

2SHB 1663 - H AMD TO H AMD (H-2666.1/22) **907**

By Representative Duerr

ADOPTED 02/11/2022

1 On page 6, beginning on line 19 of the striking amendment, after
2 "(8)" strike all material through "basis" on line 28 and insert:
3 "The owner or operator of a municipal solid waste landfill must
4 conduct a source test for any gas control device or devices subject
5 to this section using the test methods identified in section 8 of
6 this act and the department's implementing rules adopted pursuant to
7 section 2 of this act. If a gas control device is currently in
8 compliance with source testing requirements as of the effective date
9 of the act, the owner or operator must conduct the source test no
10 less frequently than once every five years. If a gas control device
11 is currently not in compliance with source testing requirements as
12 of the effective date of the act, or if a subsequent source test
13 shows the gas control device is out of compliance, the owner or
14 operator must conduct the source test no less frequently than once
15 per year until two subsequent consecutive tests both show
16 compliance. Upon two subsequent consecutive compliant tests, the
17 owner or operator may return to conducting the source test no less
18 frequently than once every five years"
19
20

EFFECT: Changes the frequency of required source testing, from a requirement that testing be conducted annually with an option for testing every three years, to a requirement that testing be conducted every five years with a requirement that sources with non-compliant test results be retested annually until two subsequent consecutive tests both show compliance.
