(2) The frontline employee must provide verification, as required by the department by rule, to the department and the self-insured employer that the employee has contracted the infectious or contagious disease that is the subject of the public health emergency.

(3) This presumption of occupational disease may be rebutted by clear and convincing evidence that:

(a) The exposure to the infectious or contagious disease which is the subject of the public health emergency occurred from other employment or nonemployment activities; or

(b) The employee was working from the employee's home, on leave from the employee's employment, or some combination thereof, for a period of 14 or more consecutive days immediately prior to the employee's injury, occupational disease, or period of incapacity resulted from exposure to the disease which is the subject of the public health emergency.

(4) RCW 51.32.090(7) does not apply to an occupational disease under this section except that no worker shall receive compensation for or during the day on which the occupational disease was contracted. For the purposes of this section, "contracted" means whichever date occurs first of the following:

If the opposing party is a state fund employer, the costs and fees are paid by the employer.

(b) When a determination involving the presumption established in this section is appealed to any court and the final decision allows the claim for benefits, the court shall order that all reasonable costs of appeal, including attorneys' fees and witness fees, be paid to the worker or the worker's beneficiary by the opposing party.

(c) When reasonable costs of the appeal must be paid by the department under this section in a state fund case, the costs shall be paid from the accident fund and charged to the costs of the claim.

(6) Costs of the payments under this section shall not affect the experience rating of employers insured by the state fund. These costs shall be paid from the accident fund.

(7) As used in this section:

(a) "Frontline employee" has the same meaning as in section 1 of this act.

(b) "Public health emergency" has the same meaning as in section 1 of this act.

NEW SECTION. Sec. 3. (1) During a public health emergency, if an employer requires its employees or contractors to wear personal protective equipment, such as gloves, goggles, face shields, or face masks, the employer must provide the required equipment at no cost to the employees.

(2) Every employer that does not have a requirement for its employees and contractors to wear personal protective equipment subject to subsection (1) of this section, must accommodate its employee's or contractor's voluntary use of protective devices or equipment, including gloves, goggles, face shields, and face masks, as the employee or contractor deems necessary, during a public health emergency, as long as:

(a) The use of these protective devices and equipment does not introduce hazards to the work environment and is consistent with the provisions of chapter 49.17 RCW and corresponding rules established by the department, as of the effective date of this section; and

(b) The use of facial coverings does not interfere with an employer's security requirements.

(3) An employer may not apply to the director of the department, under RCW 49.17.080, for a temporary order granting a variance from this section.
For the purposes of this section, "public health emergency" has the same meaning as in section 1 of this act.

NEW SECTION. Sec. 4. During a public health emergency, no person shall discharge or in any manner discriminate against any employee who:

(1) Raises a reasonable concern to the employer, the employer's agent, other employees, the employee's family, a government agency, or the public, including concerns raised through print, online, social, or any other media about infection control in the workplace of any disease that is the subject of the public health emergency; or

(2) Files any written notice or institutes or causes to be instituted any proceeding pursuant to section 7 of this act or has testified or is about to testify in any such proceeding.

Sec. 5. RCW 49.58.060 and 2018 c 116 s 7 are each amended to read as follows:

(1) Upon complaint by an employee, the director must investigate to determine if there has been compliance with RCW 49.58.020, 49.58.040, ((and)) 49.58.050, section 4 of this act, and the rules adopted under this chapter. The director, upon complaint, may also initiate an investigation on behalf of one or more employees for a violation of RCW 49.58.020, 49.58.040, ((and)) 49.58.050, section 4 of this act, and the rules adopted under this chapter. The director may require the testimony of witnesses and production of documents as part of an investigation.

(2) If the director determines that a violation occurred, the director shall attempt to resolve the violation by conference and conciliation.

(a) If no agreement is reached to resolve the violation, the director may issue a citation and notice of assessment and order the employer to pay to the complainant actual damages; statutory damages equal to the actual damages or five thousand dollars, whichever is greater; interest of one percent per month on all compensation owed; payment to the department of the costs of investigation and enforcement; and any other appropriate relief.

(b) In addition to the citation and notice of assessment, the director may order payment to the department of a civil penalty. For purposes of a civil penalty for violation of RCW 49.58.020 and
49.58.050, the violation as to each affected employee constitutes a
separate violation.

(i) For a first violation, the civil penalty may not exceed five
hundred dollars.

(ii) For a repeat violation, the civil penalty may not exceed one
thousand dollars or ten percent of the damages, whichever is greater.

