medicaid
7 match is not allowed.

8 (uu) \$2,732,000 of the general fund—state appropriation for
9 fiscal year 2019 and \$9,026,000 of the general fund—federal
10 appropriation are provided solely for the authority to implement
11 strategies to improve access to prevention and treatment of opioid
12 use disorders. The authority may use these funds for the following
13 activities: (i) Expansion of hub and spoke treatment networks; (ii)
14 expansion of pregnant and parenting case management programs; (iii)
15 grants to tribes to prevent opioid use and expand treatment for
16 opioid use disorders; (iv) development and implementation of a tool
17 to track medication assisted treatment provider capacity; (v) support
18 of drug take-back programs which allow individuals to return unused
19 opioids and other drugs for safe disposal; (vi) purchase and
20 distribution of opioid reversal medication; and (vii) maintaining
21 support for youth prevention services. The authority must coordinate
22 these activities with the department of health to avoid duplication
23 of effort and must work to identify additional federal resources that
24 can be used to maintain and expand these efforts. The authority must
25 submit a report to the office of financial management and the
26 appropriate committees of the legislature on the status of these
27 efforts by December 1, 2018. The report must include identification
28 of any increase in behavioral health federal block grants or other
29 federal funding awards received by the authority and the plan for the
30 use of these funds.

31 (vv) \$150,000 of the general fund—state appropriation for fiscal
32 year 2019 is provided solely for the authority to contract with
33 actuaries to develop estimates for the cost of implementing new
34 behavioral health service types in the medicaid state plan. The
35 authority must coordinate with behavioral health organizations to
36 identify: (i) Eligible behavioral health service types that are
37 currently provided to medicaid enrollees without federal funding and
38 are dependent on state, local, or other funds; and (ii) eligible
39 behavioral health service types that are not currently available to

1 medicaid enrollees due to the lack of federal funding. The authority
2 must contract with the actuaries responsible for certifying state
3 behavioral health capitation rates to develop estimates for the cost
4 of implementing each of these services. The estimates must identify
5 the cost of implementing each service statewide, the estimated state
6 and federal medicaid cost, and any estimated offset in state non-
7 medicaid spending. The authority must submit a report to the office
8 of financial management and the appropriate committees of the
9 legislature identifying the services and costs estimates by November
10 1, 2018.

12 year 2019 and \$89,000 of the general fund—federal appropriation are
13 provided solely for the University of Washington's evidence-based
14 practice institute which supports the identification, evaluation, and
15 implementation of evidence-based or promising practices. The
16 institute must work with the authority to develop a plan to seek
17 private, federal, or other grant funding in order to reduce the need
18 for state general funds. The authority must collect information from
19 the institute on the use of these funds and submit a report to the
20 office of financial management and the appropriate fiscal committees
21 of the legislature by December 1st of each year of the biennium.

31 department of social and health services in consultation with the
32 medicaid forecast work group, shall ensure that reasonable
33 reimbursements are established for services deemed necessary within
34 an identified limit per individual. The ~~((department))~~ authority
35 shall not increase general fund—state expenditures under this
36 initiative. The ~~((secretary))~~ director in collaboration with the
37 ~~((director of the authority))~~ secretary of the department of social
38 and health services shall report to the joint select committee on
39 health care oversight no less than quarterly on financial and health

1 outcomes. The ~~((secretary))~~ director in cooperation with the
2 ~~((director))~~ secretary shall also report to the fiscal committees of
3 the legislature all of the expenditures of this subsection and shall
4 provide such fiscal data in the time, manner, and form requested by
5 the legislative fiscal committees.

