AN ACT Relating to planning under the growth management act; amending RCW 90.58.080, 90.58.080, 36.70A.040, 36.70A.080, 36.70A.106, 36.70A.110, 36.70A.190, and 36.70A.210; reenacting and amending RCW 36.70A.130; providing an effective date; and providing an expiration date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 36.70A.130 and 2020 c 113 s 1 and 2020 c 20 s 1026 are each reenacted and amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the deadlines in subsections (4) and (5) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter.
this chapter according to the deadlines in subsections (4) and (5) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefor.

(c) The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the deadlines in subsections (4) and (5) of this section or in accordance with the provisions of subsection (6) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan. Subarea plans adopted under this subsection (2)(a)(i) must clarify, supplement, or implement jurisdiction-wide comprehensive plan policies, and may only be adopted if the cumulative impacts of the proposed plan are addressed by appropriate environmental review under chapter 43.21C RCW;

(ii) The development of an initial subarea plan for economic development located outside of the one hundred year floodplain in a county that has completed a state-funded pilot project that is based on watershed characterization and local habitat assessment;

(iii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW;
(iv) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget; or

(v) The adoption of comprehensive plan amendments necessary to enact a planned action under RCW 43.21C.440, provided that amendments are considered in accordance with the public participation program established by the county or city under this subsection (2)(a) and all persons who have requested notice of a comprehensive plan update are given notice of the amendments and an opportunity to comment.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with the growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, according to the schedules established in subsections (4) and (5) of this section, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) Except as otherwise provided in subsections (6) and (8) of this section, counties and cities shall take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter as follows:

p. 3  SHB 1241

(5)(a) Except as otherwise provided in subsections (6) and (8) of this section, following the review of comprehensive plans and development regulations required by subsection (4) of this section, counties and cities shall take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter as follows:

((a)) (i) On or before June 30, 2024, and every ((eight)) ten years thereafter, for King, Kitsap, Pierce, and Snohomish counties and the cities within those counties;

most recent year for which the office of financial management has
filed a certificate with the secretary of state showing its
determination of population pursuant to RCW 43.62.030 and 43.62.035,
shall create an annual work program for implementing its
comprehensive plan. The work program shall describe the development
regulations and nonregulatory measures, including actions for
acquiring and spending money in support of the work program, which
are to be considered in the upcoming year, as well as those measures
and actions which were considered and acted upon in the current year-
to-date.

(6)(a) Nothing in this section precludes a county or city from
conducting the review and evaluation required by this section before
the deadlines established in subsections (4) and (5) of this section.
Counties and cities may begin this process early and may be eligible
for grants from the department, subject to available funding, if they
elect to do so.

(b) A county that is subject to a deadline established in
subsection (5)(a)((ii) through (iv) [(b) through (d)]) of this
section and meets the following criteria may comply with the
requirements of this section at any time within the twenty-four
months following the deadline established in subsection (5) of this
section: The county has a population of less than fifty thousand and
has had its population increase by no more than seventeen percent in
the ten years preceding the deadline established in subsection (5) of
this section as of that date.

(c) A city that is subject to a deadline established in
subsection (5)(a)((ii) through (iv) [(b) through (d)]) of this
section and meets the following criteria may comply with the
requirements of this section at any time within the twenty-four
months following the deadline established in subsection (5) of this
section: The city has a population of no more than five thousand and
has had its population increase by the greater of either no more than
one hundred persons or no more than seventeen percent in the ten
years preceding the deadline established in subsection (5) of this
section as of that date.

(d) State agencies are encouraged to provide technical assistance
to the counties and cities in the review of critical area ordinances,
comprehensive plans, and development regulations.

(7)(a) The requirements imposed on counties and cities under this
section shall be considered "requirements of this chapter" under the
terms of RCW 36.70A.040(1). Only those counties and cities that meet the following criteria may receive grants, loans, pledges, or financial guarantees under chapter 43.155 or 70A.135 RCW:

(i) Complying with the deadlines in this section; or

(ii) Demonstrating substantial progress towards compliance with the schedules in this section for development regulations that protect critical areas.

