SUBSTITUTE SENATE BILL 5889

Passed Legislature - 2019 Regular Session

State of Washington

66th Legislature

2019 Regular Session

By Senate Health & Long Term Care (originally sponsored by Senator Dhingra)

READ FIRST TIME 02/22/19.

1 AN ACT Relating to insurance communications confidentiality;
2 amending RCW 48.43.005, 48.43.505, 48.43.510, and 48.43.530; adding a
3 new section to chapter 48.43 RCW; creating a new section; and
4 providing an effective date.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** The legislature finds and declares:

7 (1) All people deserve the right to choose the health services
8 that are right for them, and the right to confidential access to
9 those health services.

10 (2) When people are assured of the ability to confidentially
11 access health care services, they are more likely to seek health
12 services, disclose health risk behaviors to a clinician, and return
13 for follow-up care.

14 (3) When denied confidential access to needed care, people may
15 delay or forgo care, leading to higher rates of unprotected sex,
16 unintended pregnancy, untreated sexually transmitted infections, and
17 mental health issues, or they may turn to public health safety net
18 funds or free clinics to receive confidential care—important
19 resources that should be reserved for people who do not have
20 insurance coverage.

1 **Sec. 2.** RCW 48.43.005 and 2016 c 65 s 2 are each amended to read
2 as follows:

3 Unless otherwise specifically provided, the definitions in this
4 section apply throughout this chapter.

5 (1) "Adjusted community rate" means the rating method used to
6 establish the premium for health plans adjusted to reflect
7 actuarially demonstrated differences in utilization or cost
8 attributable to geographic region, age, family size, and use of
9 wellness activities.

10 (2) "Adverse benefit determination" means a denial, reduction, or
11 termination of, or a failure to provide or make payment, in whole or
12 in part, for a benefit, including a denial, reduction, termination,
13 or failure to provide or make payment that is based on a
14 determination of an enrollee's or applicant's eligibility to
15 participate in a plan, and including, with respect to group health
16 plans, a denial, reduction, or termination of, or a failure to
17 provide or make payment, in whole or in part, for a benefit resulting
18 from the application of any utilization review, as well as a failure
19 to cover an item or service for which benefits are otherwise provided
20 because it is determined to be experimental or investigational or not
21 medically necessary or appropriate.

22 (3) "Applicant" means a person who applies for enrollment in an
23 individual health plan as the subscriber or an enrollee, or the
24 dependent or spouse of a subscriber or enrollee.

9 plan (other than for premiums) for covered benefits of at least six
10 thousand dollars, both amounts to be adjusted annually by the
11 insurance commissioner.

12 (b) In July 2008, and in each July thereafter, the insurance
13 commissioner shall adjust the minimum deductible and out-of-pocket
14 expense required for a plan to qualify as a catastrophic plan to
15 reflect the percentage change in the consumer price index for medical
16 care for a preceding twelve months, as determined by the United
17 States department of labor. For a plan year beginning in 2014, the
18 out-of-pocket limits must be adjusted as specified in section

21 of the information and shall direct communications containing such

9 (e) Descriptions and justifications for provider compensation
10 programs, including any incentives or penalties that are intended to
11 encourage providers to withhold services or minimize or avoid
12 referrals to specialists;

13 (f) An annual accounting of all payments made by the carrier
14 which have been counted against any payment limitations, visit
15 limitations, or other overall limitations on a person's coverage
16 under a plan; however, the individual requesting an annual accounting
17 may only receive information about that individual's own care, and
18 may not receive information pertaining to protected individuals who
19 have requested confidential communications pursuant to RCW 48.43.505;

20 (g) A copy of the carrier's review of adverse benefit
21 determinations grievance process for claim or service denial and its
22 grievance process for dissatisfaction with care; and

23 (h) Accreditation status with one or more national managed care
24 accreditation organizations, and whether the carrier tracks its
25 health care effectiveness performance using the health employer data
26 information set (HEDIS), whether it publicly reports its HEDIS data,
27 and how interested persons can access its HEDIS data.

28 (3) Each carrier shall provide to all enrollees and prospective
29 enrollees a list of available disclosure items.

30 (4) Nothing in this section requires a carrier or a health care
31 provider to divulge proprietary information to an enrollee, including
32 the specific contractual terms and conditions between a carrier and a
33 provider.

