PART II
HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed
15 projects or investments impacting time capture, payroll and payment
16 processes and systems, eligibility, case management, and
17 authorization systems within the department of social and health
18 services are subject to technical oversight by the office of the
19 chief information officer.

20 (6) (a) The department shall facilitate enrollment under the
21 medicaid expansion for clients applying for or receiving state funded
22 services from the department and its contractors. Prior to open
23 enrollment, the department shall coordinate with the health care
24 authority to provide referrals to the Washington health benefit
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and
27 medical assistance programs, and to maximize the use of federal
28 funding, the health care authority, the department of social and
29 health services, and the health benefit exchange will coordinate
30 efforts to expand HealthPlanfinder access to public assistance and
31 medical eligibility staff. The department shall complete medicaid
32 applications in the HealthPlanfinder for households receiving or
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the
35 department of social and health services, the department of health,
36 and the department of children, youth, and families shall work
37 together within existing resources to establish the health and human
38 services enterprise coalition (the coalition). The coalition, led by
39 the health care authority, must be a multi-organization collaborative
40 that provides strategic direction and federal funding guidance for

1 projects that have cross-organizational or enterprise impact,
2 including information technology projects that affect organizations
3 within the coalition. The office of the chief information officer
4 shall maintain a statewide perspective when collaborating with the
5 coalition to ensure that projects are planned for in a manner that
6 ensures the efficient use of state resources and maximizes federal
7 financial participation. The work of the coalition is subject to the
8 conditions, limitations, and review provided in section 701 of this
9 act.

31 (f) The department may authorize a one-time waiver of all or any
32 portion of the licensing and processing fees required under RCW
33 70.128.060 in any case in which the department determines that an
34 adult family home is being relicensed because of exceptional
35 circumstances, such as death or incapacity of a provider, and that to
36 require the full payment of the licensing and processing fees would
37 present a hardship to the applicant. In these situations the
38 department is also granted the authority to waive the required
39 residential administrator training for a period of 120 days if

1 necessary to ensure continuity of care during the relicensing
2 process.

20 expectation that, in most cases, staffing ratios in all community
21 alternative placement options described in (h)(i) of this subsection
22 will need to increase to meet the needs of clients leaving the state
23 psychiatric hospitals. If specialized training is necessary to meet
24 the needs of a client before he or she enters a community placement,
25 then the person centered service plan must also identify and
26 authorize this training.

27 (iii) When reviewing placement options, the department must
28 consider the safety of other residents, as well as the safety of
29 staff, in a facility. An initial evaluation of each placement,
30 including any documented safety concerns, must occur within thirty
31 days of a client leaving one of the state psychiatric hospitals and
32 entering one of the community placement options described in (h)(i)
33 of this subsection. At a minimum, the department must perform two
34 additional evaluations of each placement during the first year that a
35 client has lived in the facility.

11 Washington state's managed care organizations to establish
12 recommendations for clients who live in the community to access the
13 developmental disabilities administration's facility-based
14 professionals to receive care covered under the state plan. If
15 feasible, these recommendations should detail how to enable facility-
16 based professionals to deliver services at mobile or brick-and-mortar
17 clinical settings in the community. The department must submit its
18 recommendations to the appropriate legislative committees no later
19 than December 1, 2021.

33 fiscal year 2023, and \$474,000 of the general fund—federal
34 appropriation are provided solely to implement Second Substitute
35 House Bill No. 1061 (child welfare/developmental disability). If the
36 bill is not enacted by June 30, 2021, the amounts provided in this

16 (q) The appropriations in this section include sufficient funding

26 received under a medicaid transformation waiver under healthier
27 Washington except as described in subsections (2), (3), and (4) of
28 this section until specifically approved and appropriated by the
29 legislature. To ensure compliance with legislative directive budget
30 requirements and terms and conditions of the waiver, the authority
31 shall implement the waiver and reporting requirements with oversight
32 from the office of financial management. The legislature finds that
33 appropriate management of the innovation waiver requires better
34 analytic capability, transparency, consistency, timeliness, accuracy,
35 and lack of redundancy with other established measures and that the
36 patient must be considered first and foremost in the implementation
37 and execution of the demonstration waiver. In order to effectuate
38 these goals, the authority shall: (a) Require the Dr. Robert Bree

1 collaborative and the health technology assessment program to reduce
2 the administrative burden upon providers by only requiring
3 performance measures that are nonduplicative of other nationally
4 established measures. The joint select committee on health care
5 oversight will evaluate the measures chosen by the collaborative and
6 the health technology assessment program for effectiveness and
7 appropriateness; (b) develop a patient satisfaction survey with the
8 goal to gather information about whether it was beneficial for the
9 patient to use the center of excellence location in exchange for
10 additional out-of-pocket savings; (c) ensure patients and health care
11 providers have significant input into the implementation of the
12 demonstration waiver, in order to ensure improved patient health
13 outcomes; and (d) in cooperation with the department of social and

15 applications for federal waivers, including details on waiver
16 duration, financial implications, and potential future impacts on the
17 state budget, to the joint select committee on health care oversight
18 prior to submitting waivers for federal approval. The authority shall
19 submit an application to the centers for medicaid and medicare
20 services to extend the duration of the medicaid transformation waiver
21 under healthier Washington as described in subsections (2), (3), and
22 (4) of this section by one year. If not extended, by federal
23 standard, the medicaid transformation demonstration waiver shall not
24 exceed the duration originally granted by the centers for medicare
25 and medicaid services and any programs created or funded by this
26 waiver do not create an entitlement.

27 (2) (a) No more than \$63,052,000 of the general fund—federal
28 appropriation and no more than \$50,840,000 of the general fund—local
29 appropriation may be expended for transformation through accountable
30 communities of health described in initiative 1 of the medicaid
31 transformation demonstration wavier under healthier Washington,
32 including preventing youth drug use, opioid prevention and treatment,
33 and physical and behavioral health integration. Under this
34 initiative, the authority shall take into account local input
35 regarding community needs. In order to ensure transparency to the
36 appropriate fiscal committees of the legislature, the authority shall
37 provide fiscal staff of the legislature query ability into any
38 database of the fiscal intermediary that authority staff would be
39 authorized to access. The authority shall not increase general fund—

1 state expenditures under this initiative. The director shall also

7 appropriation and no more than \$99,274,000 of the general fund—
8 private/local appropriation may be expended for the medicaid quality
9 improvement program. Under federal regulations, the medicaid quality
10 improvement program is authorized and allows states to design quality
11 improvement programs for the medicaid population in ways that support
12 the state's quality goals. Medicaid quality improvement program
13 payments will not count against the medicaid transformation
14 demonstration waiver spending limits and are excluded from the
15 waiver's budget neutrality calculation. Apple health managed care
16 organizations and their partnering providers will receive medicaid
17 quality improvement program payments as they meet designated
18 milestones. Partnering providers and apple health managed care
19 organizations will work together to achieve medicaid quality
20 improvement program goals according to the performance period
21 timelines and reporting deadlines as set forth by the authority. The
22 authority shall only utilize the medicaid quality improvement program
23 to support the transformation waiver and shall not pursue its use for
24 other purposes. Any programs created or funded by the medicaid
25 quality improvement program does not create an entitlement. The

27 local expenditures under this program. The director shall report to
28 the joint select committee on health care oversight not less than
29 quarterly on financial and health outcomes. The director shall report

34 appropriation and \$26,839,000 of the general fund—local appropriation
35 may be expended for tailored support for older adults and medicaid
36 alternative care described in initiative 2 of the medicaid
37 transformation demonstration waiver under healthier Washington as
38 well as administrative expenses for initiative 3. The authority shall
39 contract and provide funding to the department of social and health

1 services to administer initiative 2. The director in cooperation with
2 the secretary of the department of social and health services shall
3 report to the office of financial management all of the expenditures
4 of this section and shall provide such fiscal data in the time,
5 manner, and form requested. The authority shall not increase general
6 fund—state expenditures on this initiative.

7 (4) No more than \$50,389,000 of the general fund—federal
8 appropriation and no more than \$22,862,000 of the general fund—local
9 appropriation may be expended for supported housing and employment
10 services described in initiative 3a and 3b of the medicaid
11 transformation demonstration waiver under healthier Washington. Under
12 this initiative, the authority and the department of social and
13 health services shall ensure that allowable and necessary services
14 are provided to eligible clients as identified by the department or
15 its third party administrator. The authority shall not increase
16 general fund—state expenditures under this initiative. The director
17 shall report to the joint select committee on health care oversight
18 no less than quarterly on financial and health outcomes. The director

25 to be included in managed care rates by November 1, 2021, to the
26 appropriate committees of the legislature.

27 (6) The authority shall submit a plan to preserve the waiver
28 allowing for full federal financial participation for medical clients
29 in mental health facilities classified as institutions for mental
30 diseases by November 1, 2021, to the appropriate committees of the
31 legislature.

32 (7) Sufficient amounts are appropriated in this subsection to
33 implement the medicaid expansion as defined in the social security
34 act, section 1902(a)(10)(A)(i)(VIII).

35 (8) The legislature finds that medicaid payment rates, as
36 calculated by the health care authority pursuant to the
37 appropriations in this act, bear a reasonable relationship to the
38 costs incurred by efficiently and economically operated facilities
39 for providing quality services and will be sufficient to enlist

1 enough providers so that care and services are available to the
2 extent that such care and services are available to the general
3 population in the geographic area. The legislature finds that the
4 cost reports, payment data from the federal government, historical
5 utilization, economic data, and clinical input constitute reliable
6 data upon which to determine the payment rates.

7 (9) Based on quarterly expenditure reports and caseload
8 forecasts, if the health care authority estimates that expenditures
9 for the medical assistance program will exceed the appropriations,
10 the health care authority shall take steps including but not limited
11 to reduction of rates or elimination of optional services to reduce
12 expenditures so that total program costs do not exceed the annual
13 appropriation authority.

14 (10) In determining financial eligibility for medicaid-funded
15 services, the health care authority is authorized to disregard
16 recoveries by Holocaust survivors of insurance proceeds or other
17 assets, as defined in RCW 48.104.030.

18 (11) When a person is ineligible for medicaid solely by reason of
19 residence in an institution for mental diseases, the health care
20 authority shall provide the person with the same benefits as he or
21 she would receive if eligible for medicaid, using state-only funds to
22 the extent necessary.

23 (12) \$3,997,000 of the general fund—state appropriation for
24 fiscal year 2022, \$4,261,000 of the general fund—state appropriation
25 for fiscal year 2023, and \$8,786,000 of the general fund—federal
26 appropriation are provided solely for low-income disproportionate
27 share hospital payments.

28 (13) Within the amounts appropriated in this section, the health
29 care authority shall provide disproportionate share hospital payments
30 to hospitals that provide services to children in the children's
31 health program who are not eligible for services under Title XIX or
32 XXI of the federal social security act due to their citizenship
33 status.

34 (14) \$7,000,000 of the general fund—federal appropriation is
35 provided solely for supplemental payments to nursing homes operated
36 by public hospital districts. The public hospital district shall be
37 responsible for providing the required nonfederal match for the
38 supplemental payment, and the payments shall not exceed the maximum
39 allowable under federal rules. It is the legislature's intent that

1 the payments shall be supplemental to and shall not in any way offset
2 or reduce the payments calculated and provided in accordance with
3 part E of chapter 74.46 RCW. It is the legislature's further intent
4 that costs otherwise allowable for rate-setting and settlement
5 against payments under chapter 74.46 RCW shall not be disallowed
6 solely because such costs have been paid by revenues retained by the
7 nursing home from these supplemental payments. The supplemental
8 payments are subject to retrospective interim and final cost
9 settlements based on the nursing homes' as-filed and final medicare
10 cost reports. The timing of the interim and final cost settlements
11 shall be at the health care authority's discretion. During either the
12 interim cost settlement or the final cost settlement, the health care
13 authority shall recoup from the public hospital districts the
14 supplemental payments that exceed the medicaid cost limit and/or the
15 medicare upper payment limit. The health care authority shall apply
16 federal rules for identifying the eligible incurred medicaid costs
17 and the medicare upper payment limit.

18 (15) The health care authority shall continue the inpatient
19 hospital certified public expenditures program for the 2021-2023
20 fiscal biennium. The program shall apply to all public hospitals,
21 including those owned or operated by the state, except those
22 classified as critical access hospitals or state psychiatric
23 institutions. The health care authority shall submit reports to the
24 governor and legislature by November 1, 2021, and by November 1,
25 2022, that evaluate whether savings continue to exceed costs for this
26 program. If the certified public expenditures (CPE) program in its
27 current form is no longer cost-effective to maintain, the health care
28 authority shall submit a report to the governor and legislature
29 detailing cost-effective alternative uses of local, state, and
30 federal resources as a replacement for this program. During fiscal
31 year 2022 and fiscal year 2023, hospitals in the program shall be
32 paid and shall retain one hundred percent of the federal portion of
33 the allowable hospital cost for each medicaid inpatient fee-for-
34 service claim payable by medical assistance and one hundred percent
35 of the federal portion of the maximum disproportionate share hospital
36 payment allowable under federal regulations. Inpatient medicaid
37 payments shall be established using an allowable methodology that
38 approximates the cost of claims submitted by the hospitals. Payments
39 made to each hospital in the program in each fiscal year of the
40 biennium shall be compared to a baseline amount. The baseline amount

1 will be determined by the total of (a) the inpatient claim payment
2 amounts that would have been paid during the fiscal year had the
3 hospital not been in the CPE program based on the reimbursement rates
4 developed, implemented, and consistent with policies approved in the
5 2021-2023 biennial operating appropriations act and in effect on July
6 1, 2015, (b) one-half of the indigent assistance disproportionate
7 share hospital payment amounts paid to and retained by each hospital
8 during fiscal year 2005, and (c) all of the other disproportionate
9 share hospital payment amounts paid to and retained by each hospital
10 during fiscal year 2005 to the extent the same disproportionate share
11 hospital programs exist in the 2019-2021 fiscal biennium. If payments
12 during the fiscal year exceed the hospital's baseline amount, no
13 additional payments will be made to the hospital except the federal
14 portion of allowable disproportionate share hospital payments for
15 which the hospital can certify allowable match. If payments during
16 the fiscal year are less than the baseline amount, the hospital will
17 be paid a state grant equal to the difference between payments during
18 the fiscal year and the applicable baseline amount. Payment of the
19 state grant shall be made in the applicable fiscal year and
20 distributed in monthly payments. The grants will be recalculated and
21 redistributed as the baseline is updated during the fiscal year. The
22 grant payments are subject to an interim settlement within eleven
23 months after the end of the fiscal year. A final settlement shall be
24 performed. To the extent that either settlement determines that a
25 hospital has received funds in excess of what it would have received
26 as described in this subsection, the hospital must repay the excess
27 amounts to the state when requested. \$702,000 of the general fund—
28 state appropriation for fiscal year 2022 and \$649,000 of the general
29 fund—state appropriation for fiscal year 2023 are provided solely for
30 state grants for the participating hospitals.

31 (16) The health care authority shall seek public-private
32 partnerships and federal funds that are or may become available to
33 provide on-going support for outreach and education efforts under the
34 federal children's health insurance program reauthorization act of
35 2009.

36 (17) The health care authority shall target funding for maternity
37 support services towards pregnant women with factors that lead to
38 higher rates of poor birth outcomes, including hypertension, a
39 preterm or low birth weight birth in the most recent previous birth,
40 a cognitive deficit or developmental disability, substance abuse,

1 severe mental illness, unhealthy weight or failure to gain weight,
2 tobacco use, or African American or Native American race. The health
3 care authority shall prioritize evidence-based practices for delivery
4 of maternity support services. To the extent practicable, the health
5 care authority shall develop a mechanism to increase federal funding
6 for maternity support services by leveraging local public funding for
7 those services.

8 (18) The authority shall submit reports to the governor and the
9 legislature by September 15, 2021, and no later than September 15,
10 2022, that delineate the number of individuals in medicaid managed
11 care, by carrier, age, gender, and eligibility category, receiving
12 preventative services and vaccinations. The reports should include
13 baseline and benchmark information from the previous two fiscal years
14 and should be inclusive of, but not limited to, services recommended
15 under the United States preventative services task force, advisory
16 committee on immunization practices, early and periodic screening,
17 diagnostic, and treatment (EPSDT) guidelines, and other relevant
18 preventative and vaccination medicaid guidelines and requirements.

19 (19) Managed care contracts must incorporate accountability
20 measures that monitor patient health and improved health outcomes,
21 and shall include an expectation that each patient receive a wellness
22 examination that documents the baseline health status and allows for
23 monitoring of health improvements and outcome measures.

24 (20) Sufficient amounts are appropriated in this section for the
25 authority to provide an adult dental benefit.

