10

EFFECT: Modifies the geofencing provisions as follows:
(1) Removes the *more general* prohibition on implementing a geofence to identify consumers, collect consumer health data, or send certain notifications to consumers who enter an in-person health care entity; and instead
(2) Prohibits implementing a geofence around an in-person health care entity *specifically* if the geofence is used to identify consumers, collect consumer health data, or send certain notifications to consumers.
