1 On page 5, line 32, after "activities." insert "For emissions from
2 changes in land use associated with a transportation fuel, the
3 department must consider the emissions from intentional land-clearing
4 fires in a transportation fuel's country of origin that increase the
5 available land for biofuel and other crop production."
6

EFFECT: Requires the Department of Ecology to consider emissions from land-clearing fires that increase available land for biofuel and crop production as part of the life cycle greenhouse gas emission measurement for each transportation fuel.