1 (4) Prior to submitting its 2019-2021 biennial operating and
2 capital budget requests related to state fish hatcheries to the
3 office of financial management, the department shall contract with
4 the hatchery scientific review group (HSRG) to review the proposed
5 requests. This review shall: (a) Determine if the proposed requests
6 are consistent with HSRG recommendations; (b) prioritize the

8 wild salmonid stocks and meeting the recommendations of the HSRG; and
9 (c) evaluate whether the proposed requests are being made in the most
10 cost-effective manner. The department shall provide a copy of the
11 HSRG review to the office of financial management with its agency

32 wildlife, the continued conflict transformation with the wolf
33 advisory group, and for cost share partnerships with livestock owners
34 and the use of range riders to reduce the potential for depredation
35 of livestock from wolves. The department shall cooperate with the
36 department of agriculture to shift the responsibility of implementing
37 cost-sharing contracts with livestock producers to use nonlethal
38 actions to minimize livestock loss from wolves and other carnivores
39 to the department of agriculture.

1 (8) \$1,259,000 of the state wildlife account—state appropriation

19 and appropriate methods including, but not limited to, cooperative
20 fencing projects and harvest in order to minimize elk numbers on
21 private lands and maximize the number of elk located on state and
22 federal lands. The plan must be implemented by September 1, 2018.

23 (11) Within the appropriations of this section, the department
24 shall initiate outreach with recreational fishing stakeholders so
25 that recreational fishing guide and non-guided angler data can be
26 collected and analyzed to evaluate changes in the structure of guide
27 licensing, with the objectives of: (a) Improving the fishing
28 experience and ensuring equitable opportunity for both guided and
29 non-guided river anglers, (b) managing fishing pressure to protect
30 wild steelhead and other species; and (c) ensuring that recreational
31 fish guiding remains a sustainable economic contributor to rural
32 economies. The department shall convene public meetings in the North

12 and organizational efficiencies and savings, while avoiding hatchery
13 closures and minimizing impacts to fisheries and hunting
14 opportunities; and

18 of the revenue options.

19 (iii) The range of options created under (a)(i) and (ii) of this
20 subsection must be prioritized by impact on achieving financial
21 stability, impact on the public and fisheries and hunting
22 opportunities, and on timeliness and ability to achieve intended
23 outcomes.

24 (b) In consultation with the office of financial management, the
25 department must consult with an outside management consultant to

32 specific focus on efficiencies to be gained by centralized budget
33 control;

4 management shall conduct a zero-based budget review of its operating
5 budget and activities to be submitted with the department's 2019-2021
6 biennial budget submittal. Information and analysis submitted by the
7 department for the zero-based review under this subsection shall

10 creation of each program and the history of each program that is
11 being reviewed;

13 plan and goals of the agency and an analysis of the quantified
14 objectives of each program within the agency;

15 (iii) Any available performance measures indicating the
16 effectiveness and efficiency of each program;

17 (iv) A description with supporting cost and staffing data of each
18 program and the populations served by each program, and the level of
19 funding and staff required to accomplish the goals of the program if
20 different than the actual maintenance level;

22 program and the rationale for specific expenditure and staffing
23 levels;

24 (vi) An analysis estimating each program's administrative and
25 other overhead costs;

35 enforcement of vessel traffic near orca whales, especially commercial
36 and recreational whale watchers and shipping, and to reduce
37 underwater noise levels that interfere with feeding and
38 communication. While the patrol focus is to be on orca whale
39 protection when the animals are present, nothing prohibits responses

1 to emergent public safety or in-progress poaching incidents. In the
2 event that orca whales are not present in marine waters of Puget
3 Sound, emphasis will be placed on patrols that protect living marine

**Sec. 1702 was partially vetoed. See message at end of chapter.*

(End of part)

Section 129(73), page 44, Department of Commerce, Engrossed Substitute Senate Bill 5600, Residential Tenants

This section states that the appropriations for the Department of Commerce include sufficient funding for implementation of Engrossed Substitute Senate Bill 5600 (ESSB 5600). ESSB 5600 is null and void if specific funding is not provided in the capital or operating appropriations bills. Funding was provided in Section 1065 of Substitute House Bill 1102 (the 2019-21 capital budget) specifically for implementation of ESSB 5600, which satisfies the null and void clause in the bill. For this reason, I have vetoed Section 129(73).

