(9) "Employment benefits" means all benefits provided or made
available to employees by an employer, including group life
insurance, health insurance, disability insurance, sick leave, annual
leave, educational benefits, and pensions.

(10) "Family leave" means any leave taken by an employee from
work:

(a) To participate in providing care, including physical or
psychological care, for a family member of the employee made
necessary by a serious health condition of the family member;

(b) To bond with the employee's child during the first twelve
months after the child's birth, or the first twelve months after the
placement of a child under the age of eighteen with the employee;

(c) Because of any qualifying exigency as permitted under the
federal family and medical leave act, 29 U.S.C. Sec. 2612(a)(1)(E)
and 29 C.F.R. Sec. 825.126(b)(1) through (9), as they existed on
October 19, 2017, for family members as defined in subsection (11)
of this section; or

(d) During the seven calendar days following the death of the
family member for whom the employee:

(i) Would have qualified for medical leave under subsection (15)
of this section for the birth of their child; or

(ii) Would have qualified for family leave under (b) of this
subsection.

(11) "Family member" means a child, grandchild, grandparent,
parent, sibling, or spouse of an employee, and also includes any
individual who regularly resides in the employee's home or where the
relationship creates an expectation that the employee care for the
person, and that individual depends on the employee for care. "Family
member" includes any individual who regularly resides in the
employee's home, except that it does not include an individual who
simply resides in the same home with no expectation that the employee
care for the individual.

(12) "Grandchild" means a child of the employee's child.
(13) "Grandparent" means a parent of the employee's parent.
(14) "Health care provider" means: (a) A person licensed as a
physician under chapter 18.71 RCW or an osteopathic physician and
surgeon under chapter 18.57 RCW; (b) a person licensed as an advanced
registered nurse practitioner under chapter 18.79 RCW; or (c) any
other person determined by the commissioner to be capable of
providing health care services.
(15) "Medical leave" means any leave taken by an employee from
work made necessary by the employee's own serious health condition.
(16) "Paid time off" includes vacation leave, personal leave,
medical leave, sick leave, compensatory leave, or any other paid
leave offered by an employer under the employer's established policy.
(17) "Parent" means the biological, adoptive, de facto, or foster
parent, stepparent, or legal guardian of an employee or the
employee's spouse, or an individual who stood in loco parentis to an
employee when the employee was a child.
(18) "Period of incapacity" means an inability to work, attend
school, or perform other regular daily activities because of a
serious health condition, treatment of that condition or recovery
from it, or subsequent treatment in connection with such inpatient
care.
(19) "Postnatal" means the first six weeks after birth.
(20) "Premium" or "premiums" means the payments required by RCW
50A.10.030 and paid to the department for deposit in the family and
medical leave insurance account under RCW 50A.05.070.
((20)) (21) "Qualifying period" means the first four of the
last five completed calendar quarters or, if eligibility is not
established, the last four completed calendar quarters immediately
preceding the application for leave.
((21)) (22)(a) "Remuneration" means all compensation paid for
personal services including commissions and bonuses and the cash
value of all compensation paid in any medium other than cash.
(b) Previously accrued compensation, other than severance pay or payments received pursuant to plant closure agreements, when assigned to a specific period of time by virtue of a collective bargaining agreement, individual employment contract, customary trade practice, or request of the individual compensated, is considered remuneration for the period to which it is assigned. Assignment clearly occurs when the compensation serves to make the individual eligible for all regular fringe benefits for the period to which the compensation is assigned.

(c) Remuneration also includes settlements or other proceeds received by an individual as a result of a negotiated settlement for termination of an individual written employment contract prior to its expiration date. The proceeds are deemed assigned in the same intervals and in the same amount for each interval as compensation was allocated under the contract.

(d) Remuneration does not include:

(i) The payment of tips;

(ii) Supplemental benefit payments made by an employer to an employee in addition to any paid family or medical leave benefits received by the employee; or

(iii) Payments to members of the armed forces of the United States, including the organized militia of the state of Washington, for the performance of duty for periods not exceeding seventy-two hours at a time.

((22)) (23) (a) "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:

(i) Inpatient care in a hospital, hospice, or residential medical care facility, including any period of incapacity; or

(ii) Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes any one or more of the following:

(A) A period of incapacity of more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:

(I) Treatment two or more times, within thirty days of the first day of incapacity, unless extenuating circumstances exist, by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services, such as a physical therapist, under orders of, or on referral by, a health care provider; or
(II) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider;
(B) Any period of incapacity due to pregnancy, or for prenatal care;
(C) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
(I) Requires periodic visits, defined as at least twice a year, for treatment by a health care provider, or by a nurse under direct supervision of a health care provider;
(II) Continues over an extended period of time, including recurring episodes of a single underlying condition; and
(III) May cause episodic rather than a continuing period of incapacity, including asthma, diabetes, and epilepsy;
(D) A period of incapacity which is permanent or long term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider, including Alzheimer's, a severe stroke, or the terminal stages of a disease; or
(E) Any period of absence to receive multiple treatments, including any period of recovery from the treatments, by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for: (I) Restorative surgery after an accident or other injury; or (II) a condition that would likely result in a period of incapacity of more than three consecutive, full calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, or kidney disease.

