AN ACT Relating to investigation of potential criminal conduct arising from police use of force, including custodial injuries, and other officer-involved incidents; amending RCW 10.93.020, 39.26.125, and 10.114.011; adding a new section to chapter 41.06 RCW; adding a new chapter to Title 43 RCW; and creating new sections.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 101. INTENT. The legislature finds that there has been an outpouring of frustration, anger, and demand for change from many members of the public over the deaths of people of color resulting from encounters with police. The most recent deaths in the United States and within Washington are a call to lead our state to a new system for investigating deaths and other serious incidents involving law enforcement officers.

The legislature intends that the office of independent investigations be created to conduct investigations of use of force and other cases under its jurisdiction in a manner that is competent, unbiased, and thorough. The office will be transparent and accountable for their work. The office should ensure that it treats all people with dignity and respect. The director and staff must be qualified and trained to conduct the investigations, including
training to understand the impact and effect of racism in the
investigation and use of an antiracist lens to conduct their work.

It is intended that this office will assume responsibility for
investigations of serious use of force incidents and refer the
reports on the investigation to the prosecutorial entity to determine
if the action was justified, or if there was criminal action such
that criminal charges should be filed. This is the same criminal
investigative inquiry that is currently conducted when there is an
officer-involved incident. The legislature does not intend to create
a new type of investigation or that the office should be involved in
any administrative review of conduct or complaints to police agencies
about officer conduct related to policy or procedure. The process
created in this act is intended to only change who investigates the
incident. It does not change the nature of the investigation and only
involves an investigation to determine justification or whether
criminal charges are appropriate.

(a) If the incident involves use of deadly force by an involved officer that results in death, substantial bodily harm, or great bodily harm the involved agency must immediately contact the office pursuant to the procedure established by the director once the involved agency personnel and other first responders have rendered the scene safe and provided or facilitated lifesaving first aid to persons at the scene who have life-threatening injuries. This requirement does not affect the duty of law enforcement under RCW 36.28A.445.

(b) In all other cases, the involved agency must notify the office of the incident pursuant to the procedure established by the director.

(2)(a) In any case that requires notice to the director under this section, the involved agency shall ensure that any officers or employees over which the involved agency has authority who are at the scene of the incident take all lawful measures necessary for the purposes of protecting, obtaining, or preserving evidence relating to the incident until an office investigator, or independent investigation team at the request of the office, takes charge of the scene.

The involved agency has a duty to comply with the requests of the office related to the investigation conducted pursuant to this chapter.

(b) Once the scene is relinquished, no member of the involved agency may participate in any way in the investigation, with the exception of the use of specialized equipment that is necessary for the investigation and where no alternative exists. If there is any equipment of the involved agency used in the investigation, steps must be taken to appropriately limit the role of any involved agency personnel in facilitating the use of that equipment or their engagement with the investigation.

(4) If an independent investigation team takes control of the scene at the request of the office, the independent investigation shall relinquish control of the scene and investigation at the request of the office when they are on the scene and prepared to lead the investigation, but may continue to engage in the investigation if requested to do so by the lead office investigator, director, or the director's designee.

(5) No information about the ongoing independent investigation under the jurisdiction of the office may be shared with any member of the involved agency, except limited briefings given to the chief or sheriff of the involved agency about the progress of the investigation.