26 (21) The health care authority shall coordinate with the
27 department of social and health services to provide referrals to the
28 Washington health benefit exchange for clients that will be
29 ineligible for medicaid.

30 (22) To facilitate a single point of entry across public and
31 medical assistance programs, and to maximize the use of federal
32 funding, the health care authority, the department of social and
33 health services, and the health benefit exchange will coordinate
34 efforts to expand HealthPlanfinder access to public assistance and
35 medical eligibility staff. The health care authority shall complete
36 medicaid applications in the HealthPlanfinder for households
37 receiving or applying for medical assistance benefits.

38 (23) \$90,000 of the general fund—state appropriation for fiscal
39 year 2022, \$90,000 of the general fund—state appropriation for fiscal

1 year 2023, and \$180,000 of the general fund—federal appropriation are
2 provided solely to continue operation by a nonprofit organization of
3 a toll-free hotline that assists families to learn about and enroll
4 in the apple health for kids program. By November 15, 2022, the
5 authority shall submit a report to the appropriate committees to the
6 legislature that provides, at a minimum, information about the number
7 of calls received by the nonprofit organization in the previous year,
8 the amount of time spent on each call, comparisons to previous years,
9 where available, and information about what data is collected related
10 to this service.

11 (24) Within the amounts appropriated in this section, the
12 authority shall reimburse for primary care services provided by
13 naturopathic physicians.

14 (25) Within the amounts appropriated in this section, the
15 authority shall continue to provide coverage for pregnant teens that
16 qualify under existing pregnancy medical programs, but whose
17 eligibility for pregnancy related services would otherwise end due to
18 the application of the new modified adjusted gross income eligibility
19 standard.

20 (26) Sufficient amounts are appropriated in this section to
21 remove the mental health visit limit and to provide the shingles
22 vaccine and screening, brief intervention, and referral to treatment
23 benefits that are available in the medicaid alternative benefit plan
24 in the classic medicaid benefit plan.

25 (27) The authority shall use revenue appropriated from the
26 dedicated marijuana fund for contracts with community health centers
27 under RCW 69.50.540 in lieu of general fund—state payments to
28 community health centers for services provided to medical assistance
29 clients, and it is the intent of the legislature that this policy
30 will be continued in subsequent fiscal biennia.

31 (28) Beginning no later than January 1, 2018, for any service
32 eligible under the medicaid state plan for encounter payments,
33 managed care organizations at the request of a rural health clinic
34 shall pay the full published encounter rate directly to the clinic.
35 At no time will a managed care organization be at risk for or have
36 any right to the supplemental portion of the claim. Payments will be
37 reconciled on at least an annual basis between the managed care
38 organization and the authority, with final review and approval by the
39 authority.

1 (29) Sufficient amounts are appropriated in this section for the
2 authority to provide a medicaid equivalent adult dental benefit to
3 clients enrolled in the medical care service program.

4 (30) During the 2021-2023 fiscal biennium, sufficient amounts are
5 provided in this section for the authority to provide services
6 identical to those services covered by the Washington state family
7 planning waiver program as of August 2018 to individuals who:

8 (a) Are over nineteen years of age;

9 (b) Are at or below two hundred and sixty percent of the federal
10 poverty level as established in WAC 182-505-0100;

11 (c) Are not covered by other public or private insurance; and

12 (d) Need family planning services and are not currently covered
13 by or eligible for another medical assistance program for family
14 planning.

15 (31) Sufficient amounts are appropriated within this section for
16 the authority to incorporate the expected outcomes and criteria to
17 measure the performance of service coordination organizations as
18 provided in chapter 70.320 RCW into contracts with managed care
19 organizations that provide services to clients. The authority is
20 directed to:

21 (a) Contract with an external quality improvement organization to
22 annually analyze the performance of managed care organizations
23 providing services to clients under this chapter based on seven
24 performance measures. The analysis required under this subsection
25 must:

26 (i) Measure managed care performance in four common measures
27 across each managed care organization, including:

28 (A) At least one common measure must be weighted towards having
29 the potential to impact managed care costs; and

30 (B) At least one common measure must be weighted towards
31 population health management, as defined by the measure; and

32 (ii) Measure managed care performance in an additional three
33 quality focus performance measures specific to a managed care
34 organization. Quality focus performance measures chosen by the
35 authority must:

36 (A) Be chosen from the statewide common measure set;

37 (B) Reflect specific measures where a managed care organization
38 has poor performance; and

39 (C) Be substantive and clinically meaningful in promoting health
40 status.

1 (b) The authority shall set the four common measures to be
2 analyzed across all managed care organizations.

3 (c) The authority shall set three quality focus performance
4 measures specific to each managed care organization. The authority
5 must determine performance measures for each managed care
6 organization based on the criteria established in (a)(ii) of this
7 subsection.

8 (d) By September 15, 2021, and annually thereafter, the authority
9 shall notify each managed care organization of the performance
10 measures for the organization for the subsequent plan year.

11 (e) Two percent of the total plan year funding appropriated to
12 each managed care organization that provides services to clients
13 under chapter 70.320 RCW shall be withheld. At least seventy-five
14 percent of the withhold shall be held contingent on each managed care
15 organization's performance on the seven performance measures
16 identified in this section. Each managed care organization may earn
17 back the annual withhold if the external quality improvement
18 organization finds that the managed care organization:

19 (i) Made statistically significant improvement in the seven
20 performance measures as compared to the preceding plan year; or

21 (ii) Scored in the top national medicaid quartile of the
22 performance measures.

23 (f) The amount of withhold annually paid to each managed care
24 organization shall be proportional to findings of statistically
25 significant improvement or top national medicaid quartile scoring by
26 a managed care organization.

27 (g) For no more than two of the four quality focus performance
28 measures, the authority may use an alternate methodology to
29 approximate top national medicaid quartile performance where top
30 quartile performance data is unavailable.

31 (h) For the purposes of this subsection, "external quality
32 improvement organization" means an organization that meets the
33 competence and independence requirements under 42 C.F.R. Sec.
34 438.354, as it existed on the effective date of this section.

35 (32)(a) The authority shall ensure that appropriate resources are
36 dedicated to implementing the recommendations of the centers for
37 medicare and medicaid services center for program integrity as
38 provided to the authority in the January 2019 Washington focused
39 program integrity review final report. Additionally, the authority
40 shall:

1 (i) Work to ensure the efficient operations of the managed care
2 plans, including but not limited to, a deconflicting process for
3 audits with and among the managed care plans and the medicaid fraud
4 division at the attorney general's office, to ensure the authority
5 staff perform central audits of cases that appear across multiple
6 managed care plans, versus the audits performed by the individual
7 managed care plans or the fraud division; and

8 (ii) Remain accountable for operating in an effective and
9 efficient manner, including performing program integrity activities
10 that ensure high value in the medical assistance program in general
11 and in medicaid managed care specifically;

12 (A) Work with its contracted actuary and the medicaid forecast
13 work group to develop methods and metrics related to managed care
14 program integrity activity that shall be incorporated into annual
15 rate setting; and

16 (B) Work with the medicaid forecast work group to ensure the
17 results of program integrity activity are incorporated into the rate
18 setting process in a transparent, timely, measurable, quantifiable
19 manner.

20 (b) The authority shall submit a report to the governor and
21 appropriate committees of the legislature by October 1, 2021, that
22 includes, but is not limited to:

23 (i) Specific, quantified actions that have been taken, to date,
24 related to the recommendations of the centers for medicare and
25 medicaid services center for program integrity as provided to the
26 authority in the January 2019 Washington focused program integrity
27 review final report; and

28 (ii) Specific, quantified information regarding the steps taken
29 toward (a)(i), (iii), and (iv) of this subsection.

30 (33) No later than December 31, 2021, the health care authority,
31 in partnership with the department of social and health services as
32 described in section 204(16) of this act, shall submit a waiver
33 request to the federal department of health and human services to
34 authorize presumptive medicaid eligibility determinations for clients
35 preparing for acute care hospital discharge who may need long-term
36 services and supports. The department and the authority shall hold
37 stakeholder discussions, including opportunities for public review
38 and comment, during development of the waiver request. Upon
39 submission of the waiver request, the department and the authority
40 shall submit a report to the governor and the appropriate legislative

1 committees that describes the request and identifies any statutory
2 changes that may be necessary if the federal government approves the
3 request.

4 (34) \$2,786,000 of the general fund—state appropriation for
5 fiscal year 2022, \$3,714,000 of the general fund—state appropriation
6 for fiscal year 2023, and \$11,009,000 of the general fund—federal

14 The authority may use a substitute code in the event that any of the
15 codes identified in this subsection are discontinued and replaced
16 with an updated code covering the same service. Within the amounts
17 provided in this subsection the authority must:

18 (a) Implement this rate increase in accordance with the process
19 established in chapter 285, Laws of 2020 (EHB 2584) (behavioral
20 health rates);

21 (b) Raise the state fee-for-service rates for these codes by up
22 to 15 percent, except that the state medicaid rate may not exceed the
23 published medicare rate or an equivalent relative value unit rate if
24 a published medicare rate is not available;

25 (c) Require in contracts with managed care organizations that,
26 beginning October 2021, managed care organizations pay no lower than
27 the fee-for-service rate for these codes, and adjust managed care
28 capitation rates accordingly; and

36 administrative services organizations.

37 (2) Within the amounts appropriated in this section, funding is
38 provided for implementation of the settlement agreement under

1 *Trueblood, et al. v. Department of Social and Health Services, et*
2 *al.*, United States District Court for the Western District of

34 provided to behavioral health entities with PACT teams, the authority
35 shall consider the differences between behavioral health entities in
36 the percentages of services and other costs associated with the teams
37 that are not reimbursable under medicaid. The authority may allow
38 behavioral health entities which have nonmedicaid reimbursable costs
39 that are higher than the nonmedicaid allocation they receive under

1 this section to supplement these funds with local dollars or funds
2 received under subsection (6) of this section. The authority and

4 essential elements of the PACT evidence-based practice model in
5 programs funded under this section.

29 under this section effective July 1, 2021.

30 (b) \$22,791,000 of the general fund—state appropriation for
31 fiscal year 2022 and \$22,791,000 of the general fund—state
32 appropriation for fiscal year 2023 are provided solely for the
33 authority to contract with medicaid managed care organizations for
34 wraparound services to medicaid enrolled individuals that are not
35 covered under the medicaid program and for the state share of costs
36 for exceptional medicaid behavioral health personal care services.
37 Within the amounts provided in this subsection:

2 percent rate increase to providers receiving state funding for
3 nonmedicaid services under this section effective July 1, 2021.

4 (ii) The authority shall assure that managed care organizations
5 reimburse the department of social and health services aging and long
6 term support administration for the general fund—state cost of
7 exceptional behavioral health personal care services for medicaid
8 enrolled individuals who require these because of a psychiatric
9 disability. Funding for the federal share of these services is
10 separately appropriated to the department of social and health
11 services.

12 (c) The authority shall coordinate with the department of social
13 and health services to develop and submit to the centers for medicare
14 and medicaid services an application to provide a 1915(i) state plan
15 home and community-based services benefit. The application shall be
16 developed to allow for the delivery of wraparound supportive
17 behavioral health services for individuals with mental illnesses who
18 also have a personal care need. The waiver shall be developed to
19 standardize coverage and administration, improve the current benefit
20 design, and clarify roles in administration of the behavioral health
21 personal care services benefit. By December 1, 2021, the authority,
22 in coordination with the department of social and health services,
23 must submit a report to the office of financial management and the
24 appropriate committees of the legislature which provides the

34 receive behavioral health personal care services annually under the
35 current benefit structure and the estimated state and federal fiscal
36 costs for the managed care organizations and the department of social
37 and health services; and

38 (iv) A status update on the development and submission of the
39 waiver with an estimated timeline for approval and implementation of
40 the new wraparound services benefit.

1 (7) The authority is authorized to continue to contract directly,
2 rather than through contracts with behavioral health entities for
3 children's long-term inpatient facility services.

4 (8) \$1,204,000 of the general fund—state appropriation for fiscal
5 year 2022 and \$1,204,000 of the general fund—state appropriation for
6 fiscal year 2023 are provided solely to reimburse Pierce and Spokane
7 counties for the cost of conducting one hundred eighty-day commitment
8 hearings at the state psychiatric hospitals.

9 (9) Behavioral health entities may use local funds to earn
10 additional federal medicaid match, provided the locally matched rate
11 does not exceed the upper-bound of their federally allowable rate
12 range, and provided that the enhanced funding is used only to provide
13 medicaid state plan or waiver services to medicaid clients.
14 Additionally, behavioral health entities may use a portion of the
15 state funds allocated in accordance with subsection (6) of this
16 section to earn additional medicaid match, but only to the extent
17 that the application of such funds to medicaid services does not
18 diminish the level of crisis and commitment, community inpatient,
19 residential care, and outpatient services presently available to
20 persons not eligible for medicaid.

21 (10) \$2,291,000 of the general fund—state appropriation for
22 fiscal year 2022 and \$2,291,000 of the general fund—state
23 appropriation for fiscal year 2023 are provided solely for mental
24 health services for mentally ill offenders while confined in a county
25 or city jail and for facilitating access to programs that offer
26 mental health services upon release from confinement. The authority
27 must collect information from the behavioral health entities on their
28 plan for using these funds, the numbers of individuals served, and
29 the types of services provided and submit a report to the office of
30 financial management and the appropriate fiscal committees of the
31 legislature by December 1st of each year of the biennium.

32 (11) Within the amounts appropriated in this section, funding is
33 provided for the authority to develop and phase in intensive mental
34 health services for high needs youth consistent with the settlement
35 agreement in *T.R. v. Dreyfus and Porter*.

36 (12) The authority must establish minimum and maximum funding
37 levels for all reserves allowed under behavioral health
38 administrative service organization contracts and include contract
39 language that clearly states the requirements and limitations. The

1 authority must monitor and ensure that behavioral health
2 administrative service organization reserves do not exceed maximum
3 levels. The authority must monitor revenue and expenditure reports
4 and must require a behavioral health administrative service
5 organization to submit a corrective action plan on how it will spend
6 its excess reserves within a reasonable period of time, when its
7 reported reserves exceed maximum levels established under the
8 contract. The authority must review and approve such plans and
9 monitor to ensure compliance. If the authority determines that a
10 behavioral health administrative service organization has failed to
11 provide an adequate excess reserve corrective action plan or is not
12 complying with an approved plan, the authority must reduce payments
13 to the entity in accordance with remedial actions provisions included
14 in the contract. These reductions in payments must continue until the
15 authority determines that the entity has come into substantial
16 compliance with an approved excess reserve corrective action plan.

17 (13) During the 2021-2023 fiscal biennium, any amounts provided
18 in this section that are used for case management services for
19 pregnant and parenting women must be contracted directly between the
20 authority and pregnant and parenting women case management providers.

21 (14) Within the amounts appropriated in this section, the
22 authority may contract with the University of Washington and

26 For all contractors: (a) Service and other outcome data must be
27 provided to the authority by request; and (b) indirect charges for
28 administering the program must not exceed ten percent of the total
29 contract amount.

30 (15) \$3,500,000 of the general fund—federal appropriation is
31 provided solely for the continued funding of existing county drug and
32 alcohol use prevention programs.

33 (16) Within the amounts provided in this section, behavioral
34 health entities must provide outpatient chemical dependency treatment
35 for offenders enrolled in the medicaid program who are supervised by
36 the department of corrections pursuant to a term of community
37 supervision. Contracts with behavioral health entities must require
38 that behavioral health entities include in their provider network
39 specialized expertise in the provision of manualized, evidence-based
40 chemical dependency treatment services for offenders. The department

1 of corrections and the authority must develop a memorandum of
2 understanding for department of corrections offenders on active
3 supervision who are medicaid eligible and meet medical necessity for
4 outpatient substance use disorder treatment. The agreement will
5 ensure that treatment services provided are coordinated, do not
6 result in duplication of services, and maintain access and quality of
7 care for the individuals being served. The authority must provide all
8 necessary data, access, and reports to the department of corrections
9 for all department of corrections offenders that receive medicaid
10 paid services.

11 (17) The criminal justice treatment account—state appropriation
12 is provided solely for treatment and treatment support services for
13 offenders with a substance use disorder pursuant to RCW 71.24.580.
14 The authority must offer counties the option to administer their
15 share of the distributions provided for under RCW 71.24.580(5)(a). If
16 a county is not interested in administering the funds, the authority
17 shall contract with behavioral health entities to administer these
18 funds consistent with the plans approved by local panels pursuant to
19 RCW 71.24.580(5)(b). Funding from the criminal justice treatment
20 account may be used to provide treatment and support services through
21 the conclusion of an individual's treatment plan to individuals
22 participating in a drug court program as of February 24, 2021, if
23 that individual wishes to continue treatment following dismissal of
24 charges they were facing under RCW 69.50.4013(1). Such participation
25 is voluntary and contingent upon substantial compliance with drug
26 court program requirements. The authority must provide a report to
27 the office of financial management and the appropriate committees of
28 the legislature which identifies the distribution of criminal justice
29 treatment account funds by September 30, 2021.