(b) The requirement in (a)(i) and (ii) of this subsection for treatment by a health care provider means an in-person visit to a health care provider. The first, or only, in-person treatment visit must take place within seven days of the first day of incapacity.

(c) Whether additional treatment visits or a regimen of continuing treatment is necessary within the thirty-day period shall be determined by the health care provider.

(d) The term extenuating circumstances in (a)(ii)(A)(I) of this subsection means circumstances beyond the employee's control that prevent the follow-up visit from occurring as planned by the health
care provider. Whether a given set of circumstances are extenuating depends on the facts. For example, extenuating circumstances exist if a health care provider determines that a second in-person visit is needed within the thirty-day period, but the health care provider does not have any available appointments during that time period.

(e) Treatment for purposes of (a) of this subsection includes, but is not limited to, examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations. Under (a)(ii)(A)(II) of this subsection, a regimen of continuing treatment includes, but is not limited to, a course of prescription medication, such as an antibiotic, or therapy requiring special equipment to resolve or alleviate the health condition, such as oxygen. A regimen of continuing treatment that includes taking over-the-counter medications, such as aspirin, antihistamines, or salves, or bed rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of this title.

(f) Conditions for which cosmetic treatments are administered, such as most treatments for acne or plastic surgery, are not serious health conditions unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, and periodontal disease are examples of conditions that are not serious health conditions and do not qualify for leave under this title. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this section are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.

(g)(i) Substance abuse may be a serious health condition if the conditions of this section are met. However, leave may only be taken for treatment for substance abuse by a health care provider or by a licensed substance abuse treatment provider. Absence because of the employee's use of the substance, rather than for treatment, does not qualify for leave under this title.

(ii) Treatment for substance abuse does not prevent an employer from taking employment action against an employee. The employer may
not take action against the employee because the employee has exercised his or her right to take medical leave for treatment. However, if the employer has an established policy, applied in a nondiscriminatory manner that has been communicated to all employees, that provides under certain circumstances an employee may be terminated for substance abuse, pursuant to that policy the employee may be terminated whether or not the employee is presently taking medical leave. An employee may also take family leave to care for a covered family member who is receiving treatment for substance abuse. The employer may not take action against an employee who is providing care for a covered family member receiving treatment for substance abuse.

(h) Absences attributable to incapacity under (a)(ii)(B) or (C) of this subsection qualify for leave under this title even though the employee or the family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three consecutive, full calendar days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

((24)) "Service is localized in this state" has the same meaning as described in RCW 50.04.120.

((25)) "Spouse" means a husband or wife, as the case may be, or state registered domestic partner.

((26)) "State average weekly wage" means the most recent average weekly wage calculated under RCW 50.04.355 and available on January 1st of each year.

((27)) "Supplemental benefit payments" means payments made by an employer to an employee as salary continuation or as paid time off. Such payments must be in addition to any paid family or medical leave benefits the employee is receiving.

((28)) "Typical workweek hours" means:
(a) For an hourly employee, the average number of hours worked per week by an employee within the qualifying period; and
(b) Forty hours for a salaried employee, regardless of the number of hours the salaried employee typically works.

((29)) "Wage" or "wages" means:
(a) For the purpose of premium assessment, the remuneration paid by an employer to an employee. The maximum wages subject to a premium assessment are those wages as set by the commissioner under RCW 50A.10.030;

(b) For the purpose of payment of benefits, the remuneration paid by one or more employers to an employee for employment during the employee's qualifying period. At the request of an employee, wages may be calculated on the basis of remuneration payable. The department shall notify each employee that wages are calculated on the basis of remuneration paid, but at the employee's request a redetermination may be performed and based on remuneration payable; and

(c) For the purpose of a self-employed person electing coverage under RCW 50A.10.010, the meaning is defined by rule.

Sec. 2. RCW 50A.05.090 and 2019 c 13 s 37 are each amended to read as follows:

(1) Nothing in this title requires any party to a collective bargaining agreement in existence on October 19, 2017, to reopen negotiations of the agreement or to apply any of the rights and responsibilities under this title unless and until the existing agreement is reopened or renegotiated by the parties or expires.

(2) This section expires December 31, 2023.

Sec. 3. RCW 50A.15.020 and 2020 c 125 s 4 are each amended to read as follows:

(1) Beginning January 1, 2020, family and medical leave are available and benefits are payable to a qualified employee under this section.

(a) Following a waiting period consisting of the first seven consecutive calendar days, benefits are payable when family or medical leave is required. However, no waiting period is required for leave for the birth or placement of a child, or for leave because of any qualifying exigency as defined under RCW 50A.05.010(10)(c). The waiting period begins the previous Sunday of the week when an otherwise eligible employee takes leave for the minimum claim duration under subsection (2)(c) of this section. Eligible employees may satisfy the waiting period requirement while simultaneously receiving paid time off for any part of the waiting period.
(b) Benefits may continue during the continuance of the need for family or medical leave, subject to the maximum and minimum weekly benefits, duration, and other conditions and limitations established in this title.

