### SENATE COMMITTEE ON WAYS & MEANS

**Staff:** Michael Bezanson (786-7449)

**Background:** The State Finance Committee (committee), composed of the Governor, the Lieutenant Governor, and the state treasurer, is responsible for supervising and controlling the issuance of all state bonds. The committee periodically issues general obligation bonds to finance projects authorized in the capital budget. No bonds may be authorized for sale

without prior legislative appropriation of the net proceeds.

General obligation bonds pledge the full faith, credit, and taxing power of the state toward payment of debt service. Funding to pay for principal and interest on those bonds is appropriated from the state general fund in the operating budget. When debt service payments are due, the state treasurer withdraws the amounts necessary to make the payments and deposits them into bond retirement funds.

A bond bill authorizes the committee to issue general obligation bonds up to a specific amount to finance many of the projects in the capital budget. It specifies the amount of bonds to be issued, the account or accounts into which bond sale proceeds are to be deposited, and identifies sources and timing of debt service payments. Legislation authorizing the issuance of bonds requires a 60 percent majority vote in both the House of Representatives and the Senate.

**Summary of Bill:** The State Finance Committee is authorized to issue up to \$4,883,285,000 in state general obligation bonds to finance projects in the 2021-23 and 2023-25 operating and capital budgets and to pay issuance and bond sale expenses. Of this amount, \$895,000,000 is to finance the construction of a new forensic hospital at Western State Hospital.

The remaining unissued bond authorizations from the Chehalis Flood Hazard—authorized in 2008; Skill Center facilities—authorized in 2008; and School Construction Assistance Program—authorized in 2009—will expire on June 30, 2024.
