

ESSB 6009 - H AMD TO H AMD (H-3440.1/24) **1153**

By Representative Hutchins

WITHDRAWN 02/28/2024

1 On page 2, beginning on line 4 of the striking amendment, after
2 "ankles" strike all material through "wrists" on line 10 and insert
3 "directly to bound or restrained wrists in a manner that either:
4 (a) Requires a person with their hands restrained in front of
5 their body to contort their upper body to less than a 90-degree angle
6 from their lower body, bend their knees, or both; or
7 (b) Requires a person with their hands restrained behind their
8 body to arch their back, bend their knees, or both.
9 "Hog-tie" or "hog-tying" does not include the use of transport
10 chains or waist chains to transport prisoners"

EFFECT: Narrows the definition of hog-tie to mean fastening together bound or restrained ankles directly to bound or restrained wrists in a manner that requires the restrained person to contort or arch their body, bend their knees, or both in a specified manner, rather than fastening together bound or restrained ankles to bound or restrained wrists. Eliminates language exempting the use of a product or device that does not require bound or restrained ankles to be fastened together to bound or restrained wrists from the definition of hog-tie.
