

ESHB 1189 - S AMD TO BFST COMM AMD (S-0239.3/21) **509**

By Senator Van De Wege

ADOPTED 04/05/2021

1 On page 6, beginning on line 2, after "fire" strike all material
2 through "area" on line 4 and insert "protection district or regional
3 fire protection service authority, or the fire service agency's
4 annual report demonstrates an increase in the level of service
5 directly related to the increment area, the local government must
6 negotiate a mitigation plan with the fire protection district or
7 regional fire protection service authority to address level of
8 service issues in the increment area"

EFFECT: Makes the conditions under which a local government is required to negotiate a mitigation plan applicable to fire protection districts and regional fire protection service authorities. A fire service agency's annual report that demonstrates an increase in the level of service directly related to the increment area will result in the local government having to negotiate a mitigation plan with a fire protection district or regional fire protection service authority.