(b) A county or city that is fewer than twelve months out of compliance with the schedules in this section for development regulations that protect critical areas is making substantial progress towards compliance. Only those counties and cities in compliance with the schedules in this section may receive preference for grants or loans subject to the provisions of RCW 43.17.250.

(8)(a) Except as otherwise provided in (c) of this subsection, if a participating watershed is achieving benchmarks and goals for the protection of critical areas functions and values, the county is not required to update development regulations to protect critical areas as they specifically apply to agricultural activities in that watershed.

(b) A county that has made the election under RCW 36.70A.710(1) may only adopt or amend development regulations to protect critical areas as they specifically apply to agricultural activities in a participating watershed if:

(i) A work plan has been approved for that watershed in accordance with RCW 36.70A.725;

(ii) The local watershed group for that watershed has requested the county to adopt or amend development regulations as part of a work plan developed under RCW 36.70A.720;

(iii) The adoption or amendment of the development regulations is necessary to enable the county to respond to an order of the growth management hearings board or court;

(iv) The adoption or amendment of development regulations is necessary to address a threat to human health or safety; or

(v) Three or more years have elapsed since the receipt of funding.

(c) Beginning ten years from the date of receipt of funding, a county that has made the election under RCW 36.70A.710(1) must review and, if necessary, revise development regulations to protect critical areas as they specifically apply to agricultural activities in a participating watershed in accordance with the review and revision process.
requirements and timeline in subsection (5) of this section. This subsection (8)(c) does not apply to a participating watershed that has determined under RCW 36.70A.720(2)(c)(ii) that the watershed's goals and benchmarks for protection have been met.

(9)(a) Counties subject to planning deadlines established in subsection (5)(a) and (b) of this section, and cities within those counties, must provide to the department an implementation progress report detailing the progress they have achieved in implementing their comprehensive plan five years after the review and revision of their comprehensive plan.

(b) The department shall adopt guidelines for indicators, measures, milestones, and criteria for use by counties and cities in the implementation progress report. At a minimum, these indicators, measures, milestones, and criteria must cover:

(i) Housing affordability and availability within the jurisdiction;

(ii) Permit processing timelines;

(iii) The protection of critical areas and the use of best available science;

(iv) The jurisdiction's response to new statutory changes adopted since the previous comprehensive plan update; and

(v) Achieving any required reductions to meet greenhouse gas reduction and vehicle miles traveled requirements.

(c) Counties and cities subject to the review and evaluation program requirements in RCW 36.70A.215 must include in the implementation progress report an identification of inconsistencies found during the review and evaluation between what has occurred since the adoption of the countywide planning policies and the county and city comprehensive plans and development regulations and what was envisioned in those policies and plans and the planning goals and the requirements of this chapter.

(d) If a city or county has not implemented statutory changes adopted since the most recent periodic update in their comprehensive plan or development regulations by the due date for the implementation progress report, the city or county must identify the need for such changes in the implementation progress report, and must include necessary changes in the implementation work program required under this section. Cities and counties must then adopt any necessary changes within two years of submission for the implementation progress report.
Sec. 2. RCW 90.58.080 and 2011 c 353 s 13 are each amended to read as follows:

(1) Local governments shall develop or amend a master program for regulation of uses of the shorelines of the state consistent with the required elements of the guidelines adopted by the department in accordance with the schedule established by this section.

Sec. 4. RCW 36.70A.040 and 2014 c 147 s 1 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of
adopting comprehensive land use plans and development regulations 
under this chapter if this resolution is adopted and filed with the 
department by December 31, 1990, for counties initially meeting this 
set of criteria, or within sixty days of the date the office of 
financial management certifies that a county meets this set of 
criteria under subsection (5) of this section. For the purposes of 
this subsection, a county not currently planning under this chapter 
is not required to include in its population count those persons 
confined in a correctional facility under the jurisdiction of the 
department of corrections that is located in the county.

