SUBSTITUTE HOUSE BILL 2049

AS AMENDED BY THE SENATE

Passed Legislature - 2019 Regular Session

State of Washington 66th Legislature 2019 Regular Session

By House Rural Development, Agriculture, & Natural Resources
(originally sponsored by Representative Blake)

READ FIRST TIME 02/22/19.

1 AN ACT Relating to commercial egg layer operations; amending RCW
2 69.25.010, 69.25.065, 69.25.070, 69.25.103, 69.25.107, and 69.25.110;
3 reenacting and amending RCW 69.25.020; and creating new sections.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** The legislature finds that the purpose of
6 this act is to improve the regulation of egg production and sales in
7 order to protect the health and welfare of consumers, promote food
8 safety, advance animal welfare, and protect against the negative
9 fiscal effects on the state associated with the lack of effective
10 regulation of egg production and sales.

11 **Sec. 2.** RCW 69.25.010 and 1975 1st ex.s. c 201 s 2 are each
12 amended to read as follows:

13 Eggs and egg products are an important source of the state's
14 total supply of food, and are used in food in various forms. They are
15 consumed throughout the state and the major portion thereof moves in
16 intrastate commerce. It is essential, in the public interest, that
17 the health and welfare of consumers be protected by the adoption of
18 measures prescribed herein for assuring that eggs and egg products
19 distributed to them and used in products consumed by them are
20 wholesome, otherwise not adulterated, and properly labeled and

1 packaged. Lack of effective regulation for the handling or
2 disposition of unwholesome, otherwise adulterated, or improperly
3 labeled or packaged egg products and certain qualities of eggs is
4 injurious to the public welfare and destroys markets for wholesome,
5 unadulterated, and properly labeled and packaged eggs and egg
6 products and results in sundry losses to producers and processors, as
7 well as injury to consumers. Unwholesome, otherwise adulterated, or
8 improperly labeled or packaged products can be sold at lower prices
9 and compete unfairly with the wholesome, unadulterated, and properly
10 labeled and packaged products, to the detriment of consumers and the
11 public generally. It is also essential to protect the health and
12 welfare of consumers, promote food safety, advance animal welfare,
13 and protect against the negative fiscal effects on the state
14 associated with the lack of effective regulation of egg production
15 and sales. It is hereby found that all egg products and the qualities
16 of eggs which are regulated under this chapter are either in
17 intrastate commerce, or substantially affect such commerce, and that
18 regulation by the director, as contemplated by this chapter, is
19 appropriate to protect the health and welfare of consumers.

20 **Sec. 3.** RCW 69.25.020 and 2013 c 144 s 44 are each reenacted and
21 amended to read as follows:

29 adulterated under this clause if the quantity of such substance in or
30 on such article does not ordinarily render it injurious to health;

31 (b) If it bears or contains any added poisonous or added
32 deleterious substance (other than one which is: (i) A pesticide
33 chemical in or on a raw agricultural commodity; (ii) a food additive;

37 and such commodity bears or contains a pesticide chemical (~~which is~~
38 ~~unsafe within the meaning of RCW 69.04.392, as enacted or hereafter~~

3 (d) If it bears or contains any food additive (~~(which is unsafe~~
4 ~~within the meaning of RCW 69.04.394, as enacted or hereafter~~
5 ~~amended)) that renders it adulterated within the meaning of RCW~~
6 15.130.200(2);

7 (e) If it bears or contains any color additive (~~(which is unsafe~~
8 ~~within the meaning of RCW 69.04.396)) that renders it adulterated~~
9 within the meaning of RCW 15.130.200(2); however, an article which is
10 not otherwise deemed adulterated under (c), (d), or (e) of this
11 subsection are nevertheless deemed adulterated if use of the
