BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:
NEW SECTION.  Sec. 1. Due to the evolving nature of new cannabinoids being identified in the plant *Cannabis* that may be impairing, the legislature finds there is a need to provide consumers legal access to products that have been tested and which meet the same standards for quality and safety as delta-9 tetrahydrocannabinol. The legislature further finds there is a need to require labeling, serving size, potency, and ingredient disclosure standards for any impairing cannabinoid product. The legislature further finds there is a need to distinguish cannabinoids derived from natural plants that are prepared for human consumption and the more unpredictable artificial cannabinoids created solely through chemical reactions. The legislature further recognizes the need to maintain clarity between plants defined as marijuana and plants defined as hemp. The primary purpose of this act is to authorize the liquor and cannabis board to regulate all cannabinoids that may be impairing, regardless of origin, and to direct the board to adopt rules related to cannabinoid products and *Cannabis* isolates, except those authorized as a drug by the federal food and drug administration.

Sec. 2. RCW 69.50.101 and 2020 c 133 s 2 and 2020 c 80 s 43 are each reenacted and amended to read as follows:

Such rule making (is limited to) includes regulations pertaining to laboratory testing and product safety standards for (those) naturally and synthetically derived cannabidiol or other nonimpairing cannabinoid products used by
licensed producers and processors in the manufacture of marijuana products marketed by licensed retailers under this chapter ((69.50 RCW)). Any synthetically derived cannabinoid used by licensed producers and processors in the manufacture of marijuana products marketed by licensed retailers under this chapter must be in compliance with rules adopted by the board, prior to manufacturing and sale to other licensees. Rule making by the board pertaining to any synthetically derived cannabinoid must be in consultation with the department of health and the department of agriculture. The purpose of such rule making must be to ensure the safety and purity of cannabidiol and other nonimpairing cannabinoid products used by marijuana producers and processors licensed under this chapter ((69.50 RCW)) and incorporated into products sold by licensed recreational marijuana retailers. This rule-making authority does not include the authority to enact rules regarding either the production or processing practices of the industrial hemp industry or any cannabidiol products that are sold or marketed outside of the regulatory framework established under this chapter ((69.50 RCW)).

(4) Licensed marijuana producers and licensed marijuana processors may not use any artificial cannabinoids, as defined in this chapter, as an additive to any product authorized for production, processing, and sale under this chapter.

(5) Licensed marijuana producers and licensed marijuana processors must disclose on packaging and labeling all synthetically derived cannabinoids contained in products, and may not make any statements or claims on packaging, labeling, or advertising, indicating those cannabinoids are a natural substance.

(6) The board must revise rules as appropriate to conform to the terminology described in this act.

Sec. 6. RCW 69.50.342 and 2020 c 133 s 3 are each amended to read as follows:

(1) For the purpose of carrying into effect the provisions of chapter 3, Laws of 2013 according to their true intent or of supplying any deficiency therein, the board may adopt rules not inconsistent with the spirit of chapter 3, Laws of 2013 as are deemed necessary or advisable. The board may submit any criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The board must require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation;

(i) Application, reinstatement, and renewal fees for licenses issued under this chapter and chapter 69.51A RCW, and fees for
anything done or permitted to be done under the rules adopted to
implement and enforce this chapter and chapter 69.51A RCW;

(j) The manner of giving and serving notices required by this
chapter and chapter 69.51A RCW or rules adopted to implement or

prescribed by this chapter or chapter 69.51A RCW or the rules adopted
to implement and enforce these chapters;

(m) The prohibition of any type of device used in conjunction
with a marijuana vapor product and the prohibition of the use of any
type of additive, solvent, ingredient, or compound in the production

(o) The production, processing, transportation, delivery, sale,

derived cannabinoids. This rule-making authority does not include
authority to adopt rules on activities identified in this subsection
(1)(o) related to:

(i) Hemp or products derived from hemp as defined in RCW
15.140.020, except products intended for use by a licensee as
provided in this chapter; or

(ii) Products authorized as a drug by the federal food and drug
administration.
(2) Rules adopted on retail outlets holding medical marijuana endorsements must be adopted in coordination and consultation with the department.

(3) The board must adopt rules to perfect and expand existing programs for compliance education for licensed marijuana businesses and their employees. The rules must include a voluntary compliance program created in consultation with licensed marijuana businesses and their employees. The voluntary compliance program must include recommendations on abating violations of this chapter and rules adopted under this chapter.