Once a county meets either of these sets of criteria, the 
requirement to conform with all of the requirements of this chapter 
remains in effect, even if the county no longer meets one of these 
sets of criteria.

(2)(a) The county legislative authority of any county that does 
not meet either of the sets of criteria established under subsection 
(1) of this section may adopt a resolution indicating its intention 
to have subsection (1) of this section apply to the county. Each 
city, located in a county that chooses to plan under this subsection, 
shall conform with all of the requirements of this chapter. Once such 
a resolution has been adopted, the county and the cities located 
within the county remain subject to all of the requirements of this 
chapter, unless the county subsequently adopts a withdrawal 
resolution for partial planning pursuant to (b)(i) of this 
subsection.

(b)(i) Until December 31, 2015, the legislative authority of a 
county may adopt a resolution removing the county and the cities 
located within the county from the requirements to plan under this 
section if:

(A) The county has a population, as estimated by the office of 
financial management, of twenty thousand or fewer inhabitants at any 
time between April 1, 2010, and April 1, 2015;

(B) The county has previously adopted a resolution indicating its 
intention to have subsection (1) of this section apply to the county;

(C) At least sixty days prior to adopting a resolution for 
partial planning, the county provides written notification to the 
legislative body of each city within the county of its intent to 
consider adopting the resolution; and

(D) The legislative bodies of at least sixty percent of those 
cities having an aggregate population of at least seventy-five
percent of the incorporated county population have not: Adopted resolutions opposing the action by the county; and provided written notification of the resolutions to the county.

(ii) Upon adoption of a resolution for partial planning under (b)(i) of this subsection:

(A) The county and the cities within the county are, except as provided otherwise, no longer obligated to plan under this section; and

(B) The county may not, for a minimum of ten years from the date of adoption of the resolution, adopt another resolution indicating its intention to have subsection (1) of this section apply to the county.

(c) The adoption of a resolution for partial planning under (b)(i) of this subsection does not nullify or otherwise modify the requirements for counties and cities established in RCW 36.70A.060, 36.70A.070(5) and associated development regulations, 36.70A.170, and 36.70A.172.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forestlands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forestlands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a
comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows:

(a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forestlands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands,
forestlands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

(7) Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

(8) A federally recognized Indian tribe whose reservation is located within the exterior boundaries of the state of Washington or a federally recognized tribe located outside the state of Washington with reserved treaty rights in the state may voluntarily choose to participate in the county or regional planning process and coordinate with the county and cities that are either required to comply with the provisions of this chapter pursuant to subsection (1) of this section or voluntarily choose to comply with the provisions of this chapter pursuant to subsection (2) of this section.

(a) Upon receipt of notice in the form of a tribal resolution from a tribe whose reservation or ceded lands lie within the county, which indicates the tribe has a planning process or intends to initiate a parallel planning process, the county, cities and other local governments conducting the planning under this chapter shall enter into an agreement with such tribes in regard to coordination, cooperation, and participation in the planning process.

(b) Nothing in this subsection, any other provision in this chapter, or a tribe's decision to become a participating tribe for planning purposes, shall affect, alter, or limit in any way a tribe's authority, jurisdiction, or any treaty or other rights it may have by virtue of its status as a sovereign Indian tribe.
Sec. 5. RCW 36.70A.080 and 2011 c 318 s 801 are each amended to read as follows:

(1) A comprehensive plan may include additional elements, items, or studies dealing with other subjects relating to the physical development within its jurisdiction, including, but not limited to:

(a) Conservation;
(b) Solar energy; ((and))
(c) Recreation; and
(d) Port container elements. When including port container elements, a city shall collaborate with the federally recognized Indian tribe whose reservation is located within or adjacent to the lands subject to the port container element.

(2) A comprehensive plan may include, where appropriate, subarea plans, each of which is consistent with the comprehensive plan.

(3)(a) Cities that qualify as a receiving city may adopt a comprehensive plan element and associated development regulations that apply within receiving areas under chapter 39.108 RCW.
(b) For purposes of this subsection, the terms "receiving city" and "receiving area" have the same meanings as provided in RCW 39.108.010.