4 appropriation are provided solely for the operation of secure
5 withdrawal management and stabilization facilities. The authority may
6 not use any of these amounts for services in facilities that are
7 subject to federal funding restrictions that apply to institutions
8 for mental diseases, unless they have received a waiver that allows
9 for full federal participation in these facilities. Within these
10 amounts, funding is provided to increase the fee for service rate for
11 these facilities up to \$650 per day. The authority must require in
12 contracts with behavioral health entities that, beginning in calendar
13 year 2020, they pay no lower than the fee for service rate. The
14 authority must coordinate with regional behavioral health entities to
15 identify and implement purchasing strategies or regulatory changes
16 that increase access to services for individuals with complex
17 behavioral health needs at secure withdrawal management and
18 stabilization facilities.

31 for behavioral health services provided by licensed and certified
32 community behavioral health agencies as defined by the department of
33 health. For the behavioral health administrative services
34 organizations, this funding must be allocated to each region based
35 upon the population of the region. For managed care organizations,
36 this funding must be provided through the behavioral health portion
37 of the medicaid integrated managed care capitation rates. The
38 authority must require the managed care organizations to provide a
39 report that details the methodology the managed care organization

1 used to distribute this funding to their contracted behavioral health
2 providers. The report submitted by behavioral health administrative
3 service organizations and managed care organizations must identify
4 mechanisms employed to disperse the funding as well as estimated
5 impacts to behavioral health providers in the community. The
6 authority must submit a report to the legislature by December 1st of
7 each year of the biennium, summarizing the information regarding the
8 distribution of the funding provided under this subsection.

13	Appropriation.	\$8,482,000
14	TOTAL APPROPRIATION.	\$1,876,105,000

15 The appropriations in this section are subject to the following
16 conditions and limitations:

17 (1) (a) \$80,273,000 of the general fund—state appropriation for
18 fiscal year 2022, \$119,932,000 of the general fund—state
19 appropriation for fiscal year 2023, \$24,070,000 of the education
20 legacy trust account—state appropriation, \$80,000,000 of the
21 opportunity pathways account—state appropriation, and \$25,452,000 of
22 the general fund—federal appropriation (CRRSA/GEER) are provided
23 solely for the early childhood education and assistance program.
24 These amounts shall support at least 15,162 slots in fiscal year 2022
25 and 15,912 slots in fiscal year 2023. Of the total slots in each
26 fiscal year, 100 slots must be reserved for foster children to
27 receive school-year-round enrollment.

28 (b) Of the amounts provided in this subsection, \$14,930,000 of
29 the general fund—state appropriation for fiscal year 2023 and
30 \$14,889,000 of the general fund—federal appropriation (CRRSA/GEER)
31 are for a slot rate increase of ten percent beginning July 1, 2021.
32 The funding provided in this subsection is sufficient for the
33 department to increase rates according to inflation, pursuant to
34 Engrossed Second Substitute Senate Bill No. 5237 (child care & early
35 dev. exp.), beginning in fiscal year 2023 and annually thereafter.

36 (c) The department of children, youth, and families must develop
37 a methodology to identify, at the school district level, the
38 geographic locations of where early childhood education and

1 assistance program slots are needed to meet the entitlement specified
2 in RCW 43.216.556. This methodology must be linked to the caseload
3 forecast produced by the caseload forecast council and must include
4 estimates of the number of slots needed at each school district and
5 the corresponding facility needs required to meet the entitlement in
6 accordance with RCW 43.216.556. This methodology must be included as
7 part of the budget submittal documentation required by RCW 43.88.030.

8 (2) \$200,000 of the general fund—state appropriation for fiscal
9 year 2022 and \$200,000 of the general fund—state appropriation for
10 fiscal year 2023 are provided solely to develop and provide
11 culturally relevant supports for parents, family, and other
12 caregivers.

13 (3) The department is the lead agency for and recipient of the
14 federal child care and development fund grant. Amounts within this
15 grant shall be used to fund child care licensing, quality
16 initiatives, agency administration, and other costs associated with
17 child care subsidies.

18 (4) The legislature recognizes that the federal government has
19 provided substantial additional funding through the coronavirus
20 response and relief supplemental appropriations act, P.L. 116-260,
21 division M. and the American rescue plan act of 2021, P.L. 117-2. The
22 purpose of the additional federal funding is to ensure access to
23 affordable child care and to stabilize and support child care
24 providers from the effects of the COVID-19 pandemic. The legislature
25 intends with the passage of Engrossed Second Substitute Senate Bill
26 No. 5237 (child care & early dev. exp.) to implement these federal
27 purposes by expanding eligibility for subsidized child care, reducing
28 parent copayments, increasing provider base rates to recognize
29 increased costs, and providing other financial support to stabilize
30 the child care sector to remain open or to reopen. The legislature
31 finds that the state lacked the fiscal capacity to make these
32 investments and the additional federal funding has provided the
33 opportunity to supplement state funding to expand and accelerate
34 child care access, affordability, and provider support as the state
35 navigates the COVID-19 pandemic and its aftermath.

36 (5) \$20,110,000 of the general fund—state appropriation in fiscal
37 year 2022, \$45,757,000 of the general fund—state appropriation in
38 fiscal year 2023, \$8,482,000 of the workforce education investment
39 account—state appropriation, \$283,375,000 of the general fund—

1 federal appropriation, \$59,893,000 of the general fund—federal
2 appropriation (CARES), \$65,482,000 of the general fund—federal
3 appropriation (CRRSA), and \$111,252,000 of the general fund—federal
4 appropriation (ARPA) are provided solely for the working connections
5 child care program under RCW 43.216.135. Of the amounts provided in
6 this subsection:

7 (a) The department of children, youth, and families shall work in
8 collaboration with the department of social and health services to
9 determine the appropriate amount of state expenditures for the
10 working connections child care program to claim towards the state's
11 maintenance of effort for the temporary assistance for needy families
12 program. The departments will also collaborate to track the average
13 monthly child care subsidy caseload and expenditures by fund type,
14 including child care development fund, general fund—state
15 appropriation, and temporary assistance for needy families for the
16 purpose of estimating the annual temporary assistance for needy
17 families reimbursement from the department of social and health
18 services to the department of children, youth, and families.
19 Effective December 1, 2022, and annually thereafter, the department
20 of children, youth, and families must report to the governor and the
21 appropriate fiscal and policy committees of the legislature the total
22 state contribution for the working connections child care program
23 claimed the previous fiscal year towards the state's maintenance of
24 effort for the temporary assistance for needy families program and
25 the total temporary assistance for needy families reimbursement from
26 the department of social and health services for the previous fiscal
27 year.

28 (b) \$6,390,000 is for the compensation components of the
29 2021-2023 collective bargaining agreement covering family child care
30 providers as provided in section 947 of this act. Of the amounts
31 provided in this subsection:

32 (i) \$4,410,000 is for a 35 cent per hour per child rate increase
33 for family, friends, and neighbor providers (FFNs) beginning July 1,
34 2022;

35 (ii) \$854,000 is to increase the rate paid to providers who reach
36 level 3.5 of the state's early achievers quality rating system by two
37 percent beginning July 1, 2021; and

38 (iii) \$1,126,000 is to increase the nonstandard hour care rate by

3 (CRRSA), and \$99,918,000 of the general fund—federal appropriation
4 (ARPA) are provided solely for enhancements to the working child care
5 connections program, pursuant to Engrossed Second Substitute Senate
6 Bill No. 5237 (child care & early dev. exp.). Of the amounts provided

10 (CRRSA), and \$35,979,000 of the general fund—federal appropriation
11 (ARPA) are provided solely for the implementation of reduced
12 household child care monthly copayments. For households at or below
13 50 percent of the state median income, copayments are capped at \$115

15 year 2023. For households at or below 60 percent of the state median

17 (ii) \$31,134,000 of the general fund—federal appropriation
18 (CARES), \$40,195,000 of the general fund—federal appropriation
19 (CRRSA), and \$45,476,000 of the general fund—federal appropriation
20 (ARPA) are provided solely to increase subsidy base rates to the 85th
21 percentile of market for child care providers. The state and the
22 representative for family child care providers must enter into
23 bargaining over the implementation of subsidy rate increases, and
24 apply those increases consistent with the terms of this proviso and
25 the agreement reached between the parties.

26 (iii) \$3,930,000 of the general fund—federal appropriation

36 and \$982,000 of the general fund—federal appropriation (ARPA) are
37 provided solely for the department to implement an infant rate
38 enhancement for child care providers.

1 (d) In order to not exceed the appropriated amount, the
2 department shall manage the program so that the average monthly
3 caseload does not exceed 33,000 households and the department shall
4 give prioritized access into the program according to the following
5 order:

6 (i) Families applying for or receiving temporary assistance for
7 needy families (TANF);

8 (ii) TANF families curing sanction;

9 (iii) Foster children;

10 (iv) Families that include a child with special needs;

13 student in a high school that has a school-sponsored on-site child
14 care center;

15 (vi) Families with a child residing with a biological parent or
16 guardian who have received child protective services, child welfare

18 past six months, and have received a referral for child care as part

31 federal Title IV-E and medicaid funds, for home visiting provided
32 through the pilot. The department must report its findings to the
33 governor and appropriate legislative committees by September 1, 2022.

14 by a school district's total enrollment as defined in (c) of this
15 subsection. A school district with a relief per pupil amount less

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Amounts in the account are provided solely for the information technology projects shown in LEAP omnibus document IT-2021, dated April 22, 2021, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2021, dated April 22, 2021, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from the information technology investment revolving account. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(3)(a) Allocations and allotments of information technology investment revolving account must be made for discrete stages of projects as determined by the technology budget approved by the office of the chief information officer and office of financial management.

1 (b) Fifteen percent of total funding allocated by the office of
2 financial management, or another amount as defined jointly by the
3 office of financial management and the office of the chief
4 information officer, will be retained in the account, but remain
5 allocated to that project. The retained funding will be released to
6 the agency only after successful completion of that stage of the
7 project. For the one Washington project, the amount retained is
8 increased to at least twenty percent of total funding allocated for
9 any stage of that project.

10 (4) (a) Each project must have a technology budget. The technology
11 budget must have the detail by fiscal month for the 2021-2023 fiscal
12 biennium. The technology budget must use a method similar to the
13 state capital budget, identifying project costs, each fund source,
14 and anticipated deliverables through each stage of the entire project
15 investment and across fiscal periods and biennia from project onset
16 through implementation and close out, as well as at least five years
17 of maintenance and operations costs.

31 driven out by the central service model, the technology budget must
32 provide a statewide impact by agency by fund as a worksheet in the
33 technology budget file;

34 (ii) Full time equivalent staffing level to include job
35 classification assumptions;

36 (iii) Discreet financial budget codes to include at least the
37 appropriation index and program index;

2 least five years as a separate worksheet.

3 (c) If a project technology budget changes and a revised
4 technology budget is completed, a comparison of the revised
5 technology budget to the last approved technology budget must be
6 posted to the dashboard, to include a narrative rationale on what
7 changed, why, and how that impacts the project in scope, budget, and
8 schedule.

9 (5) (a) Each project must have an investment plan that includes:

10 (i) An organizational chart of the project management team that
11 identifies team members and their roles and responsibilities;

12 (ii) The office of the chief information officer staff assigned
13 to the project;

14 (iii) An implementation schedule covering activities, critical
15 milestones, and deliverables at each stage of the project for the

18 on time, within budget, and meeting expectations for quality of work
19 product;

20 (v) Ongoing maintenance and operations cost of the project post
21 implementation and close out delineated by agency staffing,
22 contracted staffing, and service level agreements; and

23 (vi) Financial budget coding to include at least discrete

25 (6) Projects with estimated costs greater than one hundred
26 million dollars from initiation to completion and implementation may
27 be divided into discrete subprojects as determined by the office of
28 the chief information officer, except for the one Washington project
29 which must be divided into the following discrete subprojects: Core
30 financials, expanding financials and procurement, budget, and human
31 resources. Each subproject must have a technology budget and
32 investment plan as provided in this section.

33 (7) (a) The office of the chief information officer shall maintain
34 an information technology project dashboard that provides updated

20 (8) If the project affects more than one agency:

21 (a) A separate technology budget and investment plan must be
22 prepared for each agency; and

23 (b) The dashboard must contain a statewide project technology
24 budget roll up that includes each affected agency at the subproject
25 level.

26 (9) For any project that exceeds two million dollars in total
27 funds to complete, requires more than one biennium to complete, or is
28 financed through financial contracts, bonds, or other indebtedness:

29 (a) Quality assurance for the project must report independently
30 to the office of the chief information officer;

31 (b) The office of the chief information officer must review, and,
32 if necessary, revise the proposed project to ensure it is flexible
33 and adaptable to advances in technology;

34 (c) The technology budget must specifically identify the uses of
35 any financing proceeds. No more than thirty percent of the financing
36 proceeds may be used for payroll-related costs for state employees
37 assigned to project management, installation, testing, or training;

4 department of enterprise services for a review of all contracts and
5 agreements related to the project's information technology
6 procurements.

7 (10) The office of the chief information officer must evaluate
8 the project at each stage and certify whether the project is planned,
9 managed, and meeting deliverable targets as defined in the project's
10 approved technology budget and investment plan.

11 (11) The office of the chief information officer may suspend or
12 terminate a project at any time if it determines that the project is
13 not meeting or not expected to meet anticipated performance and
14 technology outcomes. Once suspension or termination occurs, the
15 agency shall unallot any unused funding and shall not make any
16 expenditure for the project without the approval of the office of
17 financial management. The office of the chief information officer
18 must report on July 1 and December 1 each calendar year any
19 suspension or termination of a project in the previous six month
20 period to the legislative fiscal committees.

37 institutions of higher education, the employer shall be the
38 respective governing board of each of the universities, colleges, or

40 its behalf.

1 (ii) A governing board of a university or college may elect to
2 have its negotiations conducted by the governor or governor's
3 designee under the procedures provided for general government
4 agencies in subsections (1) through (3) of this section, except that:

5 (A) The governor or the governor's designee and an exclusive
6 bargaining representative shall negotiate one master collective
7 bargaining agreement for all of the bargaining units of employees of
8 a university or college that the representative represents; or

9 (B) If the parties mutually agree, the governor or the governor's

11 one master collective bargaining agreement for all of the bargaining
12 units of employees of more than one university or college that the

19 institutions of higher education or their designees shall consult
20 with the director of the office of financial management regarding
21 financial and budgetary issues that are likely to arise in the
22 impending negotiations.

23 (c)(i) In the case of bargaining agreements reached between
24 institutions of higher education other than the University of
25 Washington and exclusive bargaining representatives agreed to under
26 the provisions of this chapter, if appropriations are necessary to
27 implement the compensation and fringe benefit provisions of the
28 bargaining agreements, the governor shall submit a request for such
29 funds to the legislature according to the provisions of subsection

36 of a bargaining agreement, the governor shall submit a request for
37 such funds to the legislature according to the provisions of
38 subsection (3) of this section, except as provided in this subsection
39 (4)(c)(ii) and as provided in (c)(iii) of this subsection.

18 feasible financially for the state, the parties shall enter into
19 collective bargaining solely for the purpose of reaching a mutually
20 agreed upon modification of the agreement necessary to address the
21 absence of those requested funds. The legislature may act upon the
22 compensation and fringe benefit provisions of the modified collective
23 bargaining agreement if those provisions are agreed upon and

38 shortfall occurs resulting in reduced appropriations, as declared by
39 proclamation of the governor or by resolution of the legislature,

1 both parties shall immediately enter into collective bargaining for a
2 mutually agreed upon modification of the agreement.

3 (6) After the expiration date of a collective bargaining
4 agreement negotiated under this chapter, all of the terms and
5 conditions specified in the collective bargaining agreement remain in
6 effect until the effective date of a subsequently negotiated
7 agreement, not to exceed one year from the expiration date stated in
8 the agreement. Thereafter, the employer may unilaterally implement
9 according to law.

2 or her parent pursuant to chapter 13.34 RCW and who has a kin
3 relationship to that child pursuant to RCW 74.13.600.

4 (b) "Parent ally" has the same meaning as provided in RCW
5 2.70.060.

6 (9) This section expires June 30, (~~(2022)~~) 2023.

