AN ACT Relating to additive transportation funding and appropriations; creating new sections; making appropriations; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION.  Sec. 1. (1) An additive omnibus transportation budget of the state is hereby adopted and, subject to the provisions set forth, the several amounts specified, or as much thereof as may be necessary to accomplish the purposes designated, are hereby appropriated from the several accounts and funds named to the designated state agencies and offices for employee compensation and other expenses, for capital projects, and for other specified purposes, including the payment of any final judgments arising out of such activities, for the period ending June 30, 2023.

(2) It is the intent of the legislature that the funding levels specified in LEAP Transportation Document 2021 NL-2 as developed April 8, 2021, represents a commitment to provide appropriations to the agencies, programs, and activities at the amounts identified therein through fiscal year 2037.

(3) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this act.
(a) "Fiscal year 2022" or "FY 2022" means the fiscal year ending June 30, 2022.
(b) "Fiscal year 2023" or "FY 2023" means the fiscal year ending June 30, 2023.
(c) "FTE" means full-time equivalent.
(d) "Lapse" or "revert" means the amount shall return to an unappropriated status.
(e) "Provided solely" means the specified amount may be spent only for the specified purpose. Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.
(f) "Reappropriation" means appropriation and, unless the context clearly provides otherwise, is subject to the relevant conditions and limitations applicable to appropriations.
(g) "LEAP" means the legislative evaluation and accountability program committee.

2021-2023 FISCAL BIENNium
GENERAL GOVERNMENT AGENCIES—OPERATING

NEW SECTION. Sec. 101. FOR THE OFFICE OF FINANCIAL MANAGEMENT—REVENUE IMPLEMENTATION COSTS
Forward Flexible Account—State Appropriation . . . . . . . $3,000,000

The appropriations in this section are subject to the following conditions and limitations: The entire forward flexible account—state appropriation is provided solely for agency administrative costs in implementing the revenue items in the forward Washington transportation proposal. To the extent needed for actual revenue implementation costs, the office of financial management may allocate the funding to the department of licensing, the department of revenue, the transportation commission, and the department of transportation.

NEW SECTION. Sec. 102. FOR THE DEPARTMENT OF COMMERCE
Forward Flexible Account—State Appropriation. . . . . . . $22,750,000

The appropriation in this section is subject to the following conditions and limitations: $22,750,000 of the forward flexible
account—state appropriation is provided solely for transportation grid electrification and alternative fuel infrastructure grants. The purpose of the grant program is to aid public entities in funding projects that improve the connectivity and efficiency of our transportation system. The department shall identify cost-effective projects and submit a prioritized list of all projects requesting funding to the legislature by December 1st of each year.

TRANSPORTATION AGENCIES—OPERATING

NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF LICENSING
Forward Flexible Account—State Appropriation . . . . . . . $1,875,000

The appropriations in this section are subject to the following conditions and limitations: The entire forward flexible account—state appropriation is provided solely for an interagency transfer to the department of children, youth, and families to provide driver's license support to a larger population of foster youth than is currently being served. Support services include reimbursement of driver's license issuance costs, fees for driver training education, and motor vehicle liability insurance costs.

NEW SECTION. Sec. 202. FOR THE DEPARTMENT OF TRANSPORTATION—FACILITY MAINTENANCE, OPERATIONS AND CONSTRUCTION—PROGRAM D
Forward Washington Account—State Appropriation. . . . . . $2,000,000

NEW SECTION. Sec. 203. FOR THE DEPARTMENT OF TRANSPORTATION—HIGHWAY MAINTENANCE—PROGRAM M
Forward Washington Account—State Appropriation. . . . . . $58,000,000

The appropriations in this section are subject to the following conditions and limitations:
(1) $1,060,000 of the forward Washington—state account is provided solely for the department to purchase and maintain one tow truck per operating region in order to optimize fleet operations and more efficiently respond to highway system emergencies.
(2) $5,784,000 of the forward Washington—state account is provided solely for the department to purchase and maintain one
underbridge inspection truck per operating region in order to better maintain and preserve bridges on the highway system.