(3) An appeal from the director's determination may be taken in
accordance with chapter 34.05 RCW. An employee who prevails is
entitled to costs and reasonable attorneys' fees.

(4) The department must deposit civil penalties paid under this
section in the supplemental pension fund established under RCW
51.44.033.

(5) Any wages and interest owed must be calculated from four
years from the last violation before the complaint.

Sec. 6. RCW 49.58.070 and 2018 c 116 s 8 are each amended to
read as follows:

(1) Subject to subsection (2) of this section, an employee may
bring a civil action against an employer for violation of RCW
49.58.020, 49.58.030 through 49.58.050, and section 4 of this
act for actual damages; statutory damages equal to the actual damages
or five thousand dollars, whichever is greater; interest of one
percent per month on all compensation owed; and costs and reasonable
attorneys' fees. The court may also order reinstatement and
injunctive relief. The employee must bring a civil action within
three years of the date of the alleged violation of this chapter
regardless of whether the employee pursued an administrative
complaint. Filing a civil action under this chapter shall terminate
the director's processing of the complaint under RCW 49.58.030 or
49.58.060. Recovery of any wages and interest owed must be calculated
from four years from the last violation prior to the date of filing
the civil action.

(2) An employee alleging a violation of RCW 49.58.030 is entitled
to relief only if the court determines that the employer committed a
pattern of violations as to the employee or committed a violation
through application of a formal or informal employer policy or
practice.

NEW SECTION. Sec. 7. (1)(a) A relator, on behalf of the
department, and in the name of the department, may bring a
whistleblower action in court for violations of section 4 of this act, including equitable relief, penalties, and any relief specified in rule. The granting of relief shall be subject to the same conditions and limitations that apply to the department, including any requirements for conference and conciliation and any conditions and limitations specified in rule, including penalty amounts. The action may allege multiple violations that have affected different employees aggrieved by the same employer. The relator must follow the procedures specified in subsection (2) of this section.

(b) A relator that prevails in a whistleblower action is entitled to an award of reasonable attorneys' fees and costs.

(c) No whistleblower action may be brought if the department, regarding the same facts as alleged in the whistleblower action, issued a citation or notice of assessment, or otherwise resolved the complaint.

(d) A whistleblower action must be commenced within the same period of time that the department would have to take action based on the same set of alleged facts. The statute of limitations for bringing a whistleblower action is tolled from the date a relator files a notice with the department or the date the department commences an investigation.

(e) The requirements of Rule 23 of the superior court rules of civil procedure do not apply to a whistleblower action brought under this section.

(f) The right to bring a whistleblower action under this section may not be impaired by any private agreement.

(g) A whistleblower action is a public action and does not preclude a cause of action by an individual or individuals or operate as an estoppel for relief based on the same set of alleged facts, except that a court may not permit a double recovery.

(h) An employee of the entity alleged to have violated section 4 of this act may designate in writing a representative organization to initiate a whistleblower action on the person's behalf.

(2)(a) No action under subsection (1) of this section may be commenced before written notice of the claim has been submitted by the relator to the department via online submission and the relator has notified the employer by certified mail. The notice must be construed in the light most favorable to the relator, and must include the name, address, and contact information of the alleged violator; the name and contact information of the relator or the
relator's legal counsel, should one exist; and a brief statement of
the underlying claim.

(b) Within 30 days of receiving the notification under subsection
(1) of this section from the relator, the department must notify the
relator of its intent to investigate or not investigate the alleged
violation. If the department intends to investigate the alleged
violation, it must make a determination within 90 days of receiving
the notice under subsection (1) of this section. Upon receiving
notice that the department does not intend to investigate, or if the
department does not make a determination within 90 days, the relator
may commence a whistleblower action.

(c) If the department objects to being represented by a
particular attorney proposed by the relator, the department may file
an objection to the attorney general. Upon finding, after notice and
hearing, that, based on the attorney's past conduct while
representing a client or clients, the attorney does not meet the
required professional standards of representatives, or, alterna-
tively, if the attorney fails to zealously pursue the remedies
available under this chapter, the attorney general may, within 30
days of receiving the objection, order that the whistleblower action
may not be filed or maintained by the particular attorney on behalf
of the relator.

(3)(a) The department may intervene in a whistleblower action and
proceed with any and all claims in the action:

(i) As of right within 30 days after the filing of the
whistleblower action;

(ii) For good cause shown, as determined by the court, after the
expiration of the 30-day period.