(2) The weekly benefit shall be prorated by the percentage of hours on leave compared to the number of hours provided as the typical workweek hours as defined in RCW 50A.05.010.

(a) The benefits in this section, if not a multiple of one dollar, shall be reduced to the next lower multiple of one dollar.

(b) Hours on leave claimed for benefits under this title, if not a multiple of one hour, shall be reduced to the next lower multiple of one hour.

(c) The minimum claim duration payment is for eight consecutive hours of leave.

(3)(a) The maximum duration of paid family leave may not exceed twelve times the typical workweek hours during a period of fifty-two consecutive calendar weeks.

(b) The maximum duration of paid medical leave may not exceed twelve times the typical workweek hours during a period of fifty-two consecutive calendar weeks. This leave may be extended an additional two times the typical workweek hours if the employee experiences a serious health condition with a pregnancy that results in incapacity.

(c) An employee is not entitled to paid family and medical leave benefits under this title that exceeds a combined total of sixteen times the typical workweek hours. The combined total of family and medical leave may be extended to eighteen times the typical workweek hours if the employee experiences a serious health condition with a pregnancy that results in incapacity.

(4)(a) Any paid leave benefits under this chapter used in the postnatal period by an employee eligible for benefits under RCW 50A.05.010(23)(a)(ii)(B) must be medical leave, subject to the maximum and minimum weekly benefits, duration, and other conditions and limitations established in this title, unless the employee chooses to use family leave during the postnatal period.

(b) Certification of a serious health condition is not required for paid leave benefits used in the postnatal period by an employee eligible for benefits under RCW 50A.05.010(23)(a)(ii)(B).

(5) The weekly benefit for family and medical leave shall be determined as follows: If the employee's average weekly wage is:

(a) Equal to or less than one-half of the state average weekly wage, then
the benefit amount is equal to ninety percent of the employee's average weekly wage; or (b) greater than one-half of the state average weekly wage, then the benefit amount is the sum of: (i) Ninety percent of one-half of the state average weekly wage; and (ii) fifty percent of the difference of the employee's average weekly wage and one-half of the state average weekly wage.

((5)) (6)(a) The maximum weekly benefit for family and medical leave that occurs on or after January 1, 2020, shall be one thousand dollars. By September 30, 2020, and by each subsequent September 30th, the commissioner shall adjust the maximum weekly benefit amount to ninety percent of the state average weekly wage. The adjusted maximum weekly benefit amount takes effect on the following January 1st.

(b) The minimum weekly benefit shall not be less than one hundred dollars per week except that if the employee's average weekly wage at the time of family or medical leave is less than one hundred dollars per week, the weekly benefit shall be the employee's full wage.

Sec. 4. RCW 50A.25.020 and 2019 c 13 s 71 are each amended to read as follows:

(1) Any information or records concerning an individual or employer obtained by the department pursuant to the administration of this title shall be private and confidential, except as otherwise provided in this chapter or RCW 50A.05.040.

(2) This chapter does not create a rule of evidence.

(3) The department must publish, on its website, a current list of all employers that have approved voluntary plans under chapter 50A.30 RCW.

NEW SECTION. Sec. 5. A new section is added to chapter 50A.05 RCW to read as follows:

(1) The office of actuarial services is established within the department.

(2) The head of the office must be qualified by education and experience in the field of actuarial science.

Sec. 6. RCW 50A.15.040 and 2019 c 13 s 6 are each amended to read as follows:

(1) Family and medical leave insurance benefits are payable to an employee during a period in which the employee is unable to perform
his or her regular or customary work because he or she is on family
and medical leave if the employee:

(a) Files an application for benefits as required by rules

private and confidential under state law. Initial disclosure of this
information and these records by another state agency to the
department is solely for purposes related to the administration of
this title. Further disclosure of this information or these records
is subject to chapter 50A.25 RCW((τ)) and RCW 50A.05.020(3)((τ)) and
((RCW)) 50A.20.030;
(d) Provides his or her social security number;
(e) Provides a document authorizing the family member's or
employee's health care provider, as applicable, to disclose the
family member's or employee's health care information in the form of
the certification of a serious health condition;
(f) Provides the employer from whom family and medical leave is
to be taken with written notice of the employee's intention to take
family leave in the same manner as an employee is required to provide
notice in RCW 50A.15.030 and, in the employee's initial application
for benefits, attests that written notice has been provided, unless
notice has been waived by the employer under RCW 50A.15.030(3); and
(g) Provides documentation of a military exigency, if requested
by the employer.

(2) An employee who is not in employment for an employer at the
time of filing an application for benefits is exempt from subsection
(1)(f) and (g) of this section.

(3) Beginning July 1, 2022, and until the 12 months after the end
of the state of emergency declared by the governor due to COVID-19,
the department must ask the employee applicant whether their family
or medical leave is related to the COVID-19 pandemic. Initial
disclosure of this information is solely for purposes related to the
administration of this title, including monitoring potential impacts
on the solvency and stability of the family and medical leave
insurance account created in RCW 50A.05.070. Further disclosure of
this information or these records is subject to chapter 50A.25 RCW
and RCW 50A.05.020(3) and 50A.20.030.