7 **Sec. 991.** RCW 74.46.485 and 2017 c 286 s 1 are each amended to
8 read as follows:

9 (1) The legislature recognizes that staff and resources needed to
10 adequately care for individuals with cognitive or behavioral
11 impairments is not limited to support for activities of daily living.
12 Therefore, the department shall:

13 (a) Employ the resource utilization group IV case mix
14 classification methodology. The department shall use the fifty-seven
15 group index maximizing model for the resource utilization group IV
16 grouper version MDS 3.05, but in the 2021-2023 biennium the
17 department may revise or update the (~~(classification)~~) methodology
18 used to establish case mix classifications to reflect advances or
19 refinements in resident assessment or classification, (~~(subject to~~
20 ~~federal requirements)~~) as made available by the federal government.
21 The department may adjust by no more than thirteen percent the case
22 mix index for resource utilization group categories beginning with
23 PA1 through PB2 to any case mix index that aids in achieving the
24 purpose and intent of RCW 74.39A.007 and cost-efficient care,
25 excluding behaviors, and allowing for exceptions for limited
26 placement options; and

27 (b) Implement minimum data set 3.0 under the authority of this
28 section. The department must notify nursing home contractors twenty-
29 eight days in advance the date of implementation of the minimum data
30 set 3.0. In the notification, the department must identify for all
31 semiannual rate settings following the date of minimum data set 3.0
32 implementation a previously established semiannual case mix
33 adjustment established for the semiannual rate settings that will be
34 used for semiannual case mix calculations in direct care until
35 minimum data set 3.0 is fully implemented.

36 (2) The department is authorized to adjust upward the weights for
37 resource utilization groups BA1-BB2 related to cognitive or
38 behavioral health to ensure adequate access to appropriate levels of
39 care.

1 (3) A default case mix group shall be established for cases in
2 which the resident dies or is discharged for any purpose prior to
3 completion of the resident's initial assessment. The default case mix
4 group and case mix weight for these cases shall be designated by the
5 department.

6 (4) A default case mix group may also be established for cases in
7 which there is an untimely assessment for the resident. The default
8 case mix group and case mix weight for these cases shall be
9 designated by the department.

10 **Sec. 992.** RCW 74.46.501 and 2016 c 131 s 5 are each amended to
11 read as follows:

12 (1) From individual case mix weights for the applicable quarter,
13 the department shall determine two average case mix indexes for each
14 medicaid nursing facility, one for all residents in the facility,
15 known as the facility average case mix index, and one for medicaid
16 residents, known as the medicaid average case mix index.

17 (2)(a) In calculating a facility's two average case mix indexes
18 for each quarter, the department shall include all residents or
19 medicaid residents, as applicable, who were physically in the
20 facility during the quarter in question based on the resident
21 assessment instrument completed by the facility and the requirements
22 and limitations for the instrument's completion and transmission
23 (January 1st through March 31st, April 1st through June 30th, July
24 1st through September 30th, or October 1st through December 31st).

25 (b) The facility average case mix index shall exclude all default
26 cases as defined in this chapter. However, the medicaid average case
27 mix index shall include all default cases.

28 (3) Both the facility average and the medicaid average case mix
29 indexes shall be determined by multiplying the case mix weight of
30 each resident, or each medicaid resident, as applicable, by the
31 number of days, as defined in this section and as applicable, the
32 resident was at each particular case mix classification or group, and
33 then averaging.

34 (4) In determining the number of days a resident is classified
35 into a particular case mix group, the department shall determine a
36 start date for calculating case mix grouping periods as specified by
37 rule.

38 (5) The cutoff date for the department to use resident assessment
39 data, for the purposes of calculating both the facility average and

1 the medicaid average case mix indexes, and for establishing and
2 updating a facility's direct care component rate, shall be one month
3 and one day after the end of the quarter for which the resident
4 assessment data applies.

5 (6) (a) Although the facility average and the medicaid average
6 case mix indexes shall both be calculated quarterly, the cost-
7 rebasing period facility average case mix index will be used
8 throughout the applicable cost-rebasing period in combination with
9 cost report data as specified by RCW 74.46.561, to establish a
10 facility's allowable cost per case mix unit. To allow for the
11 transition to minimum data set 3.0 and implementation of resource
12 utilization group IV for July 1, 2015, through June 30, 2016, the
13 department shall calculate rates using the medicaid average case mix
14 scores effective for January 1, 2015, rates adjusted under RCW
15 74.46.485(1) (a), and the scores shall be increased each six months
16 during the transition period by one-half of one percent. The July 1,
17 2016, direct care cost per case mix unit shall be calculated by
18 utilizing 2014 direct care costs, patient days, and 2014 facility
19 average case mix indexes based on the minimum data set 3.0 resource
20 utilization group IV grouper 57. Otherwise, a facility's medicaid
21 average case mix index shall be used to update a nursing facility's
22 direct care component rate semiannually.

23 (b) ~~((The))~~ Except during the 2021-2023 fiscal biennium, the
24 facility average case mix index used to establish each nursing
25 facility's direct care component rate shall be based on an average of
26 calendar quarters of the facility's average case mix indexes from the
27 four calendar quarters occurring during the cost report period used
28 to rebase the direct care component rate allocations as specified in
29 RCW 74.46.561.

30 (c) ~~((The))~~ Except during the 2021-2023 fiscal biennium, the
31 medicaid average case mix index used to update or recalibrate a
32 nursing facility's direct care component rate semiannually shall be
33 from the calendar six-month period commencing nine months prior to
34 the effective date of the semiannual rate. For example, July 1, 2010,
35 through December 31, 2010, direct care component rates shall utilize
36 case mix averages from the October 1, 2009, through March 31, 2010,
37 calendar quarters, and so forth.

38 (d) The department shall establish a methodology to use the case
39 mix to set the direct care component in the 2021-2023 fiscal
40 biennium.

1 **Sec. 993.** RCW 74.46.561 and 2020 c 357 s 918 are each amended to
2 read as follows:

3 (1) The legislature adopts a new system for establishing nursing
4 home payment rates beginning July 1, 2016. Any payments to nursing
5 homes for services provided after June 30, 2016, must be based on the
6 new system. The new system must be designed in such a manner as to
7 decrease administrative complexity associated with the payment
8 methodology, reward nursing homes providing care for high acuity
9 residents, incentivize quality care for residents of nursing homes,
10 and establish minimum staffing standards for direct care.

11 (2) The new system must be based primarily on industry-wide
12 costs, and have three main components: Direct care, indirect care,
13 and capital.

14 (3) The direct care component must include the direct care and
15 therapy care components of the previous system, along with food,
16 laundry, and dietary services. Direct care must be paid at a fixed
17 rate, based on one hundred percent or greater of statewide case mix
18 neutral median costs, but for fiscal year 2023 shall be ((set))
19 capped so that a nursing home provider's direct care rate does not
20 exceed one hundred ((eighteen)) thirty percent of its base year's
21 direct care allowable costs except if the provider is below the
22 minimum staffing standard established in RCW 74.42.360(2). The
23 legislature intends to remove the cap on direct care rates by June
24 30, 2027. Direct care must be performance-adjusted for acuity every
25 six months, using case mix principles. Direct care must be regionally
26 adjusted using countywide wage index information available through
27 the United States department of labor's bureau of labor statistics.
28 There is no minimum occupancy for direct care. The direct care
29 component rate allocations calculated in accordance with this section
30 must be adjusted to the extent necessary to comply with RCW
31 74.46.421.

32 (4) The indirect care component must include the elements of
33 administrative expenses, maintenance costs, and housekeeping services
34 from the previous system. A minimum occupancy assumption of ninety
35 percent must be applied to indirect care. Indirect care must be paid
36 at a fixed rate, based on ninety percent or greater of statewide
37 median costs. The indirect care component rate allocations calculated
38 in accordance with this section must be adjusted to the extent
39 necessary to comply with RCW 74.46.421.

1 (5) The capital component must use a fair market rental system to
2 set a price per bed. The capital component must be adjusted for the
3 age of the facility, and must use a minimum occupancy assumption of
4 ninety percent.

5 (a) Beginning July 1, 2016, the fair rental rate allocation for
6 each facility must be determined by multiplying the allowable nursing
7 home square footage in (c) of this subsection by the RSMeans rental
8 rate in (d) of this subsection and by the number of licensed beds
9 yielding the gross unadjusted building value. An equipment allowance
10 of ten percent must be added to the unadjusted building value. The
11 sum of the unadjusted building value and equipment allowance must
12 then be reduced by the average age of the facility as determined by
13 (e) of this subsection using a depreciation rate of one and one-half
14 percent. The depreciated building and equipment plus land valued at
15 ten percent of the gross unadjusted building value before
16 depreciation must then be multiplied by the rental rate at seven and
17 one-half percent to yield an allowable fair rental value for the
18 land, building, and equipment.

19 (b) The fair rental value determined in (a) of this subsection
20 must be divided by the greater of the actual total facility census
21 from the prior full calendar year or imputed census based on the
22 number of licensed beds at ninety percent occupancy.

23 (c) For the rate year beginning July 1, 2016, all facilities must
24 be reimbursed using four hundred square feet. For the rate year
25 beginning July 1, 2017, allowable nursing facility square footage
26 must be determined using the total nursing facility square footage as
27 reported on the medicaid cost reports submitted to the department in
28 compliance with this chapter. The maximum allowable square feet per
29 bed may not exceed four hundred fifty.

30 (d) Each facility must be paid at eighty-three percent or greater
31 of the median nursing facility RSMeans construction index value per
32 square foot. The department may use updated RSMeans construction
33 index information when more recent square footage data becomes
34 available. The statewide value per square foot must be indexed based
35 on facility zip code by multiplying the statewide value per square
36 foot times the appropriate zip code based index. For the purpose of
37 implementing this section, the value per square foot effective July
38 1, 2016, must be set so that the weighted average fair rental value
39 rate is not less than ten dollars and eighty cents per patient day.
40 The capital component rate allocations calculated in accordance with

1 this section must be adjusted to the extent necessary to comply with
2 RCW 74.46.421.

3 (e) The average age is the actual facility age reduced for
4 significant renovations. Significant renovations are defined as those
5 renovations that exceed two thousand dollars per bed in a calendar
6 year as reported on the annual cost report submitted in accordance
7 with this chapter. For the rate beginning July 1, 2016, the
8 department shall use renovation data back to 1994 as submitted on
9 facility cost reports. Beginning July 1, 2016, facility ages must be
10 reduced in future years if the value of the renovation completed in
11 any year exceeds two thousand dollars times the number of licensed
12 beds. The cost of the renovation must be divided by the accumulated
13 depreciation per bed in the year of the renovation to determine the
14 equivalent number of new replacement beds. The new age for the
15 facility is a weighted average with the replacement bed equivalents
16 reflecting an age of zero and the existing licensed beds, minus the
17 new bed equivalents, reflecting their age in the year of the
18 renovation. At no time may the depreciated age be less than zero or
19 greater than forty-four years.

20 (f) A nursing facility's capital component rate allocation must
21 be rebased annually, effective July 1, 2016, in accordance with this
22 section and this chapter.

23 (g) For the purposes of this subsection (5), "RSMeans" means
24 building construction costs data as published by Gordian.

25 (6) A quality incentive must be offered as a rate enhancement
26 beginning July 1, 2016.

27 (a) An enhancement no larger than five percent and no less than
28 one percent of the statewide average daily rate must be paid to
29 facilities that meet or exceed the standard established for the
30 quality incentive. All providers must have the opportunity to earn
31 the full quality incentive payment.

32 (b) The quality incentive component must be determined by
33 calculating an overall facility quality score composed of four to six
34 quality measures. For fiscal year 2017 there shall be four quality
35 measures, and for fiscal year 2018 there shall be six quality
36 measures. Initially, the quality incentive component must be based on
37 minimum data set quality measures for the percentage of long-stay
38 residents who self-report moderate to severe pain, the percentage of
39 high-risk long-stay residents with pressure ulcers, the percentage of
40 long-stay residents experiencing one or more falls with major injury,

1 and the percentage of long-stay residents with a urinary tract
2 infection. Quality measures must be reviewed on an annual basis by a
3 stakeholder work group established by the department. Upon review,
4 quality measures may be added or changed. The department may risk
5 adjust individual quality measures as it deems appropriate.

6 (c) The facility quality score must be point based, using at a
7 minimum the facility's most recent available three-quarter average
8 centers for medicare and medicaid services quality data. Point
9 thresholds for each quality measure must be established using the
10 corresponding statistical values for the quality measure point
11 determinants of eighty quality measure points, sixty quality measure
12 points, forty quality measure points, and twenty quality measure
13 points, identified in the most recent available five-star quality
14 rating system technical user's guide published by the ((center[s]))
15 centers for medicare and medicaid services.

16 (d) Facilities meeting or exceeding the highest performance
17 threshold (top level) for a quality measure receive twenty-five
18 points. Facilities meeting the second highest performance threshold
19 receive twenty points. Facilities meeting the third level of
20 performance threshold receive fifteen points. Facilities in the
21 bottom performance threshold level receive no points. Points from all
22 quality measures must then be summed into a single aggregate quality
23 score for each facility.

24 (e) Facilities receiving an aggregate quality score of eighty
25 percent of the overall available total score or higher must be placed
26 in the highest tier (tier V), facilities receiving an aggregate score
27 of between seventy and seventy-nine percent of the overall available
28 total score must be placed in the second highest tier (tier IV),
29 facilities receiving an aggregate score of between sixty and sixty-
30 nine percent of the overall available total score must be placed in
31 the third highest tier (tier III), facilities receiving an aggregate
32 score of between fifty and fifty-nine percent of the overall
33 available total score must be placed in the fourth highest tier (tier
34 II), and facilities receiving less than fifty percent of the overall
35 available total score must be placed in the lowest tier (tier I).

36 (f) The tier system must be used to determine the amount of each
37 facility's per patient day quality incentive component. The per
38 patient day quality incentive component for tier IV is seventy-five
39 percent of the per patient day quality incentive component for tier
40 V, the per patient day quality incentive component for tier III is

1 fifty percent of the per patient day quality incentive component for
2 tier V, and the per patient day quality incentive component for tier
3 II is twenty-five percent of the per patient day quality incentive
4 component for tier V. Facilities in tier I receive no quality
5 incentive component.

6 (g) Tier system payments must be set in a manner that ensures
7 that the entire biennial appropriation for the quality incentive
8 program is allocated.

9 (h) Facilities with insufficient three-quarter average centers
10 for medicare and medicaid services quality data must be assigned to
11 the tier corresponding to their five-star quality rating. Facilities
12 with a five-star quality rating must be assigned to the highest tier
13 (tier V) and facilities with a one-star quality rating must be
14 assigned to the lowest tier (tier I). The use of a facility's five-
15 star quality rating shall only occur in the case of insufficient
16 centers for medicare and medicaid services minimum data set
17 information.

18 (i) The quality incentive rates must be adjusted semiannually on
19 July 1 and January 1 of each year using, at a minimum, the most
20 recent available three-quarter average centers for medicare and
21 medicaid services quality data.

22 (j) Beginning July 1, 2017, the percentage of short-stay
23 residents who newly received an antipsychotic medication must be
24 added as a quality measure. The department must determine the quality
25 incentive thresholds for this quality measure in a manner consistent
26 with those outlined in (b) through (h) of this subsection using the
27 centers for medicare and medicaid services quality data.

28 (k) Beginning July 1, 2017, the percentage of direct care staff
29 turnover must be added as a quality measure using the centers for
30 medicare and medicaid services' payroll-based journal and nursing
31 home facility payroll data. Turnover is defined as an employee
32 departure. The department must determine the quality incentive
33 thresholds for this quality measure using data from the centers for
34 medicare and medicaid services' payroll-based journal, unless such
35 data is not available, in which case the department shall use direct
36 care staffing turnover data from the most recent medicaid cost
37 report.

38 (7) Reimbursement of the safety net assessment imposed by chapter
39 74.48 RCW and paid in relation to medicaid residents must be
40 continued.

1 (8) (a) The direct care and indirect care components must be
2 rebased in even-numbered years, beginning with rates paid on July 1,
3 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
4 year cost report. On a percentage basis, after rebasing, the
5 department must confirm that the statewide average daily rate has
6 increased at least as much as the average rate of inflation, as
7 determined by the skilled nursing facility market basket index
8 published by the centers for medicare and medicaid services, or a
9 comparable index. If after rebasing, the percentage increase to the
10 statewide average daily rate is less than the average rate of
11 inflation for the same time period, the department is authorized to
12 increase rates by the difference between the percentage increase
13 after rebasing and the average rate of inflation.

14 (b) It is the intention of the legislature that direct and
15 indirect care rates paid in fiscal year 2022 will be rebased using
16 the calendar year 2019 cost reports. For fiscal year 2021, in
17 addition to the rates generated by (a) of this subsection, an
18 additional adjustment is provided as established in this subsection
19 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the
20 calendar year costs must be adjusted for inflation by a twenty-four
21 month consumer price index, based on the most recently available
22 monthly index for all urban consumers, as published by the bureau of
23 labor statistics. It is also the intent of the legislature that,
24 starting in fiscal year 2022, a facility-specific rate add-on equal
25 to the inflation adjustment that facilities received solely in fiscal
26 year 2021, must be added to the rate.