Sec. 7. RCW 69.50.363 and 2015 c 207 s 7 are each amended to read as follows:

The following acts, when performed by a validly licensed marijuana processor or employee of a validly licensed marijuana processor in compliance with rules adopted by the ((state liquor control)) board to implement and enforce chapter 3, Laws of 2013, do not constitute criminal or civil offenses under Washington state law:

(1) Purchase and receipt of marijuana that has been properly packaged and labeled from a marijuana producer validly licensed under chapter 3, Laws of 2013;

(2) Compound or convert marijuana products from marijuana grown by a licensed marijuana producer, as specified by the board by rule. This section does not authorize compounding or converting hemp into cannabinoids that may be impairing for creation of marijuana products from hemp, except as authorized under RCW 69.50.326;

(3) Possession, processing, packaging, and labeling of quantities of marijuana, useable marijuana, and marijuana-infused products that do not exceed the maximum amounts established by the ((state liquor control)) board under RCW 69.50.345(4);

(1) (It) Except as authorized under section 3 of this act and RCW 69.50.326, it is an unfair or deceptive practice under RCW 19.86.020 for any person or entity to distribute, dispense, manufacture, display for sale, offer for sale, attempt to sell, or sell to a purchaser any product that contains any amount of any synthetic cannabinoid. The legislature finds that practices covered by this section are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Violations of this section are not reasonable in relation to the development and preservation of business.

(2) ("Synthetic") For the purposes of this section, "synthetic cannabinoid" includes any chemical compound identified in RCW 69.50.204(c)(30) or by the pharmacy quality assurance commission under RCW 69.50.201.

(1) A medical marijuana endorsement to a marijuana retail license is hereby established to permit a marijuana retailer to sell marijuana for medical use to qualifying patients and designated providers. This endorsement also permits such retailers to provide marijuana at no charge, at their discretion, to qualifying patients and designated providers.

(2) An applicant may apply for a medical marijuana endorsement concurrently with an application for a marijuana retail license.

(4) ((The)) Subject to subsection (5) of this section, the department, in conjunction with the state liquor and cannabis board, must adopt rules on requirements for marijuana concentrates, useable marijuana, and marijuana-infused products that may be sold, or provided at no charge, to qualifying patients or designated providers at a retail outlet holding a medical marijuana endorsement. These rules must include:

(a) THC concentration, CBD concentration, or low THC, high CBD ratios appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products sold to qualifying patients or designated providers;

(b) Labeling requirements including that the labels attached to marijuana concentrates, useable marijuana, or marijuana-infused products contain THC concentration, CBD concentration, and THC to CBD ratios;

(6) A marijuana retailer holding an endorsement to sell marijuana to qualifying patients or designated providers must train its employees on:
(a) Procedures regarding the recognition of valid authorizations and the use of equipment to enter qualifying patients and designated providers into the medical marijuana authorization database;

(b) Recognition of valid recognition cards; and

(c) Recognition of strains, varieties, THC concentration, CBD concentration, and THC to CBD ratios of marijuana concentrates, useable marijuana, and marijuana-infused products, available for sale when assisting qualifying patients and designated providers at the retail outlet.

Sec. 10. RCW 82.08.9998 and 2019 c 393 s 4 are each amended to read as follows:

the department of health in rules adopted under RCW 69.50.375(4) in

qualifying patients or designated providers who have been issued
recognition cards and have obtained such products from a marijuana

NEW SECTION. Sec. 12. A new section is added to chapter 69.50
RCW to read as follows:
Upon publication of a notice of a proposed rule under RCW
34.05.320 related to cannabinoids that may be impairing or
synthetically derived cannabinoids, the board shall notify the chairs
and ranking minority members of the house of representatives commerce
and gaming committee and of the senate labor, commerce, and tribal
affairs committee, and provide them with the information in RCW
34.05.320(1). A chair or a ranking minority member may, if either
deems appropriate, recommend a review of the proposed rule to the
joint administrative rules review committee as provided in chapter
34.05 RCW.

NEW SECTION. Sec. 13. A new section is added to chapter 69.50
RCW to read as follows:
(1) Beginning July 1, 2022, and ending June 30, 2024, the board
must apply and collect a license fee surcharge of $50 for licenses
identified in this section upon initial application and annual
renewal of the licenses.
(2) Except as provided in subsection (3) of this section,
licenses subject to the temporary surcharge established in this
section are the following:
(a) Off-premises beer and wine retailers licensed under RCW
66.24.360. However, licensees holding a spirits retailer license
under RCW 66.24.630 or a combination spirits, beer, and wine license
under RCW 66.24.035 are exempt from the license fee surcharge
established in this section;
(b) Any vapor product licensee holding a license issued under RCW
70.345.030 who conducts any retail sales of vapor products; and
(c) Any entity licensed under chapter 82.24 or 82.26 RCW to sell
cigarettes, tobacco, and other tobacco products at retail.
(3) No business may be required to pay the license fee surcharge
on more than one license type identified in subsection (2) of this
section.
(4) Revenue collected under the license issuance and renewal surcharge authorized under this section must be used by the board solely to conduct enforcement operations regarding products containing cannabinoids that may be impairing or are marketed as impairing, including, but not limited to, products containing delta-8 THC, and not authorized for sale under this chapter.