Section 131(12), pages 48-49, Office of Financial Management, Facilities Data Reporting

The Office of Financial Management's (OFM) current lease tracking database, the Facilities Portfolio Management Tool (FPMT), does not have the capacity to provide all of the fund source data required by Section 131(12). Funding for modifications to FPMT provided in Section 131(11) will enable OFM to meet the data collection requirements of Section 131(12) by June 2021 without requiring 68 agencies with 1,108 leases to do burdensome manual data extraction and input. For this reason, I have vetoed Section 131(12).

Section 131(13), page 49, Office of Financial Management, Higher Education Accounting Standards

This section requires the Office of Financial Management to create appropriation standards and procedures to allow institutions of higher education to report additional revenue, spending and allotment information to the state's accounting system. This section relates to Section 601(9), which prohibits General Fund transfers to reimburse major expenses, such as employee payroll. This prohibition would cause a significant state accounting challenge. Because this would create a significant workload for the OFM Statewide Accounting office, and no funding was provided to perform these activities, I have vetoed Section 131(13).

Section 203(1)(m), page 91, Department of Social and Health Services—Developmental Disabilities Program, Reports on Community Transitions from Residential Habilitation Centers

This section directs the Department of Social and Health Services—Developmental Disabilities Program to report to the governor and the Legislature on the feasibility of adding enhanced service facilities to Medicaid waivers and specific barriers to doing so and to make policy recommendations to improve community placements for residents who wish to transition from residential habilitation centers. Much of this information was already addressed in a report submitted to the Legislature by the Ruckelshaus work group last December. In addition, no funding was provided to perform these activities. Because of these reasons, I have vetoed Section 203(1)(m).

Section 203(1)(v), page 93, Department of Social and Health Services—Developmental Disabilities Program, Reports on Services for Clients and Families in Rural Areas

This section directs the Department of Social and Health Services—Developmental Disabilities Program to report to the Legislature on policies to maximize service delivery and increase client flexibility to self-direct service in rural areas. Because no funding was provided to perform these activities, I have vetoed Section 203(1)(v).

Section 204(30), page 107, Department of Social and Health Services—Aging and Adult Services Program, Work Group on Pediatric Skilled Nursing Facilities

This section directs the Department of Social and Health Services—Aging and Adult Services Program to form a work group and report to the governor and the Legislature on policies to allow a pediatric skilled nursing facility to temporarily admit medically fragile children with complex medical conditions. Because no funding was provided to perform these activities, I have vetoed Section 204(30).

Section 205(1)(d)(ii), page 110, Department of Social and Health Services—Economic Services Administration, Working Connections Child Care Quality Control

This section requires the Department of Social and Health Services (DSHS)—Economic Services Administration to ensure quality control measures for the Working Connections Child Care (WCCC) program within existing appropriations. This directive conflicts with House Bill 2816 (Chapter 52, Laws of 2018) that transfers all powers, duties, and functions of the WCCC program from DSHS to the Department of Children, Youth, and Families (DCYF), effective July 1, 2019. To support the transition of the WCCC program, I have vetoed this section and am directing DCYF to conduct quality control activities for the WCCC program within existing appropriations. Quality control measures must focus on the WCCC eligibility criteria, including but not limited to, participation in work or other approved activities, household composition, and the maximum number of subsidized child care hours authorized. I am also directing DSHS to ensure DCYF has access to the information technology systems necessary to perform WCCC quality control activities. For these reasons, I have vetoed Section 205(1)(d)(ii).

Section 212(6), page 138, Health Care Authority, Public Employees Benefits Board, Report on Benefit Options

This section requires, but does not fund, another report on Medicare-eligible retiree medical coverage. The Health Care Authority has already completed an essentially identical study. My budget proposal included \$1.5 million to move forward in providing an additional insurance option for these retirees. Another study would be duplicative and delay a solution to increasingly expensive health insurance for retirees. I am directing the Health Care Authority, working with the Public Employees Benefits Board, to continue development of one or more retiree benefit choices that may be less expensive and better leverage federal funding. For these reasons, I have vetoed Section 212(6).