27 (c) To determine the necessity of regular inflationary
28 adjustments to the nursing facility rates, by December 1, 2020, the
29 department shall provide the appropriate policy and fiscal committees
30 of the legislature with a report that provides a review of rates paid
31 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
32 facilities.

33 (9) The direct care component provided in subsection (3) of this
34 section is subject to the reconciliation and settlement process
35 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
36 rules established by the department, funds that are received through
37 the reconciliation and settlement process provided in RCW
38 74.46.022(6) must be used for technical assistance, specialized
39 training, or an increase to the quality enhancement established in
40 subsection (6) of this section. The legislature intends to review the

1 utility of maintaining the reconciliation and settlement process
2 under a price-based payment methodology, and may discontinue the
3 reconciliation and settlement process after the 2017-2019 fiscal
4 biennium.

5 (10) Compared to the rate in effect June 30, 2016, including all
6 cost components and rate add-ons, no facility may receive a rate
7 reduction of more than one percent on July 1, 2016, more than two
8 percent on July 1, 2017, or more than five percent on July 1, 2018.
9 To ensure that the appropriation for nursing homes remains cost
10 neutral, the department is authorized to cap the rate increase for
11 facilities in fiscal years 2017, 2018, and 2019.

12 **Sec. 994.** RCW 79.64.040 and 2019 c 415 s 984 are each amended to
13 read as follows:

14 (1) The board shall determine the amount deemed necessary in
15 order to achieve the purposes of this chapter and shall provide by
16 rule for the deduction of this amount from the moneys received from
17 all leases, sales, contracts, licenses, permits, easements, and
18 rights-of-way issued by the department and affecting state lands and
19 aquatic lands, except as provided in RCW 79.64.130, provided that no
20 deduction shall be made from the proceeds from agricultural college
21 lands.

22 (2) Moneys received as deposits from successful bidders, advance
23 payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150
24 prior to December 1, 1981, which have not been subjected to deduction
25 under this section are not subject to deduction under this section.

26 (3) Except as otherwise provided in subsection (5) of this
27 section, the deductions authorized under this section shall not
28 exceed twenty-five percent of the moneys received by the department
29 in connection with any one transaction pertaining to state lands and
30 aquatic lands other than second-class tide and shore lands and the
31 beds of navigable waters, and fifty percent of the moneys received by
32 the department pertaining to second-class tide and shore lands and
33 the beds of navigable waters.

34 (4) In the event that the department sells logs using the
35 contract harvesting process described in RCW 79.15.500 through
36 79.15.530, the moneys received subject to this section are the net
37 proceeds from the contract harvesting sale.

1 (5) During the 2015-2017, 2017-2019, (~~and~~) 2019-2021, and
2 2021-2023 fiscal biennia, the board may increase the twenty-five
3 percent limitation up to thirty-two percent.

4 **Sec. 995.** RCW 79.64.110 and 2019 c 415 s 985 and 2019 c 309 s 1
5 are each reenacted and amended to read as follows:

6 (1) Any moneys derived from the lease of state forestlands or
7 from the sale of valuable materials, oils, gases, coal, minerals, or
8 fossils from those lands, except as provided in RCW 79.64.130, or the
9 appraised value of these resources when transferred to a public
10 agency under RCW 79.22.060, except as provided in RCW 79.22.060(4),
11 must be distributed as follows:

12 (a) For state forestlands acquired through RCW 79.22.040 or by
13 exchange for lands acquired through RCW 79.22.040:

14 (i) The expense incurred by the state for administration,
15 reforestation, and protection, not to exceed twenty-five percent,
16 which rate of percentage shall be determined by the board, must be
17 returned to the forest development account created in RCW 79.64.100.
18 During the 2017-2019 (~~and~~), 2019-2021, and 2021-2023 fiscal
19 biennia, the board may increase the twenty-five percent limitation up
20 to twenty-seven percent.

21 (ii) Any balance remaining must be paid to the county in which
22 the land is located or, for counties participating in a land pool
23 created under RCW 79.22.140, to each participating county
24 proportionate to its contribution of asset value to the land pool as
25 determined by the board. Payments made under this subsection are to
26 be paid, distributed, and prorated, except as otherwise provided in
27 this section, to the various funds in the same manner as general
28 taxes are paid and distributed during the year of payment. However,
29 in order to test county flexibility in distributing state forestland
30 revenue, a county may in its discretion pay, distribute, and prorate
31 payments made under this subsection of moneys derived from state
32 forestlands acquired by exchange between July 28, 2019, and June 30,
33 2020, for lands acquired through RCW 79.22.040, within the same
34 county, in the same manner as general taxes are paid and distributed
35 during the year of payment for the former state forestlands that were
36 subject to the exchange.

37 (iii) Any balance remaining, paid to a county with a population
38 of less than sixteen thousand, must first be applied to the reduction

1 of any indebtedness existing in the current expense fund of the
2 county during the year of payment.

3 (iv) With regard to moneys remaining under this subsection
4 (1)(a), within seven working days of receipt of these moneys, the
5 department shall certify to the state treasurer the amounts to be
6 distributed to the counties. The state treasurer shall distribute
7 funds to the counties four times per month, with no more than ten
8 days between each payment date.

9 (b) For state forestlands acquired through RCW 79.22.010 or by
10 exchange for lands acquired through RCW 79.22.010, except as provided
11 in RCW 79.64.120:

12 (i) Fifty percent shall be placed in the forest development
13 account.

14 (ii) Fifty percent shall be prorated and distributed to the state
15 general fund, to be dedicated for the benefit of the public schools,
16 to the county in which the land is located or, for counties
17 participating in a land pool created under RCW 79.22.140, to each
18 participating county proportionate to its contribution of asset value
19 to the land pool as determined by the board, and according to the

31 account from the general fund the sum of twenty-three million two
32 hundred thousand dollars divided into four equal deposits occurring
33 on July 1, October 1, January 1, and April 1. For each fiscal year
34 thereafter, the state treasurer must increase the total transfer by
35 the fiscal growth factor, as defined in RCW 43.135.025, forecast for
36 that fiscal year by the office of financial management in November of
37 the preceding year.

38 (2) The moneys deposited in the county criminal justice

29 subsection. Future distributions must be based on the most recent
30 figures for both the crime rate as described under (ii) of this
31 subsection and the annual number of criminal cases that are filed as
32 described under (iii) of this subsection.

33 (3) Moneys distributed under this section must be expended

26 to read as follows:

27 (1) The water pollution control revolving administration account
28 is created in the state treasury. All receipts from charges
29 authorized in this section must be deposited in the account. Moneys
30 in the account may be spent only after appropriation. Expenditures
31 from the account may be used only in a manner consistent with this
32 section.

33 (2) The department is authorized to assess administration charges
34 as a portion of the debt service for loans issued under the water
35 pollution control revolving fund created in RCW 90.50A.020. The sole
36 purpose of assessing administration charges is to predictably and
37 adequately fund the department's costs of administering the water
38 pollution control revolving fund loan program, as identified in
39 subsection (5) of this section. The department must assess

1 administration charges on each water pollution control revolving fund
2 loan at the point the loan enters repayment status, after July 28,
3 2013, and rule changes are adopted to implement the administration
4 charge. Loans that are at an interest rate below the established
5 administration charge rate are exempt from the administration charge.

6 (3) The water pollution control revolving administration account
7 consists of:

8 (a) Any administration charge levied by the department in
9 conjunction with administration of the water pollution control
10 revolving fund; and

11 (b) Any other revenues derived from gifts, grants, or bequests
12 pledged to the state for the purpose of administering the water
13 pollution control revolving fund.

14 (4) The state treasurer may invest and reinvest moneys in the
15 water pollution control revolving administration account in the
16 manner provided by law. All earnings from such investment and
17 reinvestment must be credited to the water pollution control
18 revolving administration account.

19 (5) Moneys in the water pollution control revolving
20 administration account are to be used for the following water
21 pollution control revolving fund loan program costs:

22 (a) Administration costs associated with conducting application
23 processes, managing contracts, collecting loan repayments, managing
24 the revolving fund, providing technical assistance, and meeting state
25 and federal reporting requirements; and

26 (b) Information and data system costs associated with loan
27 tracking and fund management.

28 (6) Each biennium, the department may spend from the water
29 pollution control revolving administration account an amount no
30 greater than four percent of the water pollution control revolving
31 fund new capital appropriation.

32 (7) For its 2017-2019 biennial operating budget submittal, and
33 every biennium thereafter, the department must compare the projected
34 water pollution control revolving administration account balance and
35 the projected administration charge income with projected program
36 costs, including an adequate working capital reserve as defined by
37 the office of financial management. In its submittal to the office of
38 financial management, the department may:

39 (a) Find that the projected administration charge income is
40 inadequate to fund the cost of administering the program, and that

1 the rate of the charge must be increased. However, the administration
2 charge may never exceed one percent on the declining principal loan
3 balance;

4 (b) Find that the projected administration charge income exceeds
5 what is needed to fund the cost of administering the program, and
6 that the rate of the charge must be decreased;

7 (c) Find that there is an excess balance in the revolving
8 administration account, and that the excess must be transferred to
9 the water pollution control revolving fund to be used for loans; or

10 (d) Find that there is no need for any rate adjustments or
11 balance transfers.

12 (8) At the point where the water pollution control revolving
13 administration account adequately covers the program administration
14 costs, the department may no longer use the federal administration
15 allowance. If a federal capitalization grant is awarded after that
16 point, all federal capitalization dollars must be used for making
17 loans.

18 (9) By December 1, 2018, the department must submit to the
19 appropriate legislative fiscal committees a report on implementation
20 of the administration charge, including information on: The amount of
21 income the administration charge has produced since its inception;
22 the uses and adequacy of the income for administrative costs; any
23 excess balances that have been transferred to the water pollution
24 control revolving fund; and any additional sources that the
25 department is using for program administration.

26 (10) During the 2019-2021 and 2021-2023 fiscal (~~biennium~~)
27 biennia, the legislature may direct the state treasurer to make
28 transfers of moneys in the water pollution control revolving
29 administration account to the water pollution control revolving
30 (~~account-[fund]~~) fund.

1 for implementation of this act. The appropriation in this section
2 constitutes a loan from the general fund to the gambling revolving
3 account that must be repaid with net interest by June 30, ((2021))
4 2023.

5 **Sec. 1004.** RCW 43.70.--- and 2021 c 3 s 19 are each amended to
6 read as follows:

7 (1) The COVID-19 public health response account is created in the
8 custody of the state treasurer. The account shall consist of funds
9 appropriated by the legislature and grants received by the department
10 of health for activities in response to the coronavirus pandemic
11 (COVID-19). Only the secretary, or the secretary's designee, may
12 authorize expenditures from the account for costs related to the
13 public health response to COVID-19, subject to any limitations
14 imposed by grant funding deposited into the account. The COVID-19
15 public health response account is subject to allotment procedures
16 under chapter 43.88 RCW, but an appropriation is not required for
17 expenditures.

18 (2)(a) The legislature finds that a safe, efficient, and
19 effective delivery of vaccinations is of the utmost importance for
20 restoring societal and economic functions. As we learn more about the
21 virus, the vaccine, and challenges to vaccine allocation and
22 distribution, it is anticipated that the state's COVID-19 vaccination
23 distribution plan will evolve. To that end, the legislature has
24 provided flexibility by funding ((~~vaccine expenditure~~)) expenditures
25 for testing, contact tracing, mitigation activities, vaccine
26 administration and distribution, and other allowable uses for the
27 state, local health jurisdictions, and tribes at the discretion of
28 the secretary and without an appropriation. However, to maintain
29 fiscal control and to ensure spending priorities align, the
30 department is required to collaborate and communicate with the chairs
31 and ranking members of the health care and fiscal committees of the
32 legislature and local health jurisdictions in advance of any
33 significant revision of the state's COVID-19 vaccination plan and to
34 provide regular updates on its implementation and spending.

35 (b) As part of the public health response to COVID-19, the
36 expenditures from the account must be used to effectively administer
37 the vaccine for COVID-19 and conduct testing and contact tracing. The
38 department must ensure that COVID-19 outreach is accessible,

1 culturally and linguistically appropriate, and that it includes
2 community-driven partnerships and strategies.

3 (c) When making expenditures for administering the vaccine for
4 COVID-19, the department must focus on identifying persons for
5 vaccination, prioritizing underserved, underrepresented, and hard-to-
6 reach communities, making the vaccine accessible, and providing
7 support to schools for safe reopening. Strategies for vaccine
8 distribution shall include the establishment and expansion of
9 community vaccination centers, mobile vaccination units, reporting
10 enhancements, in-home visits for vaccinations for the elderly, and
11 transportation of individuals to vaccination sites.

12 (d) When making expenditures regarding testing and contact
13 tracing, the department must provide equitable access, prioritize
14 underserved, underrepresented, and hard-to-reach communities, and
15 provide support and resources to facilitate the safe reopening of
16 schools while minimizing community spread of the virus.

17 (e) The department may also make expenditures from the account
18 related to developing the public health workforce using funds granted
19 by the federal government for that purpose in section 2501, the
20 American rescue plan act of 2021, P.L. 117-2.

21 (3) When making expenditures from the account, the department
22 must include an emphasis on public communication regarding the
23 availability and accessibility of the vaccine and testing, and the
24 importance of vaccine and testing availability to the safe reopening
25 of the state.

26 (4) (a) The department must report to the fiscal and health care
27 committees of the legislature on a monthly basis regarding its
28 COVID-19 response.

29 (b) To the extent that it is available, the report must include
30 data regarding vaccine distribution, testing, and contact tracing, as
31 follows:

32 (i) The number of vaccines administered per day, including
33 regional data regarding the location and age groups of persons
34 receiving the vaccine, specifically identifying hard-to-reach
35 communities in which vaccines were administered; and

36 (ii) The number of tests conducted per week, including data
37 specifically addressing testing conducted in hard-to-reach
38 communities.

39 (c) The first monthly report is due no later than one month from
40 February 19, 2021. Monthly reports are no longer required upon the

1 department's determination that the remaining balance of the COVID-19
2 response account is less than \$100,000.

5 must give preference for applications based on some or all of the
6 criteria in RCW 43.185.070(5).

7 (c) The appropriations in this subsection are subject to the
8 reporting requirements in section 1029 (3) and (4), chapter 413, Laws
9 of 2019.

10 (~~(118)~~) (109)(a) (~~(\$10,000,000)~~) \$210,000 of the Washington
11 housing trust account—state appropriation is provided solely for the
12 preservation of affordable multifamily housing at risk of losing
13 affordability due to expiration of use restrictions that otherwise
14 require affordability including, but not limited to, United States
15 department of agriculture funded multifamily housing.

16 (b) Within the amount provided in this subsection, the department
17 must implement necessary procedures no later than July 1, 2020, to
18 enable rapid commitment of funds on a first-come, first-served basis
19 to qualifying project proposals that satisfy the goal of long-term
20 preservation of Washington's affordable multifamily housing stock,
21 particularly in rural areas of the state.

22 (c) The department must adhere to the following award terms and
23 procedures for the rapid response program created under (b) of this
24 subsection:

26 periods in RCW 43.185.070 or 43.185A.050.

27 (ii) Awards must be in the form of a recoverable grant with a
28 forty-year low income housing covenant on the land.

29 (iii) If a capital needs assessment is required, the department
30 must work with the applicant to ensure that this does not create an
31 unnecessary impediment to rapidly accessing these funds.

32 (iv) Awards may be used for acquisition or for acquisition and
33 rehabilitation of properties to preserve the affordable housing units
34 beyond existing use restrictions and keep them in Washington's
35 housing portfolio.

36 (v) No single award may exceed \$2,500,000, although the
37 department must consider waivers of this award cap if an applicant
38 demonstrates sufficient need.

39 (vi) The award limit in (c)(v) of this subsection may only be
40 applied to the use of awards provided under this subsection. The

1 amount awarded under this subsection may not be calculated in award
2 limitations for other housing trust fund awards.

3 (vii) If the department receives simultaneous applications for
4 funding under this program, proposals that reach the greatest public
5 benefit, as defined by the department, must be prioritized. For
6 purposes of this subsection, "greatest public benefit" includes, but
7 is not limited to:

8 (A) The greatest number of units that will be preserved;

9 (B) Whether the project has federally funded rental assistance

23 preservation, and system replacements, necessary for the existing
24 housing trust fund portfolio to maintain long-term viability. The
25 department must require a capital needs assessment to be provided
26 prior to contract execution. Funds may not be used to add or expand
27 the capacity of the property.

