

**HB 1337 - H AMD 20**

By Representative Pollet

**WITHDRAWN 03/02/2023**

1       On page 3, line 3, after "housing unit." insert "An attached  
2 accessory dwelling unit must have a substantial portion of its  
3 footprint within the other housing unit, and must share structural  
4 elements with the other unit."

EFFECT: Modifies the definition of an attached accessory dwelling unit to require it to share structural elements and have a substantial portion of its footprint within another housing unit, rather than only being within or attached to another housing unit.