(5) For purposes of this section, "enforcement operations" includes efforts to attain compliance, prevent noncompliance, and the removal of products containing cannabinoids that may be impairing and that are not authorized for sale under this chapter.

(6) This section expires July 1, 2024.

Sec. 14. RCW 66.24.360 and 2017 c 96 s 2 are each amended to read as follows:

(1) There is a grocery store license to sell wine and/or beer, including without limitation strong beer at retail in original containers, not to be consumed upon the premises where sold.

(2) There is a wine retailer reseller endorsement of a grocery store license, to sell wine at retail in original containers to retailers licensed to sell wine for consumption on the premises, for resale at their licensed premises according to the terms of the license. However, no single sale may exceed twenty-four liters, unless the sale is made by a licensee that was a contract liquor store manager of a contract-operated liquor store at the location from which such sales are made. For the purposes of this title, a grocery store license is a retail license, and a sale by a grocery store licensee with a reseller endorsement is a retail sale only if not for resale.

(3) Licensees obtaining a written endorsement from the board may also sell malt liquor in kegs or other containers capable of holding less than five and one-half gallons of liquid.

(4) The annual fee for the grocery store license is one hundred fifty dollars, plus any temporary license fee surcharge that may apply under section 13 of this act, for each store.

(5) The annual fee for the wine retailer reseller endorsement is one hundred sixty-six dollars for each store.

(6)(a) Upon approval by the board, a grocery store licensee with revenues derived from beer and/or wine sales exceeding fifty percent of total revenues or that maintains an alcohol inventory of not less than fifteen thousand dollars may also receive an endorsement to...
permit the sale of beer and cider, as defined in RCW 66.24.210(6), in a sanitary container brought to the premises by the purchaser, or provided by the licensee or manufacturer, and filled at the tap by the licensee at the time of sale by an employee of the licensee holding a class 12 alcohol server permit.

(b) Pursuant to RCW 74.08.580(1)(f), a person may not use an electronic benefit transfer card for the purchase of any product authorized for sale under this section.

(c) The board may, by rule, establish fees to be paid by licensees receiving the endorsement authorized under this subsection (6), as necessary to cover the costs of implementing and enforcing the provisions of this subsection (6).

(7) The board must issue a restricted grocery store license authorizing the licensee to sell beer and only table wine, if the board finds upon issuance or renewal of the license that the sale of strong beer or fortified wine would be against the public interest. In determining the public interest, the board must consider at least the following factors:

(a) The likelihood that the applicant will sell strong beer or fortified wine to persons who are intoxicated;

(b) Law enforcement problems in the vicinity of the applicant's establishment that may arise from persons purchasing strong beer or fortified wine at the establishment; and

(c) Whether the sale of strong beer or fortified wine would be detrimental to or inconsistent with a government-operated or funded alcohol treatment or detoxification program in the area.

If the board receives no evidence or objection that the sale of strong beer or fortified wine would be against the public interest, it must issue or renew the license without restriction, as applicable. The burden of establishing that the sale of strong beer or fortified wine by the licensee would be against the public interest is on those persons objecting.

(8) Licensees holding a grocery store license must maintain a minimum three thousand dollar inventory of food products for human consumption, not including pop, beer, strong beer, or wine.

(9) A grocery store licensee with a wine retailer reseller endorsement may accept delivery of wine at its licensed premises or at one or more warehouse facilities registered with the board, which facilities may also warehouse and distribute nonliquor items, and from which it may deliver to its own licensed premises and, pursuant
to sales permitted by this title, to other licensed premises, to
other registered facilities, or to lawful purchasers outside the
state. Facilities may be registered and utilized by associations,
cooperatives, or comparable groups of grocery store licensees.

(10) Upon approval by the board, the grocery store licensee may
also receive an endorsement to permit the international export of
beer, strong beer, and wine.

(a) Any beer, strong beer, or wine sold under this endorsement
must have been purchased from a licensed beer or wine distributor
licensed to do business within the state of Washington.

(b) Any beer, strong beer, and wine sold under this endorsement
must be intended for consumption outside the state of Washington and
the United States and appropriate records must be maintained by the
licensee.