28 (c) To allocate preservation funds, the department must review
29 applications and evaluate projects based on the following criteria:

30 (i) The age of the property, with priority given to buildings
31 that are more than fifteen years old;

32 (ii) The population served, with priority given to projects with
33 at least fifty percent of the housing units being occupied by

37 improvements will result in a reduction of operating or utilities
38 costs, or both;

39 (iv) The potential for additional years added to the
40 affordability period of the property; and

1 (v) Other criteria that the department considers necessary to
2 achieve the purpose of this program.

4 **Sec. 1201.** 2020 c 357 s 201 (uncodified) is amended to read as
5 follows:

6 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

7 (1) The appropriations to the department of social and health
8 services in this act shall be expended for the programs and in the
9 amounts specified in this act. Appropriations made in this act to the
10 department of social and health services shall initially be allotted
11 as required by this act. Subsequent allotment modifications shall not
12 include transfers of moneys between sections of this act except as
13 expressly provided in this act, nor shall allotment modifications
14 permit moneys that are provided solely for a specified purpose to be
15 used for other than that purpose.

16 (2) The department of social and health services shall not
17 initiate any services that require expenditure of state general fund
18 moneys unless expressly authorized in this act or other law. The
19 department may seek, receive, and spend, under RCW 43.79.260 through
20 43.79.282, federal moneys not anticipated in this act as long as the
21 federal funding does not require expenditure of state moneys for the
22 program in excess of amounts anticipated in this act. If the
23 department receives unanticipated unrestricted federal moneys, those
24 moneys shall be spent for services authorized in this act or in any
25 other legislation providing appropriation authority, and an equal
26 amount of appropriated state general fund moneys shall lapse. Upon
27 the lapsing of any moneys under this subsection, the office of
28 financial management shall notify the legislative fiscal committees.
29 As used in this subsection, "unrestricted federal moneys" includes
30 block grants and other funds that federal law does not require to be
31 spent on specifically defined projects or matched on a formula basis
32 by state funds.

33 (3) The legislature finds that medicaid payment rates, as
34 calculated by the department pursuant to the appropriations in this
35 act, bear a reasonable relationship to the costs incurred by
36 efficiently and economically operated facilities for providing
37 quality services and will be sufficient to enlist enough providers so
38 that care and services are available to the extent that such care and
39 services are available to the general population in the geographic

1 area. The legislature finds that cost reports, payment data from the
2 federal government, historical utilization, economic data, and
3 clinical input constitute reliable data upon which to determine the
4 payment rates.

5 (4) The department shall to the maximum extent practicable use
6 the same system for delivery of spoken-language interpreter services
7 for social services appointments as the one established for medical
8 appointments in the health care authority. When contracting directly
9 with an individual to deliver spoken language interpreter services,
10 the department shall only contract with language access providers who
11 are working at a location in the state and who are state-certified or
12 state-authorized, except that when such a provider is not available,
13 the department may use a language access provider who meets other
14 certifications or standards deemed to meet state standards, including
15 interpreters in other states.

16 (5) Information technology projects or investments and proposed
17 projects or investments impacting time capture, payroll and payment
18 processes and systems, eligibility, case management, and
19 authorization systems within the department of social and health
20 services are subject to technical oversight by the office of the
21 chief information officer.

22 (6) (a) The department shall facilitate enrollment under the
23 medicaid expansion for clients applying for or receiving state funded
24 services from the department and its contractors. Prior to open
25 enrollment, the department shall coordinate with the health care
26 authority to provide referrals to the Washington health benefit
27 exchange for clients that will be ineligible for medicaid.

28 (b) To facilitate a single point of entry across public and
29 medical assistance programs, and to maximize the use of federal
30 funding, the health care authority, the department of social and
31 health services, and the health benefit exchange will coordinate
32 efforts to expand HealthPlanfinder access to public assistance and
33 medical eligibility staff. The department shall complete medicaid
34 applications in the HealthPlanfinder for households receiving or
35 applying for public assistance benefits.

36 (7) The health care authority, the health benefit exchange, the
37 department of social and health services, the department of health,
38 and the department of children, youth, and families shall work
39 together within existing resources to establish the health and human
40 services enterprise coalition (the coalition). The coalition, led by

1 the health care authority, must be a multi-organization collaborative
2 that provides strategic direction and federal funding guidance for
3 projects that have cross-organizational or enterprise impact,
4 including information technology projects that affect organizations
5 within the coalition. By October 31, 2019, the coalition must submit
6 a report to the governor and the legislature that describes the
7 coalition's plan for projects affecting the coalition organizations.
8 The report must include any information technology projects impacting
9 coalition organizations and, in collaboration with the office of the
10 chief information officer, provide: (a) The status of any information
11 technology projects currently being developed or implemented that
12 affect the coalition; (b) funding needs of these current and future
13 information technology projects; and (c) next steps for the
14 coalition's information technology projects. The office of the chief
15 information officer shall maintain a statewide perspective when
16 collaborating with the coalition to ensure that the development of
17 projects identified in this report are planned for in a manner that
18 ensures the efficient use of state resources and maximizes federal
19 financial participation. The work of the coalition is subject to the
20 conditions, limitations, and review provided in section 701 of this
21 act.

22 (8) (a) The appropriations to the department of social and health
23 services in this act must be expended for the programs and in the
24 amounts specified in this act. However, after May 1, (~~2020~~) 2021,
25 unless prohibited by this act, the department may transfer general
26 fund—state, general fund—federal, or general fund—local
27 appropriations for fiscal year (~~2020~~) 2021 among programs and
28 subprograms after approval by the director of the office of financial
29 management. However, the department may not transfer state
30 appropriations that are provided solely for a specified purpose
31 except as expressly provided in (b) of this subsection.

32 (b) To the extent that transfers under (a) of this subsection are
33 insufficient to fund actual expenditures in excess of fiscal year
34 (~~2020~~) 2021 in response to the COVID-19 pandemic or caseload
35 forecasts and utilization assumptions in the long-term care,
36 developmental disabilities, and public assistance programs, the

1 department must also continue to update, in collaboration with the
2 office of financial management's labor relations office, the staffing
3 committees, and state labor unions, an overall state hospital

29 projects or investments impacting time capture, payroll and payment
30 processes and systems, eligibility, case management, and
31 authorization systems within the health care authority are subject to
32 technical oversight by the office of the chief information officer.

33 The health care authority shall not initiate any services that

36 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
37 federal moneys not anticipated in this act as long as the federal

2 authority receives unanticipated unrestricted federal moneys, those
3 moneys shall be spent for services authorized in this act or in any
4 other legislation providing appropriation authority, and an equal
5 amount of appropriated state general fund moneys shall lapse. Upon
6 the lapsing of any moneys under this subsection, the office of
7 financial management shall notify the legislative fiscal committees.
8 As used in this subsection, "unrestricted federal moneys" includes

22 a report to the governor and the legislature that describes the
23 coalition's plan for projects affecting the coalition organizations.
24 The report must include any information technology projects impacting
25 coalition organizations and, in collaboration with the office of the

5 approval from the director of the office of financial management. To
6 the extent that appropriations in sections 211 through 215 are
7 insufficient to fund actual expenditures in excess of caseload
8 forecast and utilization assumptions, the authority may transfer
9 general fund—state appropriations for fiscal year ((2020)) 2021 that
10 are provided solely for a specified purpose. The authority may also
11 transfer general fund—state appropriations for fiscal year 2020 that
12 are provided solely for a specified purpose within section 215 of

14 from assumptions related to the return of \$35,000,000 in general fund
15 —state behavioral health organization reserves in fiscal year

17 expenses in response to the COVID-19 pandemic in fiscal year 2021,
18 and the director of the office of financial management shall not
19 approve the transfer, unless the transfer is consistent with the
20 objective of conserving, to the maximum extent possible, the
21 expenditure of state funds. The director of the office of financial
22 management shall notify the appropriate fiscal committees of the
23 legislature in writing seven days prior to approving any allotment

22 (1) The authority shall not accept or expend any federal funds
23 received under a medicaid transformation waiver under healthier
24 Washington except as described in subsections (2) and (3) of this
25 section until specifically approved and appropriated by the
26 legislature. To ensure compliance with legislative directive budget
27 requirements and terms and conditions of the waiver, the authority
28 shall implement the waiver and reporting requirements with oversight
29 from the office of financial management. The legislature finds that
30 appropriate management of the innovation waiver requires better
31 analytic capability, transparency, consistency, timeliness, accuracy,
32 and lack of redundancy with other established measures and that the
33 patient must be considered first and foremost in the implementation
34 and execution of the demonstration waiver. In order to effectuate
35 these goals, the authority shall: (a) Require the Dr. Robert Bree
36 collaborative and the health technology assessment program to reduce
37 the administrative burden upon providers by only requiring
38 performance measures that are nonduplicative of other nationally
39 established measures. The joint select committee on health care

1 oversight will evaluate the measures chosen by the collaborative and
2 the health technology assessment program for effectiveness and
3 appropriateness; (b) develop a patient satisfaction survey with the
4 goal to gather information about whether it was beneficial for the
5 patient to use the center of excellence location in exchange for
6 additional out-of-pocket savings; (c) ensure patients and health care
7 providers have significant input into the implementation of the
8 demonstration waiver, in order to ensure improved patient health
9 outcomes; and (d) in cooperation with the department of social and
10 health services, consult with and provide notification of work on
11 applications for federal waivers, including details on waiver
12 duration, financial implications, and potential future impacts on the
13 state budget, to the joint select committee on health care oversight
14 prior to submitting waivers for federal approval. By federal
15 standard, the medicaid transformation demonstration waiver shall not
16 exceed the duration originally granted by the centers for medicare
17 and medicaid services and any programs created or funded by this
18 waiver do not create an entitlement. Beginning May 15, 2019, and
19 continuing through December 15, 2019, by the 15th of each month, the
20 director in consultation with the secretary shall report to the
21 fiscal chair of the appropriate committees of the legislature in the
22 manner and form requested the status of the medicaid transformation
23 waiver, including any anticipated or proposed changes to accruals or
24 expenditures.

25 (2) No more than (~~(\$153,357,000)~~) \$165,082,000 of the general
26 fund—federal appropriation and no more than (~~(\$86,190,000)~~)
27 \$112,949,000 of the general fund—local appropriation may be expended
28 for transformation through accountable communities of health
29 described in initiative 1 of the medicaid transformation
30 demonstration wavier under healthier Washington, including preventing
31 youth drug use, opioid prevention and treatment, and physical and
32 behavioral health integration. Under this initiative, the authority
33 shall take into account local input regarding community needs. In
34 order to ensure transparency to the appropriate fiscal committees of
35 the legislature, the authority shall provide fiscal staff of the
36 legislature query ability into any database of the fiscal
37 intermediary that authority staff would be authorized to access. The
38 authority shall not increase general fund—state expenditures under
39 this initiative. The director shall also report to the fiscal

1 committees of the legislature all of the expenditures under this
2 subsection and shall provide such fiscal data in the time, manner,
3 and form requested by the legislative fiscal committees. By December
4 15, 2019, the authority in collaboration with each accountable
5 community of health shall demonstrate how it will be self-sustaining
6 by the end of the demonstration waiver period, including sources of
7 outside funding, and provide this reporting to the joint select
8 committee on health care oversight. If by the third year of the
9 demonstration waiver there are not measurable, improved patient
10 outcomes and financial returns, the Washington state institute for
11 public policy will conduct an audit of the accountable communities of
12 health, in addition to the process set in place through the
13 independent evaluation required by the agreement with centers for
14 medicare and medicaid services.

15 (3) (a) No more than (~~(\$79,829,000)~~) \$67,896,000 of the general
16 fund—federal appropriation may be expended for supported housing and
17 employment services described in initiative 3a and 3b of the medicaid
18 transformation demonstration waiver under healthier Washington. Under
19 this initiative, the authority and the department of social and
20 health services shall ensure that allowable and necessary services
21 are provided to eligible clients as identified by the department or
22 its third party administrator. The authority and the department in
23 consultation with the medicaid forecast work group, shall ensure that
24 reasonable reimbursements are established for services deemed
25 necessary within an identified limit per individual. The authority
26 shall not increase general fund—state expenditures under this
27 initiative. The director shall report to the joint select committee
28 on health care oversight no less than quarterly on financial and
29 health outcomes. The director shall also report to the fiscal
30 committees of the legislature all of the expenditures of this
31 subsection and shall provide such fiscal data in the time, manner,
32 and form requested by the legislative fiscal committees.

33 (b) No more than (~~(\$89,476,000)~~) \$105,283,000 of the general fund
34 —federal appropriation and no more than (~~(\$36,548,000)~~) \$43,004,000
35 of the general fund—local appropriation may be expended for the
36 medicaid quality improvement program. Under federal regulations, the
37 medicaid quality improvement program is authorized and allows states
38 to design quality improvement programs for the medicaid population in
39 ways that support the state's quality goals. Medicaid quality

1 improvement program payments will not count against initiative 1 of
2 the medicaid transformation demonstration waiver spending limit and
3 are excluded from the waiver's budget neutrality calculation. Apple
4 health managed care organizations and their partnering providers will
5 receive medicaid quality improvement program payments as they meet
6 designated milestones. Partnering providers and apple health managed
7 care organizations will work together to achieve medicaid quality
8 improvement program goals according to the performance period
9 timelines and reporting deadlines as set forth by the authority. The
10 authority shall only utilize the medicaid quality improvement program
11 to support the transformation waiver and shall not pursue its use for
12 other purposes. Any programs created or funded by the medicaid
13 quality improvement program do not create an entitlement. The
14 authority shall not increase general fund—state, federal, or local
15 expenditures under this program. The director shall report to the
16 joint select committee on health care oversight not less than
17 quarterly on financial and health outcomes. The director shall report
18 to the fiscal committees of the legislature all of the expenditures
19 under this subsection and shall provide such fiscal data in the time,
20 manner, and form requested by the legislative fiscal committees.

21 (4) Annually, no later than November 1st, the authority shall
22 report to the governor and appropriate committees of the legislature:
23 (a) Savings attributed to behavioral and physical integration in
24 areas that are scheduled to integrate in the following calendar year,
25 and (b) savings attributed to behavioral and physical health
26 integration and the level of savings achieved in areas that have
27 integrated behavioral and physical health.

28 (5) Sufficient amounts are appropriated in this subsection to
29 implement the medicaid expansion as defined in the social security
30 act, section 1902(a)(10)(A)(i)(VIII).

31 (6) The legislature finds that medicaid payment rates, as
32 calculated by the health care authority pursuant to the
33 appropriations in this act, bear a reasonable relationship to the
34 costs incurred by efficiently and economically operated facilities
35 for providing quality services and will be sufficient to enlist
36 enough providers so that care and services are available to the
37 extent that such care and services are available to the general
38 population in the geographic area. The legislature finds that the
39 cost reports, payment data from the federal government, historical

1 utilization, economic data, and clinical input constitute reliable
2 data upon which to determine the payment rates.

3 (7) Based on quarterly expenditure reports and caseload
4 forecasts, if the health care authority estimates that expenditures
5 for the medical assistance program will exceed the appropriations,
6 the health care authority shall take steps including but not limited
7 to reduction of rates or elimination of optional services to reduce
8 expenditures so that total program costs do not exceed the annual
9 appropriation authority.

10 (8) In determining financial eligibility for medicaid-funded
11 services, the health care authority is authorized to disregard
12 recoveries by Holocaust survivors of insurance proceeds or other
13 assets, as defined in RCW 48.104.030.

14 (9) The legislature affirms that it is in the state's interest
15 for Harborview medical center to remain an economically viable
16 component of the state's health care system.

17 (10) When a person is ineligible for medicaid solely by reason of
18 residence in an institution for mental diseases, the health care
19 authority shall provide the person with the same benefits as he or
20 she would receive if eligible for medicaid, using state-only funds to
21 the extent necessary.

22 (11) \$4,261,000 of the general fund—state appropriation for
23 fiscal year 2020, (~~(\$4,261,000)~~) \$3,733,000 of the general fund—state
24 appropriation for fiscal year 2021, and (~~(\$8,522,000)~~) \$9,050,000 of
25 the general fund—federal appropriation are provided solely for low-
26 income disproportionate share hospital payments.

27 (12) Within the amounts appropriated in this section, the health
28 care authority shall provide disproportionate share hospital payments
29 to hospitals that provide services to children in the children's
30 health program who are not eligible for services under Title XIX or
31 XXI of the federal social security act due to their citizenship
32 status.

