State of Washington

67th Legislature

2021 Regular Session

By Senate Transportation (originally sponsored by Senators Nguyen and Van De Wege)

READ FIRST TIME 02/22/21.

1 AN ACT Relating to implementing recommendations of the autonomous
2 vehicle work group; amending RCW 46.92.010 and 46.37.480; amending
3 2020 c 182 s 4 (uncodified); and providing an effective date.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 46.92.010 and 2020 c 182 s 2 are each amended to
6 read as follows:

7 (1) In order to test an autonomous motor vehicle on any public
8 roadway under the department's autonomous vehicle self-certification
9 testing pilot program, the following information must be provided by
10 the self-certifying entity testing the autonomous motor vehicle:

11 (a) Contact information specified by the department;

12 (b) Local jurisdictions where testing is planned;

13 (c) The vehicle identification numbers of the autonomous vehicles
14 being tested, provided that one is required by state or federal law;
15 and

16 (d) Proof of an insurance policy that meets the requirements of
17 RCW 46.30.050.

18 (2) Any autonomous motor vehicle to which subsection (1) of this
19 section is applicable and that does not have a vehicle identification
20 number and is not otherwise required under state or federal law to
21 have a vehicle identification number assigned to it must be assigned

1 a unique identification number that is provided to the department and
2 that is displayed in the vehicle in a manner similar to the display
3 of vehicle identification numbers in motor vehicles.

4 (3)(a) The self-certifying entity testing the autonomous motor
5 vehicle on any public roadway must notify the department of:

6 (i) Any collisions that are required to be reported to law
7 enforcement under RCW 46.52.030, involving an autonomous motor
8 vehicle during testing on any public roadway; and

9 (ii) Any moving violations, as defined in administrative rule as
10 authorized under RCW 46.20.2891, for which a citation or infraction
11 was issued, involving an autonomous motor vehicle during testing on
12 any public roadway.

13 (b) By February 1st of each year, the self-certifying entity must
14 submit a report to the department covering reportable events from the
15 prior calendar year.

16 (c) The self-certifying entity shall provide the information
17 required by the department under (a) of this subsection. The
18 information provided must include whether the autonomous driving
19 system was operating the vehicle at the time of or immediately prior
20 to the collision or moving violation, and in the case of a collision,
21 details regarding the collision, including any loss of life, injury,
22 or property damage that resulted from the collision.

23 (d) The provisions of this section are supplemental to all other
24 rights and duties under law applicable in the event of a motor
25 vehicle collision.

26 (4) The self-certifying entity testing the autonomous motor
27 vehicle on public roadways under the department's autonomous vehicle
28 self-certification testing pilot program must provide written notice
29 in advance of testing to local and state law enforcement agencies
30 with jurisdiction over any of the public roadways on which testing
31 will occur that includes the expected period of time during which
32 testing will occur in the applicable jurisdictions, including city
33 police departments within city limits where testing will occur,
34 county sheriff departments outside of city limits in counties where
35 testing will occur, and the Washington state patrol when testing will
36 occur on limited access highways, as defined in RCW 47.52.010.
37 However, for testing primarily on limited access highways that
38 travels through multiple local jurisdictions, which may include the
39 limited incidental use of other roadways, the self-certifying entity
40 must only provide written notice as specified in this subsection to

1 the Washington state patrol. Written notice provided under this
2 subsection must: (a) Be provided not less than fourteen and not more
3 than sixty days in advance of testing; (b) include contact
4 information where the law enforcement agency can communicate with the
5 self-certifying entity testing the autonomous vehicle regarding the
6 testing planned in that jurisdiction; and (c) provide the physical
7 description of the motor vehicle or vehicles being tested, including
8 make, model, color, and license plate number.

9 (5) The department may adopt a fee to be charged by the
10 department for self-certification in an amount sufficient to offset
11 administration by the department of the self-certification testing
12 pilot program.

13 (6) The department shall provide public access to the information
14 self-certifying entities provide to it, and shall provide an annual
15 report to the house and senate transportation committees of the
16 legislature summarizing the information reported by self-certifying
17 entities under this section.

18 (7) An autonomous motor vehicle may not be operated on any public
19 roadway for the purposes of testing in Washington state until the
20 department is provided with the information required under subsection
21 (1) of this section.

22 (8) For purposes of this section, "autonomous" means a level four
23 or five driving automation system as provided in the society of
24 automotive engineering international's standard J3016, as it existed
25 on the effective date of this section, or such subsequent date as may
26 be provided by the department by rule, consistent with the purposes
27 of this section.

28 **Sec. 2.** RCW 46.37.480 and 2011 c 368 s 1 are each amended to
29 read as follows:

31 ~~television viewer, screen, or other means of visually receiving a~~
32 ~~television broadcast when the moving images are visible to the driver~~