(3) $1,074,000 of the forward Washington—state account is provided solely for the department to add one mechanic per operating region in order to better maintain the maintenance vehicle fleet.

(4)(a) $4,000,000 of the forward Washington account—state appropriation is provided solely for safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle at levels above that being implemented as of January 1, 2019.

(i) Of the amount provided in this subsection, $1,500,000 of the forward Washington account—state appropriation is provided solely for the department's costs in implementing safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle. The department must maintain at least two crews dedicated solely to collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public, department employees, or people encamped upon department-owned rights-of-way.

(ii) Of the amount provided in this subsection, $2,000,000 of the forward Washington account—state appropriation is provided solely for the security costs associated with the clean up on department-owned rights-of-way in the city of Seattle. The department may use the funds provided in this subsection to either reimburse local law enforcement costs if they are fully participating as part of a strategic agreement to implement safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle, or to reimburse security costs of the Washington state patrol.

(iii) Of the amount provided in this subsection, $500,000 of the forward Washington account—state appropriation is provided solely for the city of Seattle or the department to contract with local nonprofit organizations providing outreach assistance necessary to implement safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle.

(b) Beginning October 1, 2021, and quarterly thereafter, the Washington state patrol, jointly with the department of transportation, must report to the governor and the house and senate transportation committees of the legislature on the status of these efforts including:
(i) A detailed breakout of the size, location, risk level categorization, and number of encampments on or near department-owned rights-of-way in the Seattle area as of January 1, 2019, compared to the levels during the quarter being reported;

(ii) A summary of the activities in that quarter related to addressing these encampments, including information on arrangements with local governments or other entities related to these activities;

(iii) A description of the planned activities in the ensuing quarter to further address the emergency hazards and risks along state highway rights-of-way; and

(iv) Recommendations for executive branch or legislative action to achieve the desired outcome of reduced emergency hazards and risks along state highway rights-of-way.

NEW SECTION. Sec. 204. FOR THE DEPARTMENT OF TRANSPORTATION—TRAFFIC OPERATIONS—PROGRAM Q

Forward Washington Account—State Appropriation . . . . . $5,000,000

The appropriation in this section is subject to the following conditions and limitations: At least $3,600,000 of the amount provided in this section must be used to modify existing HOV on-ramp lanes in the central Puget Sound region to use ramp metering in order to improve the operational efficiency of the highway system.

NEW SECTION. Sec. 205. FOR THE DEPARTMENT OF TRANSPORTATION—TRANSPORTATION MANAGEMENT AND SUPPORT—PROGRAM S

Forward Flexible Account—State Appropriation . . . . . $6,250,000

NEW SECTION. Sec. 206. FOR THE DEPARTMENT OF TRANSPORTATION—TRANSPORTATION PLANNING, DATA, AND RESEARCH—PROGRAM T

Forward Flexible Account—State Appropriation . . . . . $7,350,000

The appropriation in this section is subject to the following conditions and limitations:

(1) $450,000 of the forward flexible account—state appropriation is provided solely for the department to continue to develop a performance-based project evaluation model based on the initial work done for section 218(7), chapter 219, Laws of 2020, in a way that operationalizes the six transportation policy goals in RCW 47.04.280. This work should first include clarification of the transportation
policy goals through development of objectives and criteria that reflect system priorities. The department's objectives and criteria should be consistent with the objectives and performance measures established by the office of financial management under RCW 47.04.280. After a framework is established by which goals can be more directly related to outcomes, the project evaluation model should leverage the department's existing experts and best practices used for prioritizing programmatic funds to develop standard criteria by which evaluators could consistently score and rank all types of projects. The department must issue a report by June 30, 2022, summarizing the new project evaluation model, and a recommended timeline for how this process could be implemented in coordination with the legislative work cycle.

(2) $6,000,000 of the forward flexible account—state appropriation is provided solely for an Interstate 5 planning and environmental linkage study. This study will serve as a next step toward a statewide Interstate 5 master plan, building upon existing work underway in the corridor. It is the intent of the legislature to direct $40,000,000 to complete the planning and environmental linkage study over the course of this funding package.