(b) If the department intervenes in a whistleblower action, the
department shall have primary responsibility for litigating the
action and shall not be bound by an act of the relator in bringing
the action. If the department proposes to settle a whistleblower
action, the department must give notice to the relator. If the
department proposes to dismiss a whistleblower action, it must give
notice to the relator and the relator must have an opportunity to be
heard. The department may dismiss or settle the action if the court
determines that the dismissal or settlement is fair, adequate,
reasonable, and in the public interest.

(c) If the department does not intervene, the relator shall have
the right to litigate the action. The court must review and approve
any settlement. The proposed settlement must be submitted to the
department at the same time that it is submitted to the court, and
the agency may present to the court its position on the proposed
settlement or intervene as provided in (a) of this subsection. The
court shall approve a settlement only upon a determination that it is
fair, adequate, reasonable, and in the public interest.
   (d) Any settlement of a whistleblower action may not be
   confidential.
   (4)(a) Penalty amounts recovered in a whistleblower action must
be distributed as follows:
   (i) If the department has not intervened, 40 percent to the
relator and 60 percent to the agency;
   (ii) If the department has intervened, 20 percent to the relator
and 80 percent to the agency.
   (b) Amounts distributed to the department shall be used for
enforcement of chapter 49.17 RCW and education about the rights and
obligations enforceable through this section by the agency.
   (c) Damages recovered in a whistleblower action must be awarded
to the department for distribution to aggrieved employees. The
department may request the appointment of an administrative law judge
or special master to assist in the distribution of the amounts.
   (5) This section does not limit the department's right to seek
restitution and damages, where available, for aggrieved employees as
part of a whistleblower action in which it has intervened.
   (6) For the purposes of this section, the following definitions
apply:
   (a) "Person" means any natural person, partnership, corporation,
association, or other legal entity, including any local or political
subdivision of the state.
   (b) "Relator" means a person who brings or seeks to bring an
action under this section related to a violation of section 4 of this
act.

worksite, within 24 hours of learning that five percent or more of
their employees at the workplace or worksite in this state have

(c) The employee is caring for a child of the employee if the child's school or place of care has been closed, or the child's child care provider is unavailable, due to a public health emergency; or
(d) The employee is experiencing any other substantially similar condition specified by the secretary of the United States department of health and human services in consultation with the secretary of the United States department of treasury and the secretary of the United States department of labor, or the Washington state department of health.

(2) The amount of hours of paid sick time to which an employee is entitled to under this section is:
   (a) For full-time employees, 80 hours;
   (b) For part-time employees, a number of hours equal to the number of hours that such employee works, on average, over a two-week period.

(3) Paid sick time under this section shall not carry over to a subsequent year.

(4) An employee is entitled to use the paid sick leave provided in this section with no restriction on the length of their employment.

(5) Employers are not prevented from providing more generous paid sick leave policies than provided in this section.
(6) This section does not require an employer to provide financial or other reimbursement for accrued and unused paid sick leave to any employee upon the employee's termination, resignation, retirement, or other separation from employment.

(7) The provisions of RCW 49.46.210(1) (f), (g), (h), and (i) apply equally to the paid sick leave under this section.

(8) The department may enforce the provisions of this section under chapter 49.46 RCW and corresponding rules established by the department.

Sec. 15. RCW 49.46.210 and 2019 c 236 s 3 are each amended to read as follows:

(1) Except as provided in RCW 49.46.180, every employer shall provide each of its employees paid sick leave as follows:

(a) An employee shall accrue at least one hour of paid sick leave for every (forty) 40 hours worked as an employee. An employer may provide paid sick leave in advance of accrual provided that such front-loading meets or exceeds the requirements of this section for accrual, use, and carryover of paid sick leave.

(b) An employee is authorized to use paid sick leave for the following reasons:

(i) An absence resulting from an employee's mental or physical illness, injury, or health condition; to accommodate the employee's need for medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; or an employee's need for preventive medical care;

(ii) To allow the employee to provide care for a family member with a mental or physical illness, injury, or health condition; care of a family member who needs medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; or care for a family member who needs preventive medical care; and

(iii) When the employee's place of business has been closed by order of a public official for any health-related reason, or when an employee's child's school or place of care has been closed for such a reason.

(c) An employee is authorized to use paid sick leave for absences that qualify for leave under the domestic violence leave act, chapter 49.76 RCW.
(d) An employee is entitled to use accrued paid sick leave beginning on the (ninetieth) 90th calendar day after the commencement of his or her employment.

(e) Employers are not prevented from providing more generous paid sick leave policies or permitting use of paid sick leave for additional purposes.

(f) An employer may require employees to give reasonable notice of an absence from work, so long as such notice does not interfere with an employee's lawful use of paid sick leave.