33 (13)(a) \$7,000,000 of the general fund—federal appropriation is
34 provided solely for supplemental payments to nursing homes operated
35 by public hospital districts. The public hospital district shall be
36 responsible for providing the required nonfederal match for the
37 supplemental payment, and the payments shall not exceed the maximum
38 allowable under federal rules. It is the legislature's intent that
39 the payments shall be supplemental to and shall not in any way offset

1 or reduce the payments calculated and provided in accordance with
2 part E of chapter 74.46 RCW. It is the legislature's further intent
3 that costs otherwise allowable for rate-setting and settlement
4 against payments under chapter 74.46 RCW shall not be disallowed
5 solely because such costs have been paid by revenues retained by the
6 nursing home from these supplemental payments. The supplemental
7 payments are subject to retrospective interim and final cost
8 settlements based on the nursing homes' as-filed and final medicare
9 cost reports. The timing of the interim and final cost settlements
10 shall be at the health care authority's discretion. During either the
11 interim cost settlement or the final cost settlement, the health care
12 authority shall recoup from the public hospital districts the
13 supplemental payments that exceed the medicaid cost limit and/or the
14 medicare upper payment limit. The health care authority shall apply
15 federal rules for identifying the eligible incurred medicaid costs
16 and the medicare upper payment limit.

17 (b) The authority, in consultation with the department of social
18 and health services and the nursing homes operated by public
19 hospitals in (a) of this subsection, must develop a plan with
20 recommendations for an upper payment limit calculation and the
21 supplemental payment model for nursing homes operated by a public
22 hospital district. The group must consider how to restructure
23 payments under (a) of this subsection, taking into consideration
24 alternate upper payment limit calculation. If upon completion of the
25 plan, the authority determines it can implement the recommendations
26 of the group within the amounts provided in (a) of this subsection,
27 the authority must submit a state plan amendment, if necessary, and
28 submit a report to the fiscal committees of the legislature no later
29 than September 30, 2020.

30 (c) \$193,000 of the general fund—state appropriation for fiscal
31 year 2020 is provided solely for the authority to provide a one-time
32 grant to a standalone skilled nursing facility operated by a public
33 hospital district in Grant county. This grant is provided as a one-
34 time offset to address the impact of the recoupment requirements of
35 this subsection (13).

36 (14) The health care authority shall continue the inpatient
37 hospital certified public expenditures program for the 2019-2021
38 fiscal biennium. The program shall apply to all public hospitals,
39 including those owned or operated by the state, except those
40 classified as critical access hospitals or state psychiatric

1 institutions. The health care authority shall submit reports to the
2 governor and legislature by November 1, 2020, and by November 1,
3 2021, that evaluate whether savings continue to exceed costs for this
4 program. If the certified public expenditures (CPE) program in its
5 current form is no longer cost-effective to maintain, the health care
6 authority shall submit a report to the governor and legislature
7 detailing cost-effective alternative uses of local, state, and
8 federal resources as a replacement for this program. During fiscal
9 year 2020 and fiscal year 2021, hospitals in the program shall be
10 paid and shall retain one hundred percent of the federal portion of
11 the allowable hospital cost for each medicaid inpatient fee-for-
12 service claim payable by medical assistance and one hundred percent
13 of the federal portion of the maximum disproportionate share hospital
14 payment allowable under federal regulations. Inpatient medicaid
15 payments shall be established using an allowable methodology that
16 approximates the cost of claims submitted by the hospitals. Payments
17 made to each hospital in the program in each fiscal year of the
18 biennium shall be compared to a baseline amount. The baseline amount
19 will be determined by the total of (a) the inpatient claim payment
20 amounts that would have been paid during the fiscal year had the
21 hospital not been in the CPE program based on the reimbursement rates
22 developed, implemented, and consistent with policies approved in the
23 2019-2021 biennial operating appropriations act and in effect on July
24 1, 2015, (b) one-half of the indigent assistance disproportionate
25 share hospital payment amounts paid to and retained by each hospital
26 during fiscal year 2005, and (c) all of the other disproportionate
27 share hospital payment amounts paid to and retained by each hospital
28 during fiscal year 2005 to the extent the same disproportionate share
29 hospital programs exist in the 2019-2021 fiscal biennium. If payments
30 during the fiscal year exceed the hospital's baseline amount, no
31 additional payments will be made to the hospital except the federal
32 portion of allowable disproportionate share hospital payments for
33 which the hospital can certify allowable match. If payments during
34 the fiscal year are less than the baseline amount, the hospital will
35 be paid a state grant equal to the difference between payments during
36 the fiscal year and the applicable baseline amount. Payment of the
37 state grant shall be made in the applicable fiscal year and
38 distributed in monthly payments. The grants will be recalculated and
39 redistributed as the baseline is updated during the fiscal year. The
40 grant payments are subject to an interim settlement within eleven

1 months after the end of the fiscal year. A final settlement shall be
2 performed. To the extent that either settlement determines that a
3 hospital has received funds in excess of what it would have received
4 as described in this subsection, the hospital must repay the excess
5 amounts to the state when requested. \$759,000 of the general fund—
6 state appropriation for fiscal year 2020 and (~~(\$740,000)~~) \$698,000 of
7 the general fund—state appropriation for fiscal year 2021 are
8 provided solely for state grants for the participating hospitals.

9 (15) The health care authority shall seek public-private
10 partnerships and federal funds that are or may become available to
11 provide on-going support for outreach and education efforts under the
12 federal children's health insurance program reauthorization act of
13 2009.

14 (16) The health care authority shall target funding for maternity
15 support services towards pregnant women with factors that lead to
16 higher rates of poor birth outcomes, including hypertension, a
17 preterm or low birth weight birth in the most recent previous birth,
18 a cognitive deficit or developmental disability, substance abuse,
19 severe mental illness, unhealthy weight or failure to gain weight,
20 tobacco use, or African American or Native American race. The health
21 care authority shall prioritize evidence-based practices for delivery
22 of maternity support services. To the extent practicable, the health
23 care authority shall develop a mechanism to increase federal funding
24 for maternity support services by leveraging local public funding for
25 those services.

26 (17) The authority shall submit reports to the governor and the
27 legislature by September 15, 2020, and no later than September 15,
28 2021, that delineate the number of individuals in medicaid managed
29 care, by carrier, age, gender, and eligibility category, receiving
30 preventative services and vaccinations. The reports should include
31 baseline and benchmark information from the previous two fiscal years
32 and should be inclusive of, but not limited to, services recommended
33 under the United States preventative services task force, advisory
34 committee on immunization practices, early and periodic screening,
35 diagnostic, and treatment (EPSDT) guidelines, and other relevant
36 preventative and vaccination medicaid guidelines and requirements.

37 (18) Managed care contracts must incorporate accountability
38 measures that monitor patient health and improved health outcomes,
39 and shall include an expectation that each patient receive a wellness

1 examination that documents the baseline health status and allows for
2 monitoring of health improvements and outcome measures.

3 (19) Sufficient amounts are appropriated in this section for the
4 authority to provide an adult dental benefit.

5 (20) The health care authority shall coordinate with the
6 department of social and health services to provide referrals to the
7 Washington health benefit exchange for clients that will be
8 ineligible for medicaid.

9 (21) To facilitate a single point of entry across public and
10 medical assistance programs, and to maximize the use of federal
11 funding, the health care authority, the department of social and
12 health services, and the health benefit exchange will coordinate
13 efforts to expand HealthPlanfinder access to public assistance and
14 medical eligibility staff. The health care authority shall complete
15 medicaid applications in the HealthPlanfinder for households
16 receiving or applying for medical assistance benefits.

17 (22) \$90,000 of the general fund—state appropriation for fiscal
18 year 2020, \$90,000 of the general fund—state appropriation for fiscal
19 year 2021, and \$180,000 of the general fund—federal appropriation are
20 provided solely to continue operation by a nonprofit organization of
21 a toll-free hotline that assists families to learn about and enroll
22 in the apple health for kids program.

23 (23) Within the amounts appropriated in this section, the
24 authority shall reimburse for primary care services provided by
25 naturopathic physicians.

26 (24) Within the amounts appropriated in this section, the
27 authority shall continue to provide coverage for pregnant teens that
28 qualify under existing pregnancy medical programs, but whose
29 eligibility for pregnancy related services would otherwise end due to
30 the application of the new modified adjusted gross income eligibility
31 standard.

32 (25) Sufficient amounts are appropriated in this section to
33 remove the mental health visit limit and to provide the shingles
34 vaccine and screening, brief intervention, and referral to treatment
35 benefits that are available in the medicaid alternative benefit plan
36 in the classic medicaid benefit plan.

37 (26) The authority shall use revenue appropriated from the
38 dedicated marijuana fund for contracts with community health centers
39 under RCW 69.50.540 in lieu of general fund—state payments to

1 community health centers for services provided to medical assistance
2 clients, and it is the intent of the legislature that this policy
3 will be continued in subsequent fiscal biennia.

4 (27) Beginning no later than January 1, 2018, for any service
5 eligible under the medicaid state plan for encounter payments,
6 managed care organizations at the request of a rural health clinic
7 shall pay the full published encounter rate directly to the clinic.
8 At no time will a managed care organization be at risk for or have
9 any right to the supplemental portion of the claim. Payments will be
10 reconciled on at least an annual basis between the managed care
11 organization and the authority, with final review and approval by the
12 authority.

13 ~~(28) ((Sufficient funds are provided for the authority to remove
14 payment and billing limitations identified during the review process
15 required for implementation of chapter 226, Laws of 2017 (behavioral
16 health care -- primary care integration) for health and behavior
17 codes, psychotherapy codes, and to continue to offer face-to-
18 face tobacco cessation counseling only for pregnant individuals.
19 Additional funding is provided to increase the rates for the health
20 and behavior codes and psychotherapy codes identified through the
21 stakeholder work group process required under chapter 226, Laws of
22 2017 (SSB 5779) by ten percent.~~

24 fiscal year 2021 and \$5,898,000 of the general fund—federal
25 appropriation are provided solely for the compromise of claims in the
26 reconciliation process for rural health clinics for the calendar
27 years 2014-2017. The authority may not recover the state portion of
28 rural health clinic reconciliations for calendar years 2014-2017 for
29 which no state accrual was made. If the authority determines there
30 are unliquidated prior period accrual balances available to refund
31 the federal government for these years, these amounts must be used
32 prior to the amounts provided under this subsection.

33 (b) By October 15, 2019, the authority shall report to the
34 governor and relevant committees of the legislature the status of
35 rural health clinic reconciliations for calendar years 2011-2013,

9 administrative rule.

10 (c) Beginning with fiscal year 2020, and for each subsequent year

7 medicaid participation: "The contractor may voluntarily provide
8 services that are in addition to those covered under the state plan,
9 although the cost of these services cannot be included when
10 determining payment rates unless including these costs are
11 specifically allowed under federal law or an approved waiver."

39 plan for using these funds, the numbers of individuals served, and

1 the types of services provided and submit a report to the office of

16 or administrative services organization to submit a corrective action
17 plan on how it will spend its excess reserves within a reasonable
18 period of time, when its reported reserves exceed maximum levels
19 established under the contract. The authority must review and approve
20 such plans and monitor to ensure compliance. If the authority
21 determines that a behavioral health organization or administrative
22 services organization has failed to provide an adequate excess
23 reserve corrective action plan or is not complying with an approved
24 plan, the authority must reduce payments to the entity in accordance
25 with remedial actions provisions included in the contract. These
26 reductions in payments must continue until the authority determines
27 that the entity has come into substantial compliance with an approved
28 excess reserve corrective action plan.

29 (14) During the 2019-2021 fiscal biennium, any amounts provided
30 in this section that are used for case management services for
31 pregnant and parenting women must be contracted directly between the
32 authority and providers rather than through contracts with behavioral
33 health organizations.

34 (15) Within the amounts appropriated in this section, the
35 authority may contract with the University of Washington and
36 community-based providers for the provision of the parent-child
37 assistance program or other specialized chemical dependency case
38 management providers for pregnant, post-partum, and parenting women.

8 health entities must provide outpatient chemical dependency treatment
9 for offenders enrolled in the medicaid program who are supervised by
10 the department of corrections pursuant to a term of community
11 supervision. Contracts with behavioral health entities must require
12 that behavioral health entities include in their provider network
13 specialized expertise in the provision of manualized, evidence-based
14 chemical dependency treatment services for offenders. The department
15 of corrections and the authority must develop a memorandum of
16 understanding for department of corrections offenders on active
17 supervision who are medicaid eligible and meet medical necessity for
18 outpatient substance use disorder treatment. The agreement will
19 ensure that treatment services provided are coordinated, do not
20 result in duplication of services, and maintain access and quality of
21 care for the individuals being served. The authority must provide all
22 necessary data, access, and reports to the department of corrections
23 for all department of corrections offenders that receive medicaid
24 paid services.

29 share of the distributions provided for under RCW 71.24.580(5)(a). If
30 a county is not interested in administering the funds, the authority
31 shall contract with behavioral health entities to administer these
32 funds consistent with the plans approved by local panels pursuant to
33 RCW 71.24.580(5)(b). The authority must provide a report to the
34 office of financial management and the appropriate committees of the
35 legislature which identifies the distribution of criminal justice
36 treatment account funds by September 30, 2019.

37 (19) No more than (~~(\$27,844,000)~~) \$15,358,000 of the general fund

9 The authority shall not increase general fund—state expenditures
10 under this initiative. The secretary in collaboration with the
11 director of the authority shall report to the joint select committee
12 on health care oversight no less than quarterly on financial and
13 health outcomes. The secretary in cooperation with the director shall
14 also report to the fiscal committees of the legislature all of the

32 report must identify different mechanisms for implementing directed
33 payment for behavioral health providers including but not limited to
34 minimum fee schedules, across the board percentage increases, and
35 value-based payments. The report must provide a description of each
36 of the mechanisms considered, the timeline that would be required for
37 implementing the mechanism, and whether and how the mechanism is
38 expected to have a differential impact on different providers. The

40 behavioral health organization's contract or for startup costs in

1 full integration regions except as provided in this subsection. The
2 authority must ensure that any increases in expenditures in
3 behavioral health reserve spend-down plans are required for the
4 operation of services during the contract period and do not result in
5 overpayment to providers. If the nonfederal share of reserves
6 returned during fiscal year 2020 exceeds \$35,000,000, the authority
7 shall use some of the amounts in excess of \$35,000,000 to support the
8 final regions transitioning to full integration of physical and

34 expressly authorized in this act or other law. The department of
35 health and the state board of health shall not implement any new or
36 amended rules pertaining to primary and secondary school facilities
37 until the rules and a final cost estimate have been presented to the
38 legislature, and the legislature has formally funded implementation

1 The department may seek, receive, and spend, under RCW 43.79.260
2 through 43.79.282, federal moneys not anticipated in this act as long
3 as the federal funding does not require expenditure of state moneys

5 department receives unanticipated unrestricted federal moneys, those
6 moneys shall be spent for services authorized in this act or in any
7 other legislation that provides appropriation authority, and an equal

25 to those of the department, including but not limited to the joint

28 council on accreditation. To reflect the reduced costs associated
29 with regulation of accredited programs, the department's fees for

3 from organizations that the department has determined to have
4 substantially equivalent standards to those of the department,
5 including but not limited to the joint commission on accreditation of
6 health care organizations, the commission on accreditation of
7 rehabilitation facilities, and the council on accreditation. To
8 reflect the reduced costs associated with regulation of accredited
9 programs, the department's fees for organizations with such proof of
10 accreditation must reflect the lower cost of licensing for these
11 programs than for other organizations which are not accredited.

General Fund—Federal Appropriation	\$7,427,000

Other Appropriated Funds	\$65,139,000
TOTAL APPROPRIATION	\$94,195,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Funds in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. To facilitate transfer of unused moneys originally from other funds and accounts that were deposited into the information technology revolving account as associated with these same projects, and that are not expended by June 30, 2021, the state treasurer is directed to transfer money from other funds and accounts out of the information technology investment revolving account and deposit into the fund or account of origin in accordance with schedules provided by the office of financial management. However, restricted federal funds and qualified employee benefit and pension funds may be transferred only to the extent permitted by law, and will otherwise remain outside the

1 information technology investment account. The projects affected
2 remain subject to the other provisions of this section.

3 (2) Agencies must apply to the office of financial management and
4 the office of the chief information officer to receive funding from
5 the information technology investment revolving account. The office
6 of financial management must notify the fiscal committees of the
7 legislature of the receipt of each application and may not approve a
8 funding request for ten business days from the date of notification.

9 (3) Allocations and allotments of information technology
10 investment revolving account must be made for discrete stages of
11 projects as determined by the technology budget approved by the
12 office of the state chief information officer and office of financial
13 management. Fifteen percent of total funding allocated by the office
14 of financial management, or another amount as defined jointly by the
15 office of financial management and the office of the state chief
16 information officer, will be retained in the account, but remain
17 allocated to that project. The retained funding will be released to
18 the agency only after successful completion of that stage of the
19 project. For the military department enhanced 911 next generation
20 project and the one Washington project, the amount retained is
21 increased to at least twenty percent of total funding allocated for
22 any stage of that project.