(a) The study must meet planning and environmental linkages requirements to assess strategies and actions to address preservation and safety needs; climate change; improve corridor efficiency and person-throughput; and operate managed lanes effectively in the long-term. The study must include a robust public engagement program; and must assess multimodal transportation system impacts as well as economic, revenue and equity considerations. The outcome of this work will provide a basis for preliminary project planning, design and environmental work.

(b) The department shall submit a final report on the Interstate 5 planning and environmental linkage study to the joint transportation committee by June 30, 2023.

(c) As an initial element of the study, the department must identify and prepare an implementation plan for near-term actions to improve HOV lane system-wide performance until a long-term solution is in place, including steps required to convert HOV lanes to a different managed lane operating concept such as express toll lanes. The implementation plan must include the planning, design, environmental review, equity considerations, community engagement, traffic and revenue analysis, rate setting, and related engineering...
considerations necessary for a full I-5 HOV system conversion. The department shall submit an interim report on a recommended near-term implementation plan to the legislative transportation committees by December 31, 2022.

(3) $650,000 of the forward flexible account—state appropriation is provided solely to conduct the I-90/Rainier Avenue South Interchange Access Revision Feasibility Study within a two-year schedule in coordination with agency partners and through robust community engagement, to identify cost-effective strategies to provide a safe, sustainable, integrated multimodal access system at the interchange ramp area.

NEW SECTION. Sec. 207. FOR THE DEPARTMENT OF TRANSPORTATION—CHARGES FROM OTHER AGENCIES—PROGRAM U

Forward Flexible Account—State Appropriation . . . . . . $3,000,000

The appropriations in this section are subject to the following conditions and limitations: The entire forward flexible account—state appropriation is provided solely for increasing the number of certified women and minority-owned contractors in the transportation sector and for supporting these contractors to successfully compete and earn more transportation contracting opportunities. This shall be done through various programs including, but not limited to: (1) Outreach to women and minority business communities and individuals; (2) technical assistance as needed in areas such as financing, accounting, contracting, procurement and resolution of disputes and grievances; (3) language access programs for those with limited English proficiency; and (4) other programs that aim to increase the number of women and minority contractors that are successful in obtaining contracts in the transportation sector either directly with state agencies such as the department, with local jurisdictions, or as subcontractors for prime contractors.

NEW SECTION. Sec. 208. FOR THE DEPARTMENT OF TRANSPORTATION—PUBLIC TRANSPORTATION—PROGRAM V

Rural Mobility Grant Program Account—State Appropriation. . . . . . . . . . . . . . . . . . $11,000,000

Regional Mobility Grant Program Account—State Appropriation. . . . . . . . . . . . . . . . . . $5,000,000

Forward Flexible Account—State Appropriation. . . . . . . $58,750,000
TOTAL APPROPRIATION. $74,750,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $22,750,000 of the forward flexible account—state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(2) $11,000,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100.

(3) $3,000,000 of the forward flexible account—state appropriation is provided solely for a vanpool grant program for: (a) Public transit agencies to add vanpools or replace vans; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies must cover capital costs only. Operating costs for public transit agencies are not eligible for funding under this grant program.

(4) $10,000,000 of the forward flexible account—state appropriation is provided solely for bus and bus facility grants.

(5) $3,000,000 of the forward flexible account—state appropriation is provided solely for expanded transportation demand management. The department shall employ strategies to incentivize the use of transportation demand management at the local level. The department may partner with public, private, and nonprofit groups whose missions include topical areas such as social equity, public health, land use planning, transit oriented development, and active transportation.

(6) $5,000,000 of the regional mobility grant program account—state appropriation is provided solely for regional mobility grants.

(7) $5,000,000 of the forward flexible account—state appropriation is provided solely for the green transportation capital grant program established in chapter 287, Laws of 2019 (advancing green transportation adoption).

(8) $5,000,000 of the forward flexible account—state appropriation is provided solely for transit fare access grants.

(9) $10,000,000 of the forward flexible account appropriation is provided solely for the projects and activities as listed in LEAP Transportation Document 2021 NL-1 as developed April 8, 2021, Public Transportation Program (V) Projects.