Sec. 6. RCW 36.70A.106 and 2004 c 197 s 1 are each amended to read as follows:

(1) Each county and city proposing adoption of a comprehensive plan or development regulations under this chapter shall notify the department of its intent to adopt such plan or regulations at least sixty days prior to final adoption. State agencies including the department may provide comments to the county or city on the proposed comprehensive plan, or proposed development regulations, during the public review process prior to adoption.

(2) Each county and city planning under this chapter shall transmit a complete and accurate copy of its comprehensive plan or development regulations to the department within ten days after final adoption.

(3)(a) Any amendments for permanent changes to a comprehensive plan or development regulation that are proposed by a county or city to its adopted plan or regulations shall be submitted to the department in the same manner as initial plans and development regulations under this section. Any amendments to a comprehensive plan or development regulations that are adopted by a county or city

p. 19
SHB 1241
shall be transmitted to the department in the same manner as the initial plans and regulations under this section.

(b) Each county and city planning under this chapter may request expedited review for any amendments for permanent changes to a development regulation. Upon receiving a request for expedited review, and after consultation with other state agencies, the department may grant expedited review if the department determines that expedited review does not compromise the state's ability to provide timely comments related to compliance with the goals and requirements of this chapter or on other matters of state interest. Cities and counties may adopt amendments for permanent changes to a development regulation immediately following the granting of the request for expedited review by the department.

(c) A federally recognized Indian tribe whose reservation is located within the exterior boundaries of the state of Washington or a federally recognized tribe located outside the state of Washington with reserved treaty rights in the state may request to receive from the department copies of notices received from cities or counties under this section. Upon receipt of a submittal from a city or county under this section, the department shall forward the submittal to any tribe that has requested notification.

Sec. 7. RCW 36.70A.110 and 2017 c 305 s 1 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350. When a federally recognized Indian tribe whose reservation is located within the exterior boundaries of the state of Washington or a federally recognized tribe located outside the state of Washington with reserved treaty rights in the state has voluntarily chosen to participate in the planning process pursuant to RCW 36.70A.040, the
county and the tribe shall coordinate their planning efforts for any areas planned for urban growth.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve. As part of this planning process, each city within the county must include areas sufficient to accommodate the broad range of needs and uses that will accompany the projected urban growth including, as appropriate, medical, governmental, institutional, commercial, service, retail, and other nonresidential uses.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located.
Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and under this section. Such action may be appealed to the growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.
(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:
   (i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;
   (ii) Urban growth areas where expansions are precluded outside floodplains because:
       (A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or
       (B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or
   (iii) Urban growth area expansions where:
       (A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land to be included in the urban growth area and located within the floodplain; or
       (B) Urban development already exists within a floodplain as of July 26, 2009, and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or
       (C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:
           (I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or environmental restoration; stormwater facilities; flood control facilities; or underground conveyances; and
           (II) The development and use of such facilities or projects will not decrease flood storage, increase stormwater runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on July 26, 2009.
(9) If a county, city, or utility has adopted a capital facility plan or utilities element to provide sewer service within the urban growth areas during the twenty-year planning period, nothing in this chapter obligates counties, cities, or utilities to install sanitary sewer systems to properties within urban growth areas designated under subsection (2) of this section by the end of the twenty-year planning period when those properties:

(a)(i) Have existing, functioning, nonpolluting on-site sewage systems;

(ii) Have a periodic inspection program by a public agency to verify the on-site sewage systems function properly and do not pollute surface or groundwater; and

(iii) Have no redevelopment capacity; or

(b) Do not require sewer service because development densities are limited due to wetlands, flood plains, fish and wildlife habitats, or geological hazards.

Sec. 8. RCW 36.70A.190 and 1991 sp.s. c 32 s 3 are each amended to read as follows:

(1) The department shall establish a program of technical and financial assistance and incentives to counties and cities to encourage and facilitate the adoption and implementation of comprehensive plans and development regulations throughout the state.

