EFFECT: Reverts staffing ratio increases for paraeducators, office support, and non-instructional aides to levels in the underlying bill, approximately 0.117 per staff type per school level beginning in the 2024-25 school year (SY), rather than the 0.068 per staff type per school level beginning in the 2023-24 school year in the committee striking amendment. The fiscal impact would decrease state funding by approximately \$14.6 million in the 23-25 biennium due to the 2024-25 SY start but would increase funding over the 4-year outlook period by approximately \$40 million due to the higher staffing ratios.