34 (5) No carrier may advertise or market any health plan to the
35 public as a plan that covers services that help prevent illness or
36 promote the health of enrollees unless it:

37 (a) Provides all clinical preventive health services provided by
38 the basic health plan, authorized by chapter 70.47 RCW;

39 (b) Monitors and reports annually to enrollees on standardized
40 measures of health care and satisfaction of all enrollees in the

1 health plan. The state department of health shall recommend
2 appropriate standardized measures for this purpose, after
3 consideration of national standardized measurement systems adopted by
4 national managed care accreditation organizations and state agencies
5 that purchase managed health care services; and

6 (c) Makes available upon request to enrollees its integrated plan
7 to identify and manage the most prevalent diseases within its
8 enrolled population, including cancer, heart disease, and stroke.

9 (6) No carrier may preclude or discourage its providers from
10 informing an enrollee of the care he or she requires, including
11 various treatment options, and whether in the providers' view such
12 care is consistent with the plan's health coverage criteria, or
13 otherwise covered by the enrollee's medical coverage agreement with
14 the carrier. No carrier may prohibit, discourage, or penalize a
15 provider otherwise practicing in compliance with the law from
16 advocating on behalf of an enrollee with a carrier. Nothing in this
17 section shall be construed to authorize a provider to bind a carrier
18 to pay for any service.

19 (7) No carrier may preclude or discourage enrollees or those
20 paying for their coverage from discussing the comparative merits of
21 different carriers with their providers. This prohibition
22 specifically includes prohibiting or limiting providers participating
23 in those discussions even if critical of a carrier.

24 (8) Each carrier must communicate enrollee information required
25 in chapter 5, Laws of 2000 by means that ensure that a substantial
26 portion of the enrollee population can make use of the information.
27 Carriers may implement alternative, efficient methods of
28 communication to ensure enrollees have access to information
29 including, but not limited to, web site alerts, postcard mailings,
30 and electronic communication in lieu of printed materials.

31 (9) The commissioner may adopt rules to implement this section.
32 In developing rules to implement this section, the commissioner shall
33 consider relevant standards adopted by national managed care
34 accreditation organizations and state agencies that purchase managed
35 health care services, as well as opportunities to reduce
36 administrative costs included in health plans.

37 **Sec. 6.** RCW 48.43.530 and 2012 c 211 s 20 are each amended to
38 read as follows:

1 (1) Each carrier and health plan must have fully operational,
2 comprehensive grievance and appeal processes, and for plans that are
3 not grandfathered, fully operational, comprehensive, and effective
4 grievance and review of adverse benefit determination processes that
5 comply with the requirements of this section and any rules adopted by
6 the commissioner to implement this section. For the purposes of this
7 section, the commissioner must consider applicable grievance and
8 appeal or review of adverse benefit determination process standards
9 adopted by national managed care accreditation organizations and
10 state agencies that purchase managed health care services, and for
11 health plans that are not grandfathered health plans as approved by
12 the United States department of health and human services or the
13 United States department of labor. In the case of coverage offered in
14 connection with a group health plan, if either the carrier or the
15 health plan complies with the requirements of this section and RCW
16 48.43.535, then the obligation to comply is satisfied for both the
17 carrier and the plan with respect to the health insurance coverage.

18 (2) Each carrier and health plan must process as a grievance an
19 enrollee's expression of dissatisfaction about customer service or
20 the quality or availability of a health service. Each carrier must
21 implement procedures for registering and responding to oral and
22 written grievances in a timely and thorough manner.

23 (3) Each carrier and health plan must provide written notice to
24 an enrollee or the enrollee's designated representative, and the
25 enrollee's provider, of its decision to deny, modify, reduce, or
26 terminate payment, coverage, authorization, or provision of health
27 care services or benefits, including the admission to or continued
28 stay in a health care facility. Such notice must be sent directly to
29 a protected individual receiving care when accessing sensitive health
30 care services or when a protected individual has requested
31 confidential communication pursuant to RCW 48.43.505(5).

32 (4) An enrollee's written or oral request that a carrier
33 reconsider its decision to deny, modify, reduce, or terminate
34 payment, coverage, authorization, or provision of health care
35 services or benefits, including the admission to, or continued stay
36 in, a health care facility must be processed as follows:

37 (a) When the request is made under a grandfathered health plan,
38 the plan and the carrier must process it as an appeal;

1 (b) When the request is made under a health plan that is not
2 grandfathered, the plan and the carrier must process it as a review
3 of an adverse benefit determination; and

4 (c) Neither a carrier nor a health plan, whether grandfathered or
5 not, may require that an enrollee file a complaint or grievance prior
6 to seeking appeal of a decision or review of an adverse benefit
7 determination under this subsection.