(c) Any beer, strong beer, or wine sold under this endorsement
must be sold at a price no less than the acquisition price paid by
the holder of the license.

(d) The annual cost of this endorsement is five hundred dollars
and is in addition to the license fees paid by the licensee for a
grocery store license.

(11) A grocery store licensee holding a snack bar license under
RCW 66.24.350 may receive an endorsement to allow the sale of
confections containing more than one percent but not more than ten
percent alcohol by weight to persons twenty-one years of age or
older.

(12) The board may adopt rules to implement this section.

(13) Nothing in this section limits the authority of the board to
regulate the sale of beer or cider or container sizes under rules
adopted pursuant to RCW 66.08.030.

(14) Any endorsement issued pursuant to this section or RCW
66.24.363 may be issued to a qualified combination spirits, beer, and
wine licensee in accordance with RCW 66.24.035(10).

(15)(a) A grocery store licensee that also holds a spirits retail
license under RCW 66.24.630 may, upon board approval and pursuant to
board rules, transition to a combination spirits, beer, and wine
license pursuant to RCW 66.24.035.

(b) An applicant that would qualify for a grocery store license
under this section and a spirits retail license under RCW 66.24.630
may apply for a single license pursuant to RCW 66.24.035 instead of
applying for a grocery store license under this section in addition to a spirits retail license under (((RCW 66.24.630))).

**Sec. 15.** RCW 70.345.050 and 2016 sp.s. c 38 s 8 are each amended to read as follows:

(1) A fee of one hundred seventy-five dollars, plus any temporary license fee surcharge that may apply under section 13 of this act, must accompany each vapor product retailer's license application or license renewal application under RCW 70.345.020. A separate license is required for each separate location at which the retailer operates.

(2) A retailer applying for, or renewing, both a vapor products retailer's license under RCW 70.345.020 and retailer's license under RCW 82.24.510 may pay a combined application fee of two hundred fifty dollars for both licenses.

**Sec. 16.** RCW 82.24.510 and 2019 c 445 s 203 are each amended to read as follows:

(1) The licenses issuable under this chapter are as follows:

(a) A wholesaler's license.

(b) A retailer's license.

(2) Application for the licenses must be made through the business licensing system under chapter 19.02 RCW. The board must adopt rules regarding the regulation of the licenses. The board may refrain from the issuance of any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a wholesaler's license or retailer's license and for considering the denial, suspension, or revocation of any such license, the board may consider any prior criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. The board

p. 30  

HB 2122
may, in its discretion, grant or refuse the wholesaler's license or retailer's license, subject to the provisions of RCW 82.24.550.

(3) No person may qualify for a wholesaler's license or a retailer's license under this section without first undergoing a criminal background check. The background check must be performed by the board and must disclose any criminal conduct within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions. A person who possesses a valid license on July 22, 2001, is subject to this subsection and subsection (2) of this section beginning on the date of the person's business license expiration under chapter 19.02 RCW, and thereafter. If the applicant or licensee also has a license issued under chapter 66.24, 82.26, or 70.345 RCW, the background check done under the authority of chapter 66.24, 82.26, or 70.345 RCW satisfies the requirements of this section.

(4) Each such license expires on the business license expiration date, and each such license must be continued annually if the licensee has paid the required fee, plus any temporary license fee surcharge that may apply under section 13 of this act for retailers, and complied with all the provisions of this chapter and the rules of the board made pursuant thereto.

(5) Each license and any other evidence of the license that the board requires must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

Sec. 17. RCW 82.24.530 and 2016 sp.s. c 38 s 9 are each amended to read as follows:

(1) A fee of one hundred seventy-five dollars, plus any temporary license fee surcharge that may apply under section 13 of this act, must accompany each retailer's license application or license renewal application. A separate license is required for each separate location at which the retailer operates. A fee of thirty additional dollars for each vending machine must accompany each application or renewal for a license issued to a retail dealer operating a cigarette vending machine. An additional fee of ninety-three dollars must accompany each application or renewal for a license issued to a retail dealer operating a cigarette-making machine.

(2) A retailer applying for, or renewing, both a retailer's license under RCW 82.24.510 and a vapor products retailer's license.
under RCW 70.345.020 may pay a combined application fee of two hundred fifty dollars for both licenses, plus any temporary license fee surcharge that may apply under section 13 of this act.

Sec. 18. RCW 82.26.170 and 2016 sp.s. c 38 s 28 are each amended to read as follows:

(1) A fee of one hundred seventy-five dollars, plus any temporary license fee surcharge that may apply under section 13 of this act, shall accompany each retailer's license application or license renewal application. A separate license is required for each separate location at which the retailer operates.