Section 601(9), page 317, Institutions of Higher Education, Accounting Standards and Reporting

This section requires institutions of higher education to report to the state accounting system in accordance with new standards and procedures created under Section 131(13) and prohibits the institutions from using standard accounting practices to transfer funding from the General Fund to other accounts, beginning July 1, 2020. No funding was provided for the Office of Financial Management to develop new accounting standards for higher education institutions under Section 131(13). Additionally, the prohibition on General Fund transfers is limited to these institutions and would not allow the General Fund to reimburse major expenditures, such as employee payroll. For these reasons, I have vetoed Section 601(9).

Section 613(3), page 346, Student Achievement Council, State Need Grant Awards

This section ties State Need Grant award amounts for private four-year not-for-profit institutions to the average grant award for public research universities, estimated to be \$10,606 per FTE student in the 2019-20 academic year. This proviso conflicts with Engrossed Second Substitute House Bill 2158 (E2SHB 2158), Section 21(5)(b), that sets grant awards at \$9,739 per FTE student in the 2019-20 academic year and allows the amount to increase by a tuition growth factor each year thereafter. As a substantive bill, the setting of the grant awards in E2SHB 2158 should prevail. For this reason, I have vetoed Section 613(3).

Section 723, pages 370-371, Office of Financial Management, Agency Efficiencies

This section requires indiscriminate reductions in agency budgets. These spending reductions do not reflect any real savings or efficiencies. They are simply arbitrary budget cuts, which hinder the ability of agencies to perform the responsibilities with which the Legislature has tasked them and to fulfill their missions to serve Washingtonians. For this reason, I have vetoed Section 723.

Section 1005, page 464, lines 11-13, Office of the Governor, Economic Development Strategic Reserve Account-State Appropriation

This section reduces the Economic Development Strategic Reserve Account appropriation by \$2.0 million in the 2019 supplemental budget. This reduction limits the state's ability to issue grants for key economic investments specifically for recruiting and retaining businesses. Furthermore, the state would be required to rescind several grant awards that have already been announced if this reduction were to occur. For these reasons, I have vetoed Section 1005, page 464, lines 11-13.

Section 1020, pages 507-509, Consolidated Technical Services, Proviso Exceeds Appropriation

Section 1020 amends two existing proviso amounts to match the total appropriation without regard to a third proviso that must also be covered by the total appropriation. The changes to these two provisos result in these three provisos having appropriations greater than the total amount appropriated from the account. For this reason, I have vetoed Section 1020.

Section 1118(3), page 649, lines 12-13, Department of Children, Youth and Families, Children and Families Services Program, General Fund-State Appropriation

The 2019 supplemental appropriation from the General Fund-State for the Children and Families Services Program was reduced by \$1,126,000. Additional spending authority may be necessary to cover rising costs due to parent and child visits and central service expenditures. I have vetoed this reduction to maintain the original spending authority. I am directing the Office of Financial Management to retain the entire \$1,126,000 in unallotted status and that the additional authority only be used if necessary to close fiscal year 2019, with approval from the director of the Office of Financial Management. For this reason, I have vetoed Section 1118(3), page 649, lines 12-13.

Section 1118(4), page 656, lines 16-17, Department of Children, Youth and Families, Early Learning Program, General Fund-State Appropriation

The 2019 supplemental appropriation from the General Fund-State for the Early Learning Program was reduced by \$1,481,000. Additional spending authority may be necessary to cover rising costs due to parent and child visits and central service expenditures. I have vetoed this reduction to maintain the original spending authority. I am directing the Office of Financial Management to retain the entire \$1,481,000 in unallotted status and that the additional authority only be used if necessary to close fiscal year 2019, with approval from the director of the Office of Financial Management. For this reason, I have vetoed Section 1118(4), page 656, lines 16-17.