8 (5) To process an appeal, each plan that is not grandfathered and
9 each carrier offering that plan must:

10 (a) Provide written notice to the enrollee when the appeal is
11 received;

12 (b) Assist the enrollee with the appeal process;

13 (c) Make its decision regarding the appeal within thirty days of
14 the date the appeal is received. An appeal must be expedited if the
15 enrollee's provider or the carrier's medical director reasonably
16 determines that following the appeal process response timelines could
17 seriously jeopardize the enrollee's life, health, or ability to
18 regain maximum function. The decision regarding an expedited appeal
19 must be made within seventy-two hours of the date the appeal is
20 received;

21 (d) Cooperate with a representative authorized in writing by the
22 enrollee;

23 (e) Consider information submitted by the enrollee;

24 (f) Investigate and resolve the appeal; and

25 (g) Provide written notice of its resolution of the appeal to the
26 enrollee and, with the permission of the enrollee, to the enrollee's
27 providers. The written notice must explain the carrier's and health
28 plan's decision and the supporting coverage or clinical reasons and
29 the enrollee's right to request independent review of the carrier's
30 decision under RCW 48.43.535.

31 (6) Written notice required by subsection (3) of this section
32 must explain:

33 (a) The carrier's and health plan's decision and the supporting
34 coverage or clinical reasons; and

35 (b) The carrier's and grandfathered plan's appeal or for plans
36 that are not grandfathered, adverse benefit determination review
37 process, including information, as appropriate, about how to exercise
38 the enrollee's rights to obtain a second opinion, and how to continue
39 receiving services as provided in this section.

1 (7) When an enrollee requests that the carrier or health plan
2 reconsider its decision to modify, reduce, or terminate an otherwise
3 covered health service that an enrollee is receiving through the
4 health plan and the carrier's or health plan's decision is based upon
5 a finding that the health service, or level of health service, is no
6 longer medically necessary or appropriate, the carrier and health
7 plan must continue to provide that health service until the appeal,
8 or for health plans that are not grandfathered, the review of an
9 adverse benefit determination, is resolved. If the resolution of the
10 appeal, review of an adverse benefit determination, or any review
11 sought by the enrollee under RCW 48.43.535 affirms the carrier's or
12 health plan's decision, the enrollee may be responsible for the cost
13 of this continued health service.

14 (8) Each carrier and health plan must provide a clear explanation
15 of the grievance and appeal, or for plans that are not grandfathered,
16 the process for review of an adverse benefit determination process
17 upon request, upon enrollment to new enrollees, and annually to
18 enrollees and subcontractors.

19 (9) Each carrier and health plan must ensure that each grievance,
20 appeal, and for plans that are not grandfathered, grievance and
21 review of adverse benefit determinations, process is accessible to
22 enrollees who are limited English speakers, who have literacy
23 problems, or who have physical or mental disabilities that impede
24 their ability to file a grievance, appeal or review of an adverse
25 benefit determination.

26 (10)(a) Each plan that is not grandfathered and the carrier that
27 offers it must: Track each appeal until final resolution; maintain,
28 and make accessible to the commissioner for a period of three years,
29 a log of all appeals; and identify and evaluate trends in appeals.

30 (b) Each grandfathered plan and the carrier that offers it must:
31 Track each review of an adverse benefit determination until final
32 resolution; maintain and make accessible to the commissioner, for a
33 period of six years, a log of all such determinations; and identify
34 and evaluate trends in requests for and resolution of review of
35 adverse benefit determinations.

36 (11) In complying with this section, plans that are not
37 grandfathered and the carriers offering them must treat a rescission
38 of coverage, whether or not the rescission has an adverse effect on
39 any particular benefit at that time, and any decision to deny

1 coverage in an initial eligibility determination as an adverse
2 benefit determination.

3 NEW SECTION. **Sec. 7.** If any provision of this act or its
4 application to any person or circumstance is held invalid, the
5 remainder of the act or the application of the provision to other
6 persons or circumstances is not affected.