(2) The department shall develop a priority list and establish funding levels for planning and technical assistance grants both for counties and cities that plan under RCW 36.70A.040. Priority for assistance shall be based on a county's or city's population growth rates, commercial and industrial development rates, the existence and quality of a comprehensive plan and development regulations, and other relevant factors.

(3) The department shall develop and administer a grant program to provide direct financial assistance to counties and cities for the preparation of comprehensive plans under this chapter. The department may establish provisions for county and city matching funds to conduct activities under this subsection. Grants may be expended for any purpose directly related to the preparation of a county or city comprehensive plan as the county or city and the department may agree, including, without limitation, the conducting of surveys, inventories and other data gathering and management activities, the
retention of planning consultants, contracts with regional councils for planning and related services, and other related purposes.

(4) The department shall establish a program of technical assistance:

(a) Utilizing department staff, the staff of other state agencies, and the technical resources of counties and cities to help in the development of comprehensive plans required under this chapter. The technical assistance may include, but not be limited to, model land use ordinances, regional education and training programs, and information for local and regional inventories; and

(b) Adopting by rule procedural criteria to assist counties and cities in adopting comprehensive plans and development regulations that meet the goals and requirements of this chapter. These criteria shall reflect regional and local variations and the diversity that exists among different counties and cities that plan under this chapter.

(5) The department shall provide mediation services to resolve disputes between counties and cities regarding, among other things, coordination of regional issues and designation of urban growth areas.

(6) A federally recognized Indian tribe whose reservation is located within the boundaries of Washington state may formally request the department to enter into formal government-to-government consultation with the tribe regarding the tribe's concerns that the proposed plan or any amendment to the county's plan may directly or indirectly injure rights reserved to the tribe under treaties, statutes, or federal trust obligations regarding lands or activities within the reservation of such tribe or rights reserved to the tribe in regard to lands ceded under a treaty. The department shall include in comments to the county during the comment period a summary and supporting materials regarding the tribe's concerns and an offer to assist in providing formal mediation or dispute resolution prior to adoption of the proposed plan. If the department receives formal notice of a tribe's objections to a county's adopted plan or amendment within 30 days of the department receiving notice of final adoption pursuant to RCW 37.70A.106(2), the department shall enter into formal government-to-government consultation with the tribe for a period of 60 days. If the department determines that tribal rights under relevant treaties, statutes, or trust responsibilities will be diminished or violated, the department shall notify the county. Upon
receipt of such notice, the county may either agree to amend the plan as requested consistent with the comments of the department, or enter mediation with the tribe, which shall be arranged by the department utilizing a suitable expert to be paid by the department.

(7) The department shall provide planning grants to enhance citizen participation under RCW 36.70A.140.

Sec. 9. RCW 36.70A.210 and 2009 c 121 s 2 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "countywide planning policy" is a written policy statement or statements used solely for establishing a countywide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a countywide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a countywide planning policy. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a countywide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith.
(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of ((community, trade, and economic development)) commerce to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction.

(e) No later than July 1, 1992, the legislative authority of each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a countywide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed countywide planning policy.

(3) A countywide planning policy shall at a minimum, address the following:

(a) Policies to implement RCW 36.70A.110;

(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;

(c) Policies for siting public capital facilities of a countywide or statewide nature, including transportation facilities of statewide significance as defined in RCW 47.06.140;
(d) Policies for countywide transportation facilities and strategies;

(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;

(f) Policies for joint county and city planning within urban growth areas;

(g) Policies for countywide economic development and employment, which must include consideration of the future development of commercial and industrial facilities; and

(h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes (may) shall be invited to participate in and cooperate with the countywide planning policy adoption process. Adopted countywide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a countywide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a countywide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a countywide planning policy.

(6) Cities and the governor may appeal an adopted countywide planning policy to the growth management hearings board within sixty days of the adoption of the countywide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

NEW SECTION. Sec. 10. Section 2 of this act expires July 1, 2025.

NEW SECTION. Sec. 11. Section 3 of this act takes effect July 1, 2025.