Section 1702, page 801, lines 28 through 30, Treasurer's Transfers, State Toxics Control Account to State General Fund

This section transfers \$38,000,000 from the State Toxics Control Account to the State General Fund by the end of fiscal year 2019. When combined with appropriations specified in the 2019-21 operating budget, this transfer contributes to a projected negative balance in the new Model Toxics Control Operating Account created in Engrossed Substitute Senate Bill 5993. As a result, we would not be able to ensure a positive balance in the new account. For this reason, I have vetoed Section 1702, lines 28-30.

Section 302(30), page 222, Department of Ecology; Section 306(4), page 227, State Conservation Commission; Section 308(22), page 238, Department of Natural Resources; and Section 309(15), page 243, Department of Agriculture

These four sections provided appropriations to implement Second Substitute House Bill 1579 (2SHB 1579) Section 13 (Chinook Abundance). Previously, I vetoed Section 13 of 2SHB 1579; therefore, the funding to implement this work is no longer necessary. As a result, I have vetoed Sections 302(30), 306(4), 308(22), and 309(15) to reflect my partial veto of 2SHB 1579.

I have vetoed the following sections related to bills that did not pass the Legislature resulting in the lapse of funding. My veto of these sections will serve to clean up these unnecessary sections of the bill.

Section 127(13), page 23, Office of the Attorney General, E2SSB 5740, Retirement Savings Program

Section 129(37), page 34, Department of Commerce, E2SHB 1110, Greenhouse Gas/Transportation Fuels.

Section 144(3), page 62, Utilities and Transportation Commission, ESHB 1332, Energy Site Evaluation Council.

Section 144(5), page 62, Utilities and Transportation Commission, HB1841, Crew Size on Certain Trains.

Section 147, page 67, lines 3-8, Board for Volunteer Firefighters, EHB 1912, Pension Benefits and Contributions.

Section 203(1)(x), page 93, Department of Social and Health Services Developmental Disabilities Program, SHB 1023, Adult Family Homes/8 beds.

Section 204(34), page 107, Department of Social and Health Services Aging and Adult Services Program, SHB 1023, Adult Family Homes/8 beds.

Section 222(1)(a), page 185, Department of Corrections, SSB 5876, DOC Gender Trauma Work Group.

Section 222(3)(c), page 189, Department of Corrections, E2SSB 5291, Confinement Alternatives/Children.

Section 302(10), page 219, Department of Ecology, ESSB 5323, Plastic Bags.

Section 401(3), page 245, Department of Licensing, ESB 5616, Manicuring for Diabetics

For these reasons I have vetoed Sections 103(2); 127(13); 129(37); 129(43); 129(73); 131(12); 131(13); 144(3); 144(5); 147, page 67, lines 3-8; 203(1)(m); 203(1)(v); 203(1)(x); 204(30); 204(34); 205(1)(d)(ii); 212(6); 222(1)(a); 222(3)(c); 302(10); 302(30); 306(4); 308(22); 309(15); 401(3); 601(9); 613(3); 723; 1005, page 464, lines 11-13; 1020; 1118(3), page 649, lines 12-13; 1118(4), page 656, lines 16-17; and 1702, page 801, lines 28-30 of Engrossed Substitute House Bill No. 1109.

With the exception of Sections 103(2); 127(13); 129(37); 129(43); 129(73); 131(12); 131(13); 144(3); 144(5); 147, page 67, lines 3-8; 203(1)(m); 203(1)(v); 203(1)(x); 204(30); 204(34); 205(1)(d)(ii); 212(6); 222(1)(a); 222(3)(c); 302(10); 302(30); 306(4); 308(22); 309(15); 401(3); 601(9); 613(3); 723; 1005, page 464, lines 11-13; 1020; 1118(3), page 649, lines 12-13; 1118(4), page 656, lines 16-17; and 1702, page 801, lines 28-30, Engrossed Substitute House Bill No. 1109 is approved."