23 (4) (a) Each project must have a technology budget. The technology
24 budget must use a method similar to the state capital budget,
25 identifying project costs, each fund source, and anticipated
26 deliverables through each stage of the entire project investment and
27 across fiscal periods and biennia from project onset through
28 implementation and close out.

29 (b) As part of the development of a technology budget and at each
30 request for funding, the agency shall submit detailed financial
31 information to the office of financial management and the office of
32 the state chief information officer. The technology budget must
33 describe the total cost of the project by fiscal month to include and
34 identify:

35 (i) Fund sources;

36 (ii) Full time equivalent staffing level to include job
37 classification assumptions;

38 (iii) A discreet appropriation index and program index;

39 (iv) Object and subobject codes of expenditures; and

40 (v) Anticipated deliverables.

1 (c) If a project technology budget changes and a revised
2 technology budget is completed, a comparison of the revised
3 technology budget to the last approved technology budget must be
4 posted to the dashboard, to include a narrative rationale on what
5 changed, why, and how that impacts the project in scope, budget, and
6 schedule.

7 (5) (a) Each project must have an investment plan that includes:

8 (i) An organizational chart of the project management team that
9 identifies team members and their roles and responsibilities;

10 (ii) The office of the state chief information officer staff
11 assigned to the project;

12 (iii) An implementation schedule covering activities, critical
13 milestones, and deliverables at each stage of the project for the
14 life of the project at each agency affected by the project;

15 (iv) Performance measures used to determine that the project is
16 on time, within budget, and meeting expectations for quality of work
17 product;

18 (v) Ongoing maintenance and operations cost of the project post
19 implementation and close out delineated by agency staffing,
20 contracted staffing, and service level agreements; and

21 (vi) Financial budget coding to include at least discreet program
22 index and subobject codes.

23 (6) Projects with estimated costs greater than one hundred
24 million dollars from initiation to completion and implementation may
25 be divided into discrete subprojects as determined by the office of
26 the state chief information officer, except for the one Washington
27 project which must be divided into the following discrete
28 subprojects: Core financials, expanding financials and procurement,
29 budget, and human resources. Each subproject must have a technology
30 budget and investment plan as provided in this section.

31 (7) (a) The office of the state chief information officer shall
32 maintain an information technology project dashboard that provides
33 updated information each fiscal month on projects subject to this
34 section. This includes, at least:

35 (i) Project changes each fiscal month;

36 (ii) Noting if the project has a completed market requirements
37 document;

38 (iii) Financial status of information technology projects under
39 oversight;

40 (iv) Coordination with agencies;

1 (v) Monthly quality assurance reports, if applicable;
2 (vi) Monthly office of the state chief information officer status
3 reports;
4 (vii) Historical project budget and expenditures through fiscal
5 year 2019;
6 (viii) Budget and expenditures each fiscal month; and

8 year.
9 (b) The dashboard must retain a roll up of the entire project
10 cost, including all subprojects, that can be displayed the subproject

13 (a) A separate technology budget and investment plan must be
14 prepared for each agency; and
15 (b) The dashboard must contain a statewide project technology
16 budget roll up that includes each affected agency at the subproject
17 level.
18 (9) For any project that exceeds two million dollars in total
19 funds to complete, requires more than one biennium to complete, or is
20 financed through financial contracts, bonds, or other indebtedness:
21 (a) Quality assurance for the project must report independently
22 to the office of the chief information officer;
23 (b) The office of the chief information officer must review, and,
24 if necessary, revise the proposed project to ensure it is flexible
25 and adaptable to advances in technology;
26 (c) The technology budget must specifically identify the uses of
27 any financing proceeds. No more than thirty percent of the financing
28 proceeds may be used for payroll-related costs for state employees
29 assigned to project management, installation, testing, or training;
30 (d) The agency must consult with the office of the state
31 treasurer during the competitive procurement process to evaluate
32 early in the process whether products and services to be solicited
33 and the responsive bids from a solicitation may be financed; and
34 (e) The agency must consult with the contracting division of the
35 department of enterprise services for a review of all contracts and
36 agreements related to the project's information technology
37 procurements.
38 (10) The office of the state chief information officer must
39 evaluate the project at each stage and certify whether the project is

1 planned, managed, and meeting deliverable targets as defined in the
2 project's approved technology budget and investment plan.

3 (11) The office of the state chief information officer may
4 suspend or terminate a project at any time if it determines that the
5 project is not meeting or not expected to meet anticipated
6 performance and technology outcomes. Once suspension or termination
7 occurs, the agency shall unallot any unused funding and shall not
8 make any expenditure for the project without the approval of the
9 office of financial management. The office of the state chief
10 information officer must report on July 1 and December 1 each
11 calendar year, beginning July 1, 2020, any suspension or termination
12 of a project in the previous six month period to the legislative
13 fiscal committees.

14 (12) The office of the state chief information officer, in
15 consultation with the office of financial management, may identify
16 additional projects to be subject to this section, including projects
17 that are not separately identified within an agency budget. The
18 office of the state chief information officer must report on July 1
19 and December 1 each calendar year, beginning July 1, 2020, any

15 **Sec. 1905.** 2021 c 3 s 3 (uncodified) is amended to read as
16 follows:

17 **FOR THE DEPARTMENT OF COMMERCE—RENTAL ASSISTANCE AND HOUSING**

18 General Fund—Federal Appropriation.	\$365,000,000
19 TOTAL APPROPRIATION.	\$365,000,000

20 The appropriation in this section is subject to the following
21 conditions and limitations:

22 (1) \$325,000,000 of the general fund—federal appropriation
23 (CRRSA) is provided solely for the department to administer an
24 emergency rental and utility assistance program pursuant to P.L.
25 116-260, the federal consolidated appropriations act. The department
26 shall distribute funding in the form of grants to local housing
27 providers. In making distributions, the department must consider the
28 number of unemployed persons and renters in each jurisdiction served
29 by the provider as well as account for any funding that jurisdiction,
30 including cities within each county, received directly from the
31 federal government. A provider may use up to 9.5 percent of their
32 grant award for administrative costs and the remainder must be used
33 for financial assistance as defined in P.L. 116-260. The department
34 may retain up to 0.5 percent of the funding provided in this
35 subsection to administer the program.

36 (2)(a) \$30,000,000 of the general fund—federal appropriation
37 (CRF) is provided solely for the department to administer an eviction
38 rental assistance program. The department shall distribute funding in

1 the form of grants to local housing providers. In making
2 distributions, the department must consider the number of unemployed
3 persons and renters in each jurisdiction served by the provider. To
4 be eligible for the program, households must, at a minimum, have an
5 income at or below 80 percent of the area median income and must have
6 a missed or partially paid rent payment. Rental payments made through
7 the program will be provided directly to landlords. The department
8 may establish additional eligibility criteria to target these
9 resources to households most likely to become homeless if they do not
10 receive rental assistance.

11 (b) Of the amounts provided in this subsection, \$16,000,000 of
12 the general fund—federal appropriation (CRF) is provided solely for
13 local housing providers to subgrant with community organizations that
14 serve historically disadvantaged populations within their
15 jurisdiction. Subgrants may be used for program outreach and
16 assisting community members in applying for assistance under this
17 subsection and subsection (1) of this section.

18 (3) \$4,000,000 of the general fund—federal appropriation (CRF) is
19 provided solely for the department to assist homeowners at risk of
20 foreclosure pursuant to chapter 61.24 RCW. Funding must be used for
21 activities to prevent mortgage or tax lien foreclosures, housing
22 counselors, foreclosure prevention hotlines, low-income legal
23 services, mediation, and other activities that promote homeownership.
24 The department may contract with other state agencies to carry out
25 these activities.

26 (4) \$1,500,000 of the general fund—federal appropriation (CRF) is
27 provided solely for a contract with resolution Washington for
28 alternative dispute resolution centers and dispute resolution
29 programs to provide citizens with low-cost resolution as an
30 alternative to litigation. This funding must be prioritized for
31 resolution services relating to evictions.

32 (5) \$1,500,000 of the general fund—federal appropriation (CRF) is
33 provided solely for the department to contract with the office of
34 civil legal aid to provide services relating to evictions, housing,
35 and utilities.

36 (6) \$1,000,000 of the general fund—federal appropriation (CRF) is
37 provided solely for the department to contract with the office of the
38 attorney general for legal work relating to the eviction moratorium
39 extended in the governor's proclamation 20-19.5.

1 (7) (a) \$2,000,000 of the general fund—federal appropriation (CRF)
2 is provided solely for a program to provide grants to eligible
3 landlords who have encountered a significant financial hardship due
4 to loss of rental income from elective nonpayor tenants during the
5 state's eviction moratorium pursuant to the governor's proclamation.

6 (b) To be eligible for a grant under this subsection, a landlord
7 must:

8 (i) Apply for a grant or have a property manager or property
9 management company apply for a grant on behalf of a landlord;

10 (ii) Be the sole investor in the property from which they are
11 seeking rental arrears;

12 (iii) Be the owner of no more than (~~four~~) six dwelling units
13 from which they receive rental payments; and

14 (~~(iv) ((Not contract with a property manager or property~~
15 ~~management company for duties or activities related to the tenancy or~~
16 ~~dwelling unit; and~~

17 ~~(v))~~) Have an elective nonpayor tenant who is in arrears in rent
18 or utilities or both.

19 (c) Eligible landlords may receive a grant of up to 80 percent of
20 the total amount of rent in arrears. The department must prioritize
21 landlords who have an income at or below 100 percent of the area
22 median income and who demonstrate a loss of rental income, to the
23 extent that funds are available.

24 (d) The department may inspect the property and the landlord's
25 records related to an application under the program, including the
26 use of a third-party inspector as needed to investigate fraud, to
27 assist in making its application review, and to determine
28 eligibility.

29 (e) A landlord who receives a grant under this section is
30 prohibited from:

31 (i) Taking any legal action against the tenant for damages
32 attributable to the same tenancy; or

33 (ii) Pursuing collection, or authorizing another entity to pursue
34 collection on the landlord's behalf, against the tenant for damages
35 attributable to the same tenancy.

36 (8) For the purposes of this section, the following definitions
37 apply:

38 (i) "Dwelling unit" has the meaning defined in RCW 59.18.030.

39 (ii) "Elective nonpayor" means a tenant who has been determined
40 to not be eligible for the federal or state emergency rental

1 assistance program or has not applied for the federal or state
2 emergency rental assistance program.

3 (iii) "Landlord" has the meaning defined in RCW 59.18.030.

4 (iv) "Owner" has the meaning defined in RCW 59.18.030.

5 (v) "Rent" has the meaning defined in RCW 59.18.030.

6 (vi) "Tenant" has the meaning defined in RCW 59.18.030.

7 NEW SECTION. **Sec. 1906.** If any part of this act is found to be
8 in conflict with federal requirements that are a prescribed condition
9 to the allocation of federal funds to the state, the conflicting part
10 of this act is inoperative solely to the extent of the conflict and
11 with respect to the agencies directly affected, and this finding does
12 not affect the operation of the remainder of this act in its
13 application to the agencies concerned. Rules adopted under this act
14 must meet federal requirements that are a necessary condition to the
15 receipt of federal funds by the state.

16 NEW SECTION. **Sec. 1907.** If any provision of this act or its
17 application to any person or circumstance is held invalid, the
18 remainder of the act or the application of the provision to other
19 persons or circumstances is not affected.

20 NEW SECTION. **Sec. 1908.** This act is necessary for the immediate
21 preservation of the public peace, health, or safety, or support of
22 the state government and its existing public institutions, and takes
23 effect immediately.

Passed by the Senate April 25, 2021.

Passed by the House April 25, 2021.

Approved by the Governor May 18, 2021, with the exception of
certain items that were vetoed.

Filed in Office of Secretary of State May 19, 2021.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to Sections 127(18);
137(13); 308(18); 738; 1110(9); 955; and 1703, page 1076, lines
34-35, Engrossed Substitute Senate Bill No. 5092 entitled:

"AN ACT Relating to fiscal matters."

**Section 127(18), pages 27-28, Attorney General, Washington State
Missing and Murdered Indigenous Women and People Task Force**

Section 127(18) provides funding for the Attorney General's Office to
support the Washington State Missing and Murdered Indigenous Women
and People Task Force established in Section 955 of this act. Because
the wrong version of the section was included in the enacted budget,
I have vetoed Section 955. Since Section 955 is vetoed, the funding

in this proviso is no longer needed. Therefore, I have vetoed Section 127(18).

However, the work of this task force is extremely important, and the Attorney General's Office has agreed to convene the task force and begin the work set forth in this section. I will request the funding necessary for this task force in my next supplemental budget request.

Section 137(13), page 95, Department of Revenue, Future Taxation of Digital Products Work Group and Report

This section directs the Department of Revenue to convene a stakeholder work group to analyze and develop recommendations on the future taxation of digital products that are used in the electronic processing of prescriptions. The department must submit the analysis and recommendations in a report to the Legislature by December 1, 2021. Because funding was not provided for the department to do this work, I have vetoed Section 137(13).

However, I am directing the department to work with stakeholders to assist them in developing and drafting legislation that will help reduce the tax burden on pharmacies as it relates to digital services that are used in the processing of electronic prescriptions and transmission of prescription drug claims data.

Section 308(18), page 330, Department of Fish and Wildlife, Columbia River Gillnet License Buyback

This section provides funding solely for a voluntary buyback of Columbia River commercial gillnet licenses which is something I supported in my proposed budget. However, the last sentence of this section also requires the department to only authorize mainstem gillnet and drift net fisheries in certain areas of the Columbia River for one particular salmon run based on a set allocation for commercial fisheries. This allocation for commercial fisheries conflicts with Washington's agreement with the state of Oregon on management of commercial gillnet fisheries on the Columbia River. In addition, the last sentence potentially limits the department from issuing fishing licenses for other species such as eulachon or shad and from issuing permits for other commercial gear types. This may have unknown impacts on other fisheries along the Columbia River. Although I support the voluntary buyback of commercial gill net licenses on the Columbia River, I cannot support these additional provisions. For these reasons, I have vetoed Section 308(18).

Section 738, page 506-507, Office of Financial Management, Home and Community Based Services

This section requires OFM to direct spending from this appropriation dependent upon receiving guidance from the Centers for Medicare and Medicaid Services (CMS) by May 10, 2021, that extends the use of Home and Community Based Services funds beyond December 31, 2022. In Section 738(2), the Legislature expressed its intent to direct expenditures if CMS extended the expenditure time period. CMS provided guidance on May 13, 2021, extending the use of this fund source through March 2024.

For this reason, I have vetoed Section 738 to follow the spirit of the proviso and enable the Legislature to decide how the funds should be used.

Section 1110(9), page 631, Office of Civil Legal Aid, Tenant Representation Outcome Study

This section reduces the appropriations for a research-based controlled comparative study of the differences in outcomes for tenants facing eviction who receive legal representation and tenants facing eviction without legal representation in unlawful detainer cases filed under the Residential Landlord-Tenant Act. This reduction in funding includes fiscal year 2020. This fiscal year has closed and can no longer have changes in appropriation. For this reason, I have vetoed Section 1110(9). I will ask the Office of Civil Legal Aid to place \$317,500 in reserve status for fiscal year 2021.

Section 955, pages 541 through 544

Section 955 creates the Washington State Missing and Murdered Indigenous Women and People Task Force and sets out the members of the task force, the work of the task force, and specific duties and authority for the Washington State Attorney General to support the task force. The budget did not include the correct version of this section and has some issues that cannot be overcome. Because of the problems that arise from this version, I have vetoed Section 955.

However, this work is extremely important and needs to move forward. We have coordinated with the Attorney General's Office, which will use its existing authority to convene the task force and begin the work set forth in this section. I will include the creation of the task force as intended in my next supplemental budget request.

Section 1703, page 1076, lines 34-35, State Treasurer, Bond Retirement and Interest

This section intends to adjust the appropriations for Nondebt-limit General Fund bond retirement in fiscal year 2021 to necessary levels. It appears the appropriation is an error. For this reason, I have vetoed Section 1703, page 1076, lines 34-35, (Nondebt-Limit Reimbursable Bond Retirement Account-State Appropriation).

For these reasons I have vetoed Sections 127(18); 137(13); 308(18); 738; 1110(9); 955; and 1703, page 1076, lines 34-35 of Engrossed Substitute Senate Bill No. 5092.

With the exception of Sections 127(18); 137(13); 308(18); 738; 1110(9); 955; and 1703, page 1076, lines 34-35, Engrossed Substitute Senate Bill No. 5092 is approved."
