EFFECT: Specifies that the definition of "significant agency action," agency development of the environmental justice assessment process, and agency incorporation of environmental justice principles in budget and funding development processes are in consideration of guidelines developed by the council, rather than consistent with or following the guidelines developed by the council. Provides that the identification and prioritization of significant agency actions for environmental justice assessments is a suggested identification and prioritization. Provides that the schedule and timeline developed by the council for significant agency actions subject to environmental justice assessment and funding and expenditure decisions subject to rules and criteria incorporating environmental justice principles, is a suggested schedule and timeline.
