

SENATE BILL REPORT

HB 1378

As of March 10, 2021

Title: An act relating to the supervision of medical assistants.

Brief Description: Concerning the supervision of medical assistants.

Sponsors: Representatives Ybarra, Cody and Dolan.

Brief History: Passed House: 2/23/21, 96-0.

Committee Activity: Health & Long Term Care: 3/12/21.

Brief Summary of Bill

- Allows a medical assistant assisting with a telemedicine visit to be supervised by a health care practitioner through interactive audio and video telemedicine technology.

SENATE COMMITTEE ON HEALTH & LONG TERM CARE

Staff: Ricci Crinzi (786-7253)

Background: The Department of Health licenses four different types of medical assistants—medical assistant-certified, medical assistant-registered, medical assistant-plebotomist, and medical assistant-hemodialysis technician. Each type of medical assistant must be supervised by a health care practitioner, including a physician, an osteopathic physician, a podiatric physician, a registered nurse, an advanced registered nurse practitioner, a naturopath, a physician assistant, or an optometrist. In most cases, the health care practitioner must be physically present and immediately available. The health care practitioner does not need to be present during procedures to withdraw blood, but must be immediately available.

Summary of Bill: During a telemedicine visit, supervision over a medical assistant assisting a health care practitioner with the telemedicine visit may be provided through