(g) For absences exceeding three days, an employer may require verification that an employee's use of paid sick leave is for an authorized purpose. If an employer requires verification, verification must be provided to the employer within a reasonable time period during or after the leave. An employer's requirements for verification may not result in an unreasonable burden or expense on the employee and may not exceed privacy or verification requirements otherwise established by law.

(h) An employer may not require, as a condition of an employee taking paid sick leave, that the employee search for or find a replacement worker to cover the hours during which the employee is on paid sick leave.

(i) For each hour of paid sick leave used, an employee shall be paid the greater of the minimum hourly wage rate established in this chapter or his or her normal hourly compensation. The employer is responsible for providing regular notification to employees about the amount of paid sick leave available to the employee.

(j) Unused paid sick leave carries over to the following year, except that an employer is not required to allow an employee to carry over paid sick leave in excess of (forty) 40 hours.

(k) This section does not require an employer to provide financial or other reimbursement for accrued and unused paid sick leave to any employee upon the employee's termination, resignation, retirement, or other separation from employment. When there is a separation from employment and the employee is rehired within (twelve) 12 months of separation by the same employer, whether at the same or a different business location of the employer, previously accrued unused paid sick leave shall be reinstated and the previous period of employment shall be counted for purposes of determining the employee's eligibility to use paid sick leave under subsection (1)(d) of this section.
(2) For purposes of this section, "family member" means any of the following:

(a) A child, including a biological, adopted, or foster child, stepchild, or a child to whom the employee stands in loco parentis, is a legal guardian, or is a de facto parent, regardless of age or dependency status;

(b) A biological, adoptive, de facto, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child;

(c) A spouse;

(d) A registered domestic partner;

(e) A grandparent;

(f) A grandchild; or

(g) A sibling.

(3) An employer may not adopt or enforce any policy that counts the use of paid sick leave time as an absence that may lead to or result in discipline against the employee.

(4) An employer may not discriminate or retaliate against an employee for his or her exercise of any rights under this chapter including the use of paid sick leave.

NEW SECTION. Sec. 16. (1) In addition to the requirements of RCW 49.46.210 and section 14 of this act, every employer, with 50 or more employees, shall provide each of its employees 12 weeks of emergency child care leave on an annual basis, in the amounts specified in subsection (2) of this section, during a public health emergency when the employee is absent or unable to work or telework when the employee is caring for a child of the employee because the child's school or place of care has been closed, or the child's child care provider is unavailable, due to a public health emergency. For the purposes of this section, a school is closed when the school does not allow the child to physically attend class in person for the full day.

(2)(a) The first 10 days of leave taken under this section shall be unpaid leave; however, the employee may substitute any paid time off offered by an employer under the employer's established policy.

(b) For each hour of emergency child care leave that is paid leave under this section, an employee shall be paid at least two-
thirds of the employee's normal hourly compensation or salary, not to exceed $200 per day or an aggregate of $10,000 annually.

(3) Emergency child care leave under this section shall not carry over to a subsequent year.

(4) An employee is entitled to use the emergency child care leave provided in this section after 90 days of employment with the employer, with no restriction on the minimum number of hours worked.

(5) Employers are not prevented from providing more generous paid leave policies than provided in this section.

(6) This section does not require an employer to provide financial or other reimbursement for accrued and unused emergency child care leave to any employee upon the employee's termination, resignation, retirement, or other separation from employment.

(7)(a) An employer may require employees to give reasonable notice of an absence from work, so long as such notice does not interfere with an employee's lawful use of emergency child care leave.

(b) For absences exceeding three days, an employer may require verification that an employee's use of emergency child care leave is for an authorized purpose. If an employer requires verification, verification must be provided to the employer within a reasonable time period during or after the leave. An employer's requirements for verification may not result in an unreasonable burden or expense on the employee and may not exceed privacy or verification requirements otherwise established by law.

(c) An employer may not require, as a condition of an employee taking emergency child care leave, that the employee search for or find a replacement worker to cover the hours during which the employee is on paid leave.

(d) The employer is responsible for providing regular notification to employees about the amount of emergency child care leave available to the employee.

(8) An employer may not adopt or enforce any policy that counts the use of emergency child care leave time as an absence that may lead to or result in discipline against the employee.

(9) An employer may not discriminate or retaliate against an employee for the employee's exercise of any rights under this chapter, including the use of emergency child care leave.
The department may enforce the provisions of this section under the provisions of chapter 49.46 RCW and the corresponding rules established by the department.
