1 AN ACT Relating to making higher education more affordable and
2 accessible for students by bridging the gap between cost and need to
3 reduce barriers, improve opportunity, and advance economic security;
4 amending RCW 28B.92.030 and 28B.92.205; adding a new section to
5 chapter 28B.92 RCW; creating new sections; and repealing RCW
6 28B.92.060, 28B.92.070, and 28B.92.110.

7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

8 NEW SECTION. **Sec. 1.** The legislature finds that Washington is
9 not on track to meet the state's educational attainment goal that at
10 least 70 percent of adults, aged 25 to 44, have a postsecondary
11 credential by the year 2023. Adults without a postsecondary
12 credential are more at risk of unemployment, less likely to earn a
13 living wage, and more vulnerable to economic downturns. The student
14 achievement council has deemed that there are four areas essential to
15 achieve the state's 70 percent attainment goal: Affordability,
16 enrollment, completion, and student supports. In terms of
17 affordability, the legislature recognizes that the Washington college
18 grant is one of the country's largest and most generous financial aid
19 programs. However, the legislature also recognizes that despite an
20 increase in financial aid funding and eligibility, enrollments at
21 institutions of higher education are down due to the COVID-19

1 pandemic. Many prospective students have made the decision to delay
2 pursuing higher education for a myriad of reasons. However, fewer
3 enrollments mean fewer graduates going on to work in high paying
4 jobs, which could have a significant impact on the state's workforce
5 and economy in the future.

6 The legislature intends to continue to work towards making higher
7 education more affordable and accessible for the state's population
8 by expanding the Washington college grant program. In addition, the
9 legislature intends to provide additional support beyond tuition and
10 fees with the recognition that many students struggle to pay for
11 books, supplies, room and board, transportation, child care, and more
12 while pursuing their education. Grants beyond tuition and fees can
13 help bridge the gap for students who are struggling to pay for the
14 entire cost of attendance at an institution of higher education, and
15 are often the difference between a student staying enrolled and
16 completing his or her education and dropping out. Therefore, the
17 legislature intends to bridge the gap and support students by making
18 postsecondary education more affordable, encouraging more
19 enrollments, and helping students complete their credentials so
20 tomorrow's workforce and economy are stronger.

21 **Sec. 2.** RCW 28B.92.030 and 2019 c 406 s 21 are each amended to
